Dan Haug
Office of Administration
Division of Budget & Planning
State Capitol Building, Room 124
Jefferson City, MO 65101

Dear Dan Haug:

The Department of Natural Resources is pleased to submit its Fiscal Year 2023 Budget Request. In this budget request, we have continued our commitment to fiscal responsibility, transparency, and accountability. We carefully and critically reviewed each line of our appropriation authority, and accordingly propose to reduce our budget request by almost \$2.6 million in excess operating and pass-through authority. This is in addition to the \$170 million of appropriation authority and 46 FTE the Department has reduced voluntarily since our FY 2019 budget request.

This budget request reflects Department priorities to:

- continue implementing compliance assistance as the most productive way to approach regulatory efforts;
- find more effective and efficient ways to target funding assistance to help Missouri communities thrive;
- improve and maintain infrastructure at Missouri's 92 state parks and historic sites;
- support the completion of Little Otter Creek and East Locust Creek reservoirs, as well as reallocation of Stockton Lake water storage to support long-term water security in southwest Missouri;
- develop new approaches to flood protection infrastructure on the Missouri and Mississippi Rivers to reduce future damages; and
- maintain open communication with our external partners.

This budget request also builds upon recent Department successes:

- We continued to support local Missouri communities with pass-through dollars last year by awarding over \$739,000 in engineering grants to plan infrastructure improvements, benefitting more than 38,000 Missourians, and over \$281 million to 13 Missouri communities to improve their water and wastewater infrastructure, benefiting more than 983,000 Missourians.
- We have reduced our permit backlog by 86 percent from our January 2017 baseline.

- We established and implemented the Municipal Utility Emergency Loan Program that processed approximately \$41 million in interest-free emergency loans to Missouri municipal utilities.
- We built the partnership that accomplished the groundbreaking Atchison County Levee setback flood resiliency project.
- We continued to progress our maintenance and repair projects in Missouri State Parks, spending more than \$6 million last fiscal year on capital improvements and small maintenance and repair projects across the state park system.
- We worked with struggling public drinking water and wastewater systems to ensure clean water for Missourians through regionalization, interconnection, and compliance assistance.
- We expanded broadband access in Missouri State Parks.
- We focused on providing natural-resource recreational opportunities to underserved communities.

My team and I look forward to working with you to ensure a healthy environment in which to live, work, and enjoy Missouri's great outdoors.

Sincerely,

Dru Buntin
Director

Missouri Department of Natural Resources

Missouri Department of Natural Resources Overview

Missouri is blessed with natural resource diversity and abundance like few other states in the nation. The Missouri Department of Natural Resources protects our air, land, water, and mineral resources; preserves our unique natural and historic places; and provides recreational and learning opportunities; while promoting the environmentally sound and energy-efficient operations of businesses, communities, agriculture, and industry for the benefit of all Missourians.

The Department accomplishes its mission through the Division of Environmental Quality, Missouri State Parks, the Missouri Geological Survey, the Division of Energy, and the Division of Administrative Support. A number of boards and commissions also support and facilitate the Department's role and responsibilities.

Environmental Quality

The Division of Environmental Quality protects our air, land, and water and assists communities and businesses in complying with current regulations. The Division also helps Missourians prevent pollution and protects the public from illegal emissions, discharges, and waste disposal practices.

State Parks and Historic Sites

Missouri State Parks preserves and interprets the state's most outstanding natural landscapes and cultural landmarks, while providing a variety of recreational and learning opportunities.

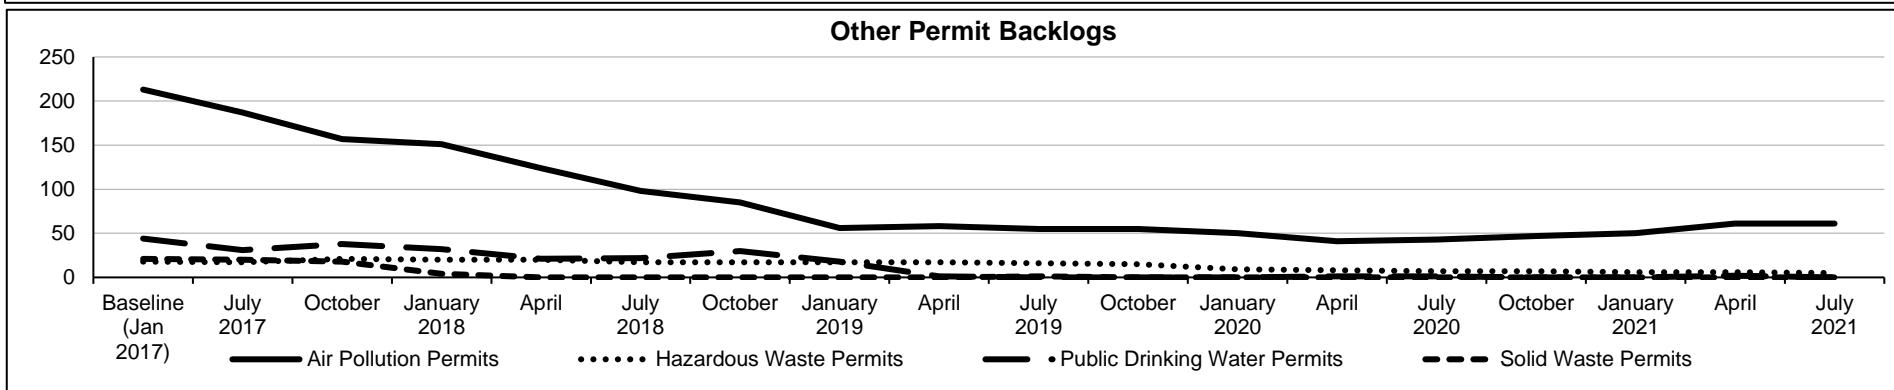

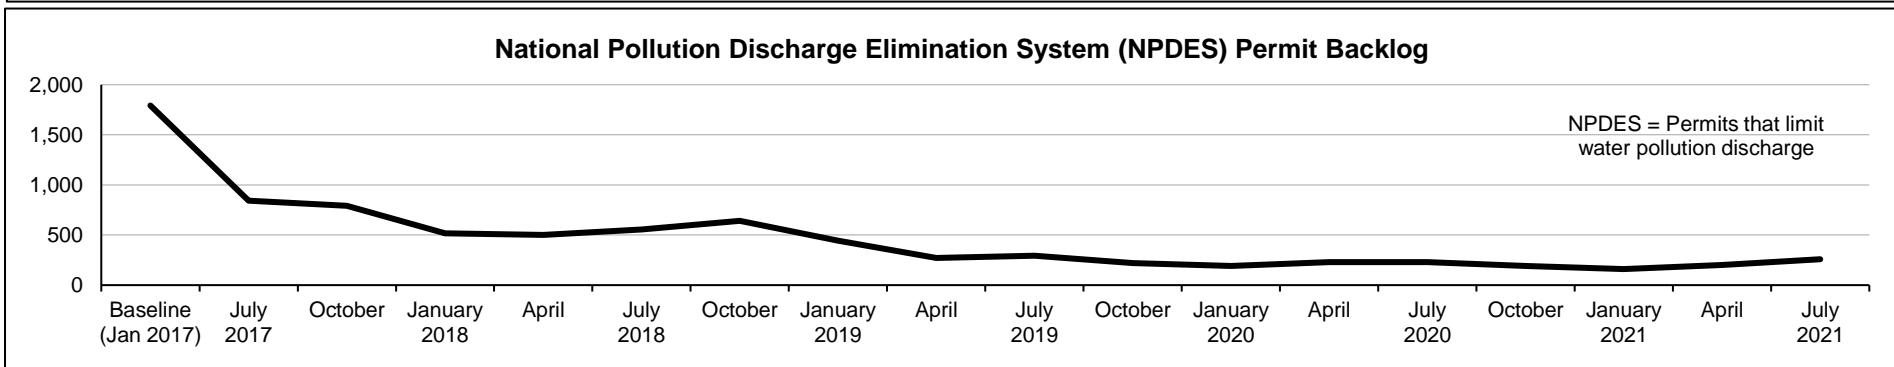

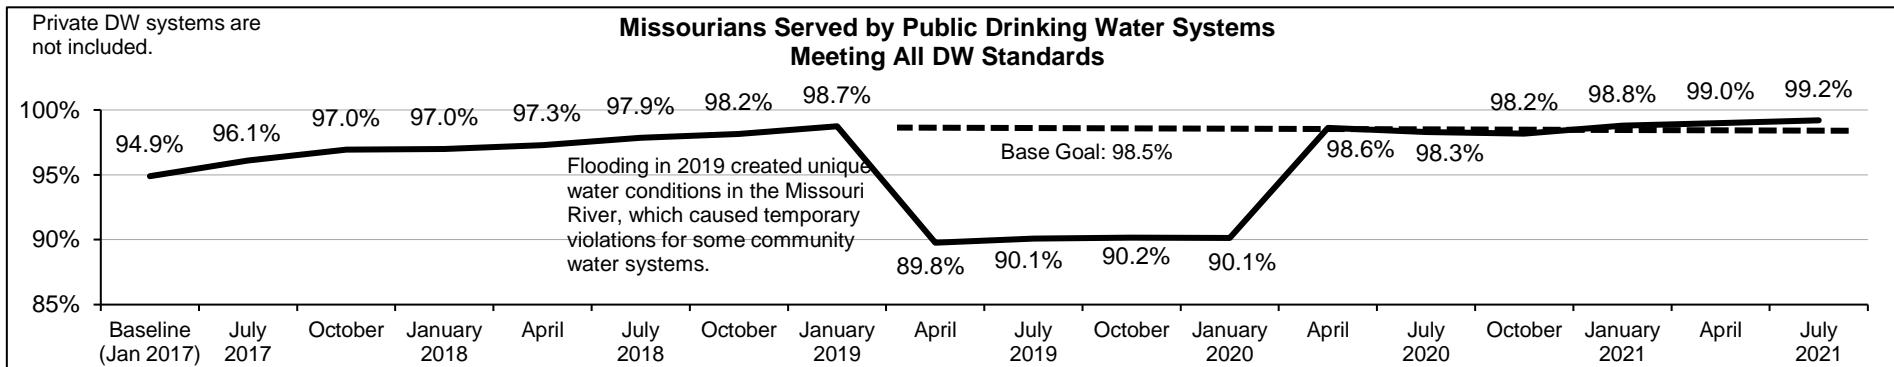

Geological Survey

The Missouri Geological Survey provides reliable scientific information, promotes informed decision-making about Missouri's natural resources, protects the environment, and encourages economic development. The Division plans for Missouri's comprehensive water needs by examining both surface and groundwater use and availability, ensures mined lands are reclaimed, and administers the Missouri Dam and Reservoir Safety Law.

Energy

The Division of Energy promotes the use of diverse energy resources to ensure affordability and reliability of our energy supply, economic growth and investment in the State of Missouri, and energy security for our future.

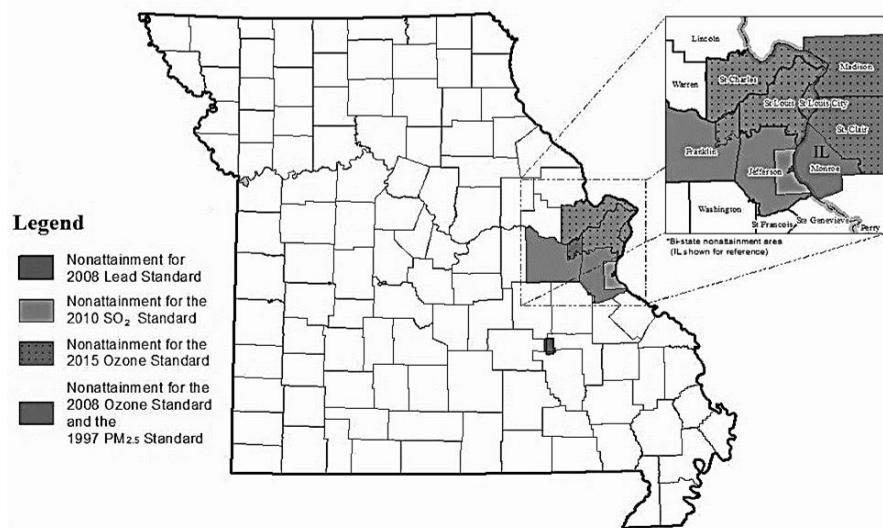

Environmental Highlights

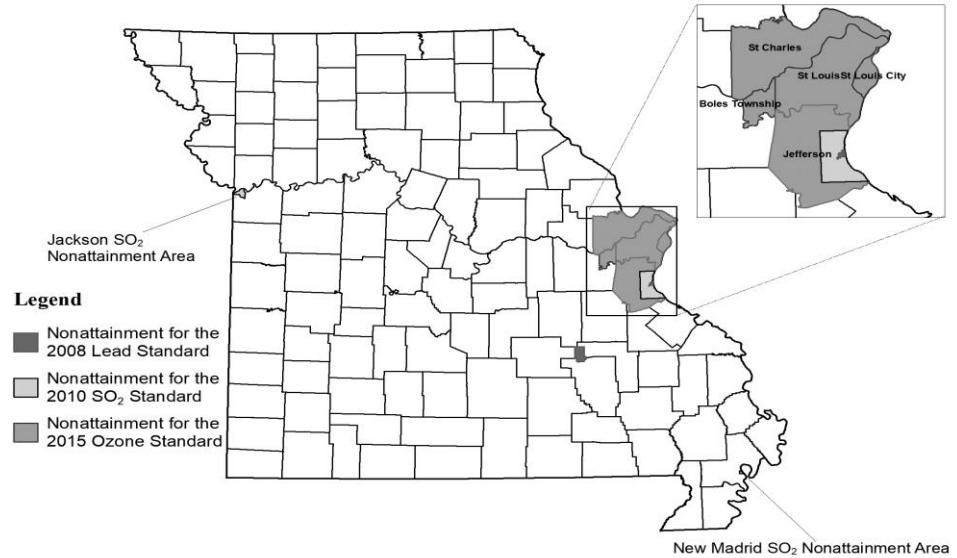

Environmental Highlights

Population Areas Based on Current Air Quality Designations (Attainment Population 67%; Nonattainment Population 33%)

Prior Designated Nonattainment Areas

Currently Designated Nonattainment Areas

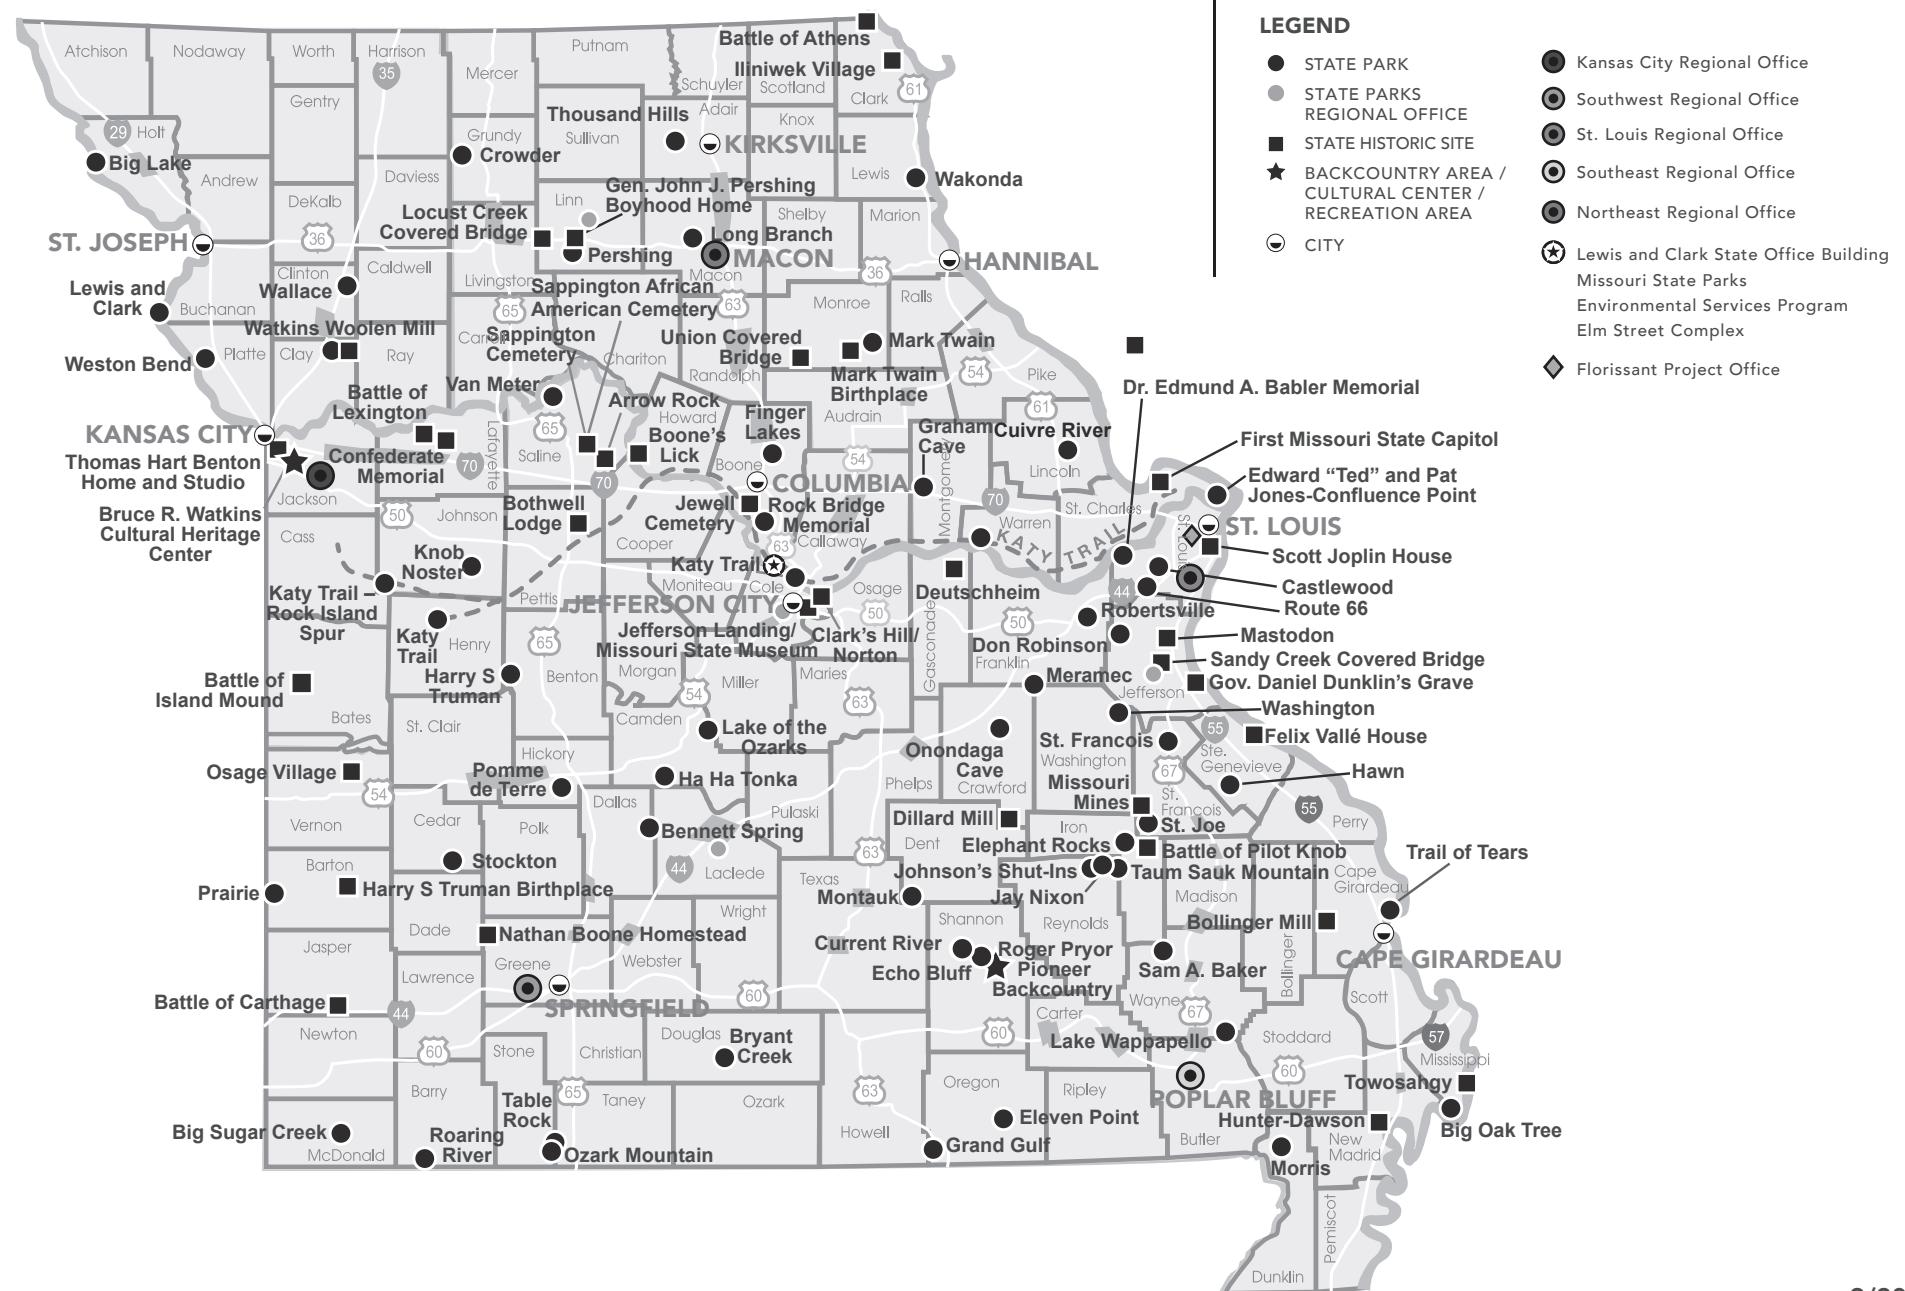

Upon successful federal redesignation of the St. Louis nonattainment area as of September 2018, the entire state is now in attainment with the 2008 ozone standard. The City of St. Louis, the Counties of St. Charles, St. Louis and Jefferson and Boles Township of Franklin County are currently designated nonattainment for the 2015 Ozone standard. In addition EPA recently designated a portion of New Madrid County as nonattainment for the 2010 Sulphur Dioxide standard.

Base Goal: Prior to the redesignation, 66% of Missourians lived in designated attainment areas. Now 67% of Missourians live in designated attainment areas.

Stretch Goal: Attainment areas are reviewed as federal air quality standards are updated (the Clean Air Act requires EPA to evaluate standards every five years) and as air quality monitoring data is quality assured. The ultimate goal is for 100% of the population to live in areas that meet all national ambient air quality standards.

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

Financial data includes contract audit appropriations, which are set at a level to encumber and pay our commitments. These often span more than one fiscal year. That, in conjunction with staff turnover, have caused unexpended appropriation balances. The Department continues to review operating expenditures to be efficient and effective with state resources.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 78111C	DEPARTMENT: NATURAL RESOURCES	
BUDGET UNIT NAME: DEPARTMENT OPERATIONS		
HOUSE BILL SECTION(S): 6.200	DIVISION: DEPARTMENT OPERATIONS	
<p>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</p>		
<p>DEPARTMENT REQUEST</p>		
<p>The Department requests retention of 5% flexibility between funds (Federal and Other). Flexibility will allow the Department to align appropriation authority with planned spending during the fiscal year based on funds availability to help ensure effective, responsive service delivery by Department Operations staff. Also included is 3% flexibility from 6.200 to 6.410 (General Revenue) related to the Legal Expense Fund.</p>		
<p>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</p>		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$20,000 Fund to Fund (Other/Federal)	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.
<p>3. Please explain how flexibility was used in the prior and/or current years.</p>		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Fund-to-fund flex was used to align operating E&E appropriation authority to proper funding levels based on service delivery needs during the year.	Flexibility will allow the Department to align appropriation authority with planned spending during the fiscal year based on funds availability and will help ensure effective, responsive service delivery by Department Operations staff.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.200

Department Operations

Program is found in the following core budget(s): Department Operations

1a. What strategic priority does this program address?

Department Operations helps Missouri citizens thrive by:

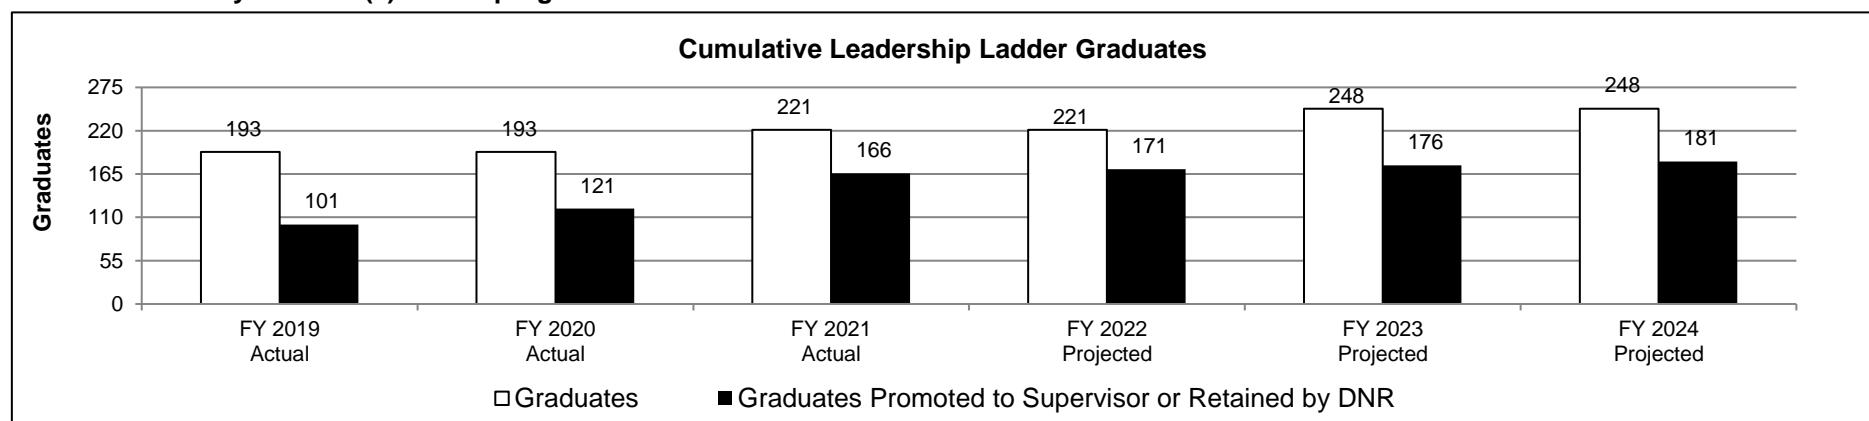

- Promoting environmental responsibility and resource stewardship.
- Enhancing services, information, and communication to improve customer experience.
- Modernizing infrastructure, strengthening workforce, and supporting economic development.
- Improving internal processes to better serve our customers.

1b. What does this program do?

Department Operations includes the Office of the Director and Division of Administrative Support which are responsible for:

- Implementing statewide environmental and natural resource policies resulting in environmentally-sound decisions that protect our air, land, and water while fostering economic development.
- Providing open communications and timely responses to legislators, elected officials, and the public.
- Managing the organizational units within the Department.
- Promoting efficient administration and operations, including continuous improvement efforts.

2a. Provide an activity measure(s) for the program.

By FY 2026, 26% of the Department's workforce will be eligible for retirement. The MoDNR's Leadership Ladder program is designed to facilitate succession planning for future Department leaders. Approximately every 2 fiscal years since 2012, training is provided and 50% of program graduates have been promoted into supervisory or managerial positions within the Department, and 75% of graduates remain employed by the Department.

PROGRAM DESCRIPTION

Department of Natural Resources

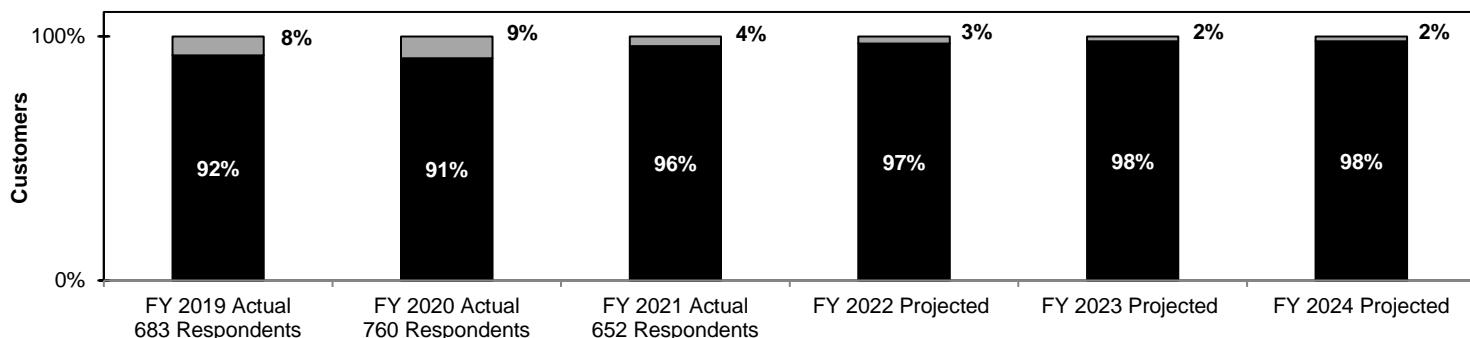

HB Section(s): 6.200

Department Operations

Program is found in the following core budget(s): Department Operations

2b. Provide a measure(s) of the program's quality.

Survey Results: Customers Receive Quality Service

■ Disagree
■ Agree

A public administration/government benchmark shows a 2018 goal of 68.4%.

In February 2018 the Department implemented a customer satisfaction survey. Customer feedback is directed to and managed by program staff and then is utilized to improve services. FY 2020 Actual can be tracked to the closing of some state parks and canceled camping reservations due to COVID-19.

Base Goal: Approximately a 1% increase each year from FY 2021 Actual.

Stretch Goal: The Department strives for all customers to receive quality customer service.

2c. Provide a measure(s) of the program's impact.

The effective management of Department operations is reflected in the divisions' performance measures.

(impact measures continued on following page)

PROGRAM DESCRIPTION

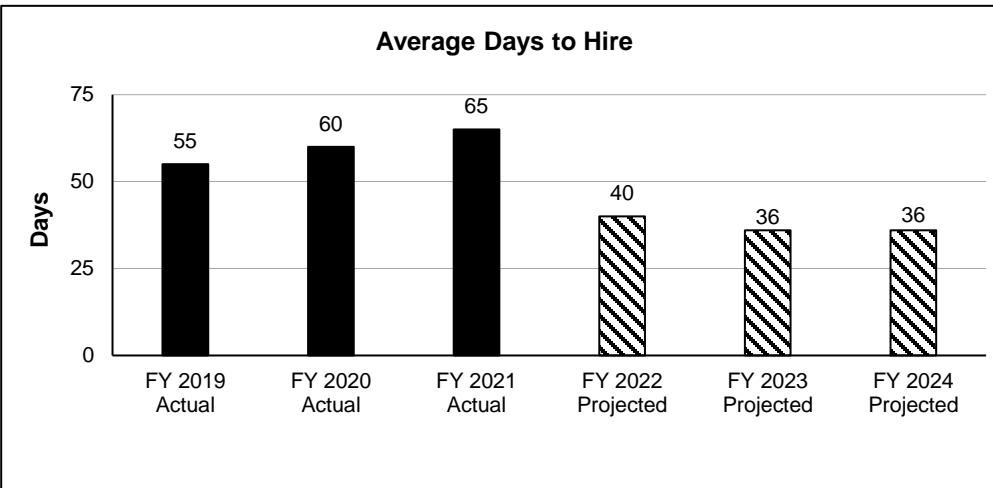

Department of Natural Resources

HB Section(s): 6.200

Department Operations

Program is found in the following core budget(s): Department Operations

2c. Provide a measure(s) of the program's impact. (continued)

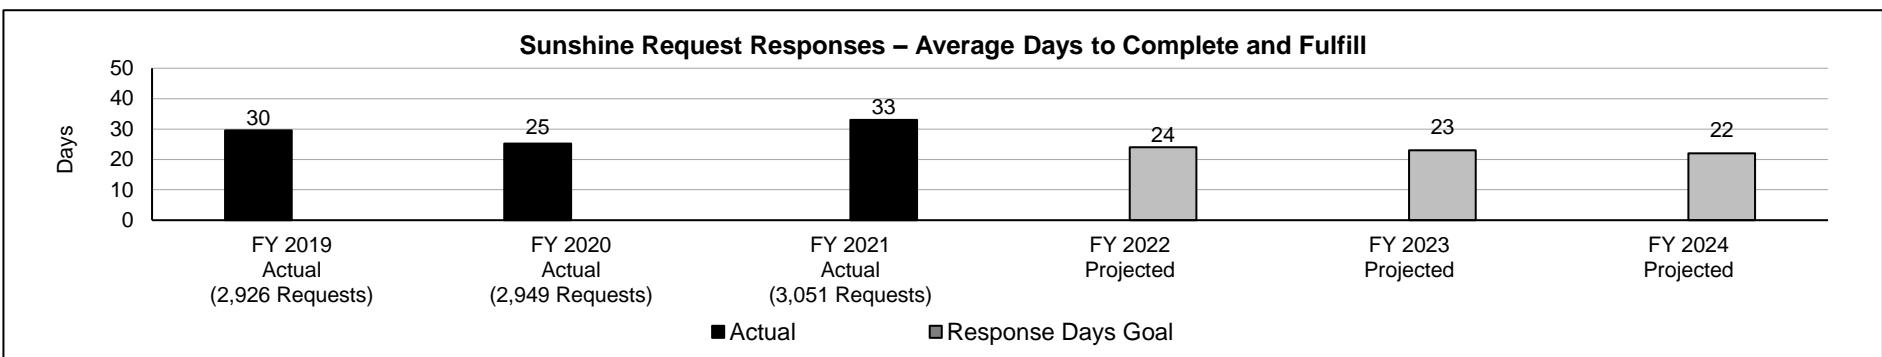

Average days to hire for FY 2018 - FY 2020 Actual is from the time Human Resources received the request to fill a vacancy to when an offer was made. Beginning in FY 2021, the Department began using the same metric as OA and counts from the day the job is posted to the day the applicant accepts the position.

The impacts of COVID-19 have caused the FY 2020 and FY 2021 Actuals to be higher than projected. Although some critical positions were filled during this time, the majority of vacancies were placed on hold for at least a portion of the year. With vacancies now being filled, the department expects the average days to hire to decline.

Base Goal: The Department plans to continue hiring new employees within 48 days allowing the divisions to accomplish their core missions.

Stretch Goal: Hire new employees within 36 days.

For FY 2021 the Department received and processed over 3,000 Sunshine Law requests, an average of 58 requests per week. Over the last couple years, by removing duplicative processes and identifying ways to decrease response times to fulfill requests, the average time to complete and fulfill a request has fallen from 50 business days to 33 in FY 2021. This initiative is part of our commitment to increasing public transparency and engagement and increasing access to information. The Department's goal is to complete processing requests in an average of 24 days or less this fiscal year, and progressively bring those response times down in future years.

PROGRAM DESCRIPTION

Department of Natural Resources

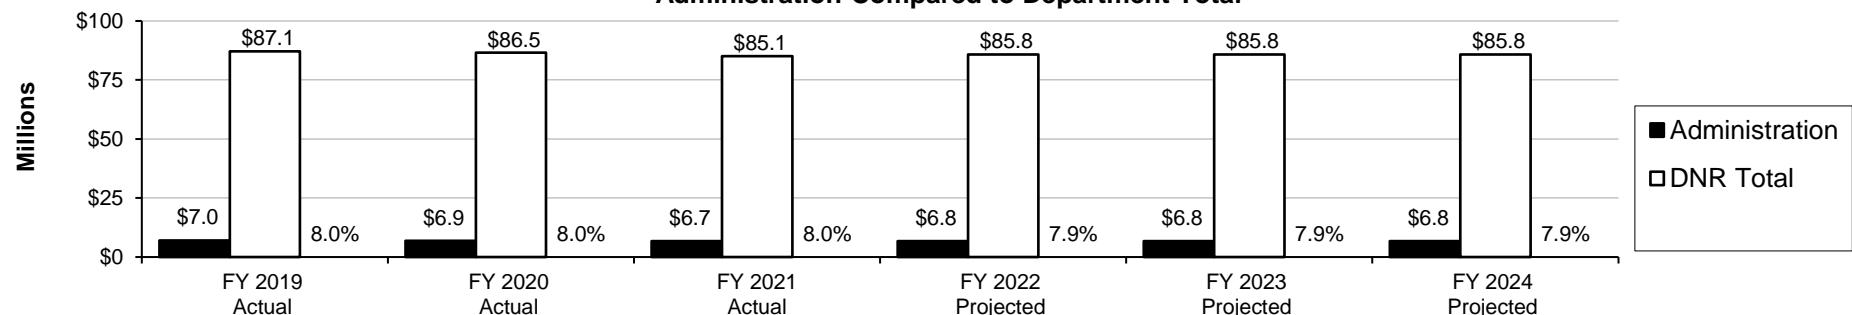

HB Section(s): 6.200

Department Operations

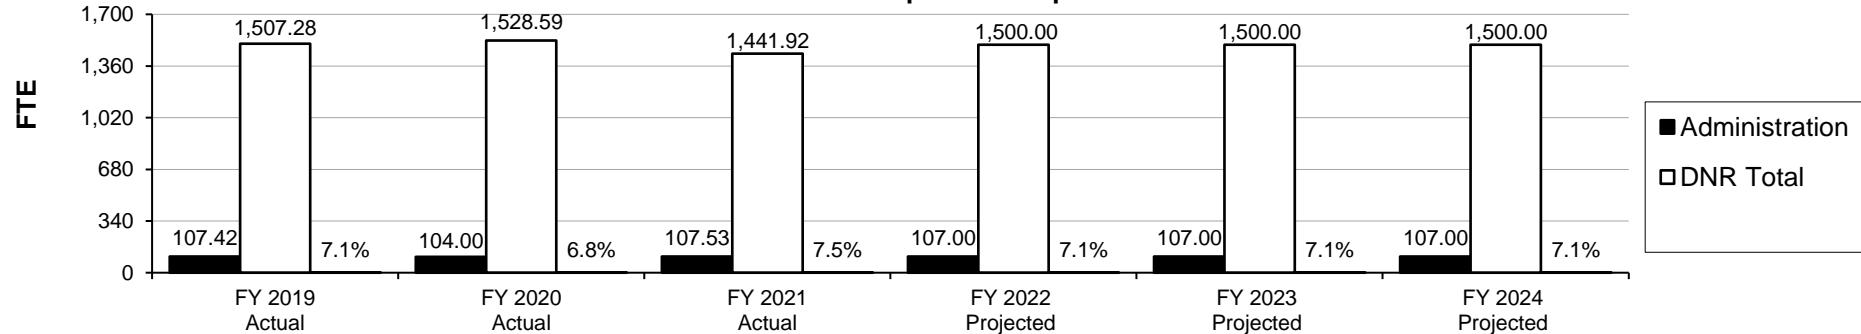

Program is found in the following core budget(s): Department Operations

2d. Provide a measure(s) of the program's efficiency.

Personal Service and Expense and Equipment Administration Compared to Department Total

FTE
(full-time equivalent employees)
Administration Compared to Department Total

Administration includes Department Operations, and the administration units of Environmental Quality, Missouri Geological Survey, and State Parks divisions. The Department continues to improve processes and program design to operate in the most efficient manner possible.

PROGRAM DESCRIPTION

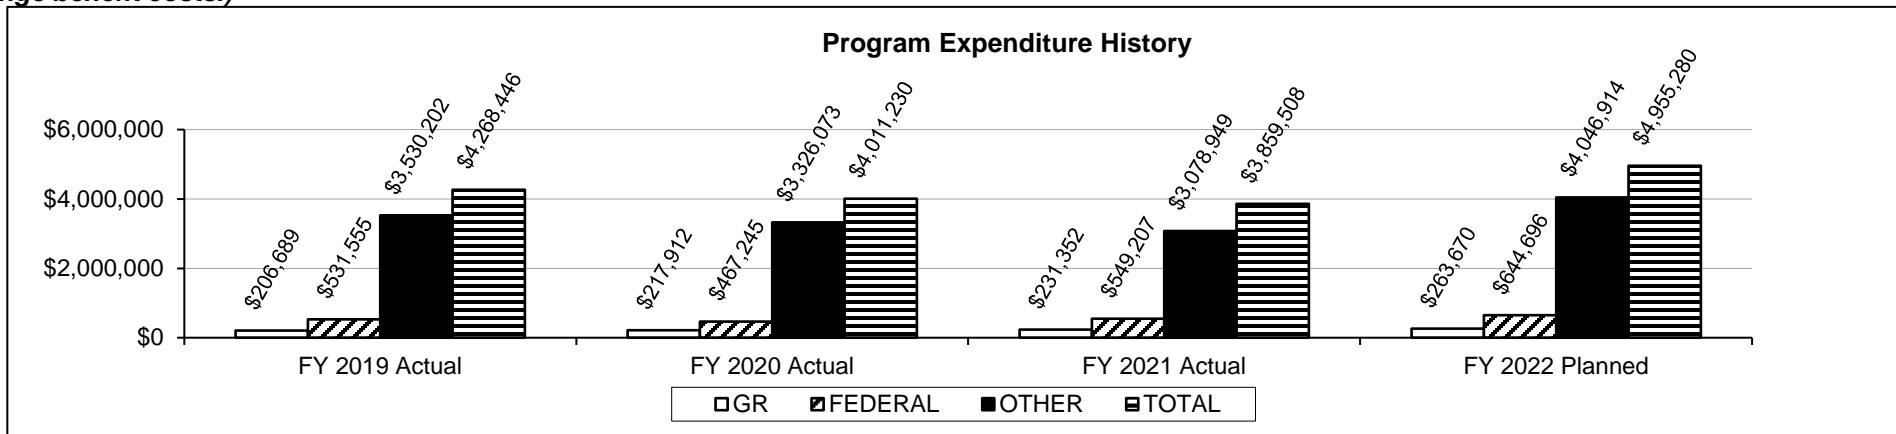

Department of Natural Resources

HB Section(s): 6.200

Department Operations

Program is found in the following core budget(s): Department Operations

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

State Parks Earnings Fund (0415); DNR Revolving Services Fund (0425); Cost Allocation Fund (0500); Solid Waste Management Fund (0570); Soil and Water Sales Tax Fund (0614);

5. What is the authorization for this program, i.e., federal or state statutes, etc.? (Include the federal program number, if applicable.)

The Department administers programs that protect our air, land, water, and mineral resources; preserves our unique natural and historic places; and promotes the environmentally sound and energy-efficient operations of businesses, communities, agriculture, and industry for the benefit of all Missourians. These programs are authorized by state and federal laws as noted in each of their program descriptions.

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Division of Environmental Quality (DEQ) requests retention of 15% flexibility between Personal Service (PS) and Expense and Equipment (E&E) for General Revenue and 15% flexibility between programs and/or regional offices for General Revenue. For Federal and Other Funds, the division requests retention of 25% flexibility between funds. Flexibility will allow the Department to address environmental emergencies or other unanticipated needs by aligning appropriation authority with necessary spending during the fiscal year based on funds availability to help ensure effective, responsive service delivery by the division. Also included is 3% flexibility from 6.225 to 6.410 (General Revenue) related to the Legal Expense Fund.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$305,000 Fund to Fund (Federal/Other)	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.
\$270,000 Fund to Fund (Other/Federal)		
\$ 93,000 Fund to Fund (Other/Other)		
\$ 28,500 PS to E&E (GR)		
\$696,500 Total		

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Various fund-to-fund and PS-to-E&E flex was used to align operating PS and E&E appropriation authority to proper funding levels based on service delivery needs during the year.	Flexibility will allow the Department to address unanticipated needs, such as environmental emergencies or situations that may require an extraordinary response, by aligning appropriation authority with necessary spending based on funds availability to help ensure effective, responsive service delivery by the division.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 79415C, 79405C, 79230C, 79455C 79360C	DEPARTMENT: NATURAL RESOURCES DIVISION: ENVIRONMENTAL QUALITY
BUDGET UNIT NAME: ENVIRONMENTAL QUALITY PASS-THROUGH HOUSE BILL SECTION(S): 6.230, 6.235, 6.240, 6.255, 6.275	

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Division of Environmental Quality (DEQ) requests retention of 25% flexibility between funds (Other) for Water and Wastewater Infrastructure (79415C); and between funds (Federal and Other) for these pass-through budget units: Water Quality Studies (79405C); Air Pollution Control Grants & Contracts (79230C); and Technical Assistance Grants (79360C). Flexibility will be used when needed to align appropriation authority with planned spending based on funds availability for pass-through programs.

In addition, DEQ requests retention of 10% flexibility between Personal Service (PS) and Expense and Equipment (E&E) for the Post-Closure Fund (0198) related to closure and postclosure activities at solid waste landfills with forfeited financial assurance instruments (79455C).

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
Flexibility was not used in FY 2021.	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Flexibility was not used in FY 2021.	Fund flexibility will be used when needed to align appropriation authority with planned spending based on funds availability for pass-through programs. PS and E&E flexibility will be used to ensure effective, responsive service delivery related to solid waste forfeiture sites.

Note: Fringes budgeted in House Bill 5 except for certain fringes budgeted directly to MoDOT, Highway Patrol, and Conservation.

Other Funds: Natural Resources Protection Fund - Damages Subaccount (0555); Natural Resources Protection Fund - Water Pollution Permit Fee Subaccount (0568); Solid Waste Management Fund (0570); Underground Storage Tank Regulation Program Fund (0586); Water and Wastewater Loan Fund (0649); Hazardous Waste Fund (0676); Safe Drinking Water Fund (0679)

Core Reduction: The FY 2023 Budget Request includes a voluntary core reduction of \$25,000 Expense and Equipment.

2. CORE DESCRIPTION

The Water Protection Program works to protect surface water and groundwater, and promotes safe drinking water for all Missourians. To accomplish this goal, the program provides financial and technical assistance, issues permits, conducts compliance assistance, and classifies water bodies to protect their uses. The program's pass-through authority is located in a separate core decision item form.

Division of Environmental Quality
Water Protection Program Operations Core

Budget Unit 78847C

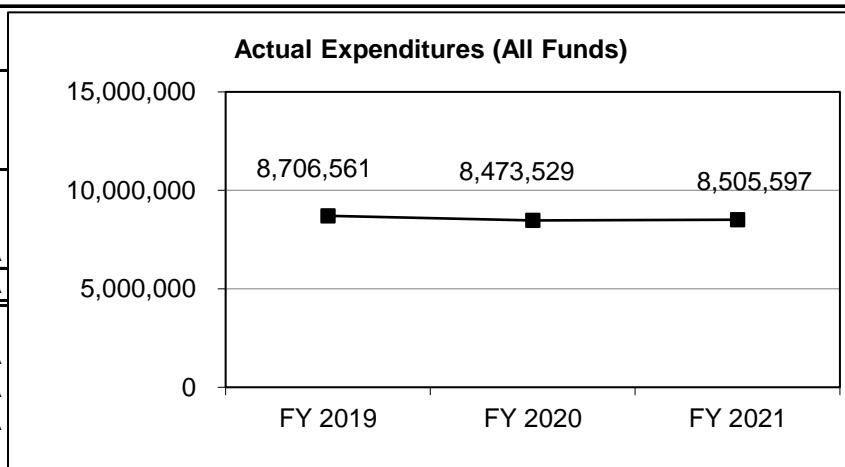

HB Section 6.225

3. PROGRAM LISTING (list programs included in this core funding)

Water Protection Program

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	11,154,777	10,703,759	10,731,326	10,748,580
Less Reverted (All Funds)	(17,104)	(17,468)	(17,737)	(17,865)
Less Restricted (All Funds)*	0	0	0	0
Budget Authority (All Funds)	11,137,673	10,686,291	10,713,589	10,730,715
Actual Expenditures (All Funds)	8,706,561	8,473,529	8,505,597	N/A
Unexpended (All Funds)	2,431,112	2,212,762	2,207,992	N/A
Unexpended, by Fund:				
General Revenue	40,565	76,768	24,855	N/A
Federal	1,510,588	1,047,632	514,225	N/A
Other	879,959	1,088,362	1,668,912	N/A
	(1)	(1)	(1)	

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) Fiscal uncertainties and hiring limitations have resulted in lower expenditures. The program manages expenditures to stay within available revenues. In addition, federal expense and equipment appropriations have been maintained to allow for new federal funding that may become available.

Other Funds: Stormwater Control Fund (0302); Water Pollution Control Funds (0329, 0330); Natural Resources Protection Fund - Water Pollution Permit Fee Subaccount (0568); Water and Wastewater Loan Revolving Fund (0602); Water and Wastewater Loan Fund (0649); Safe Drinking Water Fund (0679); Stormwater Loan Revolving Fund (0754); Rural Water and Sewer Loan Revolving Fund (0755); Concentrated Animal Feeding Operation Indemnity Fund (0834)

The budget includes appropriation authority of \$224,939,825 to be used for encumbrance purposes only related to Water Infrastructure loans and grants and \$9,000,000 to be used for encumbrance purposes only related to Water Quality Studies.

CORE DECISION ITEM	
Department of Natural Resources	Budget Unit <u>79405C, 79415C, 79425C</u>
Division of Environmental Quality	
Water Protection Program PSDs Core	HB Section <u>6.235, 6.240, 6.245</u>
2. CORE DESCRIPTION	
The Water Protection Program provides management and oversight of the following pass-through programs:	
<p>Financial Aid - Provides low-cost financial assistance to aid Missouri communities with capital improvements to water, wastewater, and stormwater systems. The program provides grants and below-market-rate loans for water and wastewater infrastructure. Small communities receive grants for engineering studies to plan for infrastructure improvement. Communities receiving infrastructure loans and grants serve approximately 1,242,328 Missouri residents annually.</p>	
<p>Public Drinking Water Sample Analysis - Provides funding for statutorily-required routine sampling for Missouri's community and non-community public water systems.</p>	
<p>Water Quality Studies - Through this appropriation, the Department provides funding to strategically monitor a portion of the state's waters that have designated uses. These data inform decisions on how to protect and improve water quality.</p>	
<p>CAFO Closures - This appropriation authorizes the expenditure of Concentrated Animal Feeding Operation Indemnity Funds for closure of certain lagoon structures placed under state control due to bankruptcy, failure to pay property taxes, or abandonment. When the Department determines that an owner has successfully closed a CAFO, all moneys paid into the fund by such operation are returned to the owner.</p>	

CORE DECISION ITEM

Budget Unit 79405C, 79415C, 79425C

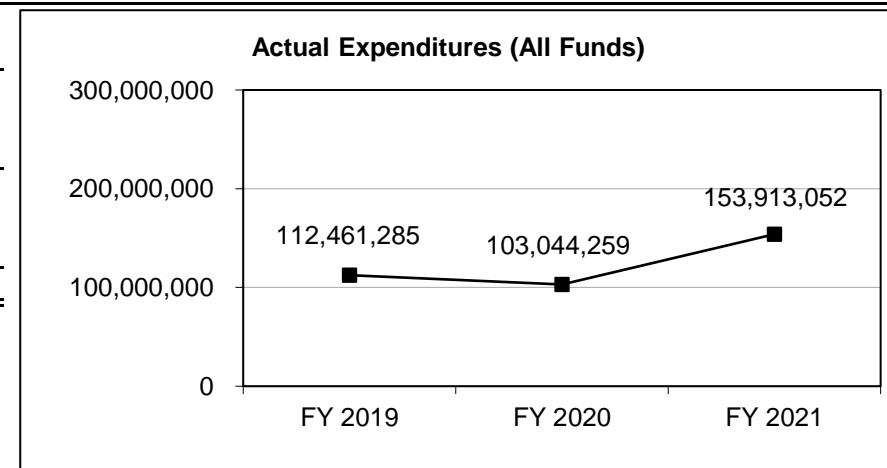

HB Section 6.235, 6.240, 6.245

3. PROGRAM LISTING (list programs included in this core funding)

Water Protection Program

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	702,198,528	567,498,528	564,998,528	559,908,529
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	702,198,528	567,498,528	564,998,528	559,908,529
Actual Expenditures (All Funds)	112,461,285	103,044,259	153,913,052	N/A
Unexpended (All Funds)	589,737,243	464,454,269	411,085,476	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	35,566,706	18,044,613	16,552,337	N/A
Other	554,170,537	446,409,656	394,533,139	N/A
	(1)	(1)	(1)	(1)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) In many cases, pass-through appropriation has been provided for encumbrance and payment of our commitments which often span multiple fiscal years causing high unexpended balances. Beginning in FY 2014, appropriations were provided for encumbrance purposes separate from expenditures. Both types of appropriations are included in the data above, therefore high unexpended balances will continue to be reflected. The FY 2022 PSD (expenditure only) appropriations are: Construction Grants \$7,760,000; Clean Water State Revolving Fund Loans \$244,111,267; Rural Water and Sewer Grants and Loans \$1,520,000; Storm Water Control Grants and Loans \$3,024,141; Drinking Water State Revolving Fund Loans \$58,593,444; Water Quality Studies \$10,300,000; Drinking Water Analysis \$599,852; and CAFO Closures \$60,000. The FY 2022 budget includes appropriation authority of \$224,939,825 to be used for encumbrance purposes only for Water Infrastructure loans and grants and \$9,000,000 to be used for encumbrance purposes only for Water Quality Studies.

DEQ - Water Protection Program	
Program is found in the following core budget(s): Water Protection Program	
1a. What strategic priority does this program address?	
<p>The Water Protection Program helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:</p> <ul style="list-style-type: none"> • Promoting environmental responsibility and resource stewardship. • Enhancing services, information, and communication to improve customer experience. • Modernizing infrastructure, strengthening workforce, and supporting economic development. • Improving internal processes to better serve our customers. 	
1b. What does this program do?	
<p>The Water Protection Program works to protect surface water and groundwater, and promote safe drinking water for all Missourians by implementing standards and providing tools to assist water and wastewater facilities. The program implements regulations, issues permits, provides financial and technical assistance, conducts training and certification for operators, conducts monitoring, utilizes compliance assistance and enforcement tools, and implements strategies to restore impaired water bodies.</p>	
<p>Water PSDs: Financial Aid - Provides low-cost financial assistance to aid Missouri communities with capital improvements to water, wastewater, and stormwater systems. The program provides grants and below-market-rate loans for water and wastewater infrastructure. Small communities receive grants for engineering studies to plan for infrastructure improvement. Communities receiving infrastructure loans and grants serve approximately 1,242,328 Missouri residents annually.</p>	
<p>Public Drinking Water Sample Analysis - Provides funding for statutorily-required routine sampling for Missouri's community and non-community public water systems.</p>	
<p>Water Quality Studies - Provides funding to strategically monitor a portion of the state's waters that have designated uses. These data inform decisions on how to protect and improve water quality.</p>	
<p>CAFO Closures - This appropriation authorizes the expenditure of Concentrated Animal Feeding Operation Indemnity Funds for closure of certain lagoon structures placed under state control due to bankruptcy, failure to pay property taxes, or abandonment. When the Department determines that an owner has successfully closed a CAFO, all moneys paid into the fund by such operation are returned to the owner.</p>

Program is found in the following core budget(s): Water Protection Program

1b. What does this program do? (continued)

The following table shows financial data for the budget units included in this form.

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current	FY 2023 Request
Water Protection Operations (78847C)	8,706,561	8,473,529	8,505,597	10,748,580	10,723,580
Water Infrastructure PSD (79415C)	107,541,467	98,709,907	150,095,132	315,008,852	315,008,852
Water Infrastructure Encumbrance (79415C)	n/a	encumbrance authority must lapse		224,939,825	224,939,825
Water Quality Studies PSD (79405C)	4,919,818	4,334,352	3,817,920	10,899,852	10,899,852
Water Quality Studies Encumbrance (79405C)	n/a	encumbrance authority must lapse		9,000,000	9,000,000
CAFO Closures PSD (79425C)	0	0	0	60,000	60,000
Total	121,167,846	111,517,788	162,418,649	570,657,109	570,632,109
Total excluding Encumbrances	121,167,846	111,517,788	162,418,649	336,717,284	336,692,284

The FY 2022 and FY2023 budget includes appropriation authority of \$224,939,825 to be used for encumbrance purposes only for Water Infrastructure loans and grants and \$9,000,000 to be used for encumbrance purposes only for Water Quality Studies.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

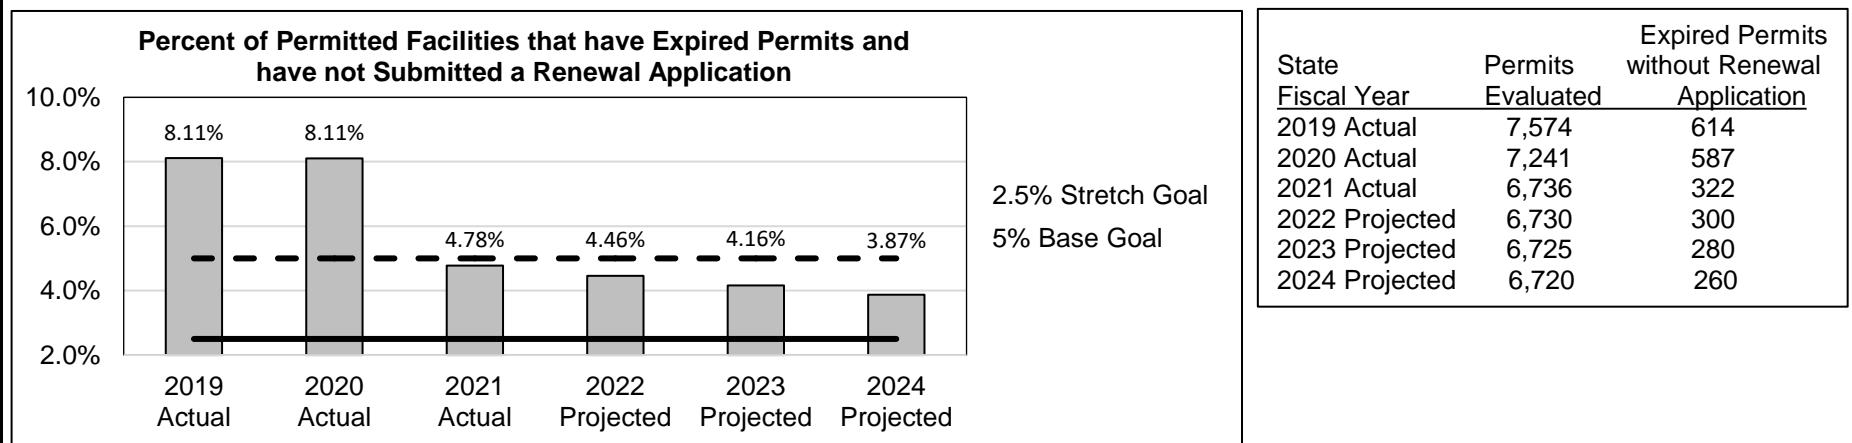

2a. Provide an activity measure(s) for the program.

Annual Count of Permit Renewals Processed

Type	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024
	Actual	Actual	Actual	Projected	Projected	Projected
Site-Specific	473	443	404	769	542	567
General	865	427	360	2,155	1,546	1,246
Total	1,338	870	764	2,924	2,088	1,813

The projection for permit renewals is based on the number of expiring permits for the three projected fiscal years. These values do not include the number of modifications, terminations, applications for new permits, or denials. The 2024 projected total permits renewed takes into account the Water Protection Program's goal of eliminating the permit backlog by end of fiscal year 2025. Permits (site-specific and general) are not evenly dispersed across the 5 years; therefore, the permit cycle causes fluctuation of permit number between years. FY 2021 permit renewals processed is lower due to increased vacancies and the impacts of COVID-19. FY 2022 permit renewals processed are anticipated to increase due to the number of permits expiring in FY 2022.

Permitted Facilities that have Expired Permits and have not Submitted a Renewal Application- Significant Noncompliance Reduction

The Program is reaching out to permittees who have not renewed their permits, which reduces the rate of significant noncompliance. In other words, this metric shows the noncompliance rate associated with permittees who have made no attempt to renew their permit.

PROGRAM DESCRIPTION

Department of Natural Resources

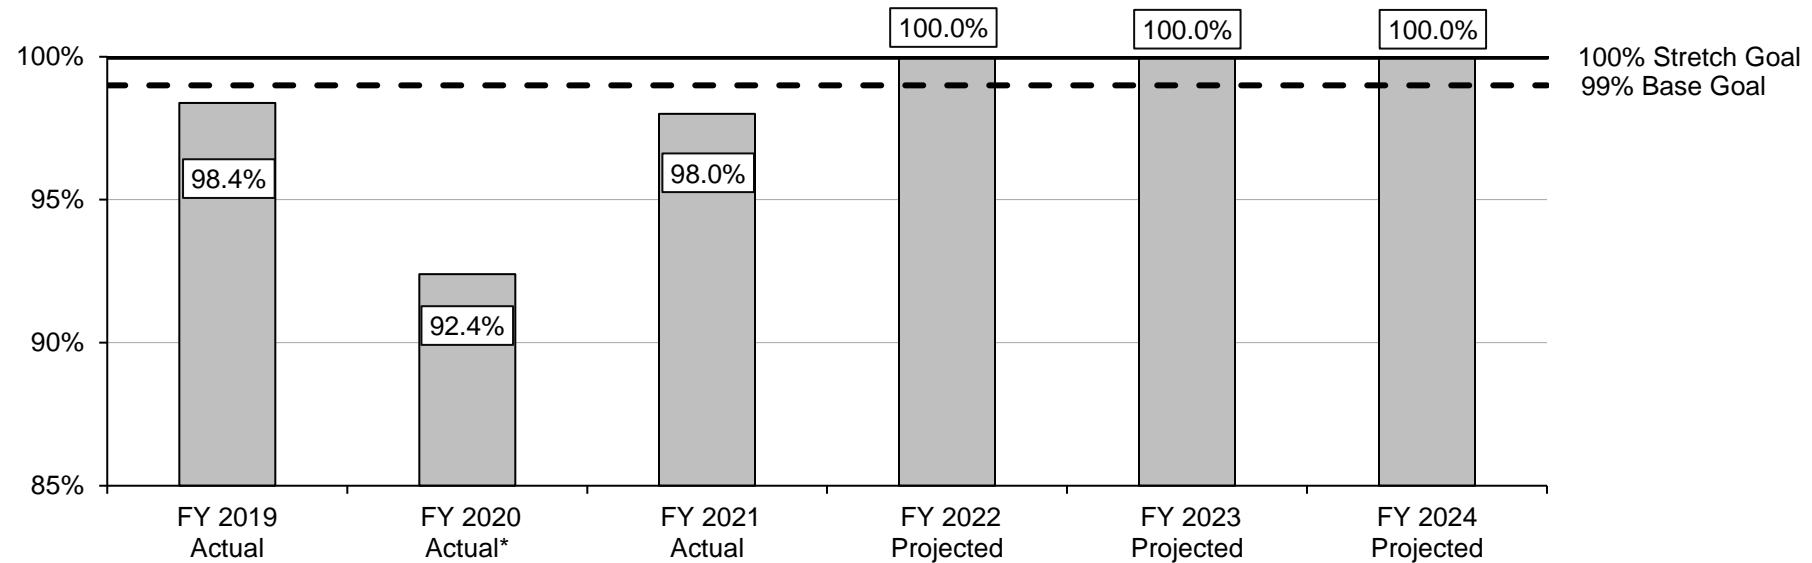

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2a. Provide an activity measure(s) for the program (continued).

Percent of Community Water Systems with a Sanitary Survey Completed in the Last 3 Years

*Reason for decrease in 2020: Impact of COVID-19 and social distancing requirements put sanitary surveys on hold for a 3 month period.

A sanitary survey is an assessment of a community water system's capacity to supply safe drinking water to the public. Each year, the Department performs a sanitary survey on about one-third of the state's 1,426 community water systems. This proactive public health measure is required by the EPA through the federal Safe Drinking Water Act.

PROGRAM DESCRIPTION

Department of Natural Resources

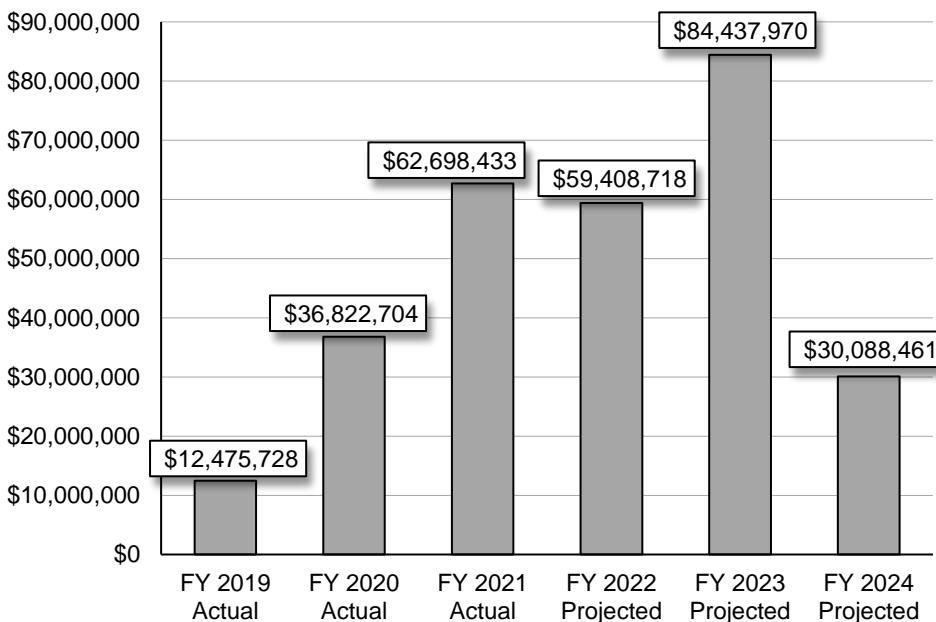

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2b. Provide a measure(s) of the program's quality.

Interest Savings to Communities Financed Through the State Revolving Fund Programs

<u>Fiscal Year</u>	<u>Average Conventional Interest Rate*</u>	<u>SRF Average Interest Rate</u>	<u>Difference</u>
FY2019 Actual	4.41	1.33	3.08
FY2020 Actual	3.06	0.92	2.14
FY2021 Actual	2.65	0.80	1.85
FY2022 Projected	2.98	0.90	2.08
FY2023 Projected	3.33	1.00	2.33
FY2024 Projected	3.66	1.10	2.56

*Source: The Bond Buyer

The financing provided through the State Revolving Fund (SRF) Programs allows communities to save approximately 70% of the interest cost of a conventional loan. For FY 2021, the average conventional interest rate was 2.65% as compared to the SRF average interest rate of 0.80%; a difference of 1.85% (70% savings) resulting in an overall estimated savings to Missouri communities of \$62.7 million. A decrease in FY 2019 interest savings is the result of a decrease in demand (as demonstrated by applications for financial assistance) with a corresponding decrease in financial assistance awards during this period. The SRF Program closed on several large loans in FY 2021 and anticipates closing on several more large loans during FY 2022 and FY 2023, resulting in above average interest savings. The SRF offers 20 year loan terms at a fixed-rate and 30 year loan terms with an additional interest charge added to the fixed-rate.

PROGRAM DESCRIPTION

Department of Natural Resources

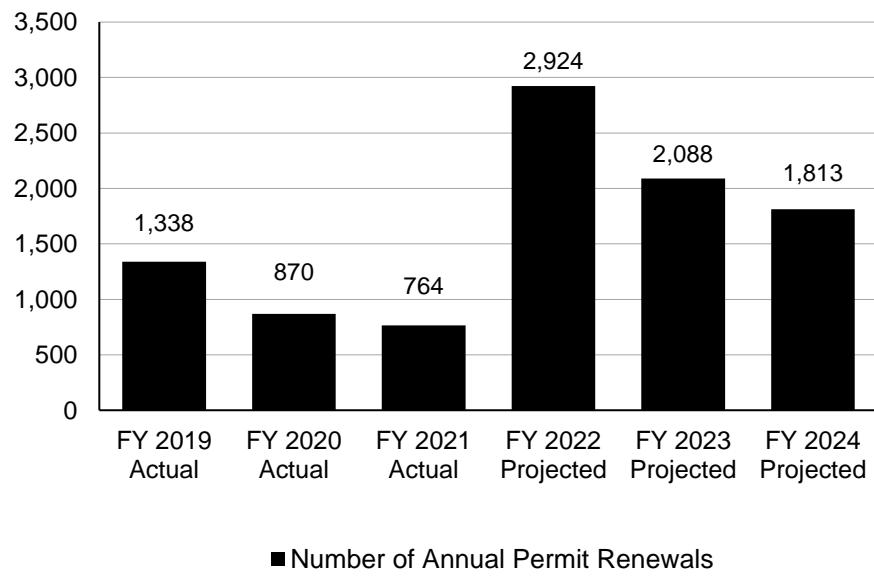

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

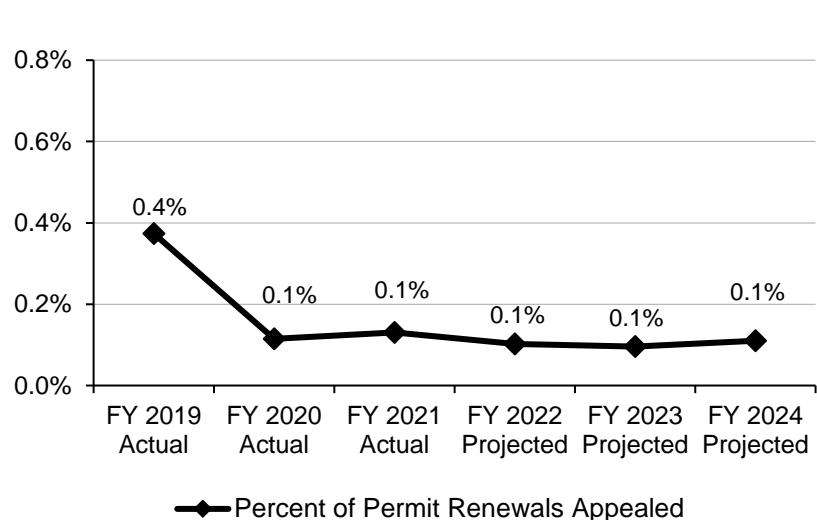

Program is found in the following core budget(s): Water Protection Program

2b. Provide a measure(s) of the program's quality (continued).

Number of Annual Permit Renewals

Percent of Permit RenewalsAppealed

Factors that cause variations in the annual number of permit renewals include the number of general permits and watershed-based permitting cycles. Reduction in the number of appeals is the result of increased permit quality and proactive engagement with permittees and stateholders prior to issuance.

PROGRAM DESCRIPTION

Department of Natural Resources

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2b. Provide a measure(s) of the program's quality (continued).

Percent of Community Water Systems with No Health-Based Violations

Health-based violations are exceedances of Maximum Contaminant Levels, failing to meet a treatment technique, such as failing to meet a turbidity or disinfection standard, or failing to address a significant deficiency. Each community water system must monitor for contaminants listed in the Safe Drinking Water Act. The monitoring schedules and sampling frequencies for the contaminants vary by source water type, population, if a water system produces water or purchases water, if the contaminant is considered an acute risk to public health or a chronic risk based on a lifetime exposure, etc.

PROGRAM DESCRIPTION

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2c. Provide a measure(s) of the program's impact.

Wastewater Systems in Compliance with Effluent Limitations

*COVID-19 is a major source of reduced compliance in FY2020 and FY2021. The Department will continue to provide additional compliance assistance to facilities that have struggled with compliance because of COVID-19.

State Fiscal Year	Evaluated Permits
2018	2,801
2019	2,625
2020	2,505
2021	2,252

The Missouri Clean Water Law requires any person operating, using, or maintaining a wastewater system or point source to obtain a permit and verify the discharge complies with the limitations contained in the permit to protect the beneficial uses of the receiving stream. Permittees must analyze discharges for the contaminants listed in the permit and submit results to the Water Protection Program on discharge monitoring reports. The program monitors compliance with effluent limitations and reporting requirements each quarter and notifies the permitted entity when significant noncompliance occurs. Significant noncompliance includes but is not limited to the following:

- Exceeding a permit limitation 4 out of 6 consecutive months
- Exceeding a permit limitation by 1.4 times for conventional contaminants and 1.2 for toxic water contaminants 2 out of 6 consecutive months

Effluent limitation violations which meet the definition of significant noncompliance most often indicate aging infrastructure that is no longer able to adequately treat wastewater. The condition develops more slowly than other violations. In many cases, constructed upgrades to the facility are required in order to resolve the violations. Construction upgrades require engineering and may take up to two years depending on the extent of upgrades required. If a municipality is involved, an additional 2-3 years are required to obtain funding.

To increase effluent limitation compliance, the Water Protection Program will target those entities in significant noncompliance for inspections. Staff will review discharge monitoring report (DMR) data to determine which permittees will benefit from improved operation of their facility and which should receive guidance on the process of developing and funding or their facility. Region staff will work with facilities to improve operations using creative and cost effective solutions.

PROGRAM DESCRIPTION

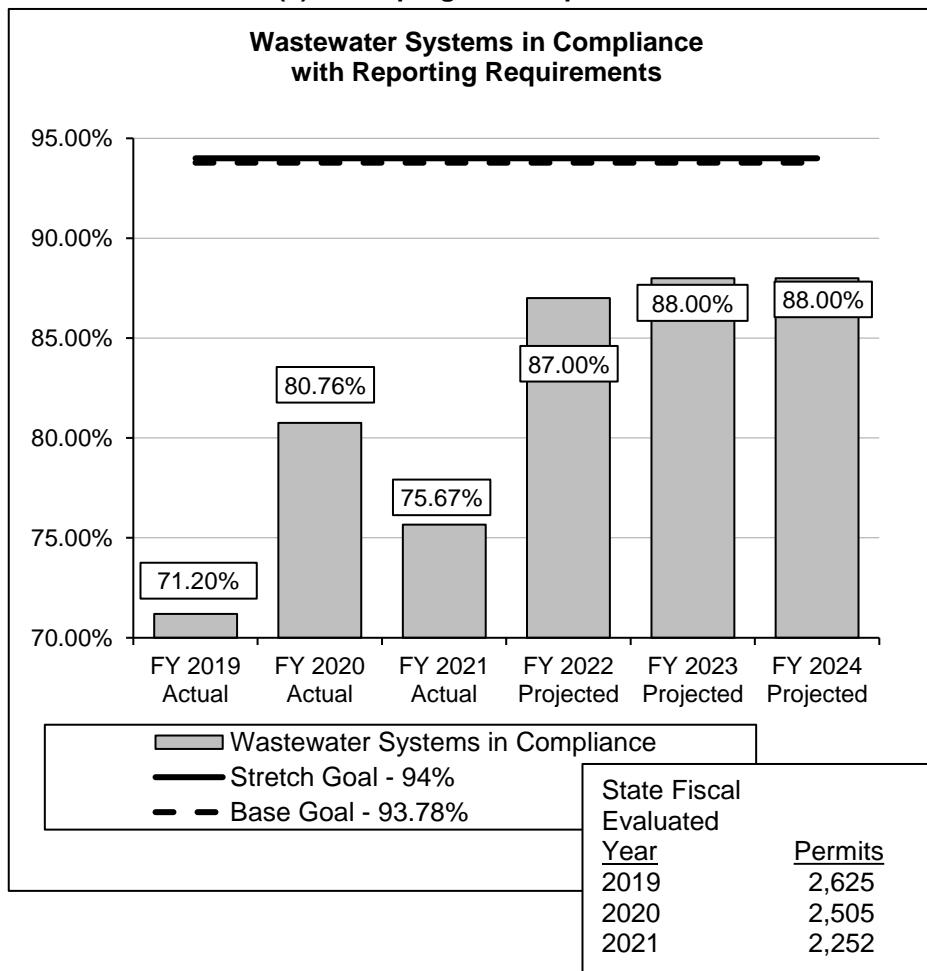

Department of Natural Resources

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2c. Provide a measure(s) of the program's impact.

The Missouri Clean Water Law requires any person operating, using, or maintaining a wastewater system or point source to obtain a permit and verify the discharge complies with the limitations contained in the permit to protect the beneficial uses of the receiving stream. Permittees must analyze discharges for the contaminants listed in the permit and submit results to the Water Protection Program on discharge monitoring reports. The program monitors compliance with reporting requirements each quarter and notifies the permitted entity when significant noncompliance occurs. Significant noncompliance related to DMRs is defined as failing to submit the report within 30 days of the due date.

To increase reporting requirement compliance, the Water Protection Program continues to use Record Reviews to identify and target those entities in significant noncompliance.

The Water Protection Program uses the auto-dialer monthly to make calls informing permittees their DMR is late and should be submitted immediately, before reaching significant noncompliance. Program staff provide region staff with lists of the permittees with the most reporting violations for enhanced compliance assistance.

Region and program staff continue to provide assistance to users who struggle with the electronic discharge monitoring (eDMR) system. FY 2019 systems in compliance with reporting requirements was lower due to the Department updating its definition of non-compliance to align with the federal regulatory definition. A new system was implemented on November 9, 2020, that resulted in a temporary drop in one time submissions in FY2021. However, the new system is easier and reminds users of missing reports or parameters; therefore submissions are improving again.

PROGRAM DESCRIPTION

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2c. Provide a measure(s) of the program's impact (continued).

Population Served by Community Water Systems with No Health-Based Violations

* Reason for decrease in 2019: Flooding created unique water conditions in the Missouri River, which caused temporary violations for some community water systems.

The Department is working to reduce health-based violations through compliance assistance efforts, operator training, performing sanitary surveys, reviewing designs for water systems, the use of circuit riders, and the community assistance portal. Health-based violations are issued when water sample results show the presence of contaminant(s) at numbers above a Maximum Contaminant Level (MCL) or when a treatment technique is not met. MCLs are set by the U.S. Environmental Protection Agency and are based on human health and safety standards. The treatment techniques are specified processes intended to reduce contaminant levels. Health-based violations include, but are not limited to, MCL and treatment technique violations of health-based standards related to violations of the groundwater rule, chemicals, stage 1 and stage 2 disinfection byproducts, bacteriological, radiological, and surface water treatment.

PROGRAM DESCRIPTION

Department of Natural Resources

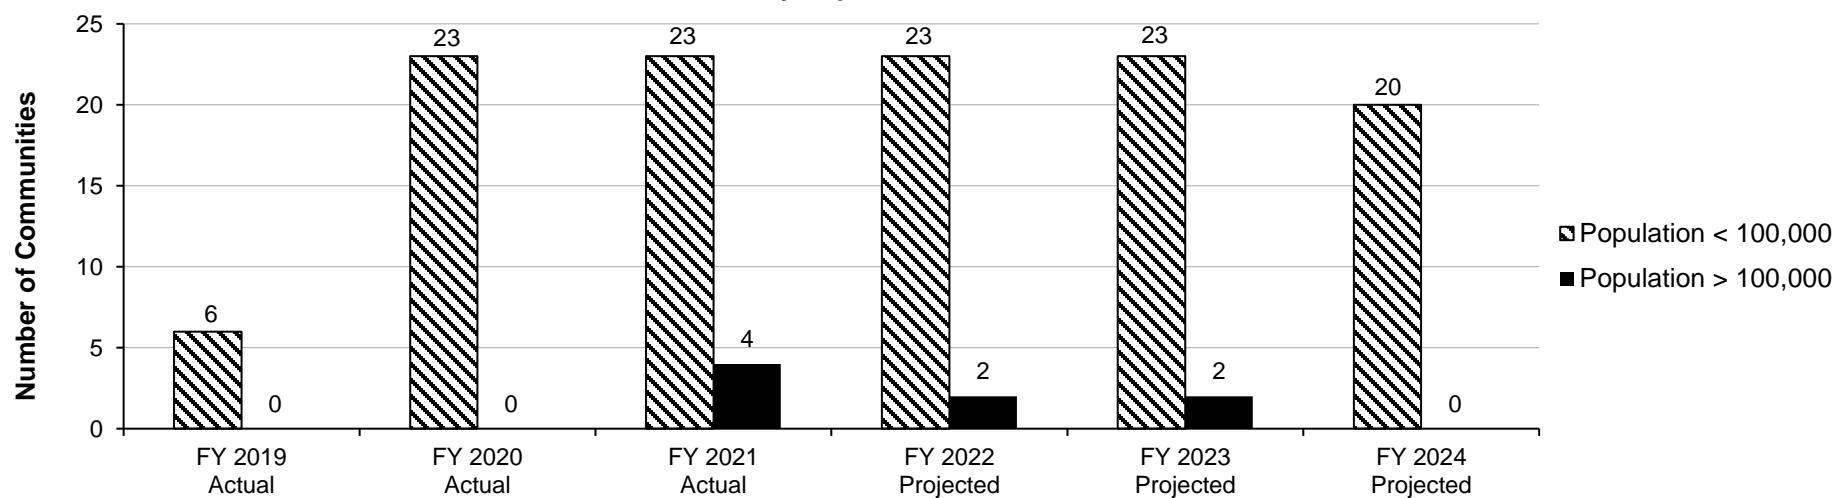

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2c. Provide a measure(s) of the program's impact (continued).

Number of Communities Awarded Clean Water and Drinking Water State Revolving Fund Financial Assistance by Population Size

The Clean Water and Drinking Water State Revolving Fund (SRF) programs provide assistance to systems serving populations of all sizes. In FY 2021, SRF assistance was awarded to 23 communities serving a population of less than 100,000 and 4 communities serving a population of greater than 100,000. SRF financial assistance is provided through an application process and is based on eligibility. Financial assistance is open for all Missouri cities, towns, counties, regional sewer and water districts, water authorities, public water systems, not-for-profit, and instrumentalities of the state to apply for low interest loans and grants. A decrease in FY 2019 is the result of a decrease in applications for financial assistance with a corresponding decrease in the number of financial assistance agreements awarded during this period. The program continues marketing efforts and has implemented numerous customer service and process improvements intended to improve efficiency and program attractiveness to borrowers. In FY 2021 the Department implemented new grant programs, which slightly increased the number of awards. FY 2024 is projected to be lower due to decreased demand and implementation of the American Rescue Plan Act.

The goal is to assist as many communities that apply as possible with water infrastructure improvements through low interest loans and grants. Water infrastructure improvements benefit each community's health, economy, and overall well-being.

PROGRAM DESCRIPTION

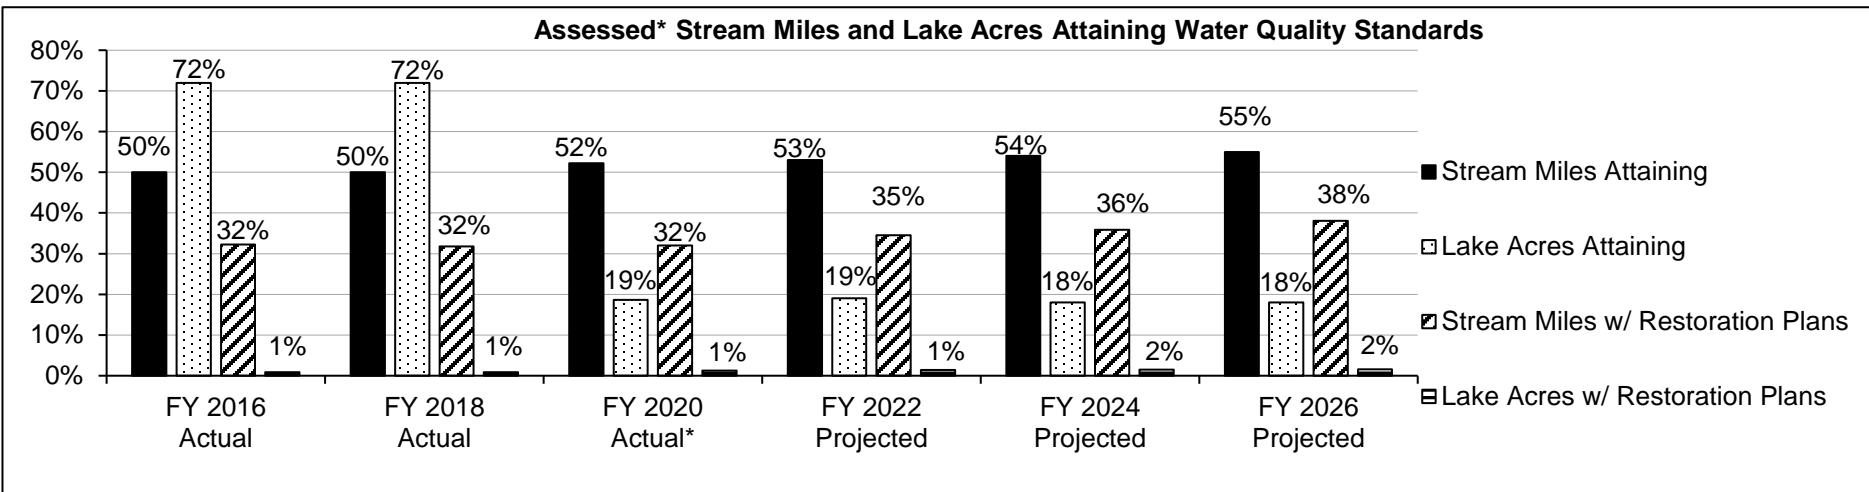

Department of Natural Resources

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2c. Provide a measure(s) of the program's impact (continued).

Base Goal: By 2024, increase the number of assessed stream miles and lake acres attaining water quality standards to 54% for stream miles and 20% for lake acres.

Stretch Goal: By 2026, increase the number of assessed stream miles and lake acres attaining water quality standards to 55% for stream miles and 20% for lake acres.

*Assessed waters are those that have sufficient data to conduct an assessment as required by Section 303(d) of the Clean Water Act.

FY 2020 Lake Acres Attaining shows a reduction because more lakes were listed impaired as a result of lake nutrient water quality standards approved by EPA in calendar year 2019. Beginning with the 2020 assessment, the number of lakes identified as impaired may increase as the Department assesses more lakes. For the 2020 reporting cycle, data were available to assess approximately 11,673 miles of the 115,150 classified stream miles and 267,386 acres of the 319,550 acres of classified lakes in the state. FY2020 acres attaining reflects all lakes identified by the Department as impaired on the 2020 303(d) list, as well as those added by EPA over the Department's objection. The final 2020 assessment projects only 19% of lake acres attaining due to EPA's addition of Harry S Truman Reservoir, Lake of the Ozarks, and 38 others as impaired.

Water quality restoration plans are integrated, comprehensive strategies focused on restoring and protecting water quality in Missouri's impaired streams and lakes. Restoration plans may include Total Maximum Daily Loads (TMDLs), EPA approved 9-element watershed management plans, or other comprehensive alternative restoration or protection plans.

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2d. Provide a measure(s) of the program's efficiency (continued).

Percent of Wastewater Operating Permits Renewed

Percent of permits renewed equals the number of permits renewed divided by the number of permit applications received in that fiscal year, which may cause the percentage to exceed 100 percent.

Permits cannot be reissued before the expiration date. ~300 general and ~200 site-specific permits expired in June but were renewed in July. This caused the percentage of general permits in FY 2019 and site-specific permits in FY 2020 to be less than 100 percent. The implementation of the Master General Permit Plan allowed for an increase in master general permits issued, which resulted in an increase of general permits issued in FY 2020. The Department has been reducing the backlog of permits since 2017, and anticipates eliminating the permit backlog by end of fiscal year 2025.

PROGRAM DESCRIPTION

HB Section(s): 6.225, 6.235, 6.240, 6.245

DEQ - Water Protection Program

Program is found in the following core budget(s): Water Protection Program

2d. Provide a measure(s) of the program's efficiency (continued).

Percent of Facilities Using Electronic Discharge Monitoring Reporting

This is a measure of the number of National Pollution Discharge Elimination System regulated facilities that are required by the EPA eReporting Rule to submit discharge monitoring reports (DMRs) electronically known as eDMR. Until October 1, 2016, the use of eDMR was voluntary. After that date, all permits are required to use the eDMR system at renewal when submitting DMRs. With over 40,000 DMRs received by the program annually, the benefit of using eDMR is to streamline the submittal process, reduce transcription errors, and to have the ability to submit DMRs instantaneously.

PROGRAM DESCRIPTION

DEQ - Water Protection Program	
Program is found in the following core budget(s): Water Protection Program	
6. Are there federal matching requirements? If yes, please explain.	
Clean Water Act §319(h) Non-point Source Management Grant	40% State/Local (EPA)
Clean Water Act §604(b) Water Quality Management Planning Grant	100% Federal (EPA)
Clean Water State Revolving Fund Capitalization Grant	20% State/Local (EPA)
Drinking Water State Revolving Fund Capitalization Grant	20% State/Local (EPA)
Performance Partnership Grant funds for Water Pollution	\$438,127 State (EPA)
Performance Partnership Grant funds for Drinking Water	25% State (EPA)
Section 106 Special Monitoring Grant	100% Federal (EPA)
Small and Disadvantaged Communities Drinking Water Grant	45% State/Local (EPA)
Section 104 Wetland Program Development Grant	25% State/Local (EPA)
7. Is this a federally mandated program? If yes, please explain.	
EPA has delegated implementation of the Federal Clean Water Act and the Federal State Drinking Water Act to Missouri. This includes the Clean Water State Revolving Fund and Drinking Water State Revolving Fund.	
The Federal Safe Drinking Water Act requires public drinking water systems to conduct routine chemical, radiological, and microbiological monitoring of the water. Section 640.100.3, RSMo, mandates that the state will provide this monitoring for these drinking water systems.	
The Water Quality Studies appropriation funds mandates of the Federal Clean Water Act to report on water quality, identify impaired waters, and develop permits and strategies to restore and maintain water bodies.

2. CORE DESCRIPTION

The Soil and Water Conservation Program (SWCP) provides guidance and support to the Soil and Water Districts Commission and the 114 local Soil and Water Conservation Districts (SWCDs) throughout the state. SWCP administers the Cost-Share, Conservation Monitoring, and District Grant programs, as well as various research and planning projects. Staff administers the conservation programs through the SWCDs for the control and reduction of soil erosion on agricultural land and protection of water resources. Encompassed in the SWCP is the Nonpoint Source (NPS) Management Program which provides federal Clean Water Act Section 319 implementation grants to accomplish significant results in the control and mitigation of NPS pollution.

Missouri's SWCP and soil and water conservation districts are recognized, locally and nationally, for their successful efforts to reduce soil erosion and address water quality on agricultural land.

The program's pass-through authority is located in a separate core decision item form.

Other Funds: Soil and Water Sales Tax Fund (0614)

2. CORE DESCRIPTION

The Soil and Water Conservation Program provides management and oversight of the following pass-through financial assistance programs: Cost-Share, District Grants, Conservation Monitoring Program, and Research for soil and water conservation. Appropriation authority allows for federal funding of demonstration and technical assistance projects. Through these activities, nearly \$56 million is available for the installation of soil and water conservation practices on agricultural land and to support the operation of each district. Missouri's SWCP and soil and water conservation districts are recognized, locally and nationally, for their successful efforts to reduce soil erosion and address water quality on agricultural land.

3. PROGRAM LISTING (list programs included in this core funding)

Soil and Water Conservation Program

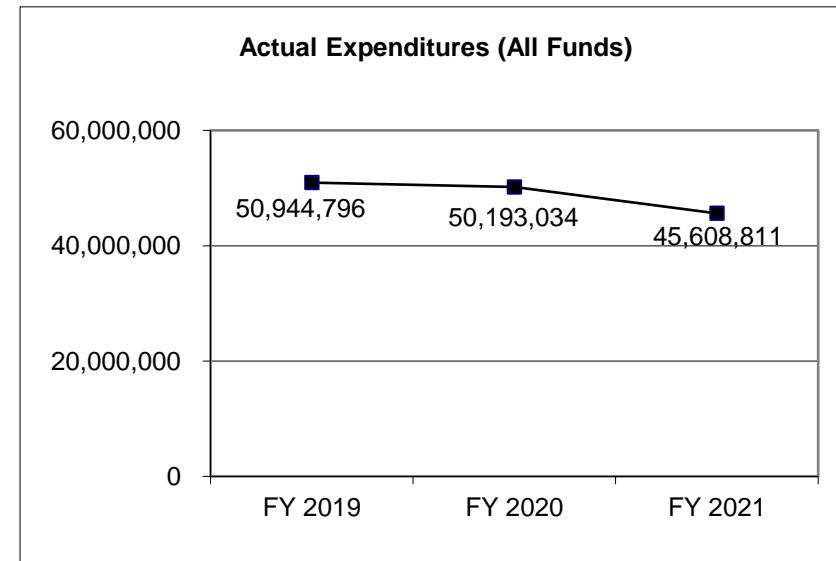

CORE DECISION ITEM

Department of Natural Resources
Division of Environmental Quality
Soil and Water Conservation Program PSD Core

Budget Unit 79435C
HB Section 6.250

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	61,130,570	56,480,570	56,480,570	56,480,570
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	61,130,570	56,480,570	56,480,570	56,480,570
Actual Expenditures (All Funds)	50,944,796	50,193,034	45,608,811	N/A
Unexpended (All Funds)	10,185,774	6,287,536	10,871,759	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	58,234	28,276	244,747	N/A
Other	10,129,540	6,259,260	10,627,012	N/A
	(1)(3)	(1)	(1)	(2)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) In many cases, pass-through appropriations are set at a level to encumber and pay our commitments which often span multiple fiscal years causing unexpended balances.
- (2) FY 2022 PSD core appropriations are as follows: Demonstration Projects and Technical Assistance \$1,000,000; Grants to Districts \$14,680,570; Cost-Share \$40,000,000; Conservation Monitoring Program \$400,000; and Research Grants \$400,000.
- (3) FY 2019 included a one-time supplemental appropriation of \$4,400,000 to complete conservation practices addressing soil erosion and water quality impacts. Due to adverse weather conditions in FY 2019, the conservation practices were not completed, therefore the one-time supplemental appropriation was not spent.

PROGRAM DESCRIPTION

Department of Natural Resources DEQ - Soil and Water Conservation Program Program is found in the following core budget(s): Soil and Water Conservation Program	HB Section(s): 6.225, 6.250																								
1a. What strategic priority does this program address?																									
The Soil and Water Conservation Program helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:																									
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.																									
1b. What does this program do?																									
Provides education, conservation, technical support, and financial incentives for the purposes of conserving soil and water resources through the Parks, Soils, and Water Sales Tax.																									
<ul style="list-style-type: none">• Cost-Share Program: provides partial reimbursement to landowners for the installation of soil and water conservation practices that prevent or control excessive erosion and improve water quality.• Grants to Soil and Water Conservation Districts: soil and water conservation districts in each of Missouri's 114 counties are supported by district grants funds to allow local district boards to provide technical assistance to landowners and deliver information and educational programs.• Nonpoint Source Implementation Program: coordinates the state's nonpoint source pollution reduction efforts through technical assistance, financial assistance, education, training, technology transfer, demonstration projects, and monitoring pursuant to Section 319 of the federal Clean Water Act (CWA). Nonpoint source pollution in a watershed cannot be traced back to a single source, and can come from multiple sources within a watershed such as stormwater runoff, agricultural practices, land disturbance and development activities, or ineffective on-site wastewater systems.• Research and Monitoring: provides funding for research and monitoring necessary to understand the effectiveness of conservation practices and to inform future practice implementation.																									
The following table shows financial data for the budget units included in this form.

PROGRAM DESCRIPTION**Department of Natural Resources****HB Section(s): 6.225, 6.250****DEQ - Soil and Water Conservation Program****Program is found in the following core budget(s): Soil and Water Conservation Program****2a. Provide an activity measure(s) for the program.****Cost-Share Appropriations Spent Annually**

Due to adverse weather conditions in FY 2019, the expended amount of cost share dollars was lower than projected. Due to COVID-19 disruptions, program delivery was limited because of limited in-person meetings with landowners and decreased crop and livestock pricing, therefore FY 2020 and FY2021 resulted in reduced cost share payments. We are projecting to spend full appropriation in FY 2022 through FY2024 based on projected available funds.

The goal is to maximize funding available to landowners.

PROGRAM DESCRIPTION

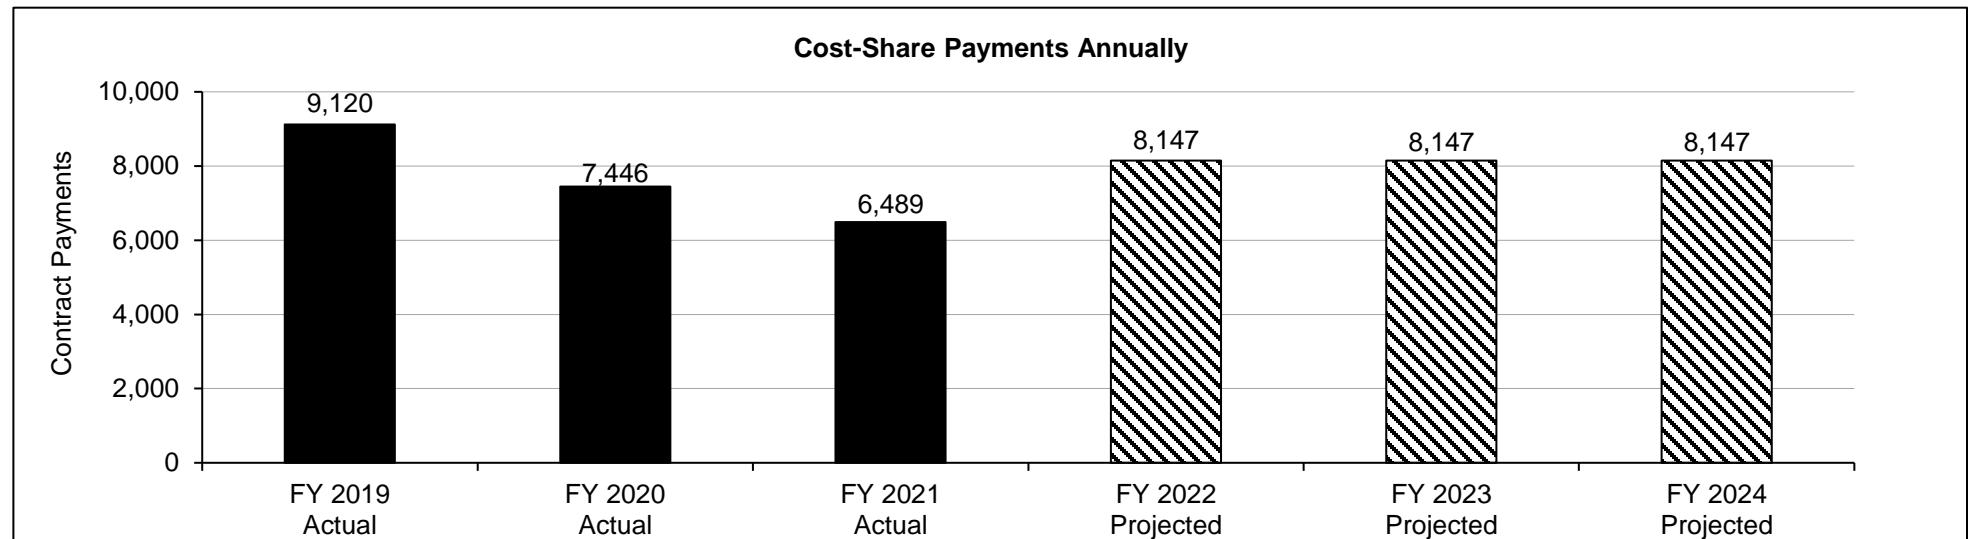

Department of Natural Resources

HB Section(s): 6.225, 6.250

DEQ - Soil and Water Conservation Program

Program is found in the following core budget(s): Soil and Water Conservation Program

2a. Provide an activity measure(s) for the program (continued).

The increase in FY 2019 payments is due to Executive Order 18-05, related to drought conditions, that allowed more cover crop contracts to be issued. Due to COVID-19 disruptions and decreased commodity pricing, FY 2020 and FY 2021 resulted in a reduced number of contract payments. We are projecting increased payments in FY 2022 through FY 2024 based on projected available funds.

PROGRAM DESCRIPTION

Department of Natural Resources

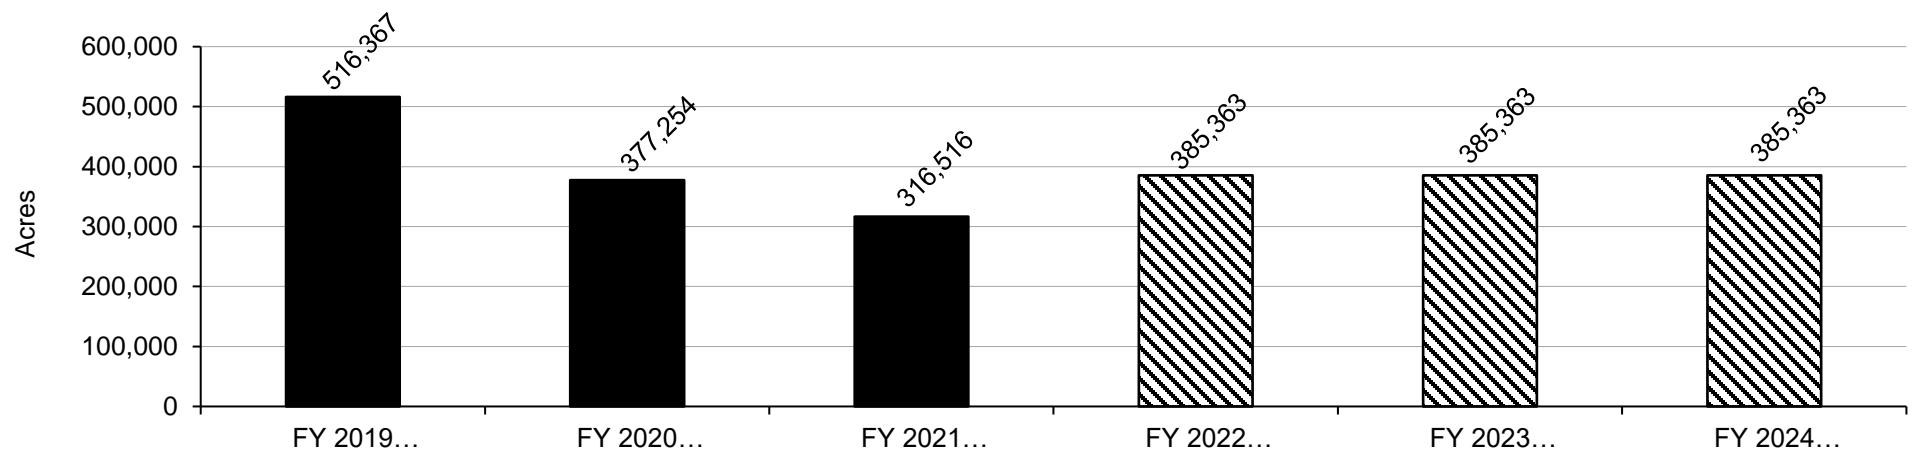

HB Section(s): 6.225, 6.250

DEQ - Soil and Water Conservation Program

Program is found in the following core budget(s): Soil and Water Conservation Program

2b. Provide a measure(s) of the program's quality.

Farmland Benefited Annually Through Financial Assistance Opportunities

The increase in FY 2019 acreage is due to Executive Order 18-05, related to drought conditions, that allowed more cover crop contracts to be issued. Due to COVID-19 disruptions and decreased commodity pricing, FY 2020 and FY2021 resulted in fewer impacted acres benefited by implemented practices. We are projecting increased acreage in FY 2022 through FY 2024 based on projected available funds.

The goal is to maximize acres benefited through financial assistance opportunities.

PROGRAM DESCRIPTION

Department of Natural Resources

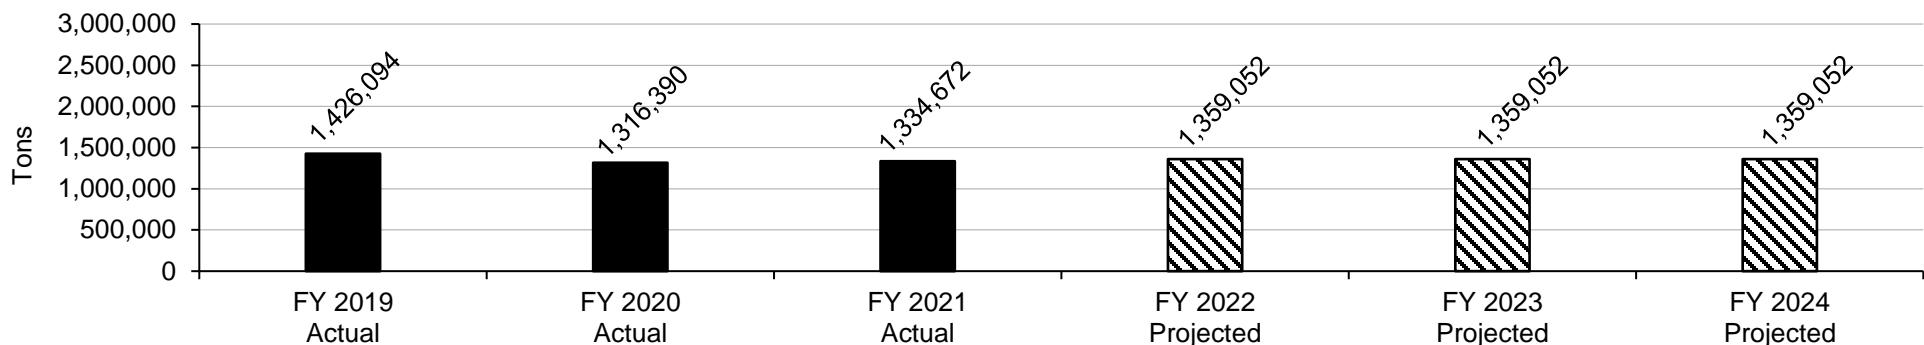

HB Section(s): 6.225, 6.250

DEQ - Soil and Water Conservation Program

Program is found in the following core budget(s): Soil and Water Conservation Program

2c. Provide a measure(s) of the program's impact.

Soil Conserved Annually

Soil conserved is based and projected on the evaluation criteria of a conservation practice with a maintenance life of five-to-ten years. Some practices save soil at a rate determined by an erosion calculation based on Federal guidelines. Practices implemented reduce erosion, resulting in less sediment entering streams and lakes, thus improving water quality.

The decrease in soil saved in FY 2020 is from the continuation of implementing cover crops and increase in practices that improves soil health and water quality. The amount of cover crop practices is unknown in future years, therefore the projected amount in FY 2022 is based on a 3-year average of the amount of soil conserved and the number of acres implementing practices that conserve soil.

The goal is to maximize soil conserved annually.

PROGRAM DESCRIPTION

Department of Natural Resources

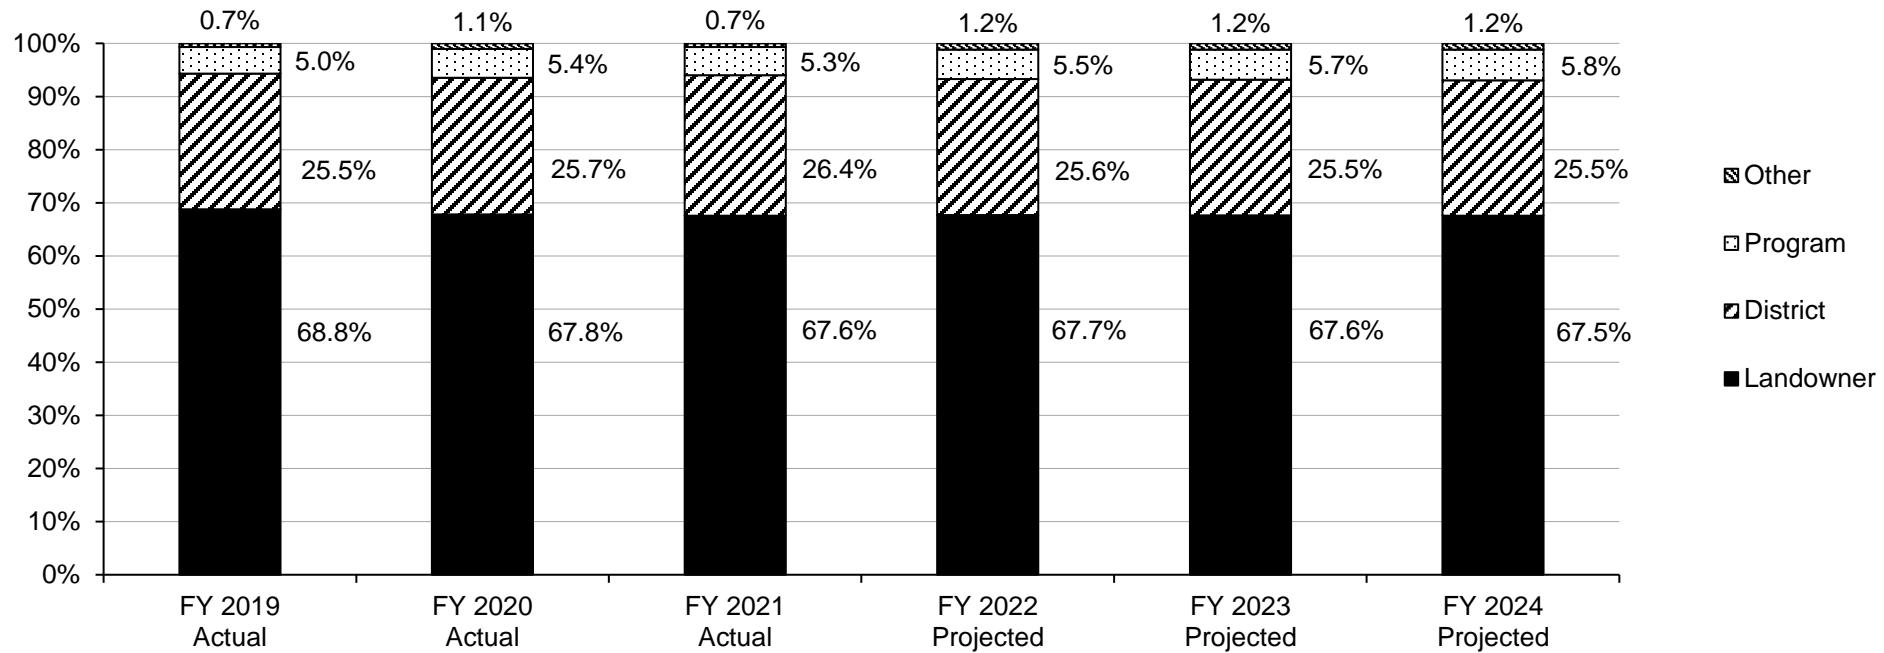

HB Section(s): 6.225, 6.250

DEQ - Soil and Water Conservation Program

Program is found in the following core budget(s): Soil and Water Conservation Program

2d. Provide a measure(s) of the program's efficiency.

Comparison of Conservation Practice Expenditures to Program Expenditures

This chart represents full costs of the Soil and Water Sales Tax Fund (pass-through payments, personal services, fringe benefits, operating expenses, and other costs). The program has voluntarily reduced their operating appropriations in FY 2019, FY 2020, FY 2021, and FY 2022 and continues to review processes to gain efficiencies and utilize current staff effectively.

PROGRAM DESCRIPTION

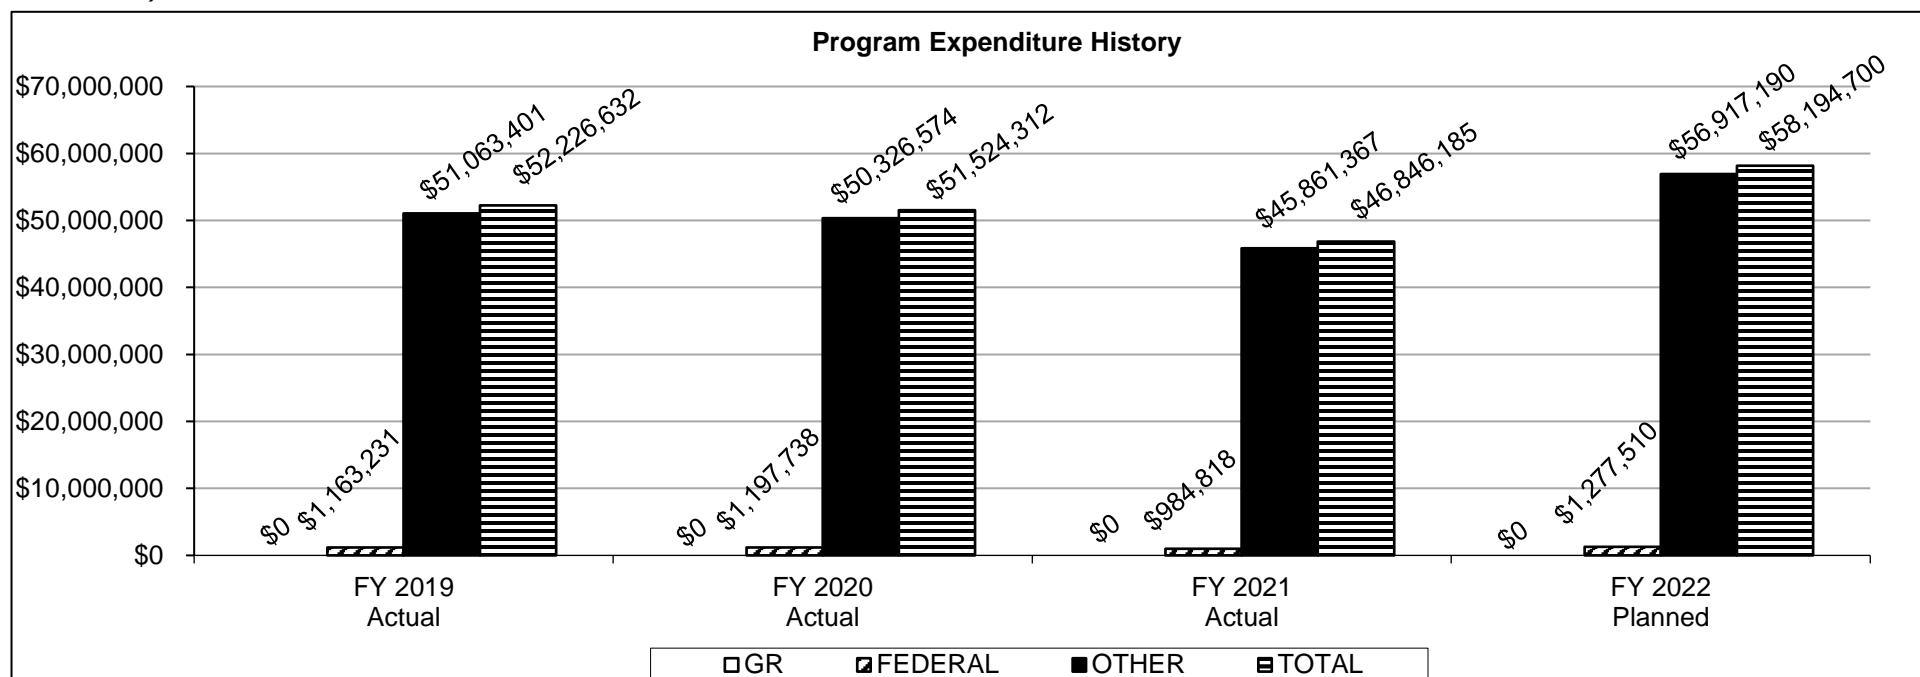

Department of Natural Resources

HB Section(s): 6.225, 6.250

DEQ - Soil and Water Conservation Program

Program is found in the following core budget(s): Soil and Water Conservation Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

This budget does not contain General Revenue.

Financial data includes operating and pass-through appropriations. Pass-through appropriations are set at a level to encumber and pay our commitments which often span multiple fiscal years. FY 2022 Planned is shown at full appropriation.

PROGRAM DESCRIPTION		
Department of Natural Resources DEQ - Soil and Water Conservation Program		HB Section(s): 6.225, 6.250
Program is found in the following core budget(s): Soil and Water Conservation Program		
4. What are the sources of the "Other" funds?		
Soil and Water Sales Tax Fund (0614)		
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)		
Missouri Constitution, Article IV, Section 47a RSMo 278.080 Section 319(h)	Sales and Use Tax Levied for Soil and Water Conservation State's Soil and Water Districts Commission Federal Clean Water Act	
6. Are there federal matching requirements? If yes, please explain.		
Clean Water Act §319(h) Nonpoint Source Management Grant	40% State/Local (EPA)	
7. Is this a federally mandated program? If yes, please explain.		
The Environmental Protection Agency has delegated authority to the Department under the federal Clean Water Act. Water quality projects and studies promote improvement in water quality when performed in accordance with CWA 319.

2. CORE DESCRIPTION																															
<p>The Air Pollution Control Program strives to maintain and improve the quality of Missouri's air to protect public health, general welfare, and the environment. The program issues construction and operating permits to help ensure facilities are built in compliance with the laws and rules designed to protect public health. The program, working with the Department's regional offices, identifies facilities that are not in compliance and works with them to reach compliance. By collecting air monitoring and emission inventory information, the program provides benchmark data for the state's air-quality planning efforts. Air monitoring data can be measured against that benchmark to provide an indicator of whether air pollution control in Missouri is successful. In the St. Louis area, the Department and the Missouri State Highway Patrol oversee the joint vehicle emissions and safety inspection program. The program's pass-through authority is located in a separate core decision item form.</p>

Air Pollution Control Program																																																			

CORE DECISION ITEM

Department of Natural Resources	Budget Unit 79230C
Division of Environmental Quality	
Air Pollution Control Grants and Contracts PSD Core	HB Section 6.255

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	14,522,621	15,100,000	15,100,000	14,600,000
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	14,522,621	15,100,000	15,100,000	14,600,000
Actual Expenditures (All Funds)	6,180,906	1,688,844	8,909,154	N/A
Unexpended (All Funds)	8,341,715	13,411,156	6,190,846	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	6,776,728	1,042,497	1,198,006	N/A
Other	1,564,987	12,368,659	4,992,840	N/A
	(1,2)	(1,2)	(1,2)	(1)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) Unexpended appropriations are due to timing of grant awards and payments to subgrantees. In many cases, pass-through appropriations have been provided to allow for encumbrance and payment of our commitments, which often span multiple fiscal years causing high unexpended balances. Beginning in FY 2014, federal appropriation authority of \$4,400,000 was provided for encumbrance purposes only related to Air Pollution Control Grants. The encumbrance appropriation authority was reduced in the FY 2020 budget and the expenditure appropriation authority was reduced in the FY 2022 budget. Both types of appropriation are included in the data above, therefore high unexpended balances will continue to be reflected through FY 2021.
- (2) Volkswagen Mitigation Trust Fund expenditures totaled \$5,919,576 in FY 2019, \$1,182,167 in FY 2020 and \$8,558,310 in FY 2021.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.255																								
DEQ - Air Pollution Control Program																									
Program is found in the following core budget(s): Air Pollution Control Program																									
1a. What strategic priority does this program address?																									
The Air Pollution Control Program helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:																									
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.																									
1b. What does this program do?																									
The Air Pollution Control Program maintains and improves the quality of Missouri's air. The program operates according to the Missouri Air Conservation Law and federal Clean Air Act:																									
<ul style="list-style-type: none">• <u>Issues permits and provides assistance</u> so activities are conducted in compliance with laws and regulations• <u>Collects ambient air monitoring and emission information</u> as an indicator of ambient air quality in Missouri• <u>Develops rules and state plans</u> detailing what measures will achieve the air quality standards in any area• <u>Manages the Gateway Vehicle Emission Inspection Program (GVIP)</u> which affects approximately 700,000 vehicles in the St. Louis area• <u>Provides financial assistance</u> to entities through grants or contracts to carry out activities aimed at reducing air pollution<ul style="list-style-type: none">▪ <u>Implements the Volkswagen Mitigation Trust</u> by administering funds to eligible individuals, companies, governments, and other entities to reduce air pollution from mobile sources																									
The following table shows financial data for the budget units included in this form.

PROGRAM DESCRIPTION

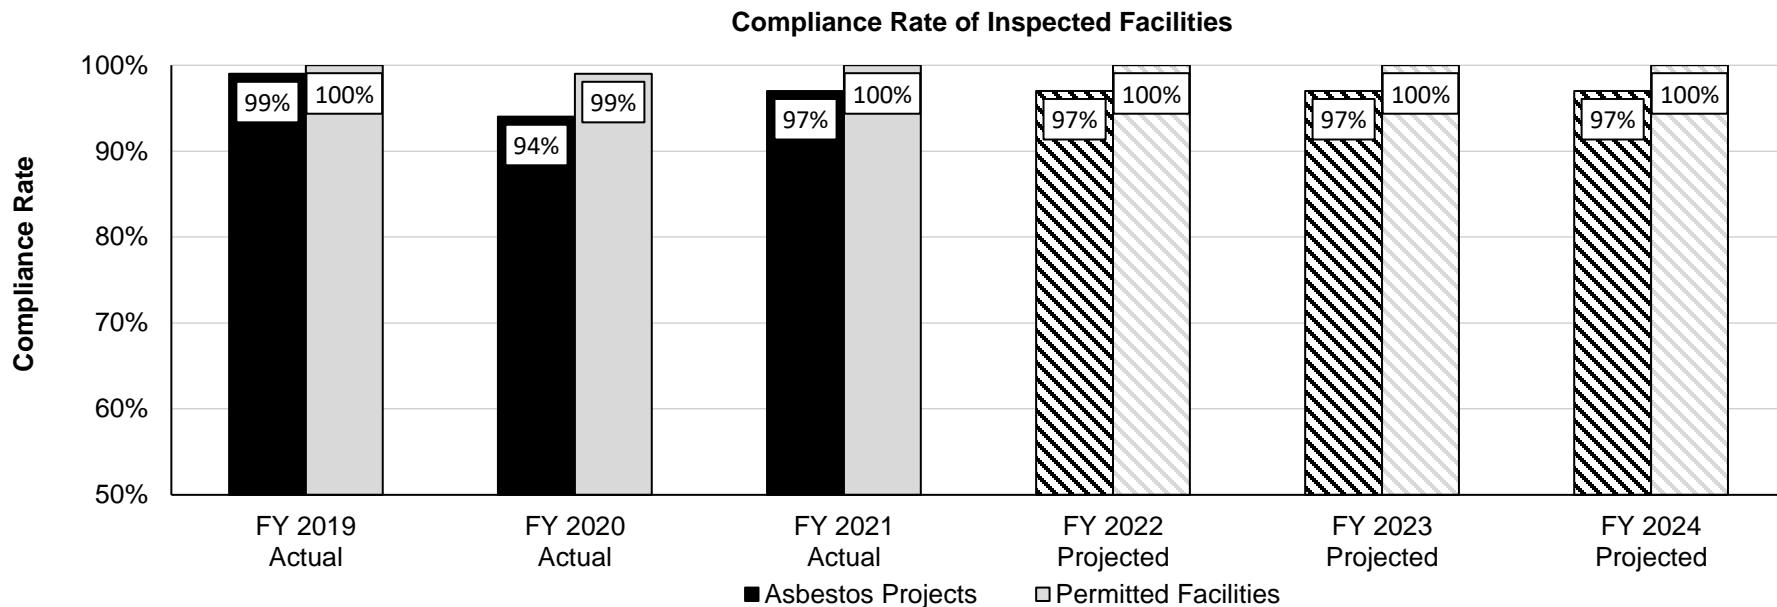

Department of Natural Resources

HB Section(s): 6.225, 6.255

DEQ - Air Pollution Control Program

Program is found in the following core budget(s): Air Pollution Control Program

2a. Provide an activity measure(s) for the program.

Asbestos Projects: The base compliance rate goal for regulated asbestos projects is 97%; the stretch goal is 100%.

Permitted Facilities: The base compliance rate goal for permitted facilities is 99%; the stretch goal is 100%.

The lower Asbestos Compliance Rate in FY 2020 is largely due to fewer inspections conducted in FY 2020, with more violations documented during those inspections.

The Department commits to U.S. Environmental Protection Agency to conduct a minimum of 600 annual inspections of permitted facilities and asbestos projects. In FY 2021, the Department inspected 106 (of 159) regulated asbestos abatement projects and 701 (of 2,051) permitted facilities, for a total of 807 inspections.

All facility types (Part 70 Permit, Intermediate Permit, No Operating Permit, and Construction Permit-No Operating Permit) are included in an inspection rotation that ranges from 2 to 7 years based upon facility type.

PROGRAM DESCRIPTION

Department of Natural Resources

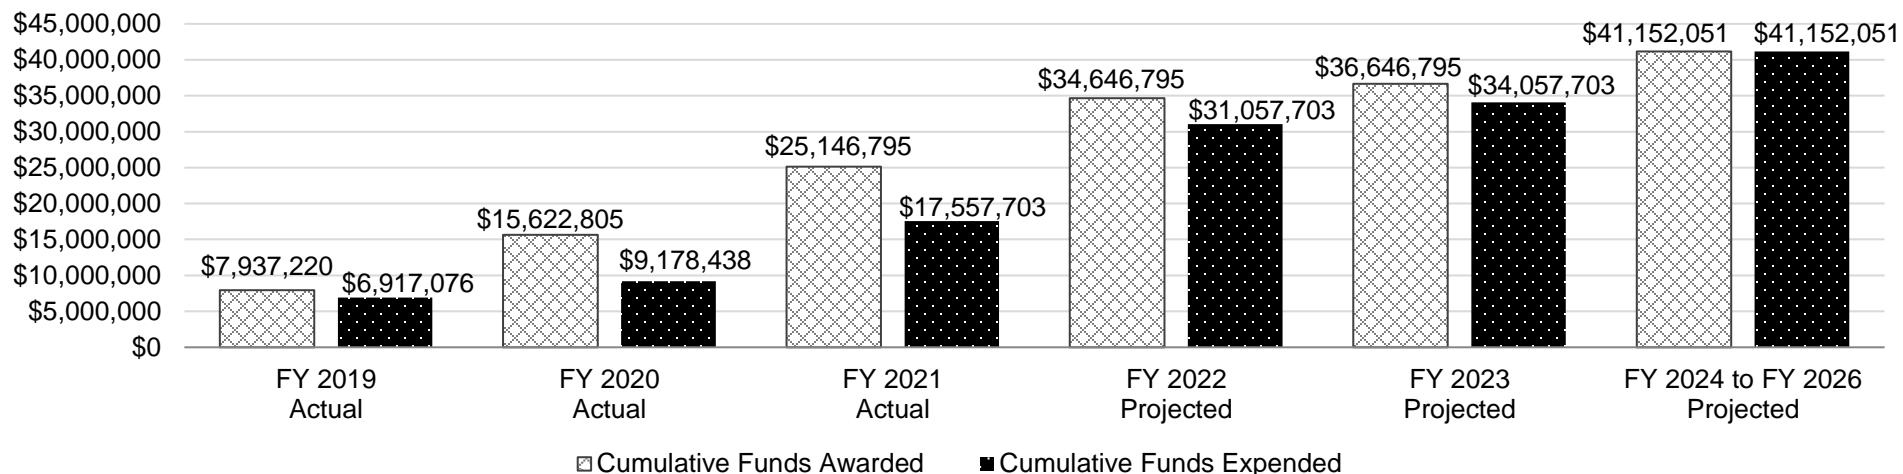

HB Section(s): 6.225, 6.255

DEQ - Air Pollution Control Program

Program is found in the following core budget(s): Air Pollution Control Program

2a. Provide an activity measure(s) for the program (continued).

Volkswagen Environmental Mitigation Trust Fund Proceeds Awarded and Expended

Activity is measured by VW Trust funds awarded and expended during the fiscal year. FY 2019 was the first year of appropriation. FY 2019 through FY 2022 includes \$1 million of funds appropriated to the Department of Corrections. By FY 2026, the entire \$41,152,051 of the trust will be expended. Awarded projects are typically only paid upon completion of all program requirements, unless circumstances exist that require advanced payment. Therefore, payment for awarded projects may not occur in the same fiscal year as the award is approved.

In FY 2020, impacts from COVID-19 slowed down project submittals and therefore disbursements. At the applicants' request, the deadline for the spring 2020 application period was extended from March 31 to May 31. In FY 2020, the Department awarded approximately \$7.6 million in projects, but was not able to disperse all of these funds by fiscal year end. These awards processed and distributed in FY 2021 and will continue into FY2022 because of disruptions in the supply chain due to COVID-19.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.225, 6.255

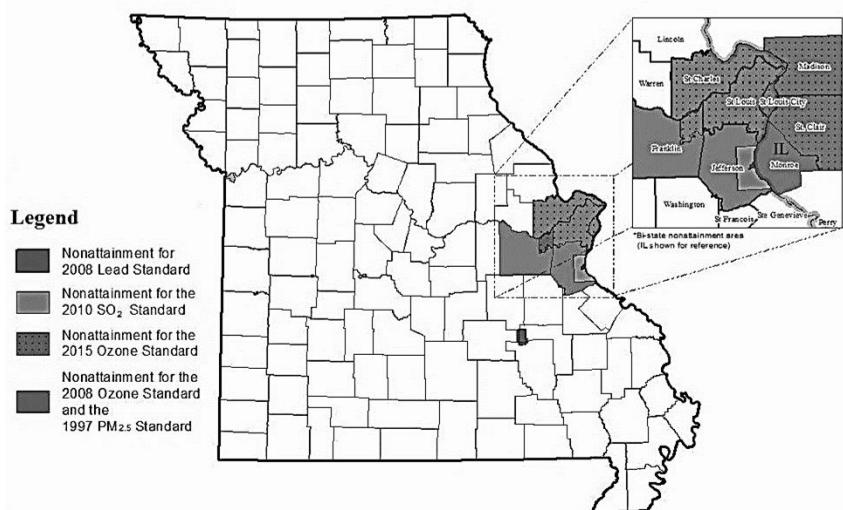

DEQ - Air Pollution Control Program

Program is found in the following core budget(s): Air Pollution Control Program

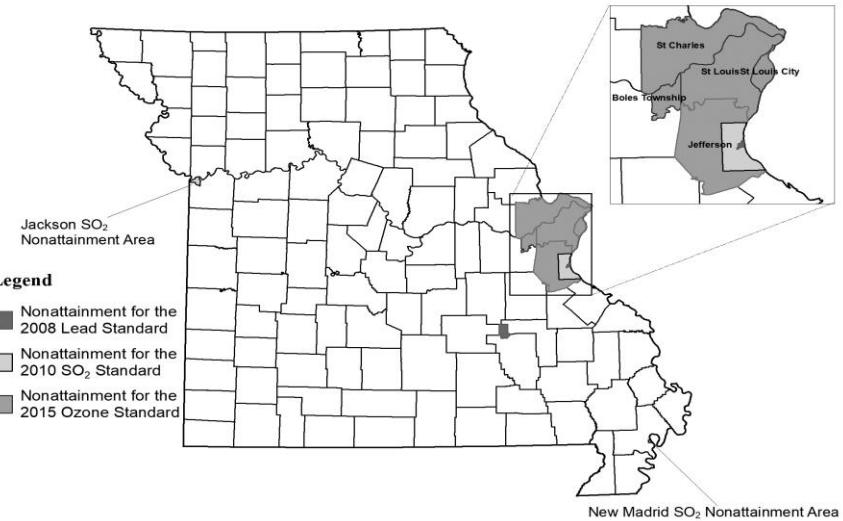

2b. Provide a measure(s) of the program's quality.

Population Areas Based on Current Air Quality Designations (Attainment Population 67%; Nonattainment Population 33%)

Prior Designated Nonattainment Areas

Currently Designated Nonattainment Areas

Upon successful federal redesignation of the St. Louis nonattainment area as of September 2018, the entire state is now in attainment with the 2008 ozone standard. The City of St. Louis, the Counties of St. Charles, St. Louis and Jefferson and Boles Township of Franklin County are currently designated nonattainment for the 2015 Ozone standard. In addition EPA recently designated a portion of New Madrid County as nonattainment for the 2010 Sulphur Dioxide standard.

Base Goal: Prior to the redesignation, 66% of Missourians lived in designated attainment areas. Now 67% of Missourians live in designated attainment areas.

Stretch Goal: Attainment areas are reviewed as federal air quality standards are updated (the Clean Air Act requires EPA to evaluate standards every five years) and as air quality monitoring data is quality assured. The ultimate goal is for 100% of the population to live in areas that meet all national ambient air quality standards.

PROGRAM DESCRIPTION

Department of Natural Resources

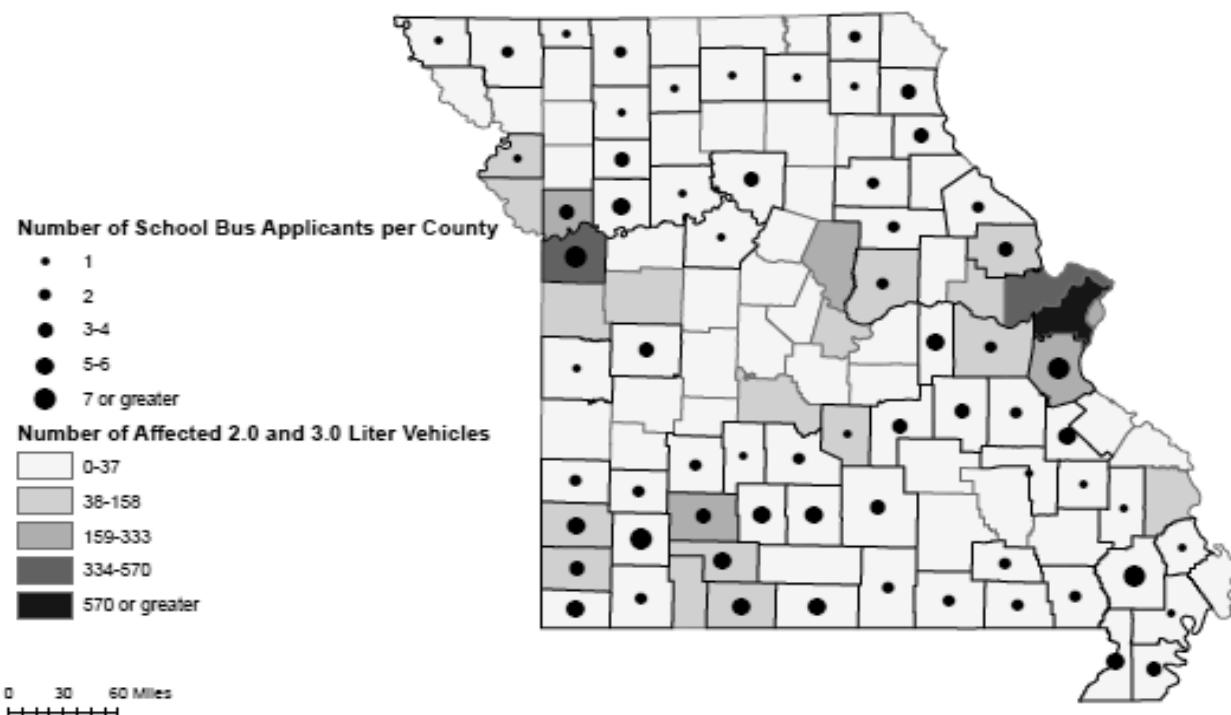

HB Section(s): 6.225, 6.255

DEQ - Air Pollution Control Program

Program is found in the following core budget(s): Air Pollution Control Program

2b. Provide a measure(s) of the program's quality (continued).

Volkswagen School Bus Cumulative Applications Awarded

Applications (circles) are only for school buses awarded through the end of FY 2021 and represent districts that own their own buses.

Applicants align spatially with the planned goal of spreading new buses across the state, and their emission reductions will begin to offset emissions in counties with higher numbers of affected Volkswagen vehicles.

Since implementation of the trust, the department has approved 195 school bus replacement awards in 65 counties.

The number of awards in counties may fluctuate from year to year due to applicants withdrawing from the program after funding was awarded and before projects were completed. The number of awards in counties has been updated to show the actual number of counties with completed projects through the end of FY 2021.

PROGRAM DESCRIPTION

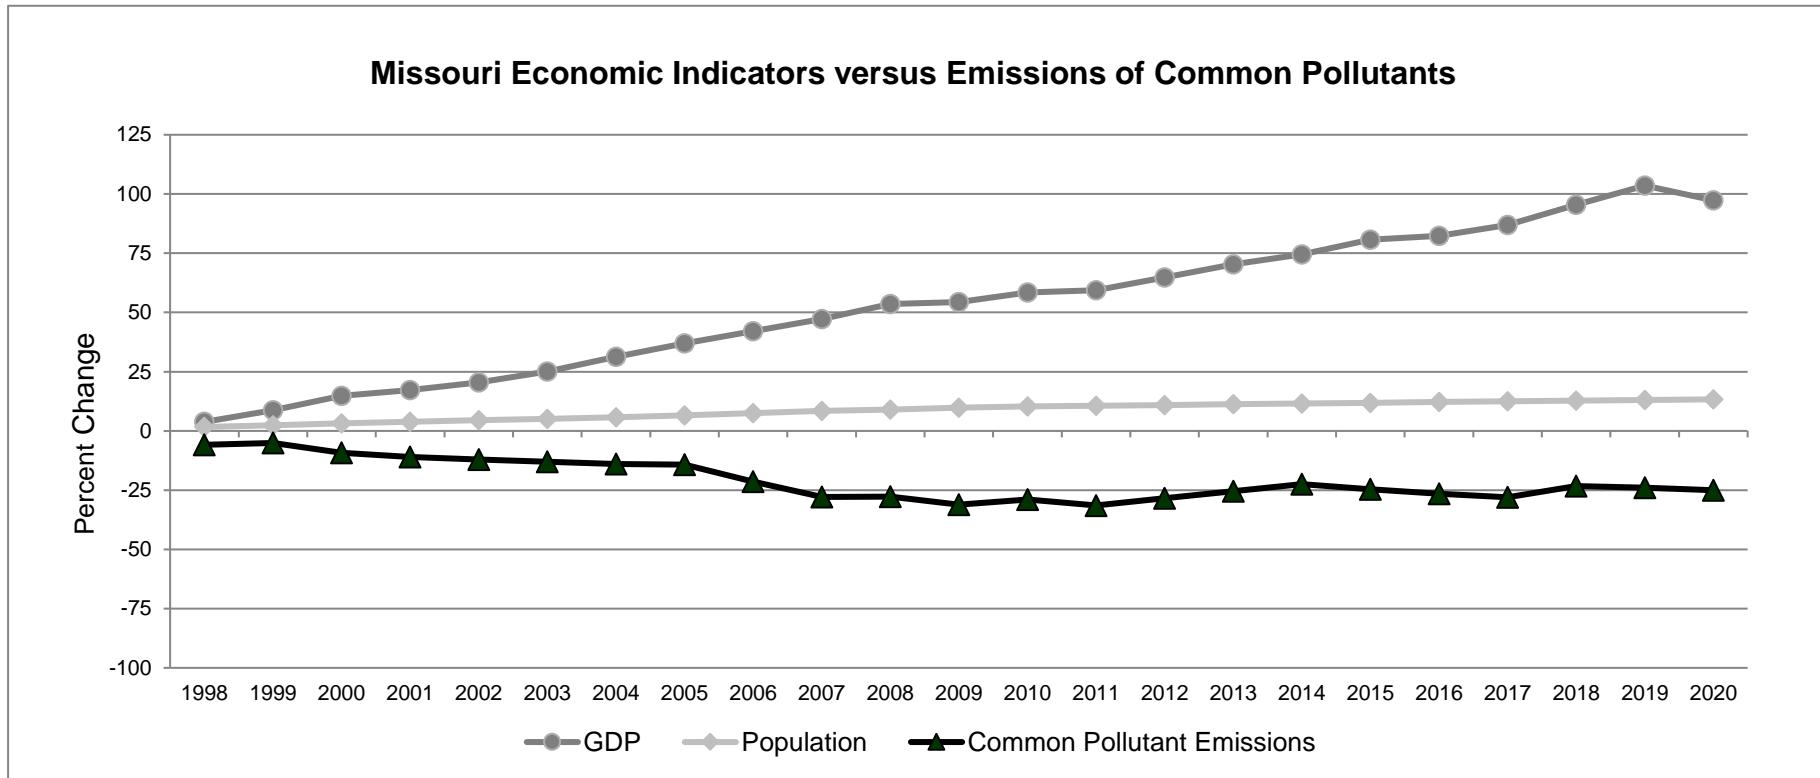

Department of Natural Resources

HB Section(s): 6.225, 6.255

DEQ - Air Pollution Control Program

Program is found in the following core budget(s): Air Pollution Control Program

2c. Provide a measure(s) of the program's impact.

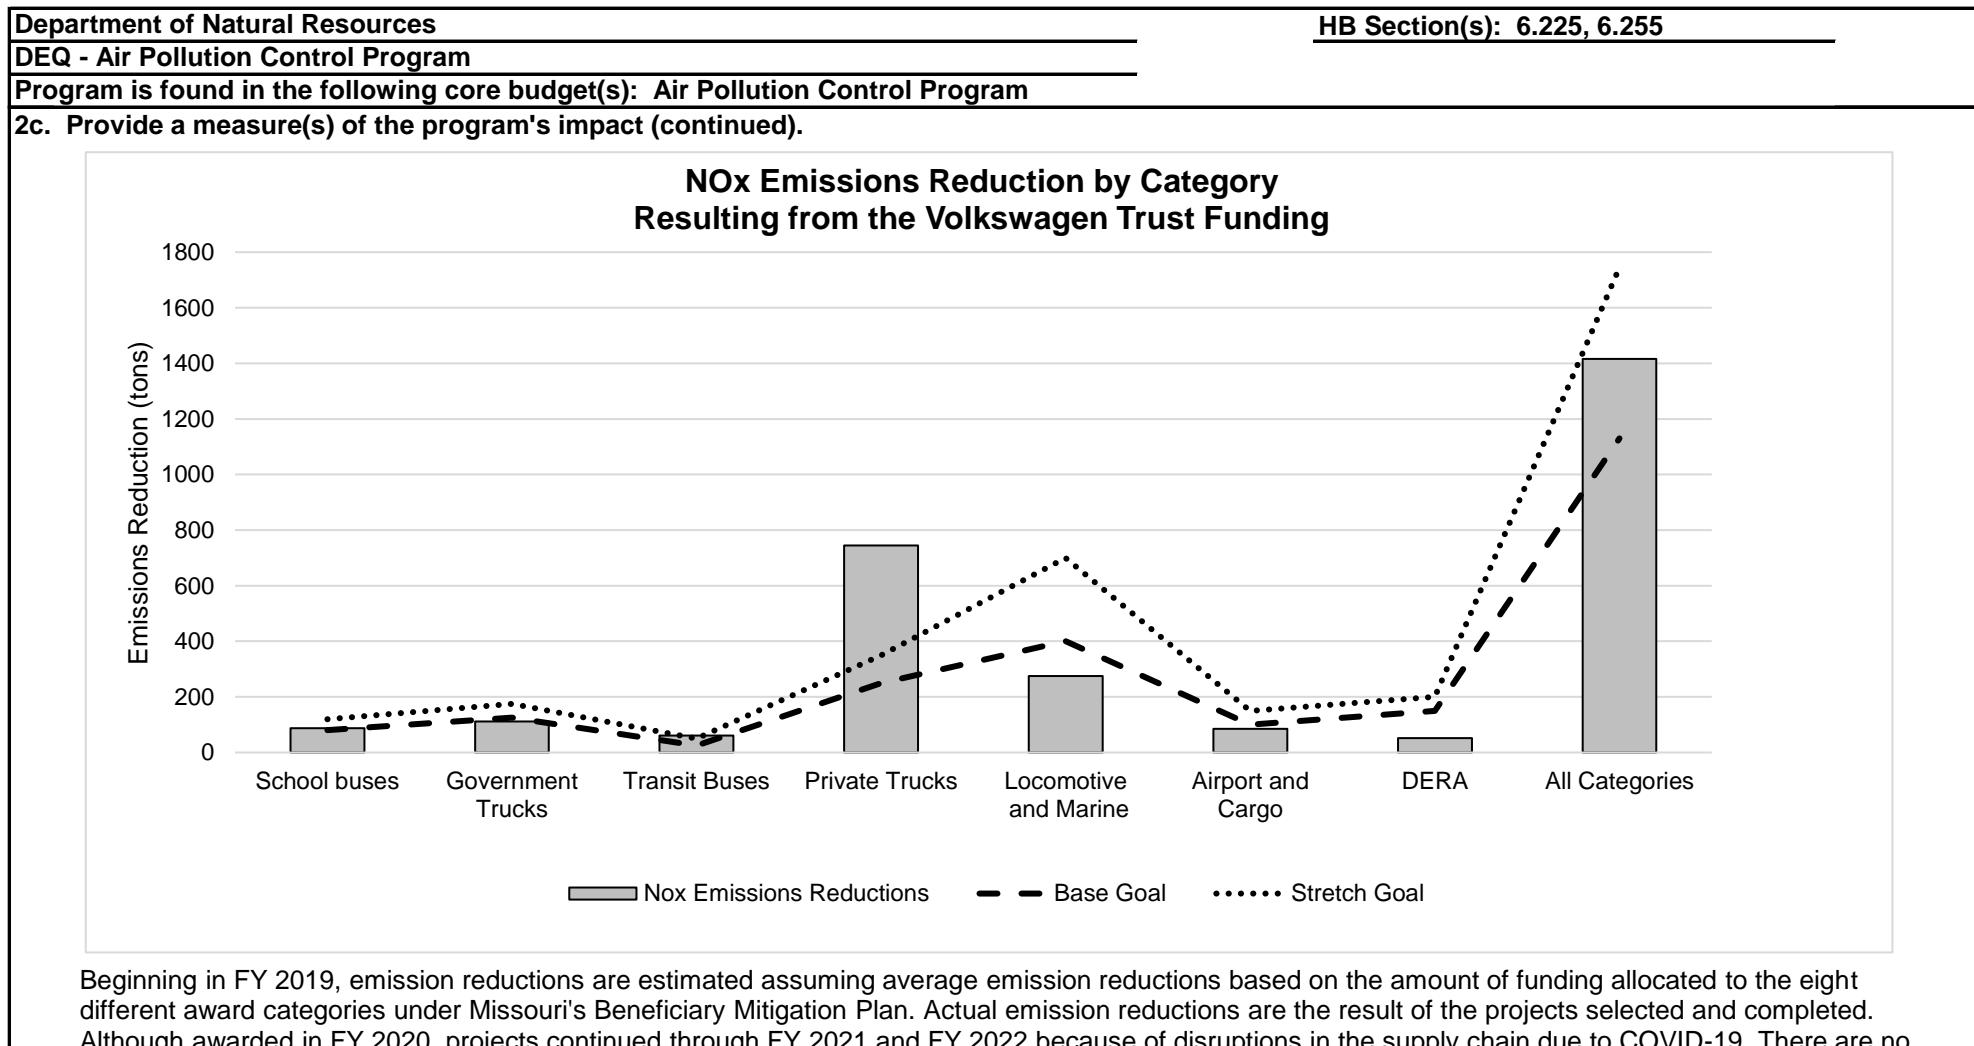

Base/Stretch Goal: Missouri's emissions continue to trend downward as economic investment and development increases.

Common Pollutants include: Ozone, Fine Particulate, Sulfur Dioxide, Nitrogen Dioxides, and Volatile Organic Compounds

This chart reflects the most recent available data.

PROGRAM DESCRIPTION

Expected number of projects are based on funding in the eight award categories in Missouri's Beneficiary Mitigation Plan.

PROGRAM DESCRIPTION

Department of Natural Resources

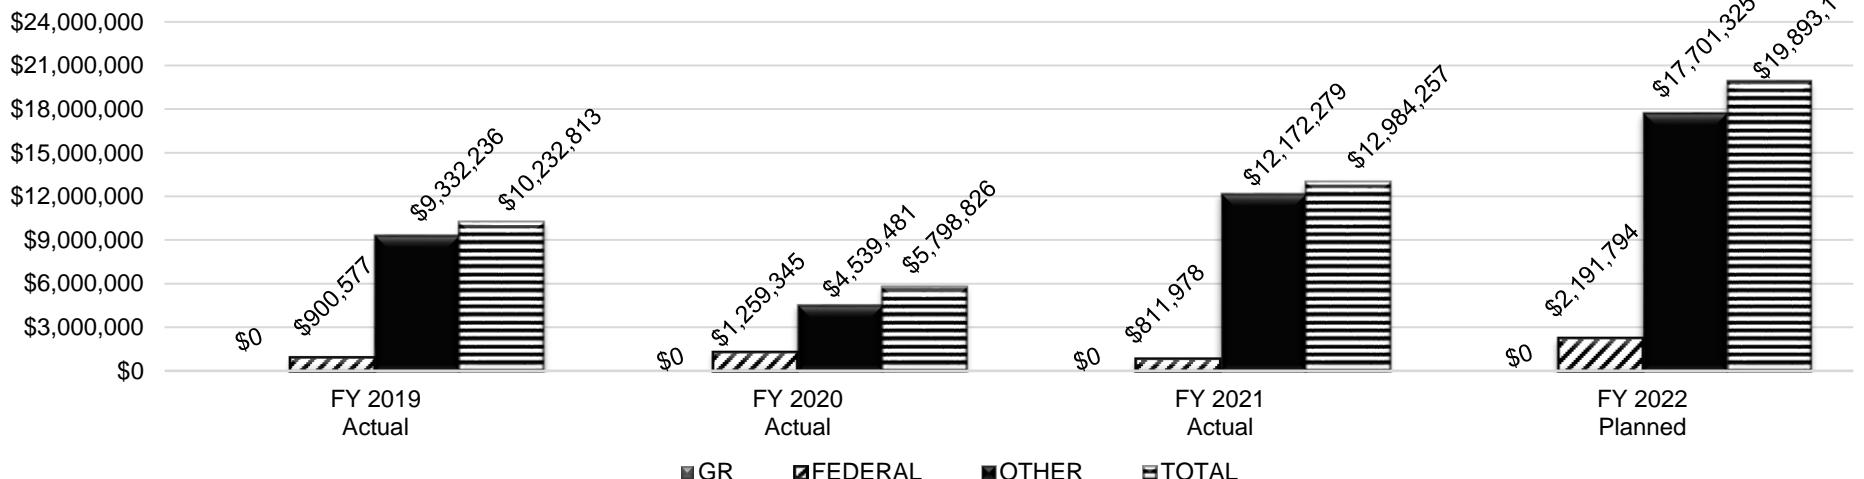

HB Section(s): 6.225, 6.255

DEQ - Air Pollution Control Program

Program is found in the following core budget(s): Air Pollution Control Program

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Program Expenditure History

This budget does not contain General Revenue.

Financial data includes operating and pass-through appropriations. In many cases, pass-through appropriations have been provided to allow for encumbrance and payment of our commitments, which often span multiple fiscal years causing high unexpended balances. FY 2019 Actual Expenditures increased due to Volkswagen Environmental Trust Funding payments. FY 2022 Planned is shown at full appropriation.

Additional pass-through funding in FY 2021 from the Volkswagen Environmental Trust Fund has increased planned program expenditures.

4. What are the sources of the "Other" funds?

Missouri Air Emissions Reduction Fund (0267); Volkswagen Environmental Trust Fund (0268); Natural Resources Protection Fund-Damages Subaccount (0555); Natural Resources Protection Fund-Air Pollution Asbestos Fee Subaccount (0584); Natural Resources Protection Fund-Air Pollution Permit Fee Subaccount (0594)

PROGRAM DESCRIPTION

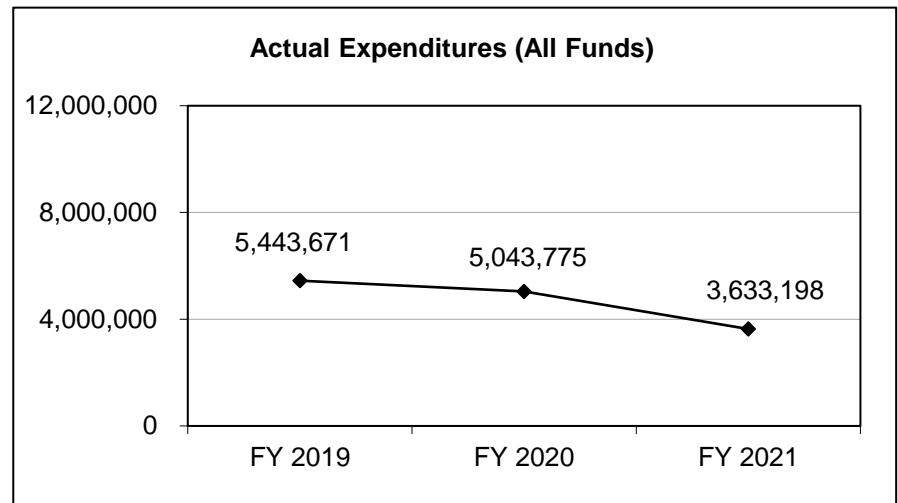

Department of Natural Resources	<u>HB Section(s): 6.225, 6.255</u>
DEQ - Air Pollution Control Program	
Program is found in the following core budget(s): Air Pollution Control Program	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
Federal Clean Air Act, with amendments, 1990	40 CFR Part 51 Subpart S
Energy Policy Act of 2005	
RSMo 643.010 through 643.220	Prevention, abatement, and control of air pollution
RSMo 643.225 through 643.265	Asbestos abatement
RSMo 643.300 through 643.355	Air Quality Attainment Act
RSMo Chapter 643	Prevention, Abatement, and Control of Air Pollution
RSMo 643.050	Power and duties of commission - rules, procedure
United States v. Volkswagen AG, et al., No 16-cv-295 (N.D. Cal.).	
6. Are there federal matching requirements? If yes, please explain.	
The Performance Partnership Grant requires the state to provide a continuing level of state funding.	Approximately 60% Federal (EPA)/40% State Match
Clean Air Act Section 103 Grant	100% Federal (EPA)
National Air Toxic Trends Site Grant	100% Federal (EPA)
State Clean Diesel Grant	100% Federal (EPA)
7. Is this a federally mandated program? If yes, please explain.	
EPA has delegated to the Department authority to ensure compliance with the requirements of the federal Clean Air Act. Additionally, the 1990 federal Clean Air Act Amendments require states to monitor air quality for compliance with the federal, health-based standards (NAAQS). St. Louis currently is designated a "marginal" ozone nonattainment area. Pursuant to the federal Clean Air Act and regulations promulgated thereunder, a marginal ozone nonattainment area is required to have a vehicle emissions Inspection/Maintenance (I/M) program.

<p>Other Funds: Natural Resources Protection Fund - Damages Subaccount (0555); Solid Waste Management Fund (0570); Underground Storage Tank Regulation Program Fund (0586); Environmental Radiation Monitoring Fund (0656); Hazardous Waste Fund (0676)</p>																															
<p><u>Core Reallocation:</u> The FY 2023 Budget Request includes a core reallocation of \$42,773 and 1 FTE to the Waste Management Program. This reallocation is needed to complete the reorganization between the Environmental Remediation and Waste Management Programs from the FY 2021 budget.</p>																															
<p>This core budget is facing fiscal challenges.</p>																															
2. CORE DESCRIPTION																															
<p>The Environmental Remediation Program protects human health and the environment from threats posed by hazardous waste and other contaminants. The program oversees the cleanup of contamination, promoting property re-use; regulates the management, closure, and risk-based cleanup of petroleum storage tank sites; and ensures long-term stewardship of sites where contamination remains. The program's pass-through authority is located in a separate core decision item form.</p>																															

CORE DECISION ITEM

<u>Department of Natural Resources</u>	<u>Budget Unit 78870C</u>					
<u>Division of Environmental Quality</u>						
<u>Environmental Remediation Program Operations Core</u>	<u>HB Section 6.225</u>					
3. PROGRAM LISTING (list programs included in this core funding)						
Environmental Remediation Program						
4. FINANCIAL HISTORY						
	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.		
Appropriation (All Funds)	6,723,639	6,492,648	4,969,311	4,822,053		
Less Reverted (All Funds)	0	0	0	0		
Less Restricted (All Funds)	0	0	0	0		
Budget Authority (All Funds)	6,723,639	6,492,648	4,969,311	4,822,053		
Actual Expenditures (All Funds)	5,443,671	5,043,775	3,633,198	N/A		
Unexpended (All Funds)	1,279,968	1,448,873	1,336,113	N/A		
Unexpended, by Fund:						
General Revenue	0	0	0	N/A		
Federal	791,949	1,140,837	951,160	N/A		
Other	488,019	308,036	384,953	N/A		
	(1,2)	(1,2)	(1,3)	(1,3)		
Reverted includes the statutory three-percent reserve amount (when applicable).						
Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).						
NOTES:						
(1) Fiscal uncertainties and hiring limitations have resulted in lower operating expenditures. The program has managed expenditures to stay within available resources.						
(2) Data does not reflect the FY 2021 core reallocation of staff to the Waste Management Program. This reallocation was needed due to a reorganization between the Environmental Remediation and Waste Management Programs.						
(3) Beginning in FY 2021, data reflects the reallocation of staff to the Waste Management Program.

<p>This core budget is facing fiscal challenges.</p>																															
2. CORE DESCRIPTION																															
<p>The Environmental Remediation Program addresses environmental contamination caused by human activity at sites such as industrial facilities, gas stations, mining sites, and other sites. The program sets standards and oversees investigation and cleanup activities conducted by responsible parties; businesses and developers; and federal, state, and local governments. In some cases, the program directly controls the investigation or cleanup at a site using federal or state funds to contract for activities including preparing work plans and reports, conducting chemical analysis, performing cleanup, and related activities. Where appropriate, the Department will perform operation and maintenance or long-term stewardship activities at sites where remedial action has occurred to help ensure the remedy remains protective of human health and the environment.</p>

PROGRAM DESCRIPTION

Department of Natural Resources DEQ - Environmental Remediation Program Program is found in the following core budget(s): Environmental Remediation Program	HB Section(s): 6.225, 6.265
1a. What strategic priority does this program address?	
The Environmental Remediation Program helps Missouri citizens by managing natural resources to promote a healthy environment and economy by:	
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.	
1b. What does this program do?	
The major functions of the Environmental Remediation Program are:	
<u>Pollution Prevention</u>	
<ul style="list-style-type: none">• Prevents environmental damages and impacts to public health• Promotes safe operation of approximately 3,274 underground storage tank sites by registering tanks, maintaining data, providing compliance assistance, conducting inspections, and taking appropriate enforcement actions• Provides training and equipment to first responders along radioactive materials transportation routes	
<u>Remediation</u>	
<ul style="list-style-type: none">• Addresses environmental contamination through investigation, remediation of contaminated sites, and restoration of land to productive use• Implements laws that require responsible parties to be accountable for contamination• Facilitates environmental remediation when parties seek to voluntarily clean up contaminated sites• Provides oversight of parties conducting remediation	
<u>Long-Term Stewardship</u>	
<ul style="list-style-type: none">• Implements long-term stewardship measures• Performs operation and maintenance activities• Conducts inspections• Maintains a registry and on-line mapper, providing information to the public on appropriate and productive reuse of properties	
(continued on following page)

PROGRAM DESCRIPTION

Department of Natural Resources

DEQ - Environmental Remediation Program

Program is found in the following core budget(s): Environmental Remediation Program

HB Section(s): 6.225, 6.265

2a. Provide an activity measure(s) for the program (continued).

Ongoing Active Cleanup and Long-term Stewardship Sites as of June 2021

Each dot represents one Superfund, BVCP, or Federal Facilities site where the Department provides cleanup oversight or long-term stewardship monitoring.

Brownfields/Voluntary Cleanup Program (BVCP) - The program provides funding and technical assistance to help assess the environmental condition of properties; addresses and oversees brownfield cleanups; and provides long-term stewardship of completed sites.

Superfund - EPA, the State, and responsible parties provide funding for assessment activities, oversight, and cleanup at Superfund sites. The state pays 10% of the total EPA cleanup costs and 100% of ongoing operation and maintenance at sites without responsible parties.

Federal Facilities - Federal agencies provide funding to oversee cleanup at U.S. Department of Defense and Department of Energy sites.

PROGRAM DESCRIPTION

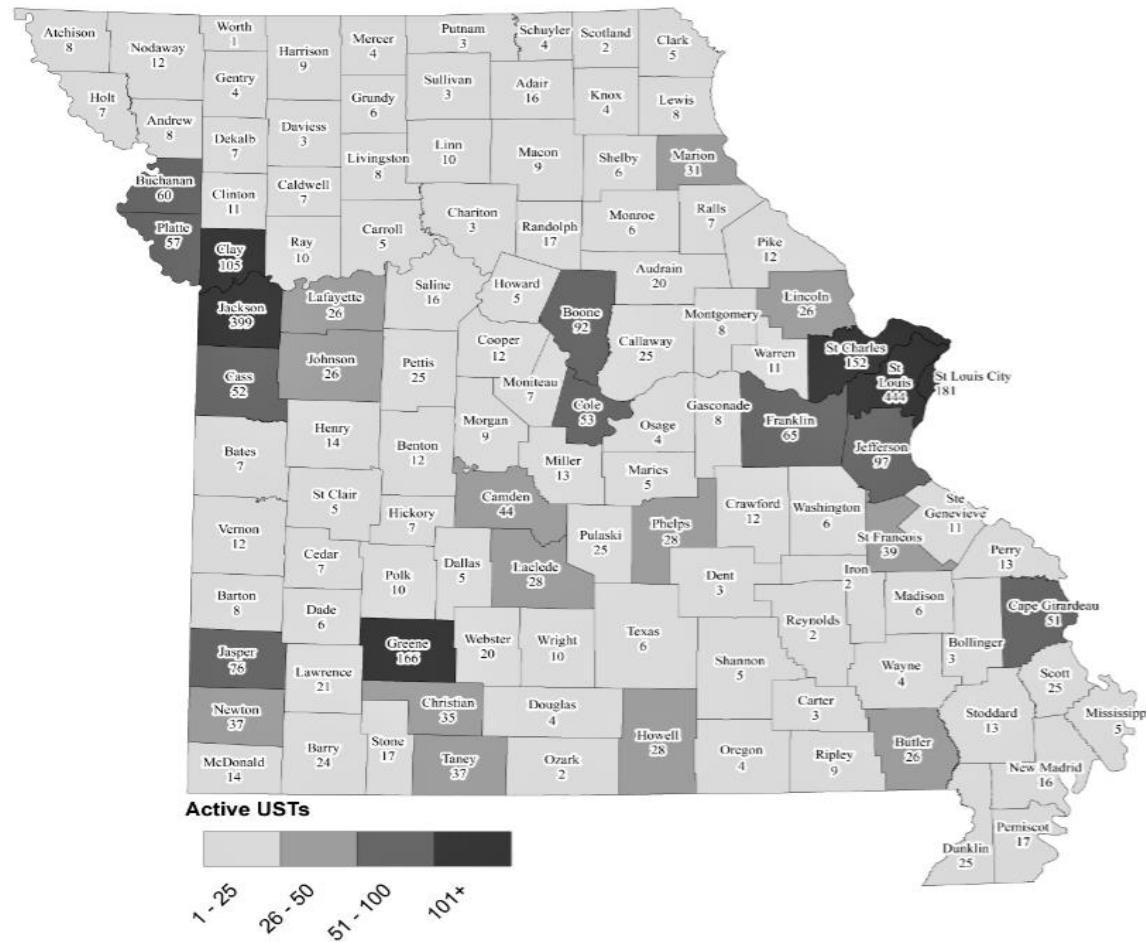

Department of Natural Resources

HB Section(s): 6.225, 6.265

DEQ - Environmental Remediation Program

Program is found in the following core budget(s): Environmental Remediation Program

2a. Provide an activity measure(s) for the program (continued).

Active Underground Storage Tank Facilities

This map represents, by county, the number of active facilities with underground petroleum storage tanks as of June 2021.

Total active facilities = 3,274

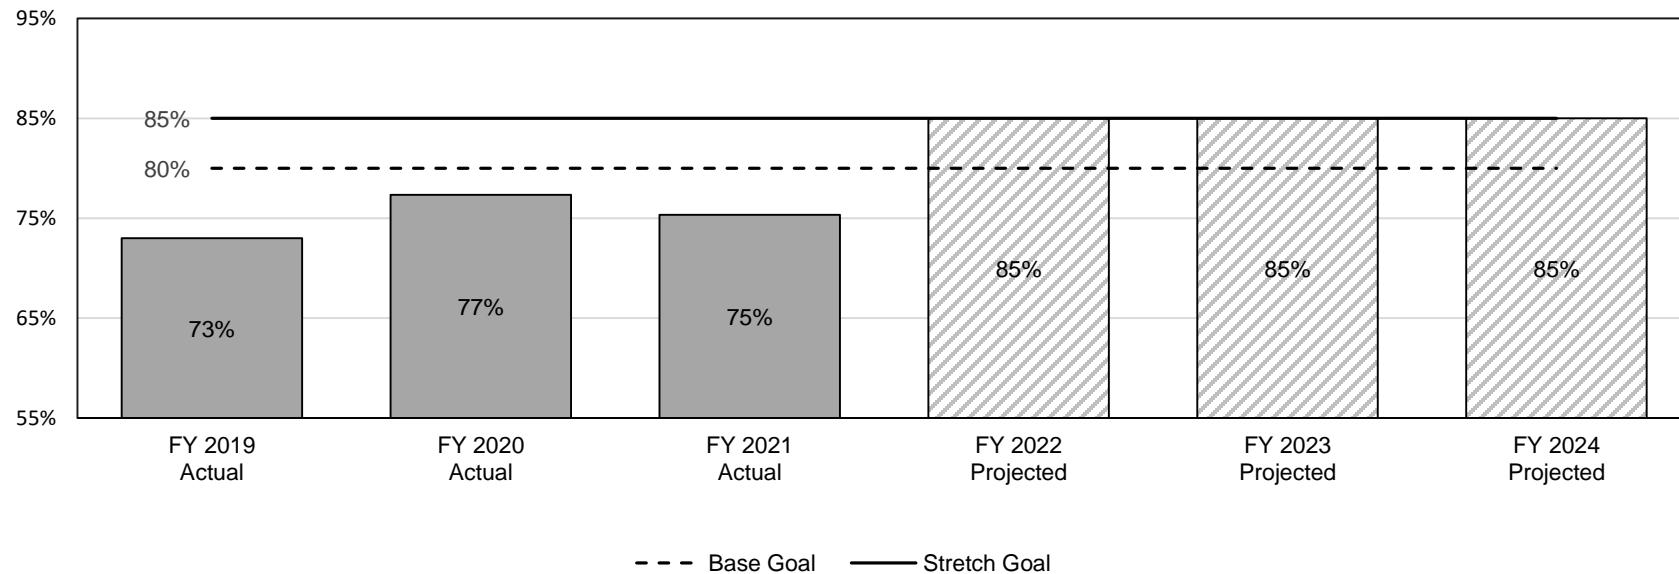

Active facilities are sites that have either currently-in-use, or out-of-use tanks, or a combination of both.

PROGRAM DESCRIPTION

Department of Natural Resources DEQ - Environmental Remediation Program	HB Section(s): 6.225 , 6.265
Program is found in the following core budget(s): Environmental Remediation Program	

2b. Provide a measure(s) of the program's quality.

Inspection Compliance Rates for Underground Petroleum Storage Tanks

Compliant facilities have achieved operating compliance with spill, overfill, corrosion protection, and release detection. FY 2021 numbers dipped slightly as some facilities were not immediately in compliance with federal regulations effective January 1, 2021. In FY 2023, the Department will begin reporting the new Technical Compliance Rate, which replaces the Significant Operational Compliance Rate. The Environmental Protection Agency's current National Compliance Rate average is 59.3%. Missouri's compliance rate is expected to continue to surpass the national goal in future fiscal years.

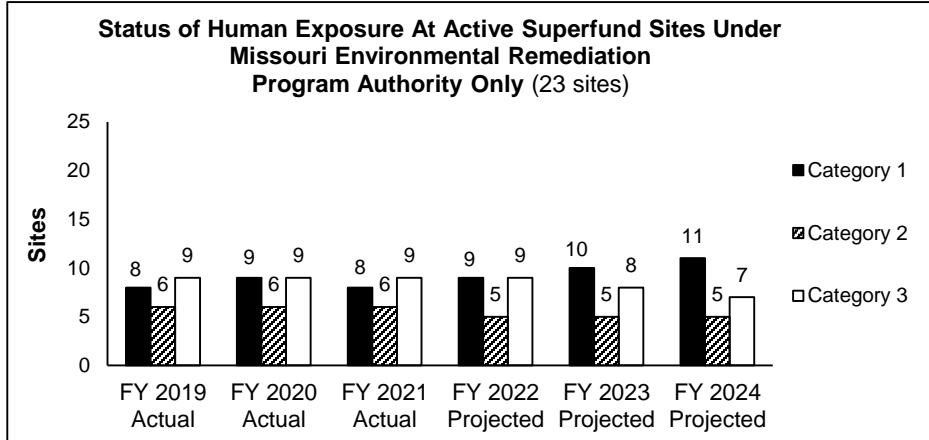

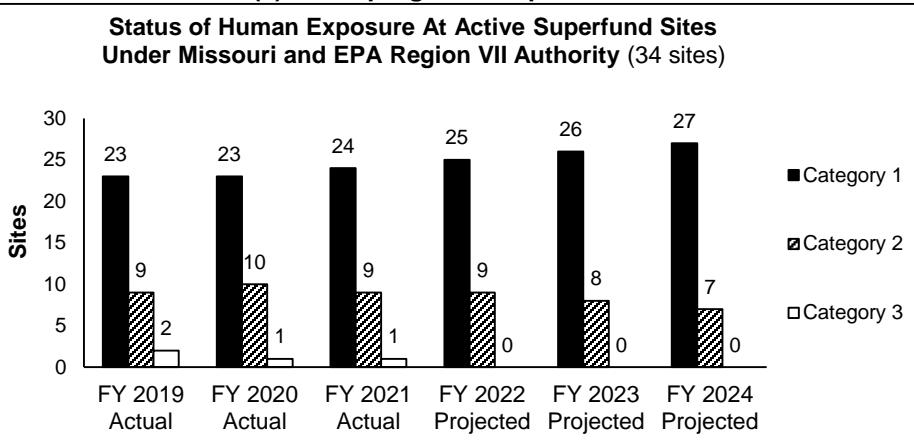

PROGRAM DESCRIPTION

Department of Natural Resources

DEQ - Environmental Remediation Program

Program is found in the following core budget(s): Environmental Remediation Program

2c. Provide a measure(s) of the program's impact.

Category 1 - Sites where people are not exposed to unacceptable levels of contaminants.

Category 2 - Sites where people could be exposed to unacceptable levels of contaminants, but work is in progress to eliminate unacceptable exposure.

Category 3 - Sites where there is uncertainty regarding human exposure; additional data collection and evaluation is needed.

Base Goal = 1 site moving from a Category 3 to a Category 2

Stretch Goal = 1 site moving from Category 3 to a Category 1

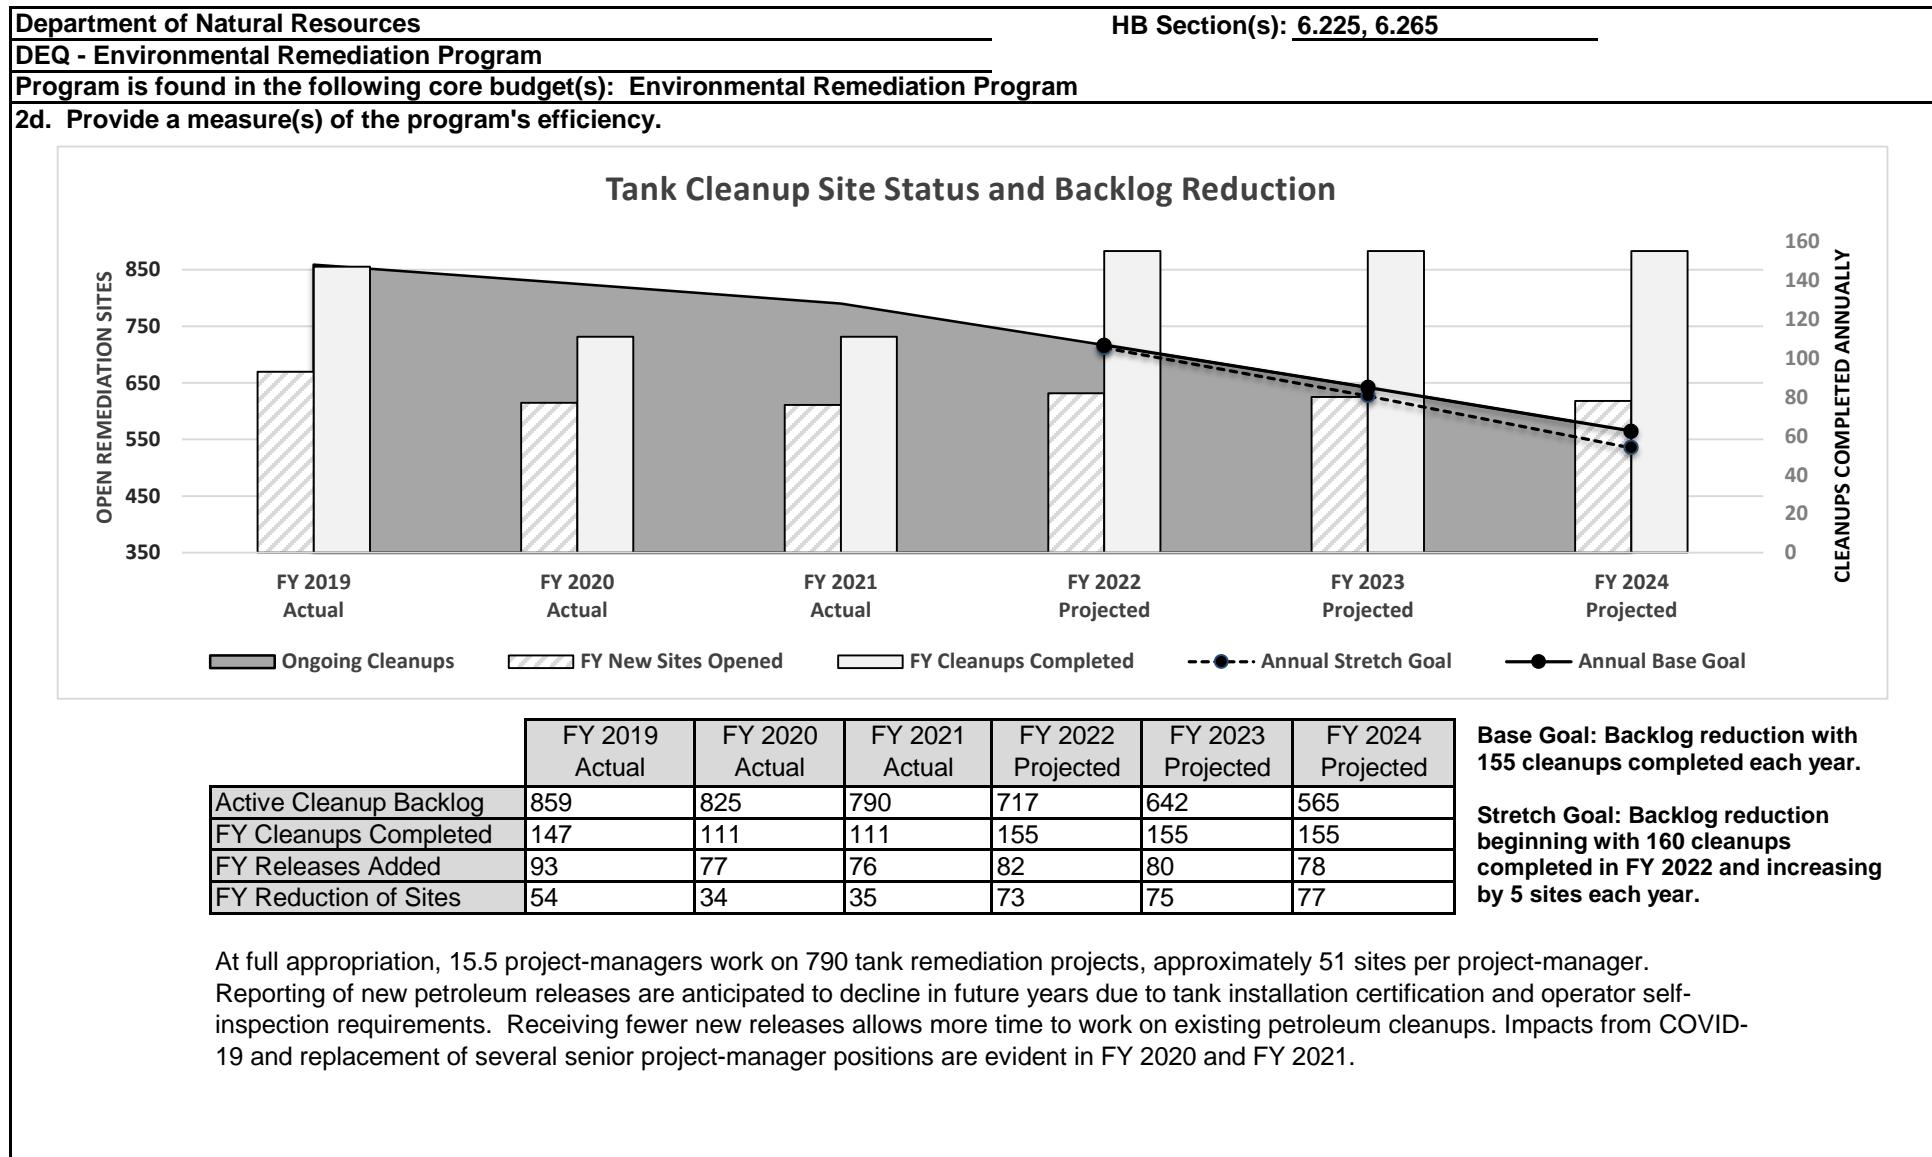

Cleaning up Superfund sites is a complex, multi-phase process that can take decades. The amount of time it takes to cleanup a site depends upon the type, volume, extent, and location of contamination, risk to human health and the environment, and the cleanup technology used.

The 34 sites under both EPA and Missouri authority are National Priority Listed (NPL) sites. These sites are among the Nation's highest priority for cleanup of hazardous substances. The primary concern at thirteen NPL sites is volatile organic compound (VOC) groundwater contamination, which is typically treated by removing the source contamination then pumping groundwater to the surface and using technology to remove pollutants. An additional ten sites are from former lead mining activities, encompassing thousands of acres across whole counties that have contaminated soil, groundwater, and surface water with thousands of residential yards requiring cleanup.

Missouri and EPA Region VII Authority Site changes to the NPL: Findett Site added in FY 2021, Annapolis Site removed in FY 2021.

Missouri Authority Site changes to the NPL: Ellisville Primm Site removed in FY 2021.

PROGRAM DESCRIPTION

PROGRAM DESCRIPTION

Department of Natural Resources

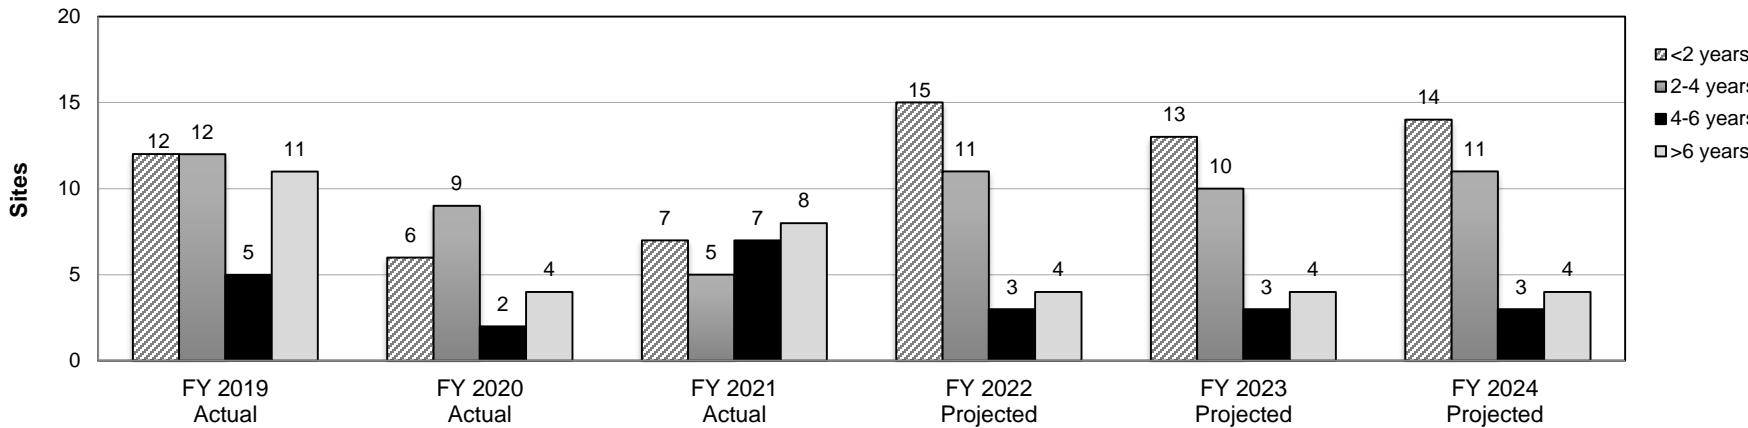

HB Section(s): 6.225, 6.265

DEQ - Environmental Remediation Program

Program is found in the following core budget(s): Environmental Remediation Program

2d. Provide a measure(s) of the program's efficiency (continued).

Voluntary Cleanup Sites Returned to Re-use Completion Timeframes

Properties in the Voluntary Cleanup Program range from residential to small businesses to multi-acre heavy industrial manufacturing facilities, with cleanups ranging from lead-based paint to extensive soil, groundwater, and indoor air contamination.

Since the beginning of the Voluntary Cleanup Program, approximately 44.3% of the properties complete the process within two years. The time to completion for a given site depends on the nature and extent of contamination and the effort with which the voluntary participant wishes to pursue site cleanup. Since inception of the program in 1995, 972 sites have been cleaned up. FY 2020 and FY 2021 totals were lower due to a number of factors, including participant financial issues, legal issues with adjacent landowners, complex sites requiring more time to cleanup, and participant delays in completing environmental covenant processes. In some cases, COVID-19 has slowed or stopped progress due to changes in work practice, consultant availability, and impacts on property transactions.

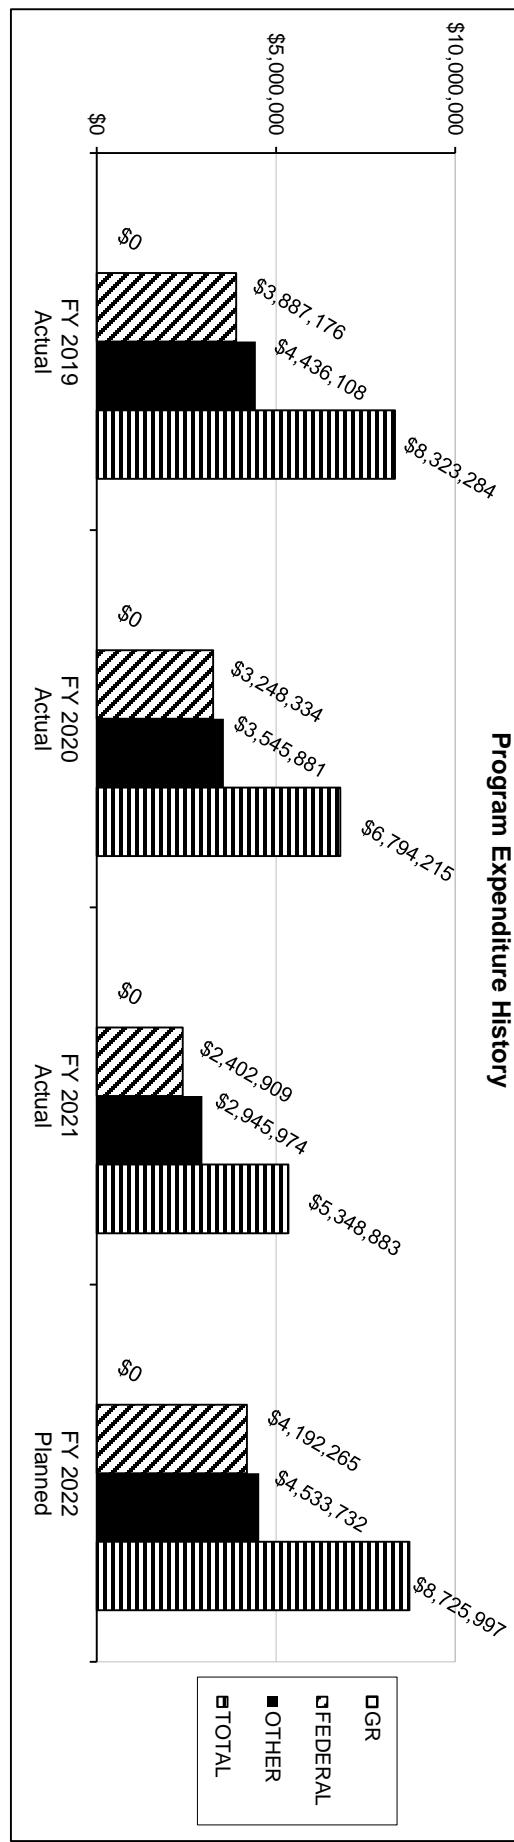

PROGRAM DESCRIPTION

Department of Natural Resources

DEQ - Environmental Remediation Program

HB Section(s): 6.225, 6.265

- Program is found in the following core budget(s): Environmental Remediation Program
3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

This budget does not contain General Revenue.

Financial data includes operating and pass-through appropriations. Beginning in FY 2013, core pass-through appropriations were set at a level to encumber and pay our commitments, which often span multiple fiscal years. FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?
- Natural Resources Protection Fund - Damages Subaccounts (0555); Solid Waste Management Fund (0570); Underground Storage Tank Regulation Program Fund (0586); Environmental Radiation Monitoring Fund (0656); Hazardous Waste Fund (0676)

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.265

RSMo 640.235	Natural Resources Protection Fund Damages

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.265
DEQ - Environmental Remediation Program	
Program is found in the following core budget(s): Environmental Remediation Program	
6. Are there federal matching requirements? If yes, please explain.	
Performance Partnership Grant - RCRA	25% State (EPA)
Brownfields 128 (a)	100% Federal (EPA)
Brownfields 104 (k)	100% Federal (EPA)
Defense/State Memorandum of Agreement (DSMOA)	100% Federal (DOD)
Ellisville Superfund Cooperative Agreement	100% Federal (EPA)
United States Department of Agriculture - Grain Bin Sites	100% Federal (USDA)
Superfund Combined Cooperative Agreement - Core	10% State (EPA)
Superfund Combined Cooperative Agreement - Pre-Remedial Response	100% Federal (EPA)
Superfund Combined Cooperative Agreement - Support Agency	100% Federal (EPA)
Weldon Spring Long-Term Surveillance and Maintenance Project	100% Federal (DOE)
Leaking Underground Storage Tank-Preventative	25% State (EPA)
Leaking Underground Storage Tank Trust Fund-Corrective Action	10% State (EPA)
Minuteman II Longterm Stewardship	100% Federal (DOD)
General Services Administration (GSA) - Environmental Project Assistance	100% Federal (GSA)
Oronogo Duenweg OU1 Reverse Cooperative Agreement	100% State (EPA)
Various State Superfund Contracts	10% State (this covers our 10% state Superfund obligation)
Tri-State Mining District Restoration Compensatory Determination Plan	100% Federal (US Fish and Wildlife Service)
Greenfields Multistate Agreement	100% Federal (Multistate Trust)
MO Army National Guard - OTAG	100% Federal (MOARNG)
7. Is this a federally mandated program? If yes, please explain.	
Through delegation from, and agreements with, the U.S. Environmental Protection Agency, the Environmental Remediation Program supports the federal Resource Conservation and Recovery Act (RCRA), Section 9004 of the Solid Waste Disposal Act as amended by RCRA, the Superfund Amendments and Reauthorization Act of 1986, and 40 CFR Part 281. In addition, work performed under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), as well as cleanup oversight at Federal Facilities sites, is mandated by the federal government.

2. CORE DESCRIPTION																															
<p>The Department's Environmental Remediation Program assesses contaminated sites and oversees the remedial action at sites subject to Federal Superfund Law and other applicable laws. Superfund obligations represent the state's share of costs for remedial action currently underway or already completed in Missouri where the responsible party is either unknown, uncooperative, or insolvent. The U.S. Environmental Protection Agency (EPA) uses federal Superfund dollars to pay for the clean-up, and the state pays 10% of remedial action costs and 100% of operations and maintenance through Superfund state contracts. Operation and maintenance can include repair, maintenance, or replacement of engineered structures or mechanical systems; addressing erosion on earthen caps or maintenance to groundwater extraction treatment systems; conducting inspections, sampling and monitoring groundwater and/or other environmental media; maintenance and compliance activities related to institutional controls governing property uses; and other routine activities such as interagency coordination, site visits, technical meetings, and participation in five-year reviews of remedial actions.</p>																															
<p>Section 260.391.7, RSMO, passed in 2005, directs that "...the department shall request an annual appropriation of general revenue equal to any state match obligation to the U.S. Environmental Protection Agency for cleanup performed pursuant to the authority of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA)." This core General Revenue transfer, when combined with the new decision item request, meets this obligation.</p>																															

CORE DECISION ITEM

Department of Natural Resources	Budget Unit <u>79240C</u>
Division of Environmental Quality	
Superfund Obligations Core GR Transfer	HB Section <u>06.260</u>

2. CORE DESCRIPTION (continued)

The State's Superfund obligations include the 10% cost share for nine (9) active remediation sites (as invoiced by EPA) and 100% of the cost of O&M for sites that have completed active remediation. These obligations are itemized below.

	Request
Southwest Jefferson Co. Mining OU1, OU2, & OU3 (Removal of lead contamination from residential yards)	\$ 290,912
Valley Park OU2 (Groundwater Extraction System, TCE)	\$ 181
Madison County OU5 (Removal of lead mine waste)	\$ 30,813
Newton County Mine Site OU1 & OU2 (Removal of mine waste and lead-contaminated residential soils)	\$ 251,218
Washington County OU1 Old Mines (Removal of lead contamination from residential yards)	\$ 364,263
Washington County OU1 Potosi (Removal of lead contamination from residential yards)	\$ 125,604
Washington County OU1 Richwoods (Removal of lead contamination from residential yards)	\$ 229
Washington County OU1 Furnace Creek (Removal of lead contamination from residential yards)	\$ 49,249
Riverfront OU4 (Cleanup of TCE contaminated soil through in-situ chemical oxidation)	\$ 13,676
Operations & Maintenance * (sites listed below)	<u>\$ 153,677</u>
Total GR Transfer Requested	\$ 1,279,822
Superfund Obligations GR Transfer Core	\$ 660,406
Superfund Obligations GR Transfer NDI (See Superfund Obligations NDI)	<u>\$ 619,416</u>
Total GR Transfer Requested	\$1,279,822

* State-funded O&M is needed once EPA transfers the site back to state authority. The level of O&M response depends on the complexity of the cleanup and the extent of potential failure of any components of the remedial actions. O&M can include: repair, maintenance, or replacement of engineered structures or mechanical systems; addressing erosion on earthen caps or groundwater treatment systems; conducting inspections, sampling and monitoring groundwater and/or other environmental media; maintenance and compliance activities related to institutional controls governing property uses; and other routine activities such as interagency coordination, site visits, technical meetings, and participation in five-year reviews of remedial actions. Sites included in this O&M request are: Valley Park, Madison County, Times Beach, Bee Cee, Annapolis, Quality Plating, Jasper County, and Riverfront.

Division of Environmental Quality	
Superfund Obligations	DI# <u>1780003</u>

HB Section 6.260

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

Category 1: Sites where people are not exposed to unacceptable levels of contaminants.

Category 2: Sites where people could be exposed to unacceptable levels of contaminants, but work is in progress to eliminate unacceptable exposure.

Category 3: Sites where there is uncertainty regarding human exposure; additional data collection and evaluation is needed.

Base Goal = 1 site moving from Category 3 to Category 2

Stretch Goal = 1 site moving from Category 3 to Category 1

Cleaning up Superfund sites is a complex, multi-phase process that can take decades. The amount of time it takes to clean up a site depends upon the type, volume, extent, and location of contamination, risk to human health and the environment, and the cleanup technology used.

The 34 sites under both EPA and Missouri authority are National Priority Listed (NPL) sites. These sites are among the Nation's highest priority for cleanup of hazardous substances. The primary concern at thirteen NPL sites is volatile organic compound (VOC) groundwater contamination which is typically treated by removing the source contamination then pumping groundwater to the surface and using technology to remove pollutants. An additional ten sites are from former lead mining activities, encompassing thousands of acres across whole counties that have contaminated soil, groundwater, and surface water with thousands of residential yards requiring cleanup.

Missouri and EPA Region VII Authority Site changes to the NPL: Findette Site added in FY 2021, Annapolis Site removed in FY 2021.

Missouri Authority Site changes to the NPL: Ellisville Primm Site removed in FY 2021.

NEW DECISION ITEM

Department of Natural Resources	Budget Unit <u>79240C</u>
Division of Environmental Quality	
Superfund Obligations	DI# <u>1780003</u> HB Section <u>6.260</u>

6a. Provide an activity measure(s) for the program.

The Department currently coordinates the remedial action at 13 sites through superfund state contracts with the Environmental Protection Agency and is responsible for operation and maintenance of 16 sites. The Department is requesting a General Revenue transfer to the Hazardous Waste Fund for these activities that impact the following counties:

2020 Census Population:

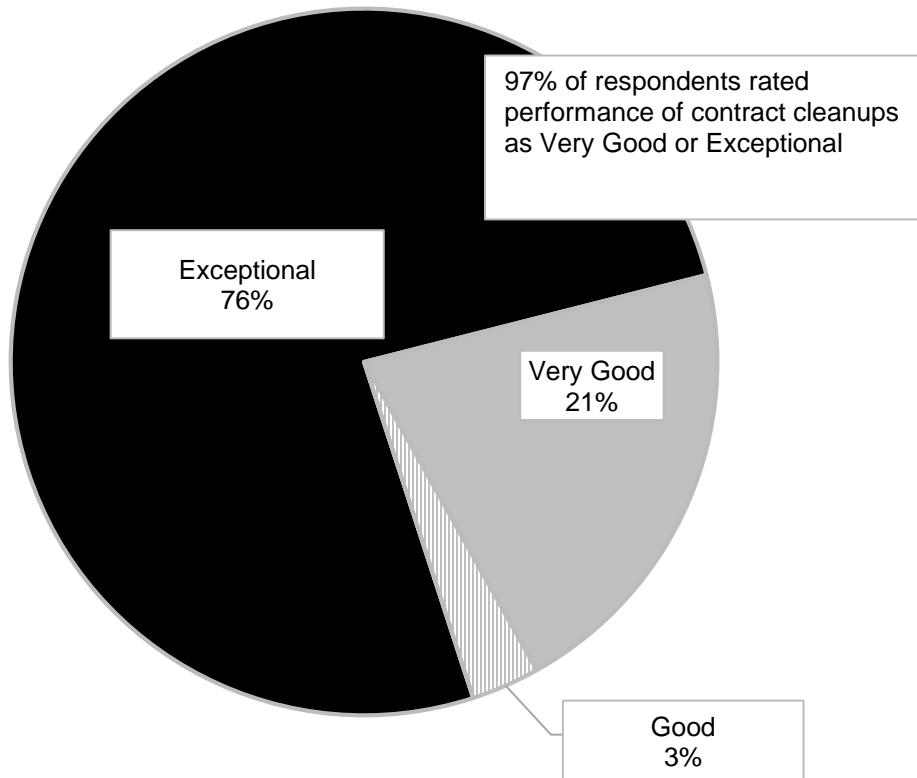

Franklin County (Riverfront)	104,682
St. Louis County (Times Beach & Valley Park)	1,004,125
Jasper County	122,761
Jefferson County	226,739
Madison County	12,626
Washington County	23,514
Scott County (Quality Plating)	38,059
Dunklin County (Bee Cee Manufacturing)	28,283
Iron County (Annapolis)	9,537
Newton County	58,648

6b. Provide a measure(s) of the program's quality.

FY2021 Residential Yard Cleanups Overseen by the Department, Survey Results

The Environmental Protection Agency (EPA) maintains the National Priorities List (NPL) for Superfund sites. Lead mining sites make up approximately 1/3 of all NPL sites in the state. Much of the contamination at these mining sites is widespread, encompassing hundreds of square miles of mine waste and contaminated soil, groundwater and surface water with thousands of residential yards that require cleanup of soil with elevated lead levels.

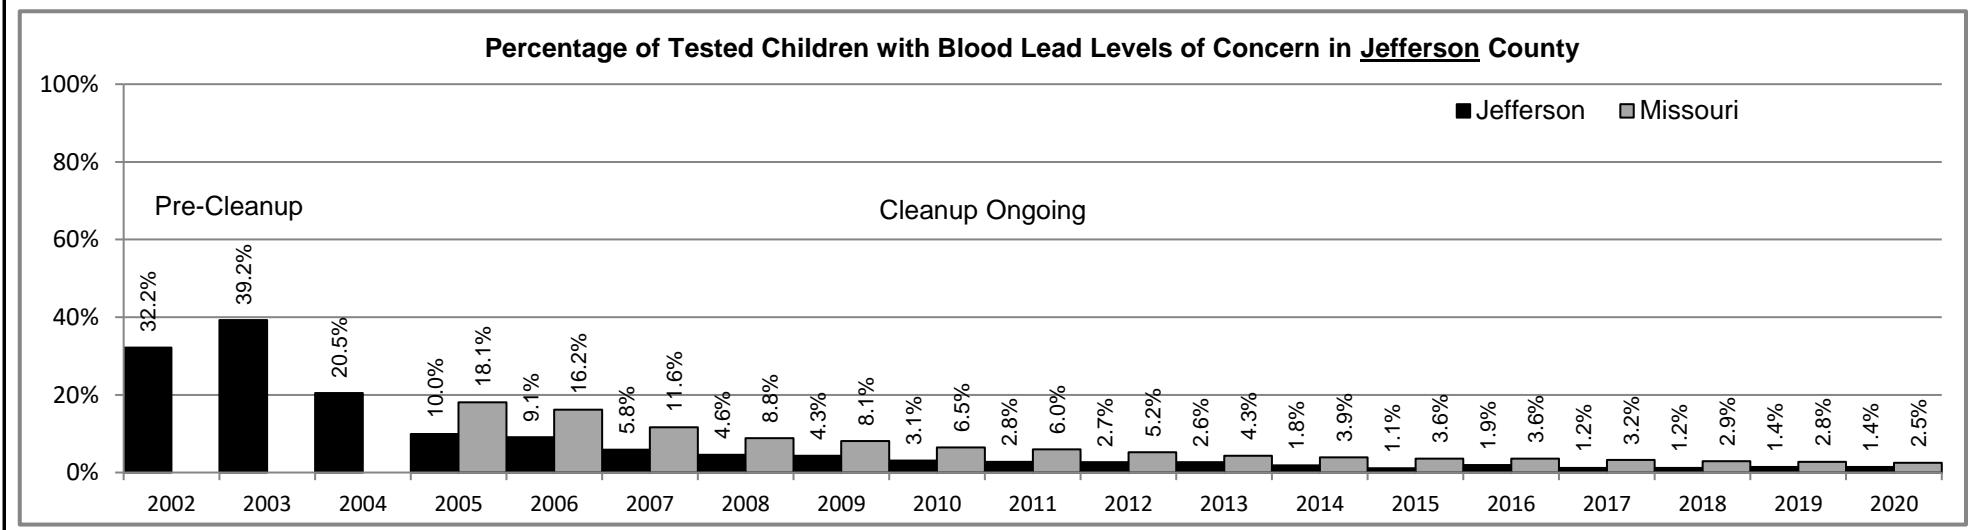

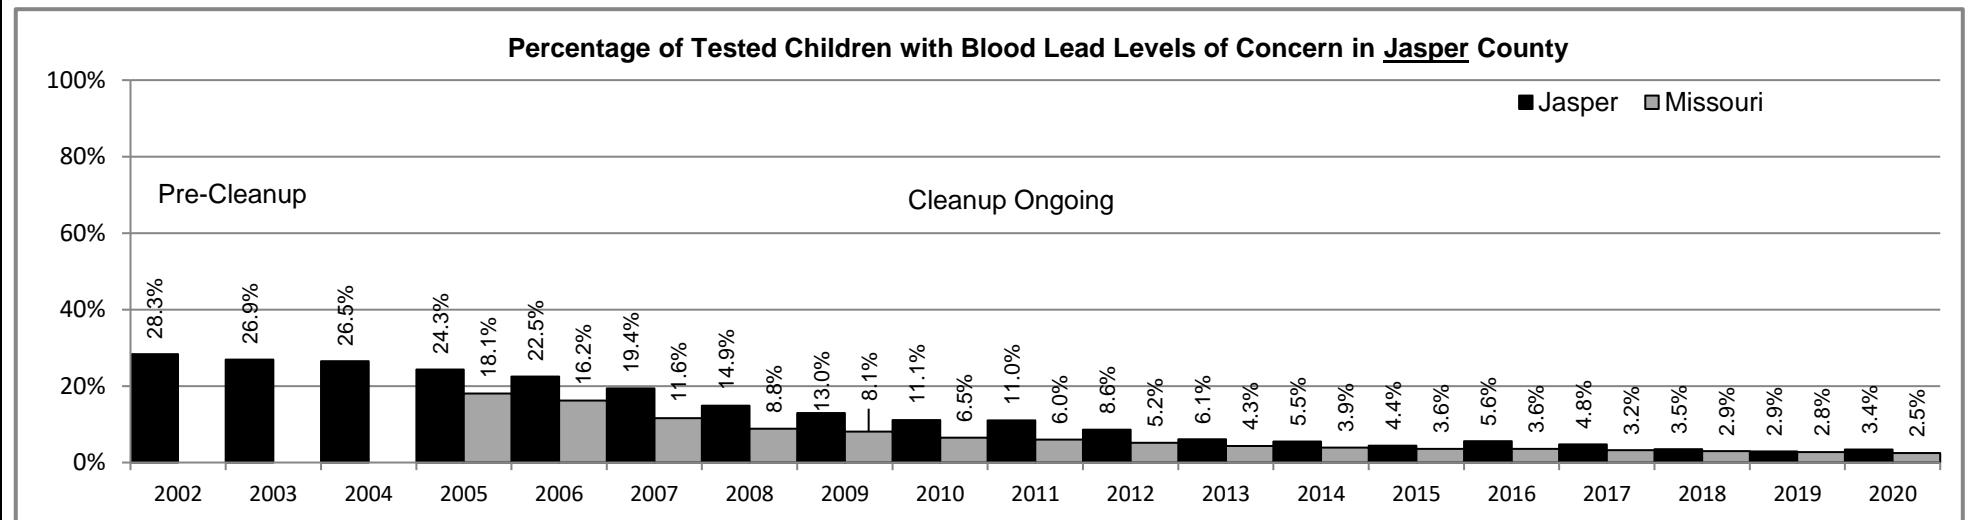

Missouri is working with EPA to oversee cleanup at these sites. When EPA hires contractors to clean up contaminated residential yards, they provide property owners with a satisfaction survey to rate their performance.

The chart represents responses from 192 residents.

<u>Division of Environmental Quality</u>	
<u>Superfund Obligations</u>	<u>DI# 1780003</u> <u>HB Section 6.260</u>

6d. Provide a measure(s) of the program's efficiency.

The State of Missouri's oversight and commitment to pay 10% of the cost of clean-up of these sites leverages a substantial amount of federal funding. The state has paid approximately \$4.13 million to leverage \$41.4 million in federal funds at 15 sites where environmental work has been completed.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Work with Environmental Protection Agency to administer the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) in Missouri.

Monitor remediated sites where contamination is contained in place or remedial action systems must be operated, monitored, and maintained for a period of time to achieve cleanup objectives.

2. CORE DESCRIPTION																																																				
<p>Underground Storage Tank (UST) efforts protect human health and the environment by registering USTs, implementing a tank inspection program including the oversight of contract inspections, ensuring compliance with state and federal UST laws, overseeing the investigation and risk-based cleanup of contamination from leaking tanks, and overseeing the closure of out-of-use tanks. The risk based cleanup of underground storage tank sites is often the key to the transfer, sale, or reuse of the property.</p>

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.285
AWO - Petroleum Related Activities	
Agency Wide Operations - Petroleum Related Activities	
1a. What strategic priority does this program address?	
The Environmental Remediation Program helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:	
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.	
1b. What does this program do?	
<ul style="list-style-type: none">• Regulates 3,274 underground petroleum storage tank (UST) facilities.• Promotes the safe operation, closure, and remediation of tanks sites.• Oversees the registration, inspection, and closure of UST systems.• Reports, investigates, and performs risk-based cleanups of releases from USTs and aboveground storage tanks (ASTs).• Ensures compliance with financial responsibility requirements.	

PROGRAM DESCRIPTION

Department of Natural Resources

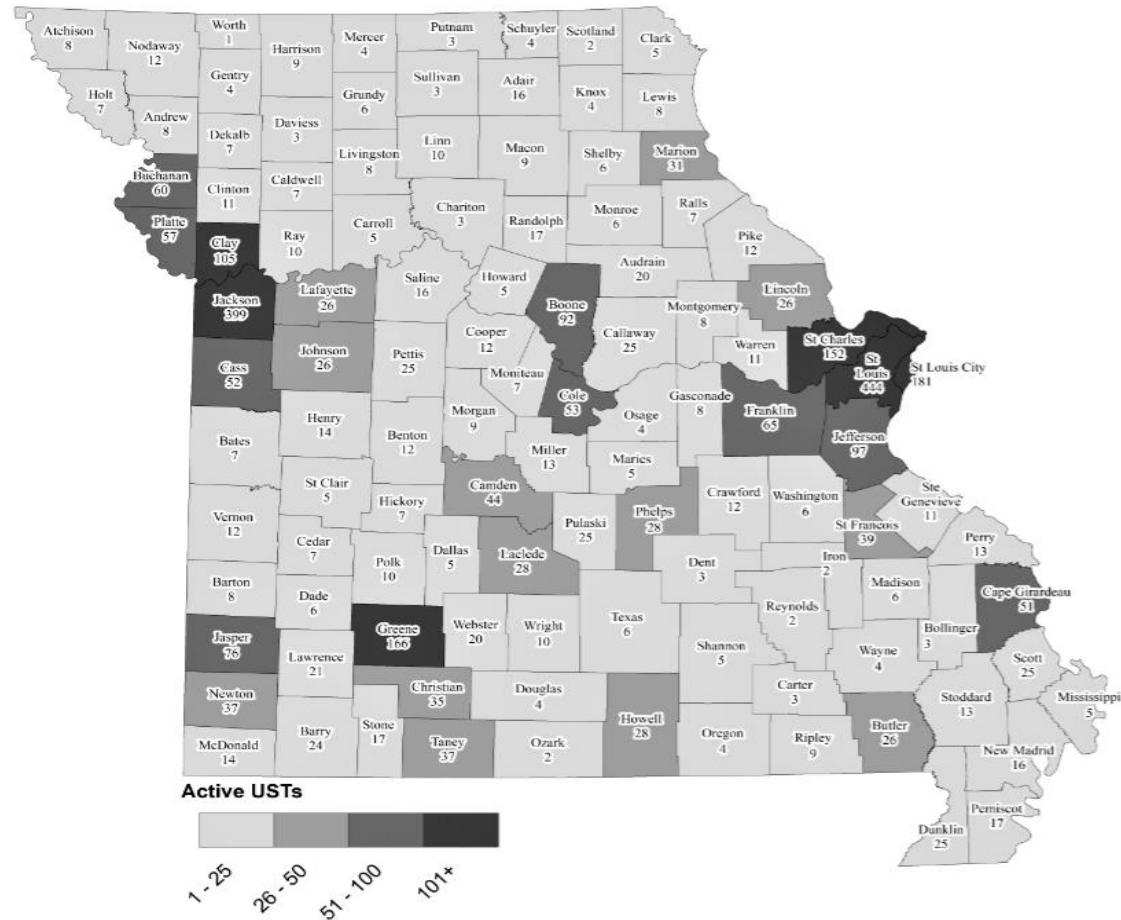

HB Section(s): 6.285

AWO - Petroleum Related Activities

Agency Wide Operations - Petroleum Related Activities

2a. Provide an activity measure(s) for the program.

3,274 Active Underground Storage Tank Facilities as of June 2021

Active Underground Storage Tank Facilities

This map represents, by county, the number of active facilities with underground petroleum storage tanks as of June 2021.

Total Active Facilities = 3,274
Active Facilities are sites that have either currently-in-use, or out-of-use tanks, or a combination of both.

PROGRAM DESCRIPTION

Department of Natural Resources

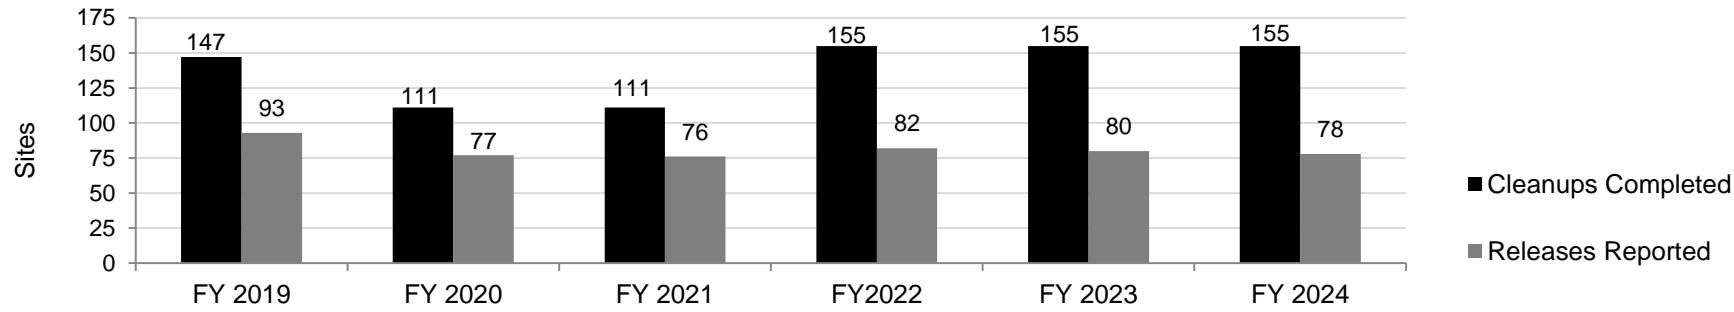

HB Section(s): 6.285

AWO - Petroleum Related Activities

Agency Wide Operations - Petroleum Related Activities

2a. Provide an activity measure(s) for the program (continued).

Petroleum Storage Tank Site Releases and Cleanups Completed

Base Goal: Complete 155 Cleanups

Stretch Goal: Complete 165 Cleanups

The Program currently projects cleanups of 155 sites annually. The three-year average of new cleanup sites is 82 per year. We anticipate this number to decline in future years due to tank installation certification and operator self-inspection requirements. FY 2020 and FY 2021 cleanups were lower due to impact of COVID-19 on contractor activities and property transfers, as well as the Department's replacement of several senior project-manager positions. As new staff gain experience and as the economy rebounds, cleanup numbers are projected to increase.

PROGRAM DESCRIPTION

Department of Natural Resources

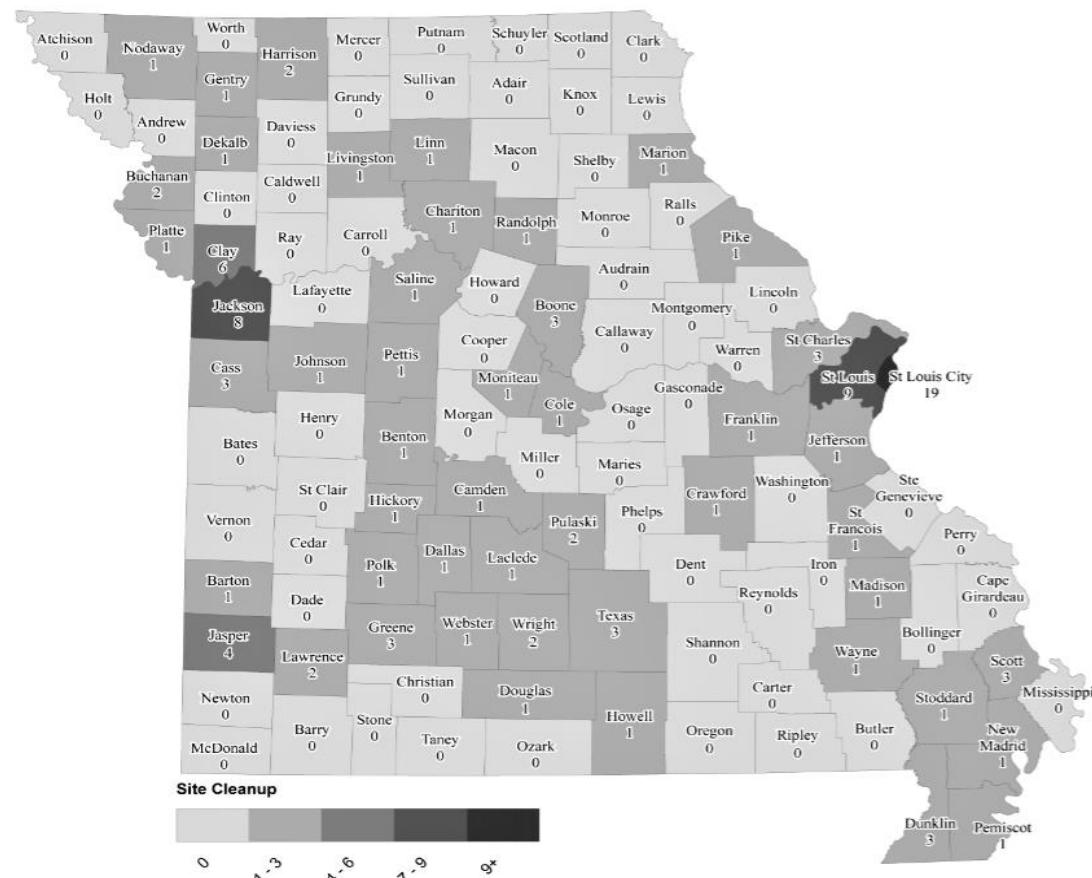

AWO - Petroleum Related Activities

Agency Wide Operations - Petroleum Related Activities

HB Section(s): 6.285

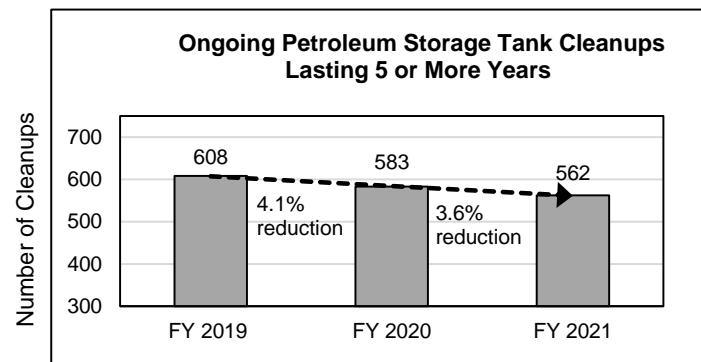

2b. Provide a measure(s) of the program's quality.

111 Petroleum Storage Tank Release Cleanups Completed in Fiscal Year 2021

Missouri has completed 7,234 cleanups (90.19%) of the petroleum releases reported to date. This exceeds U.S. EPA's national cleanup goal of 88%.

Base Goal = 91.0% Stretch Goal = 92.0%

Ongoing Cleanups (790)

228 sites

562 sites

Years in Cleanup

0 to < 5 Years

> 5 Years

The Department's goal is to reduce the number of legacy site cleanups so that more sites can be cleaned up within 5 years or less.

PROGRAM DESCRIPTION

Department of Natural Resources

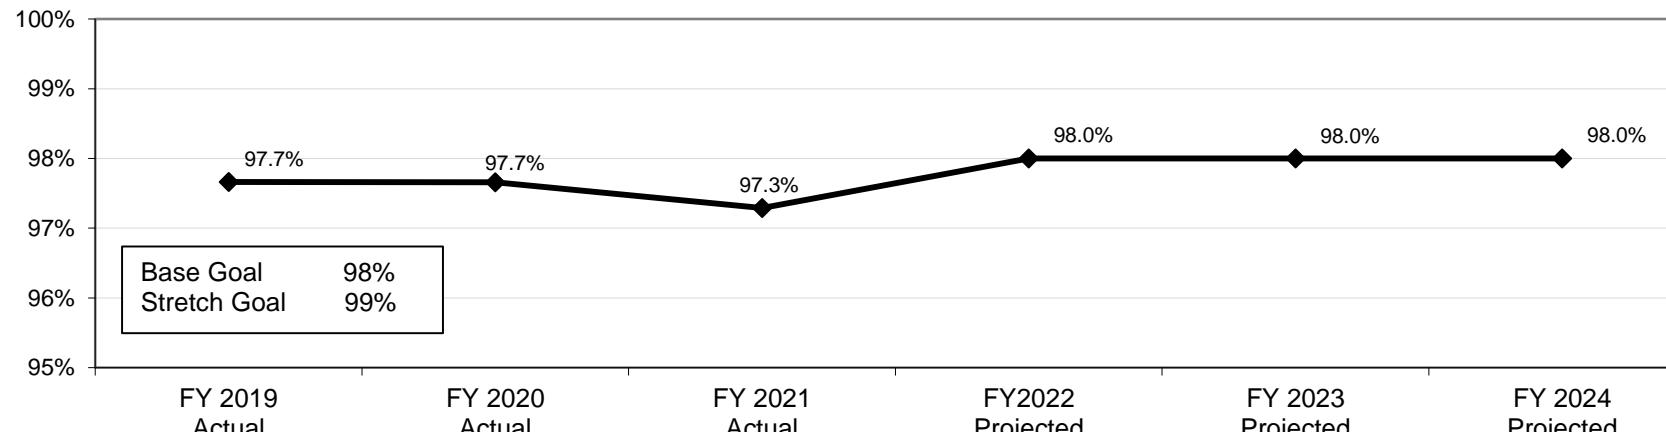

AWO - Petroleum Related Activities

Agency Wide Operations - Petroleum Related Activities

HB Section(s): 6.285

2c. Provide a measure(s) of the program's impact.

Underground Storage Tank (UST) Facility Financial Responsibility Compliance

Financial Responsibility (FR) is required for all regulated facilities, approximately 3,099. This requirement assures money will be available for cleanup if a UST leak occurs. Not having an FR mechanism in place can delay or even halt a cleanup. About 77% of tank owners use the Petroleum Storage Tank Insurance Fund (PSTIF) to satisfy their FR requirement.

PROGRAM DESCRIPTION

Department of Natural Resources

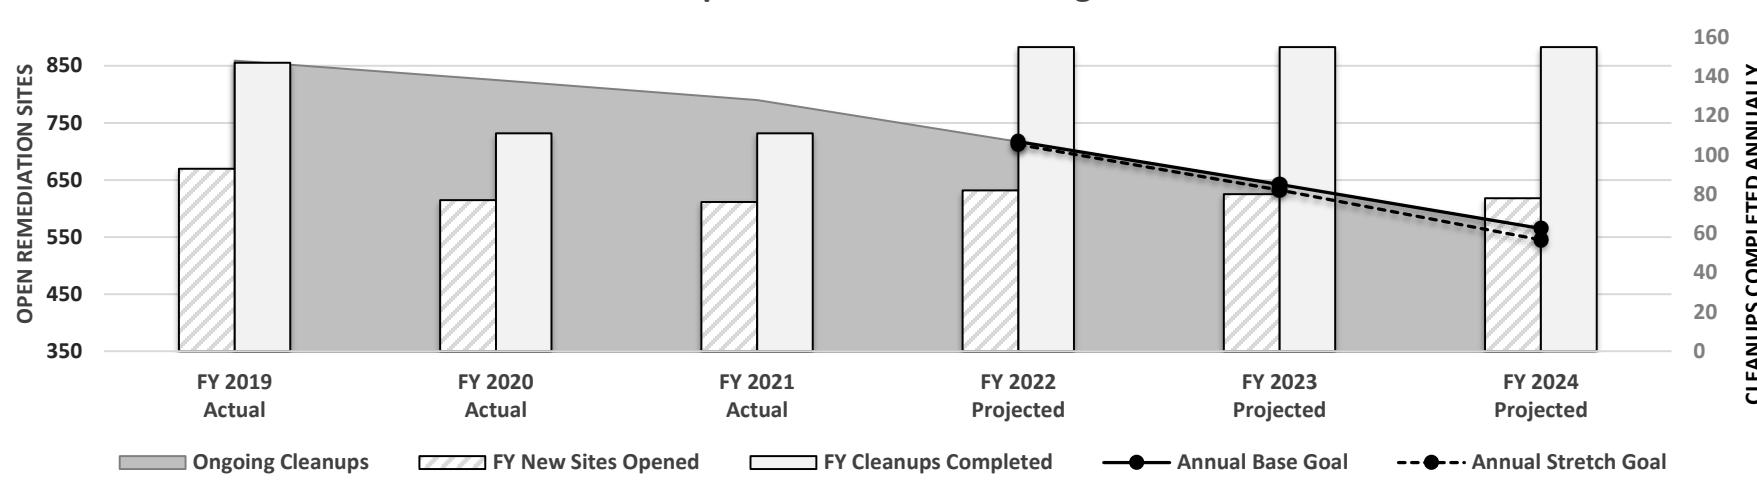

AWO - Petroleum Related Activities

Agency Wide Operations - Petroleum Related Activities

HB Section(s): 6.285

2d. Provide a measure(s) of the program's efficiency.

Tank Cleanup Site Status and Backlog Reduction

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected
Active Cleanup Backlog	859	825	790	717	642	565
FY Cleanups Completed	147	111	111	155	155	155
FY Releases Added	93	77	76	82	80	78
FY Reduction of Sites	54	34	35	73	75	77

Base Goal: Backlog reduction with 155 cleanups completed each year.

Stretch Goal: Backlog reduction beginning with 160 cleanups completed in FY 2022 and increasing by 5 sites each year.

At full appropriation, 15.5 project-managers work on 790 tank remediation projects, approximately 51 sites per project-manager. Reporting of new petroleum releases are anticipated to decline in future years due to tank installation certification and operator self-inspection requirements. Receiving fewer new releases allows more time to work on existing petroleum cleanups. Impacts from COVID-19 and replacement of several senior project-manager positions are evident in FY 2020 and FY 2021.

PROGRAM DESCRIPTION

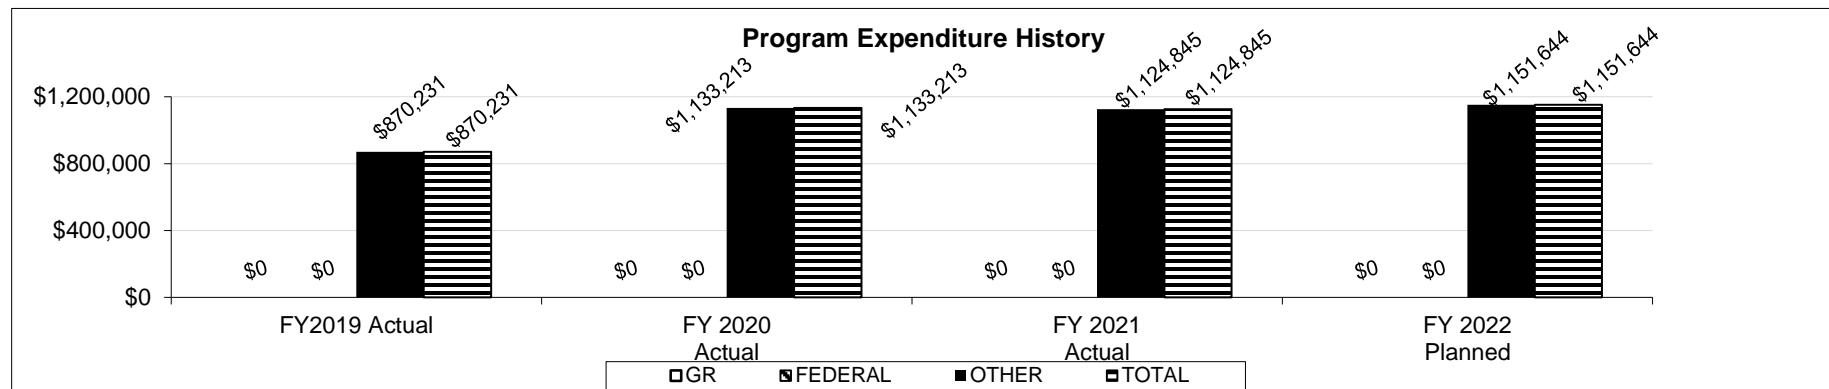

Department of Natural Resources

HB Section(s): 6.285

AWO - Petroleum Related Activities

Agency Wide Operations - Petroleum Related Activities

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

This budget does not contain General Revenue.

FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

Petroleum Storage Tank Insurance Fund (0585)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

40 CFR Part 281

Underground Storage Tank (UST) Program

RSMo 319.100 through 319.139

Petroleum Storage Tanks

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

The state has authority under 40 CFR Part 281 and has received approval from EPA to operate the UST Program.

<p>Other Funds: Coal Combustion Residuals (0551); Solid Waste Management Fund - Scrap Tire Subaccount (0569); Solid Waste Management Fund (0570); Hazardous Waste Fund (0676)</p> <p><u>Core Reallocation:</u> The FY 2023 Budget Request includes a core reallocation of \$42,773 and 1 FTE from the Environmental Remediation Program. This reallocation is needed to complete the reorganization between the Environmental Remediation and Waste Management Programs from the FY 2021 budget.</p> <p><u>Core Reduction:</u> The FY 2023 Budget Request includes a voluntary core reduction of \$50,000 Personal Services and \$10,000 in Expense and Equipment.</p> <p>This core budget is facing fiscal challenges.</p>																																							
<h3>2. CORE DESCRIPTION</h3> <p>The Waste Management Program operates two federally-authorized Resource Conservation and Recovery Act (RCRA) regulatory programs, one pursuant to 40 CFR Part 258, Subtitle D for Sanitary Landfill design and operation, and one pursuant to 40 CFR §272.1300 authorizing Missouri to administer and enforce a hazardous waste management program in lieu of the Federal RCRA Subtitle C program.</p> <p>Under <u>RCRA Subtitle D</u> and state laws and regulations, the program issues permits, enforces, and oversees sanitary, construction and demolition, special waste, and utility waste landfills; solid waste processing facilities, such as transfer stations; infectious waste; and material recovery facilities, as set forth in the Solid Waste Management Law. Program staff conducts civil investigations of illegal dumping and investigates possible migration of methane gas from solid waste disposal areas and seepage of leachate and methane gas into groundwater. The Scrap Tire Unit plans and oversees scrap tire dump cleanup activities; awards scrap tire material resurfacing and market development grants; reviews scrap tire hauler, processor, and site permits; and provides technical assistance for beneficial use determinations. The program, working with a statewide network of partners, strives to protect the environment and public health by minimizing solid waste generated by Missouri citizens, businesses, and institutions through effective and efficient materials management through Department oversight of the twenty (20) solid waste management districts and the district grant program.</p>																																							

CORE DECISION ITEM

Department of Natural Resources	Budget Unit <u>78875C</u>
Division of Environmental Quality	
Waste Management Program Operations Core	HB Section <u>6.225</u>

2. CORE DESCRIPTION (continued)

Under RCRA Subtitle C and state laws and regulations, the program issues permits, enforces, and oversees the management of hazardous waste including efforts to reduce hazardous waste production and oversight of hazardous waste generation, transportation, storage, and disposal at businesses in accordance with the federal Toxic Substance Control Act.

The program's pass-through authority is located in a separate core decision item form.

3. PROGRAM LISTING (list programs included in this core funding)

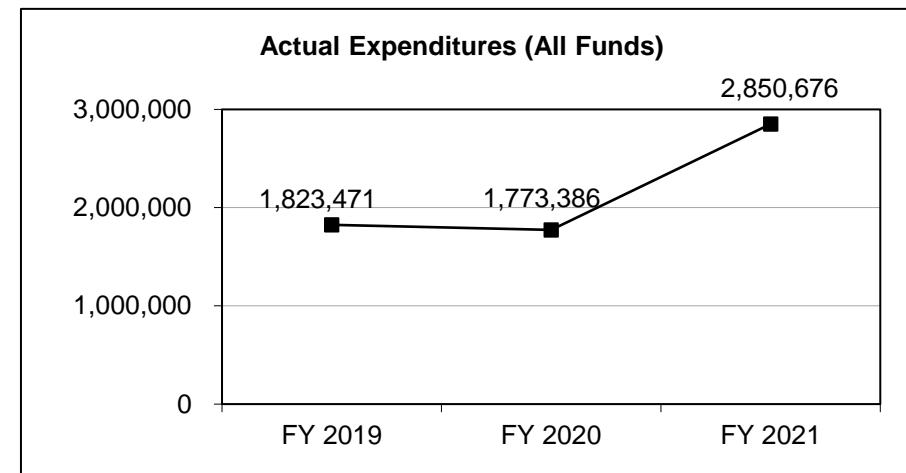

Waste Management Program

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	2,335,583	2,533,540	4,191,519	4,304,255
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	2,335,583	2,533,540	4,191,519	4,304,255
Actual Expenditures (All Funds)	1,823,471	1,773,386	2,850,676	N/A
Unexpended (All Funds)	512,112	760,154	1,340,843	N/A

Unexpended, by Fund:

General Revenue	0	0	0	N/A
Federal	200	200	205,019	N/A
Other	511,912	759,954	1,135,824	N/A
	(1,2)	(1,2)	(1,3)	(0)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) Fiscal uncertainties and hiring limitations have resulted in lower operating expenditures. The program has managed expenditures to stay within available resources.
- (2) Data does not reflect the FY 2021 core reallocation of staff from the Environmental Remediation Program. This reallocation was needed due to a reorganization between the Environmental Remediation and Waste Management Programs.
- (3) Beginning in FY 2021, data reflects the reallocation of staff from the Environmental Remediation Program.

<p>Other Funds: Postclosure Fund (0198); Solid Waste Management Fund - Scrap Tire Subaccount (0569); Solid Waste Management Fund (0570)</p>																																							
<p><u>Core Reduction:</u> The FY 2023 Budget Request includes a voluntary General Revenue core reduction of \$21,016 Personal Service, \$128,491 in Expense and Equipment and \$1,509 in PSD. See corresponding FY 2023 Solid Waste Forfeiture NDI requests.</p>																																							
<p>2. CORE DESCRIPTION</p> <p>The Waste Management Program provides management and oversight of the following pass-through programs:</p> <p><u>Solid Waste Management PSD:</u> The program provides approximately \$8 million annually to the solid waste management districts for administration and funding of community-based "reduce, reuse, and recycle" grants. This grant program builds solid waste management infrastructure to better use materials that otherwise would have been disposed of in landfills or illegally dumped. Through projects funded by the district grant program, opportunities are provided to communities throughout Missouri to create and/or retain "green jobs" in the recycling sector of the Missouri economy. These grants encourage waste reduction, reuse, recycling, energy recovery, and efficient processing of Missouri's solid wastes. Local governments, small and large businesses, schools, sheltered workshops, and individuals seek and receive grants to support activities to remove materials from the waste stream and return the materials for beneficial reuse or energy recovery. The program also supports the removal of illegally dumped scrap tires from the environment by providing funds for tire dump cleanup activities, as well as funding scrap tire material surfacing grants.</p> <p><u>Financial Assurance Instruments (FAIs) PSD:</u> FAIs are collateral provided to the state by landfill and scrap tire site owners/operators to properly implement closure and/or postclosure activities should the owner/operator fail to do so or is no longer capable of doing so. Sufficient financial assurance is needed to ensure closure and/or postclosure activities for solid waste facilities are conducted when needed to protect public health and the environment. This involves activities required to ensure closed landfills have adequate funding and controls in place to ensure environmental protection for at least 30 years after the landfill closes. Such activities include: maintenance or replacement of the landfill cover, which costs several thousands of dollars per acre; an adequate soil/vegetative cap to prevent water infiltration; methane gas monitoring to protect public safety; monitoring for potential groundwater and surface water impacts; and erosion control and groundskeeping (i.e., mowing and removal of trees).</p>

CORE DECISION ITEM

Department of Natural Resources	Budget Unit	79340C, 79455C
Division of Environmental Quality		
Solid Waste Management PSDs Core	HB Section	6.270, 6.275

4. FINANCIAL HISTORY (continued)**NOTES:**

(1) Appropriations are set at a level to accommodate solid waste management district allocation amounts as they become known and remittable, scrap tire activities as they are awarded and completed, and work awarded and completed on landfills where the program had forfeited assurance instrument funds available for payment. Funds obligated for multi-year projects roll to the next fiscal year's core appropriation, resulting in large unexpended balances.

(2) General Revenue lapses and a portion of the other funds lapses are due to the multi-year nature and timing of forfeiture encumbrances and expenditures. During postclosure maintenance, extraordinary expenses may periodically occur and require immediate attention (i.e., methane gas system repairs, erosion control, cap failures, and leachate collection system repairs). However, if those expenses do not occur, the appropriation balance may lapse.

(3) The FY 2022 PSD core appropriations include: \$12,498,820 for solid waste activities from the Solid Waste Management Fund (0570); \$2,000,000 for scrap tire activities from the SWMF-Scrap Tire Subaccount (0569); \$151,016 forfeited financial assurance instrument funds and accrued interest held as required by 260.228 RSMo in the State General Revenue Fund (0101); and \$424,082 for forfeited financial assurance instrument funds and accrued interest held in the Postclosure Fund (0198) to allow for expenditures that may be ongoing over a 30-year period for each of the specified facilities.

The following table shows financial data for the pass-through budget units included in this form.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.225, 6.270, 6.275

DEQ - Waste Management Program

Program is found in the following core budget(s): Waste Management Program

1a. What strategic priority does this program address?

The Waste Management Program (WMP) helps Missouri citizens by managing natural resources to promote a healthy environment and economy by:

- Promoting environmental responsibility and resource stewardship.
- Enhancing services, information, and communication to improve customer experience.
- Modernizing infrastructure, strengthening workforce, and supporting economic development.
- Improving internal processes to better serve our customers.

1b. What does this program do?

- Provides technical assistance and oversight of 280 landfills, 63 transfer stations, and 19 scrap tire facilities, and ensures groundwater remains safe and clean and that land is restored.
- Operates a federally-authorized regulatory permit program overseeing solid waste facilities and their operations (Resource Conservation and Recovery (RCRA) Act 40 CFR Part 258, Subpart D) and overseeing the management of hazardous waste (Toxic Substances Control Act, RCRA Subtitle C, and the Missouri Hazardous Waste Management Law and regulations) including efforts to reduce hazardous waste production and oversight of hazardous waste generation, transportation, storage, and disposal.
- Makes determinations on requests for beneficial use of waste materials, permit exemptions, composting facilities, and scrap tire facilities.
- Directly funds scrap tire surface material grants, provides grants to individuals and businesses investing in market development for scrap tire end uses, and administers and pays for disposal of scrap tires cleaned up from the environment.
- Provides, oversees, and administers grant funding to Missouri's twenty (20) solid waste management districts to fund their operations and community-based materials reuse, reduction, composting, market development, and recycling projects.
- Receives forfeited financial assurance instrument (FAI) funds to perform closure/postclosure maintenance and repair activities at landfills and scrap tire sites where owners or operators are no longer meeting their obligations.
- Develops, maintains and updates a statewide solid waste plan.
- Provides compliance assistance to individuals and businesses.

The following table shows financial data for the budget units included in this form.

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current	FY 2023 Request

2a. Provide an activity measure(s) for the program (continued).

FY 2021 Treatment, Storage, and Disposal Facilities

Treatment, Storage, and Disposal Facilities (TSDs):

Pursuant to the Missouri Hazardous Waste Management Law, businesses that want to actively treat, store (for more than 90 days), or dispose of hazardous waste in Missouri must obtain a hazardous waste permit. As of July 2021, 86 approved Treatment, Storage, and Disposal Facilities operate in Missouri.

PROGRAM DESCRIPTION

Department of Natural Resources

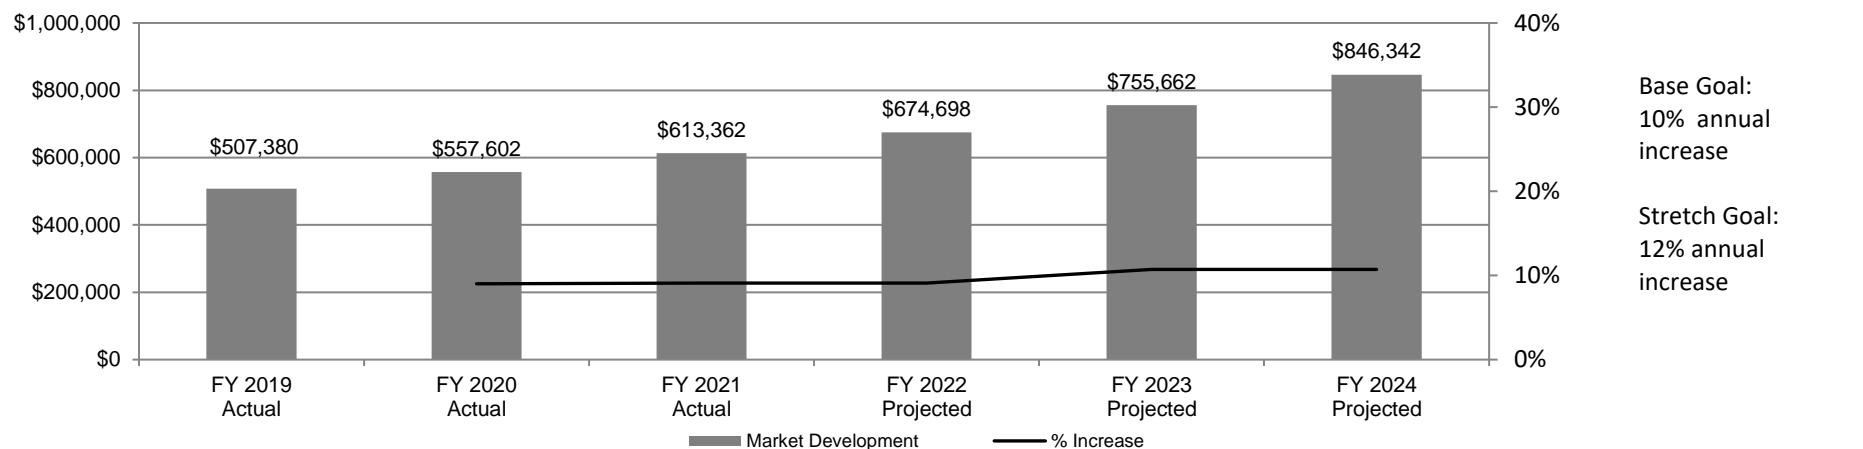

HB Section(s): 6.225, 6.270, 6.275

DEQ - Waste Management Program

Program is found in the following core budget(s): Waste Management Program

2b. Provide a measure(s) of the program's quality (continued).

Recycling prices are heavily influenced by world markets. China is the biggest consumer of recyclable materials and has significantly reduced its intake over the past three years and set very low limits for allowable contamination (0.5%). This resulted in other consumer countries being flooded with recyclables, and those countries also reducing their intakes and setting lower contamination limits. It is critical that Missouri focus appropriate solid waste management funding and efforts to develop and/or further expand domestic end markets for recycled materials. Missouri's recycling businesses continue to be vulnerable to national and international end market fluctuations, which was further highlighted in 2020 and 2021 with the impacts of COVID-19 and the closure of many recycling businesses.

WMP works with Missouri's Solid Waste Advisory Board (SWAB), the solid waste management districts, Environmental Improvement and Energy Resources Authority, and the Department of Economic Development to focus solid waste management funds to develop, expand, and promote end-use markets for waste materials.

Pursuant to Section 260.335, RSMo, the Department provides grant funding to Missouri's twenty (20) solid waste management districts to fund their operations and community-based waste diversion projects. SWAB provides annual recommendations in addition to the statutorily-established solid waste management criteria for usage of these district grant funds. The Department and SWAB monitor the performance of this district grant program. Local governments, small and large businesses, schools, sheltered workshops, and individuals seek and receive grants to support activities to remove materials from the waste stream and return them for beneficial reuse.

PROGRAM DESCRIPTION

Department of Natural Resources

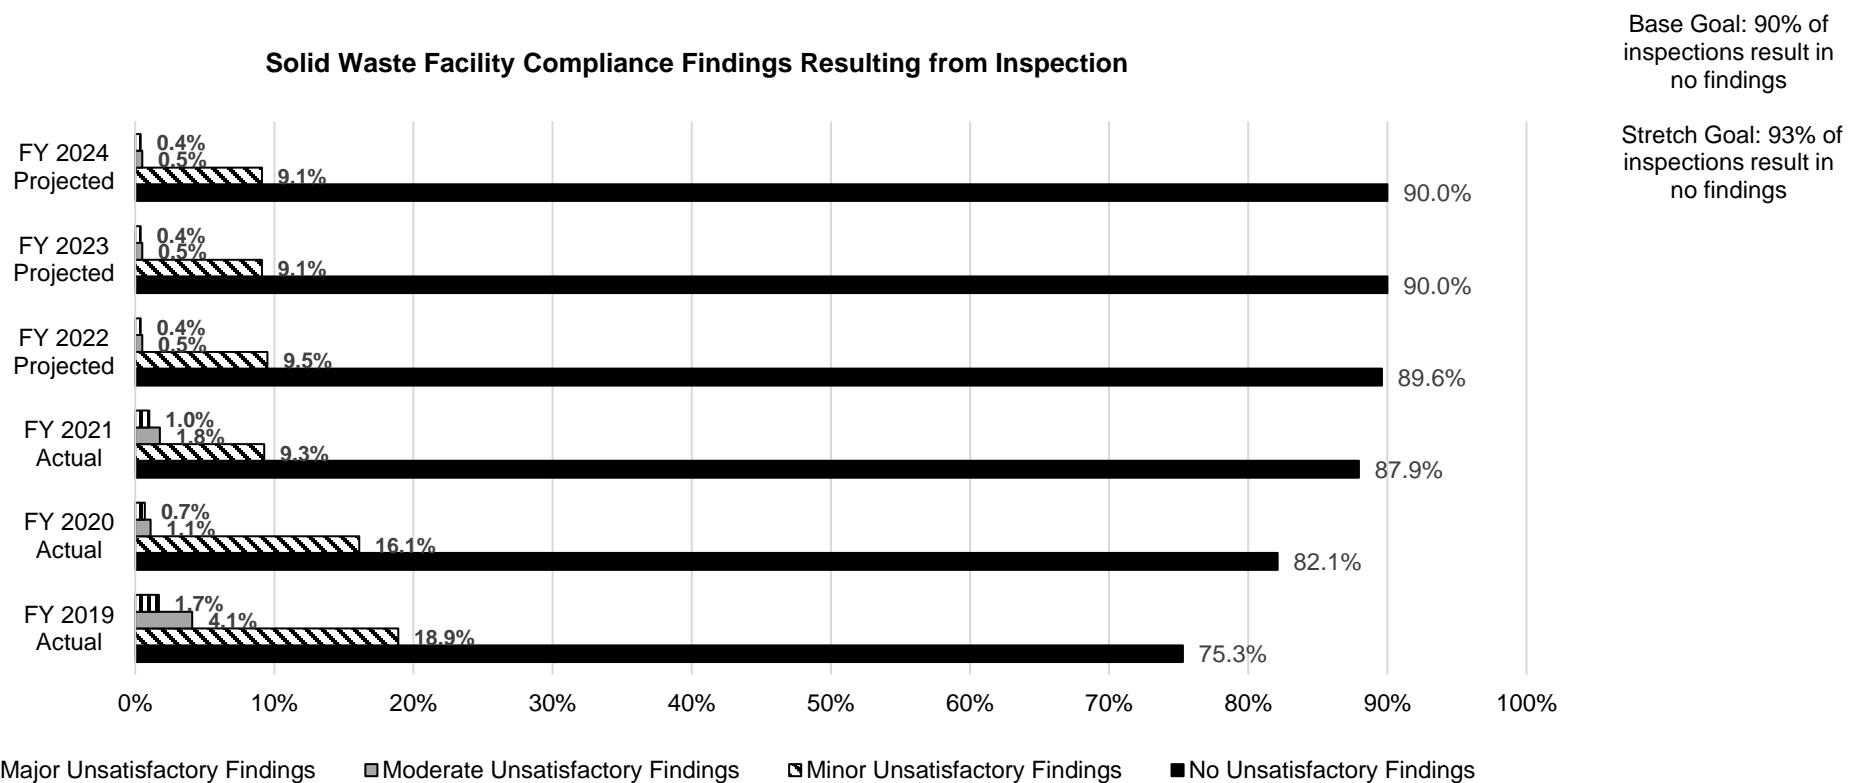

HB Section(s): 6.225, 6.270, 6.275

DEQ - Waste Management Program

Program is found in the following core budget(s): Waste Management Program

2c. Provide a measure(s) of the program's impact.

Solid Waste Facility Compliance Findings Resulting from Inspection

Solid waste management facility inspections, investigations, and compliance assistance visits are conducted by Department staff. Issues identified during these activities are documented and classified according to severity and potential impact to human health and the environment. Examples of the levels of "Unsatisfactory Findings" include: "Major" - landfill gas migration or leachate (contaminated storm water) leaving the permitted property; "Moderate" - inadequate landfill cover; and "Minor" - record keeping related issues. Waste Management Program staff monitor and coordinate closely with facilities to provide compliance assistance and prompt higher compliance rates.

PROGRAM DESCRIPTION

Department of Natural Resources

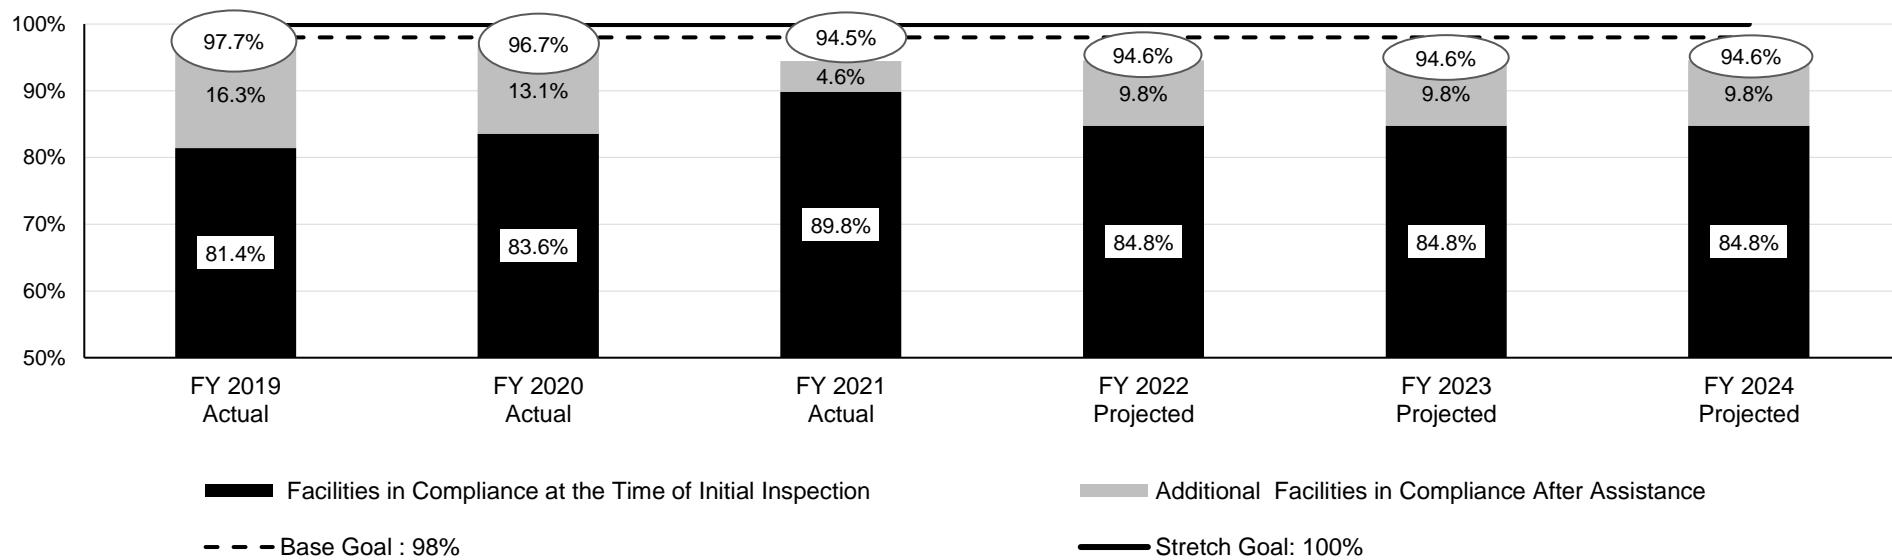

HB Section(s): 6.225, 6.270, 6.275

DEQ - Waste Management Program

Program is found in the following core budget(s): Waste Management Program

2c. Provide a measure(s) of the program's impact (continued).

Inspection Compliance Rates for Hazardous Waste Facilities

Inspected facilities include hazardous waste generators and permitted treatment, storage, and disposal facilities. All facilities not in compliance at the time of initial inspection receive compliance assistance to resolve outstanding issues. Notices of violation are issued when necessary to correct deficiencies.

PROGRAM DESCRIPTION

Department of Natural Resources

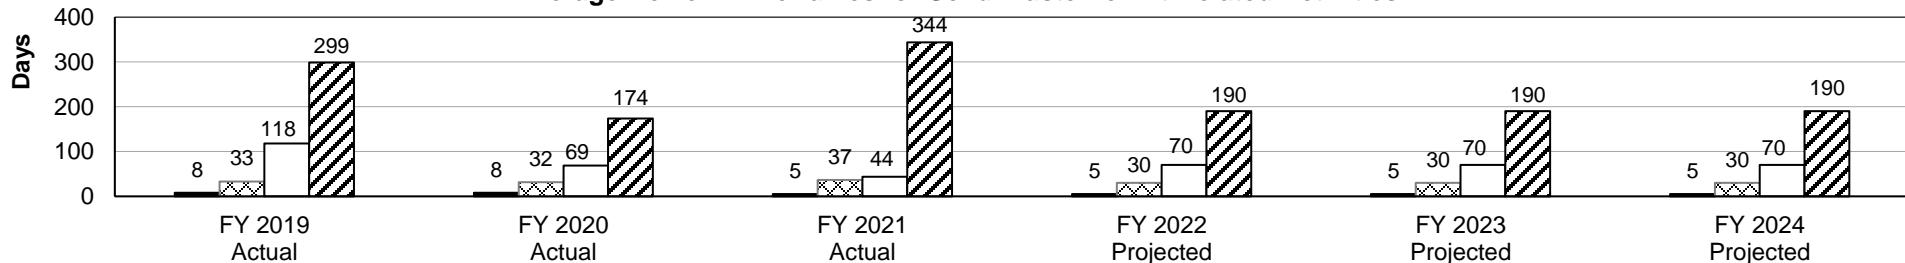

HB Section(s): 6.225, 6.270, 6.275

DEQ - Waste Management Program

Program is found in the following core budget(s): Waste Management Program

2d. Provide a measure(s) of the program's efficiency.

Average Review Timeframes for Solid Waste Permit-Related Activities

Legend	Regulated Entity/ Permit Activity	Established Timeframe per 10 CSR 80-2.2020	Base Goal (days)	Stretch Goal (days)	Number of Permits (FY 2021)
█	Scrap Tire Haulers Permit	Within 14 Days	8	5	75
☒	Authorization to Operate/Operating Permits	Within 60 Days	32	30	8
□	New Construction Permits: Solid Waste Transfer Stations	Within 180 Days	75	70	33
▨	Permit Modifications: Solid Waste Disposal Areas (landfills) and Transfer Stations, and Material Recovery Facilities	Within 365 Days	200	190	3

The Waste Management Program provides permits for a variety of businesses in the solid waste management industry. The degree of technical review required, and volume of requests received, varies greatly according to permit type (e.g., the high volumes of scrap tire hauler permit requests require less review time than the landfill new construction permit requests, which are received less frequently). During FY 2021, the Waste Management Program had several review engineer vacancies and received a greater number of technically complex applications than in FY 2020. This resulted in increased review times for the permit types that fall within the 365 day regulatory timeframe. While those vacancies were filled in late FY 2021, the time necessary for those staff to obtain training and the experience to work independently, coupled with an expected continual increase in permit applications in this category, will result in longer application review timeframes for FY 2022-2024 than was seen in FY 2020 (a year that saw significant reduction in review timeframes).

PROGRAM DESCRIPTION

Department of Natural Resources

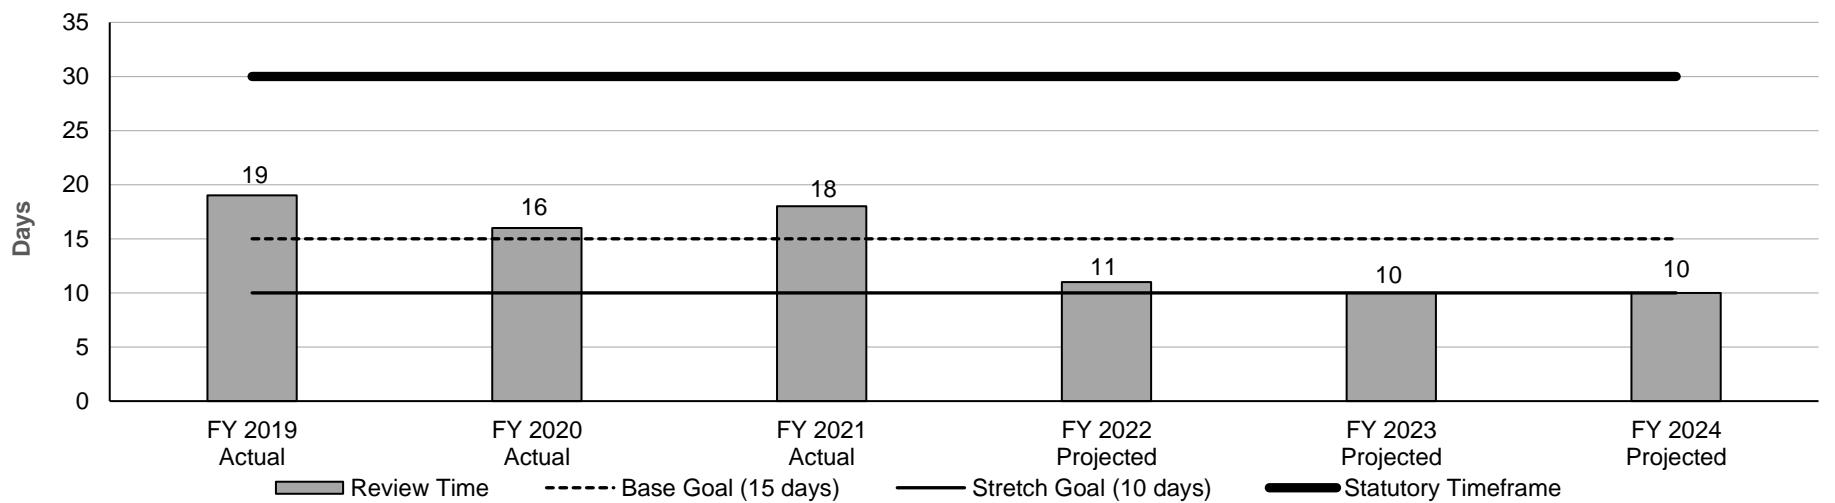

HB Section(s): 6.225, 6.270, 6.275

DEQ - Waste Management Program

Program is found in the following core budget(s): Waste Management Program

2d. Provide an efficiency measure (continued).

Department Review of Solid Waste District Grant Applications

The Department provides grant funding to Missouri's solid waste management districts to fund their operations and community-based waste diversion projects. The districts send approximately 200 grant applications per year to the Department for review to ensure appropriate usage of these funds. In order to ensure this funding is distributed to these districts, businesses, and communities in a timely manner, statute requires the Department's initial review not to exceed 30 days. The District then has 30 days to respond to questions and deficiencies. The Department then has an additional 30 days to approve or deny each district grant.

The Department and solid waste management districts continue to seek opportunities to streamline the district grant application process to expedite the distribution of these funds.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

Financial data includes operating and pass-through appropriations. FY 2022 Planned is shown at full appropriation. FY 2021 appropriations reflect the reorganization of the Waste Management Program and the Environmental Remediation Program in FY 2020.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.225, 6.270, 6.275</u>
DEQ - Waste Management Program	
Program is found in the following core budget(s): Waste Management Program	
4. What are the sources of the "Other" funds?	
Post closure Fund (0198); Coal Combustible Residuals (0551); Solid Waste Management Fund - Scrap Tire Subaccount (0569); Solid Waste Management Fund (0570); Hazardous Waste Fund (0676)	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number if applicable.)	
42 U.S.C. 6901-6991k	Solid Waste Disposal/Resource Conservation and Recovery Act and Major Amendments
40 CFR Part 258	Criteria for Municipal Solid Waste Landfills
40 CFR Part 258, Subpart G	Financial Assurance Criteria
40 CFR Part 257	Coal Combustion Residuals
260.200 through 260.345 RSMo	Solid Waste Management Law
260.226 - 260.228, RSMo	Landfill Closure/Postclosure Plan
260.275 RSMo	Scrap Tire Site Closure Plan
260.250 through 260.434 RSMo	Hazardous Waste Inspection and Enforcement and Permitting Resource Conservation and Recovery Act (RCRA)
260.375 RSMo	Hazardous Waste Transporter Licensing
260.390 RSMo	Commercial Hazardous Waste Facility Inspection Program
260.396 RSMo	PCB Inspections
6. Are there federal matching requirements? If yes, please explain.	
Performance Partnership Grant - RCRA	25% State (EPA)
Performance Partnership Grant - Toxic Substances Control Act (TSCA) Air Toxic Inspections.	25% State (EPA)
7. Is this a federally mandated program? If yes, please explain.	
The program has U.S. Environmental Protection Agency approval to implement 40 CFR Part 258 Subtitle D landfill regulations under the Resource Conservation and Recovery Act.	
Through delegation from, and agreements with, the U.S. Environmental Protection Agency, the Waste Management Program supports the federal Resource Conservation and Recovery Act (RCRA), Section 9004 of the Solid Waste Disposal Act as amended by RCRA.

Department of Natural Resources	Budget Unit <u>79454C</u>
Division of Environmental Quality	
Solid Waste Forfeitures GR Transfer	HB Section <u>6.274</u>
DI# 1780001	

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This new decision item is a one-time request to transfer the funds from forfeited solid-waste landfill financial-assurance instruments (FAIs), which currently are held in the general revenue fund (as required by Section 260.228.2, RSMo), into the Post-Closure (forfeiture) Fund 0198.

FAIs are collateral provided to the state by permitted landfill owners or operators to be used by the Department to address public health and safety issues when the owner is unable or unwilling to properly address these issues. Forfeited funds can also be used for a number of potential emergency threats.

The transfer of the FAI GR cash balance into the Post-Closure Fund 0198 will allow the Department to use these dedicated funds in a timelier and more cost-effective manner when correcting conditions at these solid-waste disposal areas or processing facilities.

The current GR forfeiture E&E appropriation of \$130,000 is insufficient to cover the maintenance and corrective actions currently required at landfills and solid-waste facilities for which these forfeited FAI funds are intended. In addition, the appropriation level prevents the Department from completing larger projects within one fiscal year, resulting in multiple mobilizations at additional cost. The transfer of these GR funds will allow the Department to more efficiently utilize forfeited FAIs to save time and reduce overall costs.

For example, the Department currently needs to install, among other things, four landfill-gas extraction wells at the Woods Chapel Site. One extraction well costs approximately \$130,000. Each time a well drilling and installation contractor mobilizes, the Department incurs a cost of approximately \$67,000. Under current budget authority, the contractor would have to mobilize four times over four years to complete the project. The multiple mobilizations would increase project costs by \$201,000 and extend by three years the timeframe to bring the migration of methane gas under control.

The amount of forfeitures held in GR as of June 30, 2022 (currently estimated at \$997,773), will determine the transfer amount; any remaining transfer authority will lapse. In conjunction with this request, the Department's FY 2023 Budget Request includes a corresponding increase to our Solid Waste Forfeitures appropriations (Fund 0198) for \$997,773, as well as voluntary core reductions of our core GR forfeiture appropriations (\$21,016 Personal Service and \$130,000 Expense & Equipment).

NEW DECISION ITEM
RANK: 005 OF 014

Department of Natural Resources	Budget Unit 79454C
Division of Environmental Quality	
Solid Waste Forfeitures GR Transfer	DI# 1780001
	HB Section 6.274

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Current appropriation authority is insufficient to accommodate the assessed needs at each of these landfills and solid waste facilities. The specific needs of each landfill range from general maintenance to installation of gas extraction and gas monitoring wells. Increased authority will allow the Department to more efficiently utilize forfeited FAIs to save time and reduce overall costs.

Facility Name	County	Description of Expenses	Current Balance as of June 30, 2021	Projected FAIs held in GR Interest through June 30, 2022	Total Estimated Cash Balance as of June 30, 2022	Estimated Short-Term Expenses	Projected Remaining Cash After Est. Short Term Exp.
Wat Park Sanitary Landfill	Maries	Removal of woody vegetation. Purchase soil to cover exposed waste and fill subsidence areas and grade to correct drainage problems. Repair leachate releases to prevent flow onto adjacent property.	\$ 29,920	\$ 177	\$ 30,097	\$ -	\$ 30,097

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:	
<p>FAIs are collateral provided to the state by permitted landfill and scrap tire site owners or operators to be used by the Department when the owner is unable or unwilling to properly implement closure and/or post closure activities. Sufficient financial assurance is needed to ensure adequate funding for closure and/or post-closure activities for solid waste facilities are conducted when needed to protect public health and safety and the environment. This involves activities required to ensure closed landfills have controls in place for at least 30 years after the landfill closes. Such activities include: maintenance or replacement of the landfill cover, which costs several thousands of dollars per acre; an adequate soil/vegetative cap to prevent water infiltration; methane gas monitoring to protect public safety; monitoring for potential groundwater and surface water impacts; erosion control, and groundskeeping (mowing and removal of trees).</p> <p>Each of these landfills will be assigned to a project-manager within the Waste Management Program to oversee the contracted assessment review, maintenance, and/or corrective action. The requested increase amount to this appropriation was based on general cost estimates for the work that is required to address the current issues at each landfill and the FAI GR projected fund balance as of June 22, 2022. The Waste Management Program anticipates that requested appropriation levels will be necessary to address future solid waste facility issues, including emergencies.</p>

<u>Solid Waste Forfeitures PSD Increase</u>	<u>DI# 1780002</u>	<u>HB Section 6.275</u>
3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.		
<p>This new decision item requests increased budget authority for the Post-Closure (forfeiture) Fund 0198 to accommodate a one-time transfer of the forfeited solid-waste landfill financial-assurance instrument (FAI) funds, which currently are held in the general revenue fund (as required by Section 260.228.2, RSMo). See corresponding Solid Waste Forfeiture GR Transfer NDI.</p> <p>FAIs are collateral provided to the state by permitted landfill owners or operators to be used by the Department to address public health and safety issues when the owner is unable or unwilling to properly address these issues. Forfeited funds can also be used for a number of potential emergency threats.</p> <p>The transfer of the FAI GR cash balance into the Post-Closure Fund 0198 will allow the Department to use these dedicated funds in a timelier and more cost-effective manner when correcting conditions at these solid-waste disposal areas or processing facilities.</p> <p>The current Post-Closure (forfeiture) Fund 0198 E&E appropriation of \$423,973 is insufficient to cover the maintenance and corrective actions currently required at landfills and solid-waste facilities for which these forfeited FAI funds are intended. In addition, the appropriation level prevents the Department from completing larger projects within one fiscal year, resulting in multiple mobilizations at additional cost. The transfer of these GR funds will allow the Department to more efficiently utilize forfeited FAIs to save time and reduce overall costs.</p> <p>For example, the Department currently needs to install, among other things, four landfill gas-extraction wells at the Woods Chapel Site. One extraction well costs approximately \$130,000. Each time a well drilling and installation contractor mobilizes, the Department incurs a cost of approximately \$67,000. Under current budget authority, the contractor would have to mobilize four times over four years to complete the project. The multiple mobilizations would increase project costs by \$201,000 and extend by three years the timeframe to bring the migration of methane gas under control.</p>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM (continued).

General Revenue Forfeited Funds Spent (Expense and Equipment)

Forfeited funds are used to provide Department oversight of closure, post-closure, and corrective action activities. These can be preventative or corrective actions, and implementation may be required at each of the respective facilities. These actions range from properly closing and capping a landfill; installing a landfill gas extraction system to prevent methane migration into occupied structures, as well as off-site; preventing contamination of surface and groundwater from landfill leachate releases or from gas migration percolating through surface and subsurface water sources; and public nuisance due to odors. If these preventative or corrective actions are left unaddressed, the resulting impacts could threaten public health, safety, and the environment, which could lead to requiring additional state resources.

NEW DECISION ITEM

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Current appropriation authority is insufficient to accommodate the assessed needs at each of these landfills and solid waste facilities. The specific needs of each landfill range from general maintenance to installation of gas extraction and gas monitoring wells. Increased authority will allow the Department to more efficiently utilize forfeited FAIs to save time and reduce overall costs.

Facility Name	County	Description of Expenses	Current Balance FAIs held in GR as of June 30, 2021	Projected Interest through June 30, 2022	Total Estimated Cash Balance as of June 30, 2022	Estimated Short-Term Expenses	Projected Remaining Cash After Est. Short Term Exp.
Wat Park Sanitary Landfill	Maries	Removal of woody vegetation. Purchase soil to cover exposed waste and fill subsidence areas and grade to correct drainage problems. Repair leachate releases to prevent flow onto adjacent property.	\$ 29,920	\$ 177	\$ 30,097	\$ -	\$ 30,097
Midwest Method Sanitary Landfill	Carroll	Add soil and fill/regrade for settlement and erosion control. Repair berms to prevent leachate flowing off-site. Evaluate performance of passive gas system and add passive vents as needed. Mowing.	\$ 71,763	\$ 387	\$ 72,150	\$ 53,894	\$ 18,256
Henderson Sanitary Landfill	Grundy	Erosion control and leachate releases around stormwater management structures. Removal of woody vegetation in management. Cap maintenance due to erosion. Mowing.	\$ 71,883	\$ 293	\$ 72,176	\$ 28,000	\$ 44,176
Northwest Sanitary Landfill	Camden	Erosion control on side slopes. Removal of woody vegetation to avoid cap penetration and establishment of grassy vegetation. Mowing.	\$ 40,181	\$ 164	\$ 40,345	\$ 20,000	\$ 20,345

NEW DECISION ITEM

Department of Natural Resources

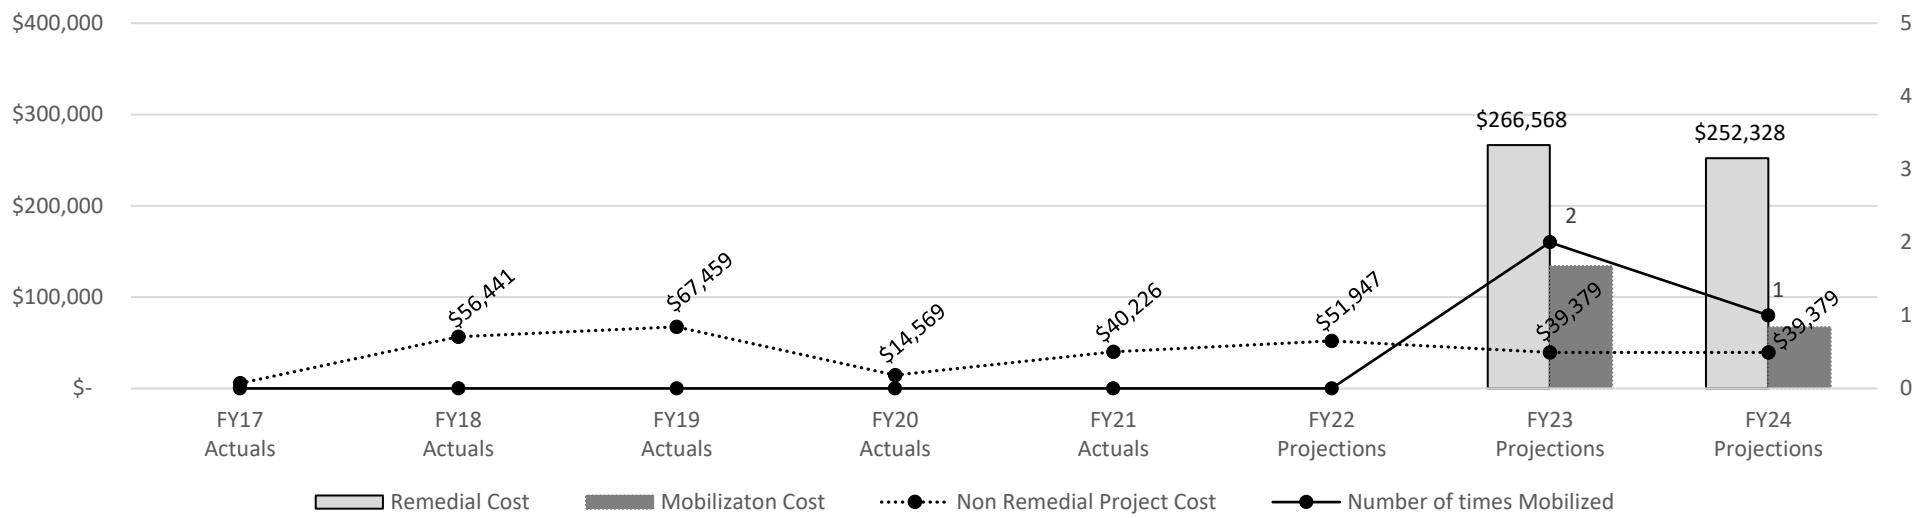

Budget Unit 79455C

Division of Environmental Quality

DI# 1780002

HB Section 6.275

6b. Provide a measure(s) of the program's quality.

On April 8, 1994, Resource Conservation Recovery Act Subtitle D was passed into law creating minimum design and operational standards for sanitary landfills. The new law prompted the closure of multiple sanitary landfills that did not meet these minimum design requirements with many of those landfills closing prior to fully funding their financial assurance instruments for closure and post-closure care. When owner/operators of these facilities failed to take steps to properly close and maintain their facilities, those financial instruments were forfeited to the State of Missouri with the funds being dedicated for use in carrying out proper closure, post-closure care, or to take corrective actions at those facilities. This left the State of Missouri with several landfills that currently lack the necessary resources to properly close, maintain the landfill through the post-closure period, and/or take corrective actions. On behalf of the State, the Waste Management Program evaluates these landfill sites each year for work that is needed to maintain these facilities and the program attempts to use those minimal funds to best protect public, health, safety, and the environment. In order to complete this work, the Program needs to be able to fully utilize the already underfunded and underappropriated forfeited amounts in a timely manner as delays can exacerbate problems such as landfill cover erosion, leachate outbreaks, landfill gas migration, etc. further increasing response costs. By increasing the appropriation, this will allow projects to be completed in a single contractor mobilization; thereby, reducing costs.

NEW DECISION ITEM
RANK: 006 OF 014

Department of Natural Resources

Budget Unit 79455C

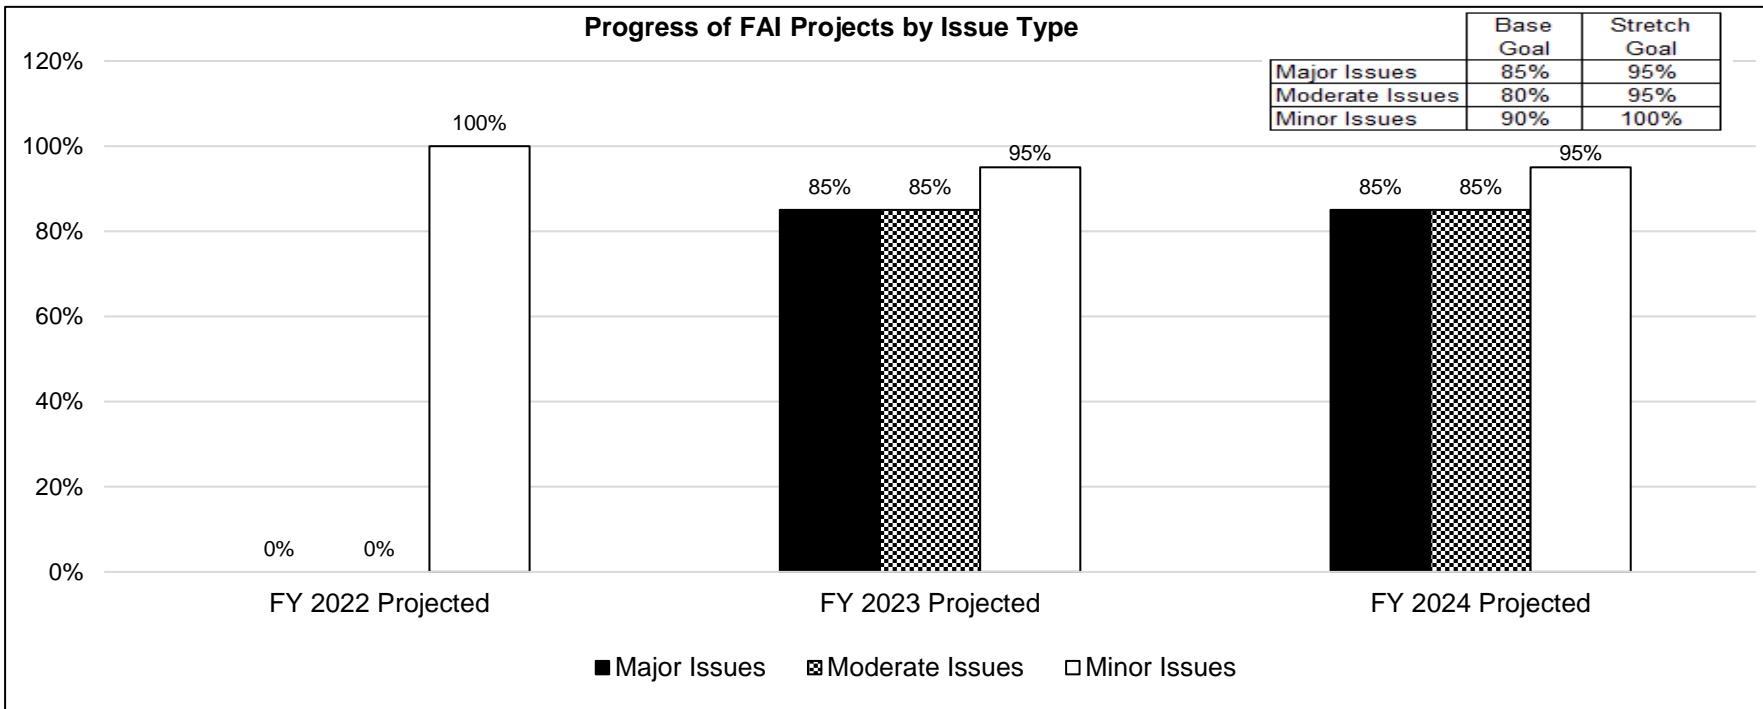

Division of Environmental Quality

Solid Waste Forfeitures PSD Increase

DI# 1780002

HB Section 6.275

6c. Provide a measure(s) of the program's impact.

The Waste Management Program routinely assesses each solid waste facility with a forfeited FAI to identify issues that must be addressed with the limited funding available from the forfeited FAIs. Some issues can be promptly satisfied, while others may require longer term projects to ensure any potential threats to human health and the environment are properly addressed. This is a new measure, therefore prior year data is not available.

Minor Issues = mowing, erosion repair, reseeding vegetation, gas well tuning and maintenance; < \$25,000 per project

Moderate Issues = gas/leachate lateral line repairs, flare repairs, significant repairs to gas or groundwater wells; \$25,001 to \$100,000 per project

Major Issues = placement of an engineered soil cap/cover, gas system installation (multiple wells), Ground Water wells installation; >\$100,001 per project

Division of Environmental Quality
Solid Waste Forfeitures PSD Increase

DI# 1780002

Budget Unit 79455C

HB Section 6.275

6d. Provide a measure(s) of the program's efficiency.

The Waste Management Program will classify each issue identified at a solid waste facility with a forfeited FAI by potential risk to human health and the environment. The Waste Management Program will track time in days to sufficiently address the issue and complete the project.

This is a new measure, therefore prior year data is not available.

NEW DECISION ITEM		
RANK: <u>006</u>	OF <u>014</u>

Division of Environmental Quality		
Solid Waste Forfeitures PSD Increase	DI# <u>1780002</u>	HB Section <u>6.275</u>
7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:		
<p>FAIs are collateral provided to the state by permitted landfill and scrap tire site owners or operators to be used by the Department when the owner is unable or unwilling to properly implement closure and/or post-closure activities. Sufficient financial assurance is needed to ensure adequate funding for closure and/or post-closure activities for solid waste facilities are conducted when needed to protect public health and safety and the environment. This involves activities required to ensure closed landfills have controls in place for at least 30 years after the landfill closes. Such activities include: maintenance or replacement of the landfill cover, which costs several thousands of dollars per acre; an adequate soil/vegetative cap to prevent water infiltration; methane gas monitoring to protect public safety; monitoring for potential groundwater and surface water impacts; erosion control, and grounds keeping (mowing and removal of trees).</p> <p>Each of these landfills will be assigned to a project-manager within the Waste Management Program to oversee the contracted assessment review, maintenance, and/or corrective action. The requested increase amount to this appropriation was based on general cost estimates for the work that is required to address the current issues at each landfill and the FAI GR projected fund balance as of June 22, 2022. The Waste Management Program anticipates that requested appropriation levels will be necessary to address future solid waste facility issues, including emergencies.</p>

<p>2. CORE DESCRIPTION</p> <p>The Regional Offices and Central Field Operations are located throughout the state of Missouri and work in partnership with the DEQ environmental programs to protect the state's air, land, and water resources, which are important for Missouri citizens' quality of life and the economy. The program provides consistent, efficient delivery of services closer to where Missourians live and work. This is accomplished through timely compliance assistance, inspection, on-site visits to permitted facilities, wastewater and air burn permit issuance, and investigating reported environmental concerns. Regional offices are located throughout the state to provide more local access to those we serve.</p>

PROGRAM DESCRIPTION	
Department of Natural Resources	HB Section(s): 6.225
DEQ - Regional Offices	
Program is found in the following core budget(s): Regional Offices	
1a. What strategic priority does this program address?	
<p>The Regional Offices and Central Field Operations Office will help Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:</p> <ul style="list-style-type: none"> • Promoting environmental responsibility and resource stewardship. • Enhancing services, information, and communication to improve customer experience. • Modernizing infrastructure, strengthening workforce, and supporting economic development. • Improving internal processes to better serve our customers. 	
1b. What does this program do?	
<p>Five regional offices and the Central Field Operations office are located throughout the state to provide locally-available technical expertise, assistance, and knowledge of Department resources and services to the public and regulated entities to promote environmental protection. (Lee's Summit, Macon, St. Louis, Springfield, Poplar Bluff, and Jefferson City).</p>	
<p>Regional offices/Central Field Operations office:</p> <p>Provide training, customer service, and environmental assistance to the public, regulated entities, agencies, local government and organizations, and other Department staff.</p> <p>Provide compliance assistance to regulated entities and the public.</p> <p>Conduct inspections of regulated entities and issue permits to maintain environmental protection.</p> <p>Respond to environmental concerns reported by citizens.</p> <p>Respond to environmental emergencies like flooding, drinking water outages, storm damage, and fish kills.</p>	

PROGRAM DESCRIPTION

Department of Natural Resources

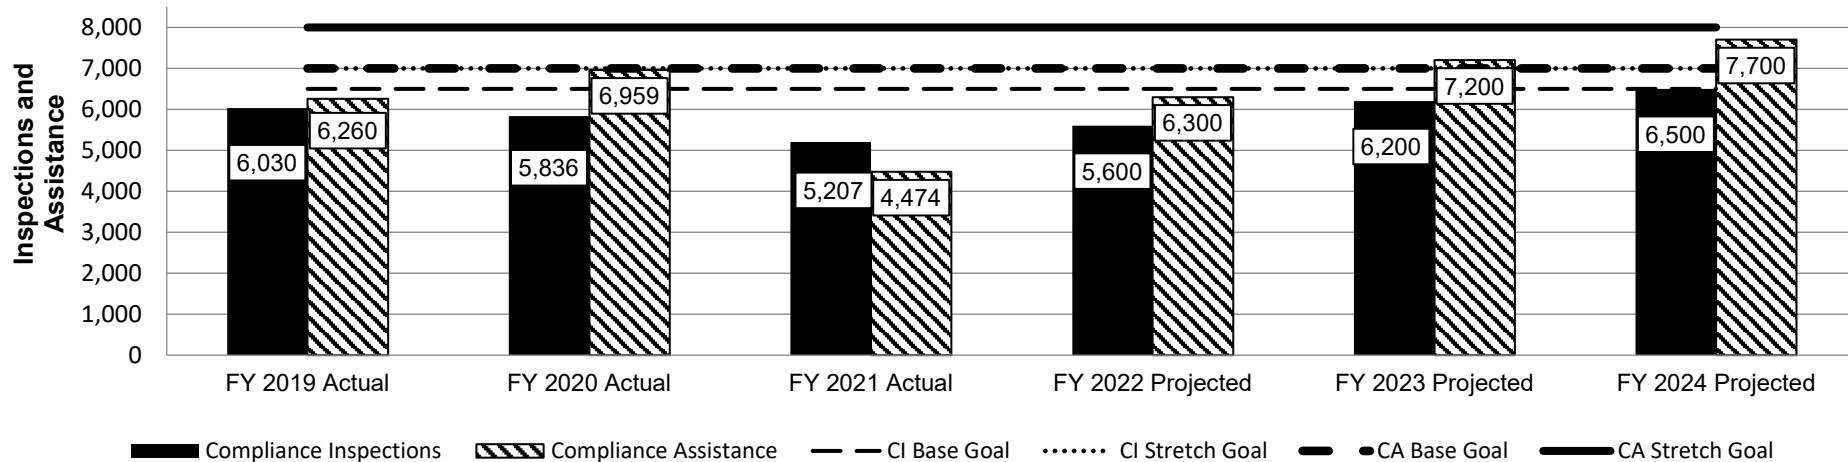

DEQ - Regional Offices

Program is found in the following core budget(s): Regional Offices

2a. Provide an activity measure(s) for the program.

HB Section(s): 6.225

Annual Compliance Inspections and Assistance Conducted by Regional Offices and Central Field Operations

Compliance Inspections:

The number of inspections varies based on demand work, environmental concerns, EPA priority, and risk. The EPA inspection goal for Missouri in 2021 was 2,718. Office restructuring and vacancies temporarily reduced the overall number of inspections possible for FY 2019. Limitations on field activities and held vacancies as a result of COVID-19 impacted on-site inspection numbers in FY 2020 and FY 2021.

Compliance Assistance:

Compliance assistance efforts consist of field and office work that provide technical expertise, guidance, or training to an entity in order to assist them in returning to or maintaining compliance with environmental rules and regulations. A focused and more consistent tracking approach was put into place in FY 2018 as well as a Department-wide focus on compliance assistance. Limitations on field activities as a result of COVID-19 impacted on-site assistance numbers in FY 2021.

FY 2020 Compliance Inspections and FY 2020 Compliance Assistance actuals were updated based on the most recently available data.

PROGRAM DESCRIPTION

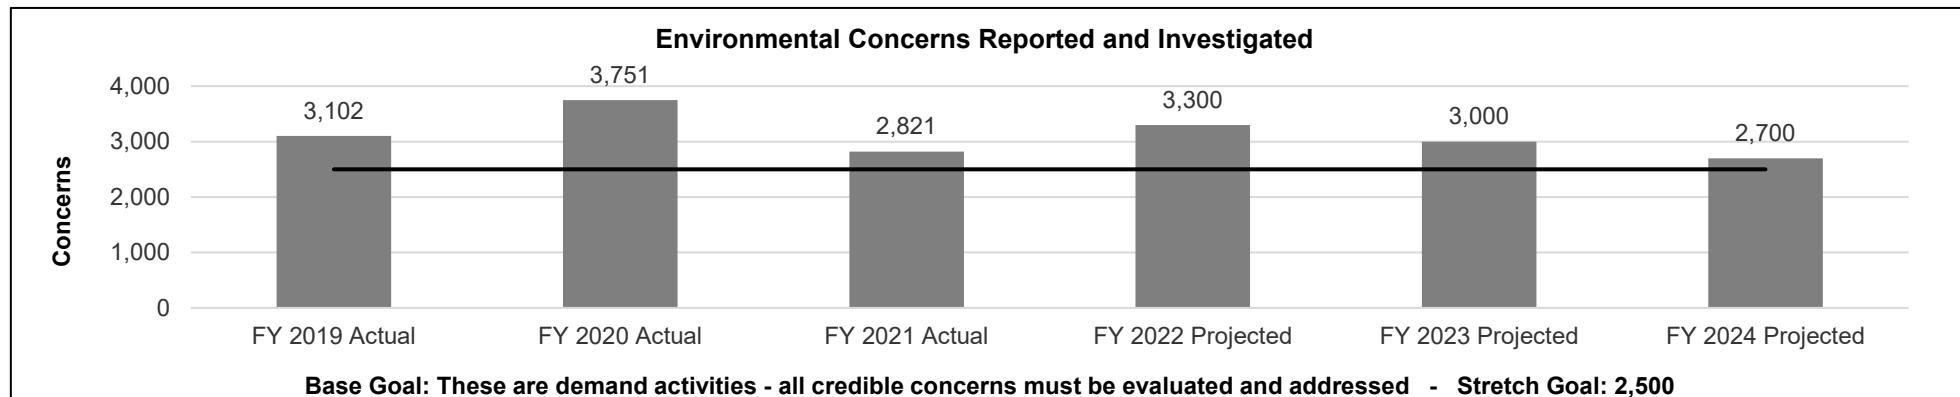

Department of Natural Resources

HB Section(s): 6.225

DEQ - Regional Offices

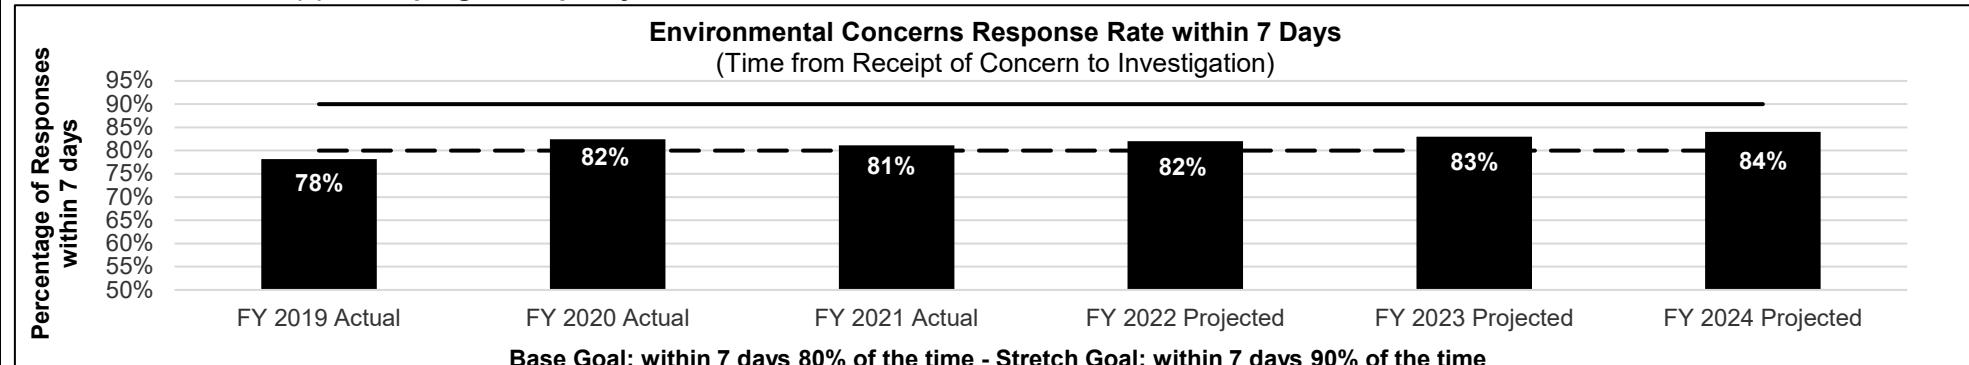

Program is found in the following core budget(s): Regional Offices

2a. Provide an activity measure(s) for the program (continued).

As a result of increased compliance assistance, the Department expects a reduction in concerns. FY 2020 Actuals were updated based on the most recently available data. In FY 2020, the Department received a higher level of concerns in the St. Louis area related to landfills. In FY 2021, the Department received fewer reported concerns likely due to the reduction of regulated activities as a result of COVID-19.

2b. Provide a measure(s) of the program's quality.

Limitations on field activities and held vacancies as a result of COVID-19 impacted overall response time in FY 2020 and FY 2021; however, 91% of responses were within 15 days.

PROGRAM DESCRIPTION

Department of Natural Resources

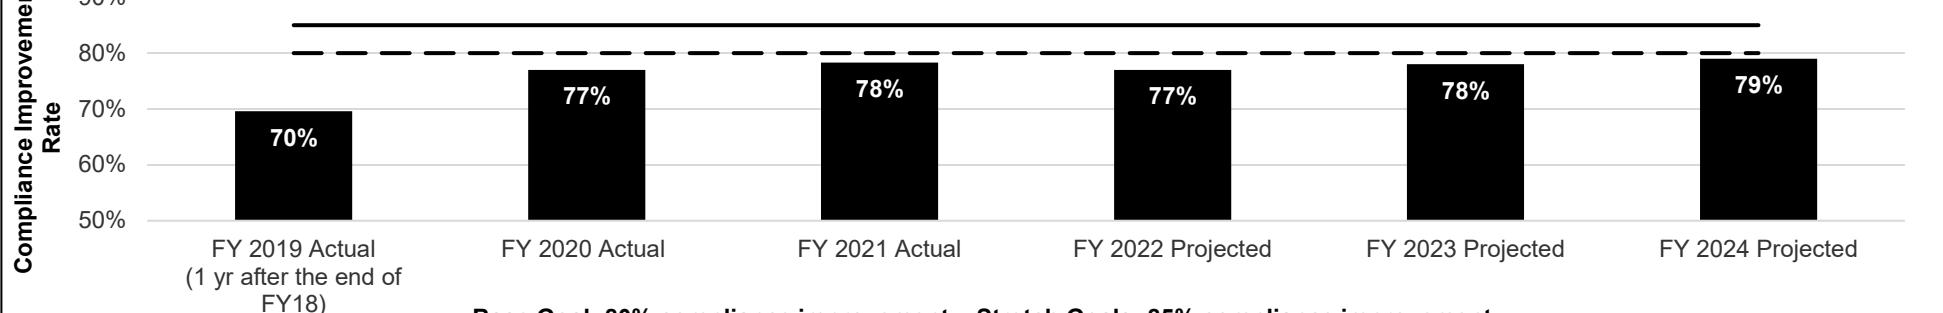

HB Section(s): 6.225

DEQ - Regional Offices

Program is found in the following core budget(s): Regional Offices

2c. Provide a measure(s) of the program's impact.

**Facilities with Compliance Improvement After Inspection
(within 1 Year from end of Fiscal Year)**

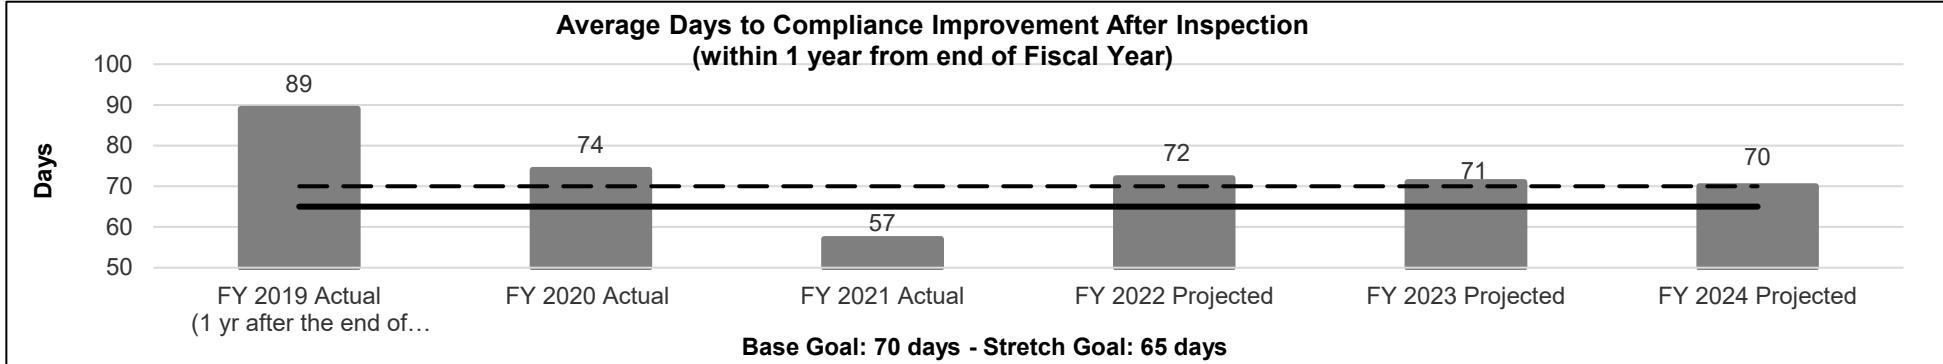

Base Goal: 80% compliance improvement - Stretch Goals: 85% compliance improvement

Each year's data represented above is a result of facilities' efforts and staff compliance assistance efforts performed since the date of the previous fiscal year's inspection. An increased compliance assistance focus was initiated in FY 2019.

2d. Provide a measure(s) of the program's efficiency.

**Average Days to Compliance Improvement After Inspection
(within 1 year from end of Fiscal Year)**

Each year's data represented above is a result of facilities' efforts and staff compliance assistance efforts performed since the date of the previous fiscal year's inspection. An increased compliance assistance focus was initiated in FY 2019. FY 2022 through FY 2024 projections anticipate an increase in average days to compliance industrial activities and inspections increase to pre-COVID-19 levels.

PROGRAM DESCRIPTION

Department of Natural Resources

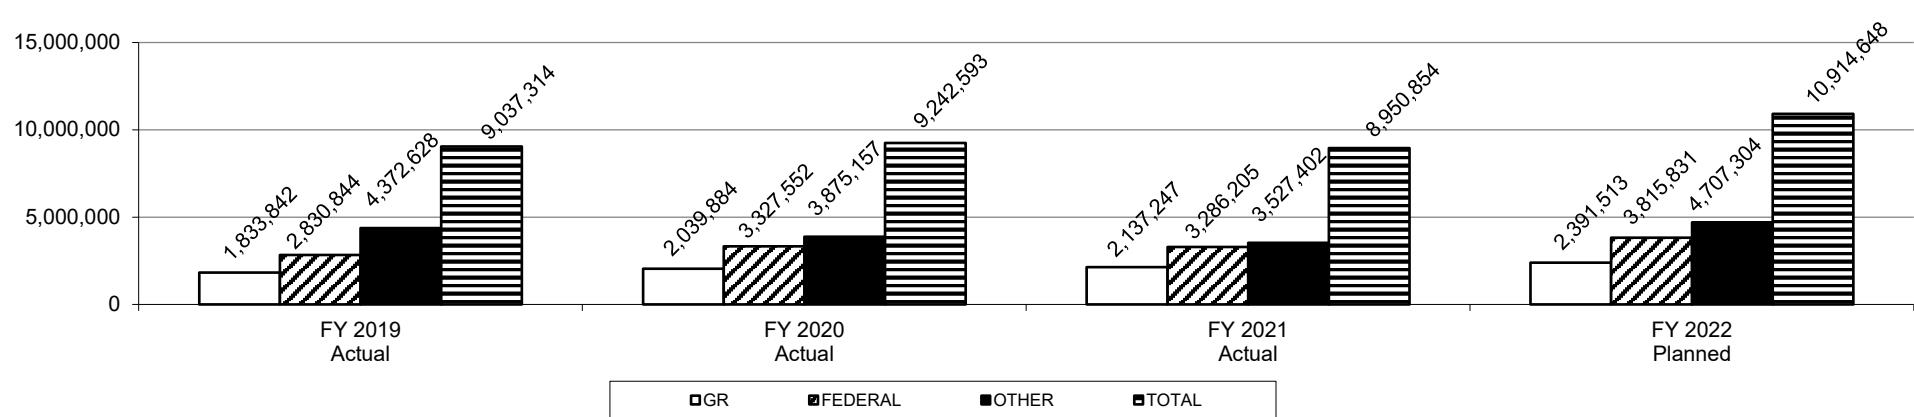

HB Section(s): 6.225

DEQ - Regional Offices

Program is found in the following core budget(s): Regional Offices

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Program Expenditure History

FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

Missouri Air Emission Reduction Fund (0267); Cost Allocation Fund (0500); Natural Resources Protection Fund - Water Pollution Permit Fee Subaccount (0568); Solid Waste Management Fund - Scrap Tire Subaccount (0569); Solid Waste Management Fund (0570); Natural Resources Protection Fund - Air Pollution Asbestos Fee Subaccount (0584); Natural Resources Protection Fund - Air Pollution Permit Fee Subaccount (0594); Soil and Water Sales Tax Fund (0614); Water and Wastewater Loan Fund (0649); Hazardous Waste Fund (0676); and Safe Drinking Water Fund (0679)

PROGRAM DESCRIPTION**Department of Natural Resources****HB Section(s): 6.225****DEQ - Regional Offices****Program is found in the following core budget(s): Regional Offices****5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Federal Clean Water Act, as amended

Federal Safe Drinking Water Act, as amended

Federal Clean Air Act, with amendments, 1990

Federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended

Federal Superfund Amendments and Reauthorization Act of 1986

Federal Resource Conservation and Recovery Act of 1976, as amended

Federal Solid Waste Disposal Act of 1976, as amended

RSMo 640.040 Cleanup of Controlled Substance

RSMo 260.500 through 260.552 Hazardous Substance Emergency Response

Also see program authorization in the core operating budgets for the Division of Environmental Quality's Water Protection Program, Air Pollution Control Program, Environmental Remediation Program, and Waste Management Program.

6. Are there federal matching requirements? If yes, please explain.

Performance Partnership Grant

Match varies by component

Drinking Water State Revolving Fund

20% State

Clean Water State Revolving Fund

20% State

7. Is this a federally mandated program? If yes, please explain.

The Regional Offices and Central Field Operations office provide support to implement the Clean Water Act; Safe Drinking Water Act; Clean Air Act; Resource Conservation and Recovery Act; Comprehensive Environmental Response, Compensation, and Liability Act; and Superfund Amendments and Reauthorization Act.

2. CORE DESCRIPTION																																																			
<p>The Environmental Services Program (ESP) provides field support and monitoring functions throughout Missouri. The Environmental Emergency Response Section maintains 24 hour per day support and response capability for hazardous substance releases, radiological incidents, homeland security events, and natural disasters. Local fire departments, haz-mat teams, law enforcement, and first responders rely upon these services. In FY 2021, over 800 hazardous substance spills, leaks, and other chemical-related incidents were reported through the emergency response system. ESP includes the state's environmental laboratory, which is certified by the U.S. Environmental Protection Agency (EPA). The program performs chemical analysis of public drinking water supplies and also collects and analyzes air, water, and soil samples. ESP provides management and oversight for the Hazardous Substances Analysis & Emergency Response PSD budget unit, which is located in a separate core decision item form.</p>

Hazardous Substances Analysis & Emergency Response PSD Core

Budget Unit 79475C

HB Section 6.280

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	700,000	600,000	600,000	500,000
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	700,000	600,000	600,000	500,000
Actual Expenditures (All Funds)	73,566	135,520	48,807	N/A
Unexpended (All Funds)	626,434	464,480	551,193	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	166,555	83,887	97,993	N/A
Other	459,879	380,593	453,200	N/A
	(1)	(1)	(1)	(2)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) Hazardous substance emergencies and clandestine drug lab disposals vary in size and scope, making the appropriation needs unpredictable from year-to-year.
- (2) The FY 2022 appropriations are: Controlled Substance Cleanup \$50,000 and Environmental Emergency Response \$450,000.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.280
DEQ - Environmental Services Program	
Program is found in the following core budget(s): Environmental Services Program	
1a. What strategic priority does this program address?	
The Environmental Services Program helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:	
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.	
1b. What does this program do?	
The Environmental Services Program (ESP) produces environmental data used by the Department's programs. Areas of emphasis include:	
<ul style="list-style-type: none">• Air Quality Monitoring<ul style="list-style-type: none">• Ambient air monitoring 365 days/year at 43 key locations across Missouri• 191 monitoring instruments generate 10,000,000 measurements annually• 6,000 quality control checks annually• Chemical Analysis of Environmental Samples (Laboratory)<ul style="list-style-type: none">• Report 250,000 results from nearly 20,000 samples annually• Chemical analysis of public water supplies statewide• Certification of other laboratories performing chemical analysis of drinking water samples• Chemical analysis of soil and non-potable water samples• Water Quality Monitoring<ul style="list-style-type: none">• Field collection of approximately 1,200 samples annually (includes non-potable water, sediment, and fish tissue samples)• Completion of over 600 sampling events at approximately 400 sites annually• Process approximately 90 samples providing microscopic identification of 75,000 macroinvertebrates annually to assess Missouri stream health• Analyze approximately 600 samples annually collected from public swim areas at state parks for E.coli• Monitoring and Support<ul style="list-style-type: none">• Conduct 250 performance evaluations/audits of public and private air-monitoring instruments to ensure accuracy and performance• Maintain over 200 Standard Operating Procedures to ensure consistency and quality of data• Coordinate with law enforcement to facilitate safe and economical disposal service for wastes generated from clandestine drug lab busts• Conduct over 30 sampling investigations at over 20 hazardous waste sites each year	
(continued on following page)	

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.280																								
DEQ - Environmental Services Program																									
Program is found in the following core budget(s): Environmental Services Program																									
1b. What does this program do (continued)?																									
ESP serves Missouri citizens impacted by disasters and environmental emergencies. <ul style="list-style-type: none">• Environmental Emergency Response<ul style="list-style-type: none">• Help mitigate hazardous substance emergencies and provide environmental support during natural disasters• Staff emergency spill line with qualified hazardous-materials technicians 24 hours a day, 365 days a year• Over 800 spills, leaks, and other hazardous substance incidents reported annually; provide on-scene response as needed																									
<u>Hazardous Substances Analysis & Emergency Response PSD:</u> In cases where a responsible party cannot be located or fails to take timely action, ESP responds on-scene and may hire a contractor to address threats to public health or the environment.																									
The following table shows financial data for the budget units included in this form.

PROGRAM DESCRIPTION

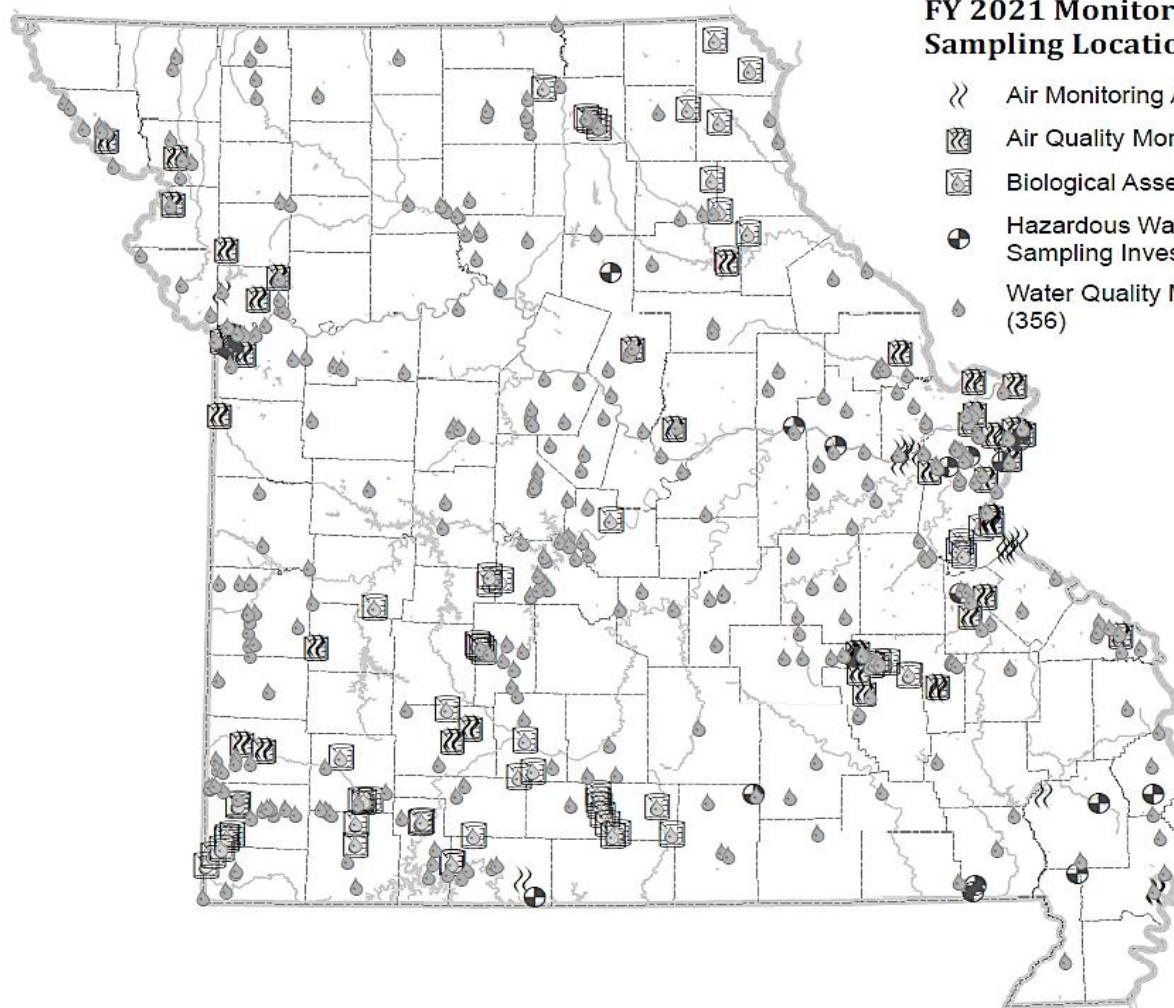

Department of Natural Resources

HB Section(s): 6.225, 6.280

DEQ - Environmental Services Program

Program is found in the following core budget(s): Environmental Services Program

2a. Provide an activity measure(s) for the program.

FY 2021 Monitoring & Sampling Locations

- » Air Monitoring Audit (68)
- Air Quality Monitoring (42)
- Biological Assessment (63)
- Hazardous Waste Site Sampling Investigations (19)
- ◆ Water Quality Monitoring (356)

PROGRAM DESCRIPTION

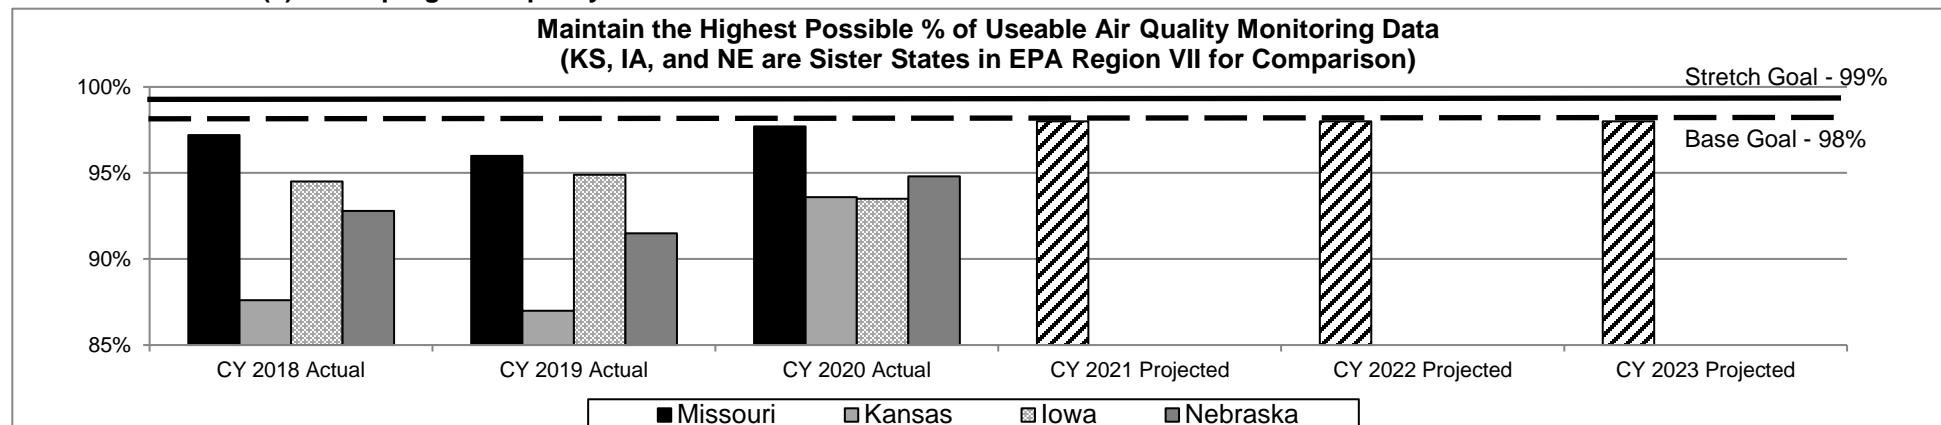

Department of Natural Resources

HB Section(s): 6.225, 6.280

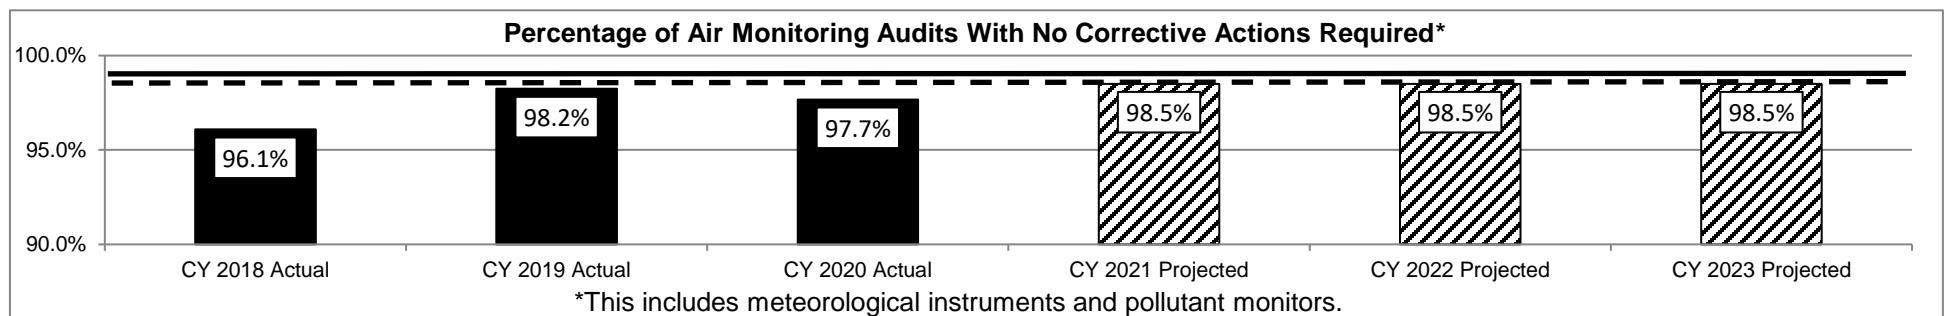

DEQ - Environmental Services Program

Program is found in the following core budget(s): Environmental Services Program

2b. Provide a measure(s) of the program's quality.

The Department operates 191 air-monitoring instruments at 43 locations throughout Missouri. The instruments in the network collect air pollution data required by the Clean Air Act, which addresses specific Missouri air quality health concerns. Data are “useable” if they pass quality-control checks and validation measures. The Department needs useable data to make decisions that ensure steady progress in reducing smog-forming pollution and protecting public health in communities across the State of Missouri. CY 2019 saw a decline due to severe flooding, which resulted in a monitoring site being off-line for an extended period.

The Department performs approximately 250 internal audits throughout the year on all data-collection efforts across the entire statewide air monitoring site network. These audits ensure the quality and defensibility of the data collected, by independently verifying standardized methods and procedures are followed. The base goal is 98.5% and the stretch goal is 99%.

PROGRAM DESCRIPTION

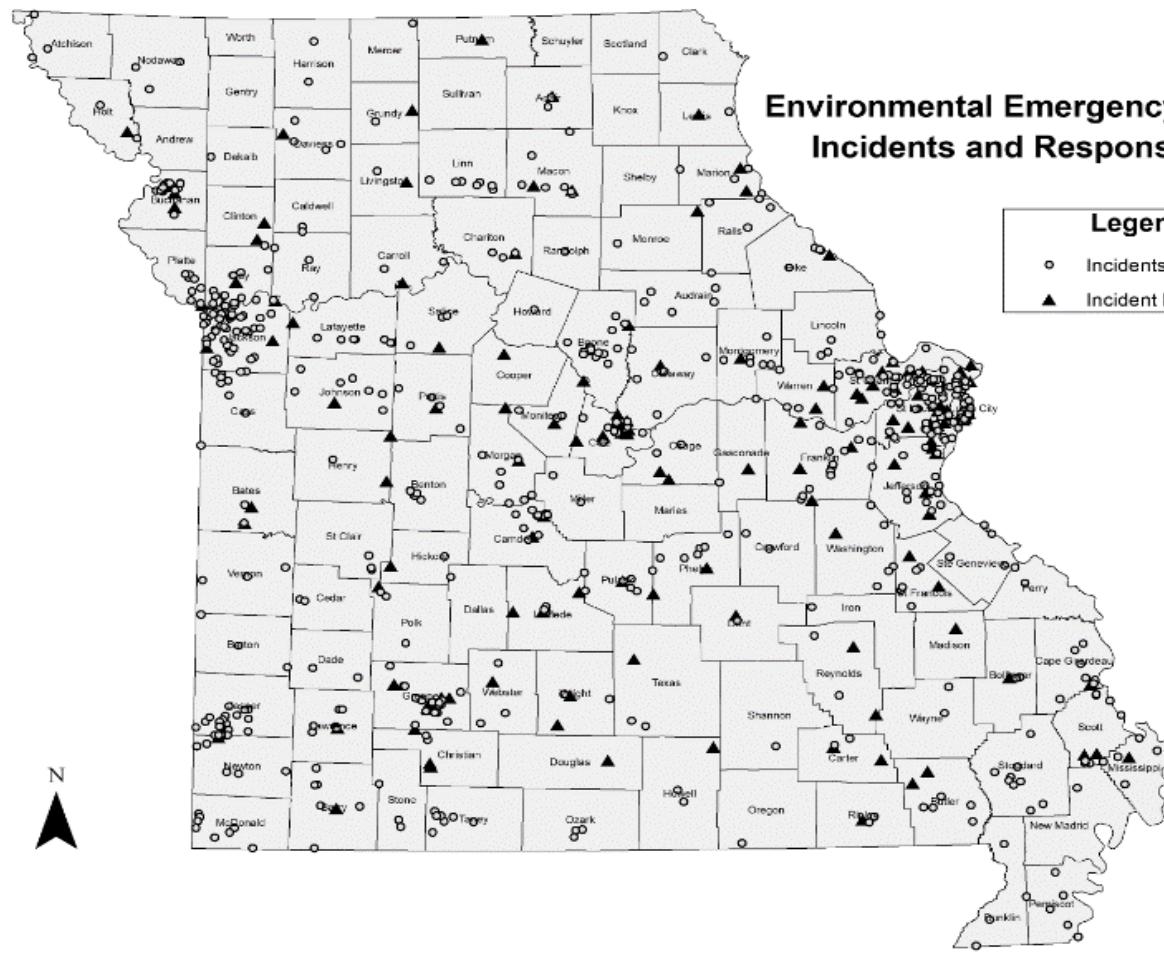

Department of Natural Resources

HB Section(s): 6.225, 6.280

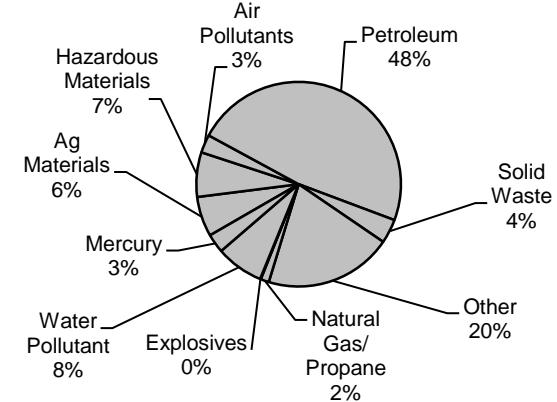

DEQ - Environmental Services Program

Program is found in the following core budget(s): Environmental Services Program

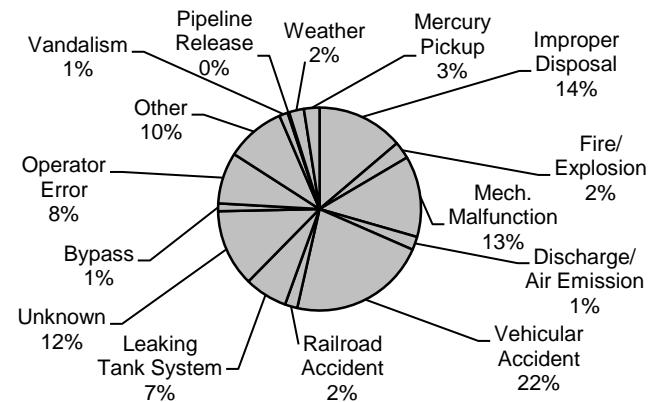

2c. Provide a measure(s) of the program's impact.

**Environmental Emergency Response (EER)
FY 2021 Materials Released**

**Environmental Emergency Response (EER)
FY 2021 Incident Causes**

PROGRAM DESCRIPTION

Department of Natural Resources

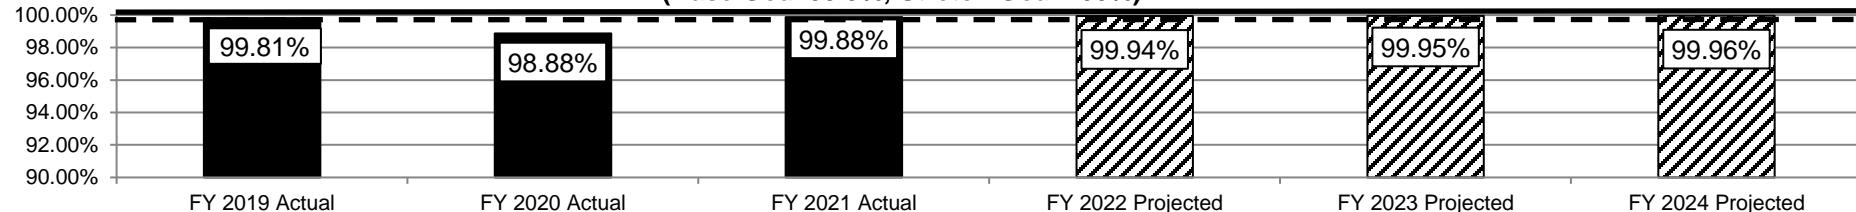

HB Section(s): 6.225, 6.280

DEQ - Environmental Services Program

Program is found in the following core budget(s): Environmental Services Program

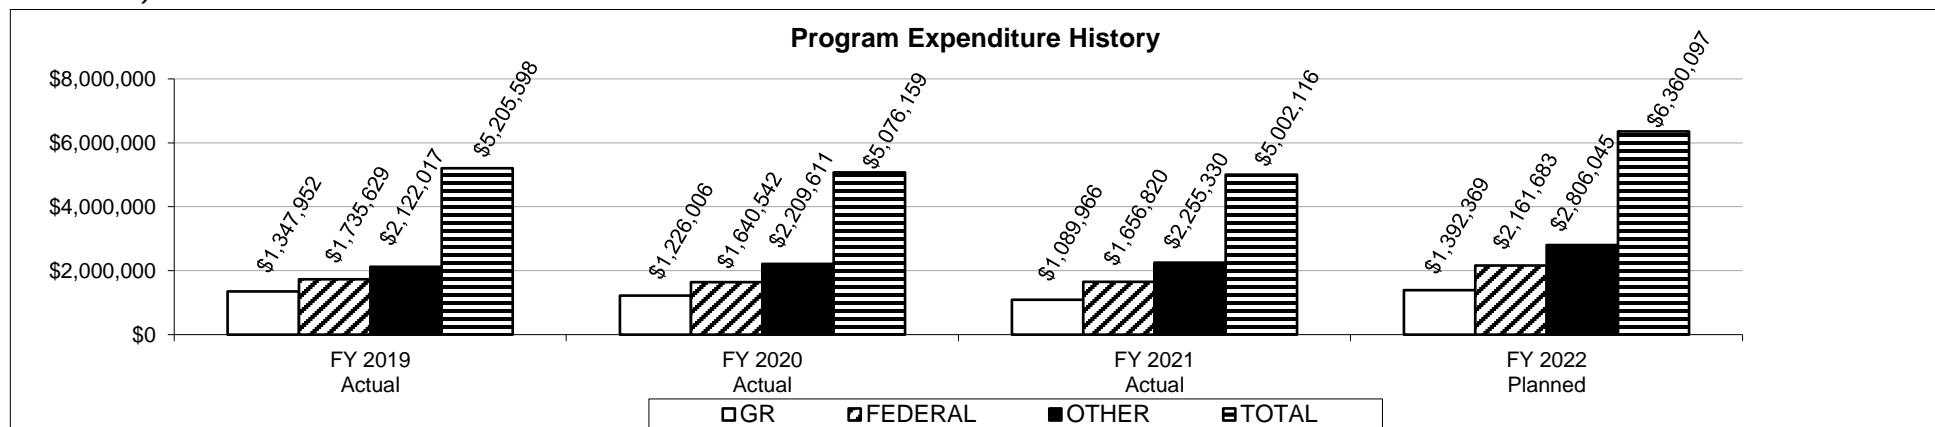

2d. Provide a measure(s) of the program's efficiency.

**Samples Analyzed Without Lab Error or Corrective Action
(Base Goal 99.9%, Stretch Goal 100%)**

Occurrences in the laboratory that prevent the reporting of results for a sample are deemed "Laboratory Errors" and require Corrective Actions to minimize further instances. ESP analyzes nearly 20,000 samples annually and strives to keep Laboratory Errors to a minimum. In 2019, there was a single incident where a tray of 25 samples was left out overnight. ESP has instituted a control measure to reduce the possibility of a recurrence. Of the 230 samples requiring corrective action in FY 2020, 212 were disqualified as being biased high. An investigation of the concern resulted in minor modifications to the method and some equipment replaced, which resolved the issue.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Financial data includes operating and pass-through appropriations. FY 2022 Planned is shown at full appropriation.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.280
DEQ - Environmental Services Program	
Program is found in the following core budget(s): Environmental Services Program	
4. What are the sources of the "Other" funds?	
Natural Resources Protection Fund - Damages Subaccount (0555); Natural Resources Protection Fund - Water Pollution Permit Fee Subaccount (0568); Solid Waste Management Fund (0570); Natural Resources Protection Fund - Air Pollution Permit Fee Subaccount (0594); Environmental Radiation Monitoring Fund (0656); Hazardous Waste Fund (0676); and Safe Drinking Water Fund (0679)	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
Federal Clean Water Act, as amended Federal Safe Drinking Water Act, as amended Federal Clean Air Act, with amendments, 1990 Federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended Federal Superfund Amendments and Reauthorization Act of 1986 Federal Resource Conservation and Recovery Act of 1976, as amended Federal Solid Waste Disposal Act of 1976, as amended Oil Pollution Act of 1990 RSMo 260.500 through 260.552 Hazardous Substance Emergency Response RSMo 260.818 through 260.819 Oil Spill Response, National Contingency Plan RSMo 640.040 Cleanup of Controlled Substance RSMo 260.750 Environmental Radiation Monitoring	
Also see program authorization in the core operating budgets for the Division of Environmental Quality's (DEQ) Water Protection Program, Air Pollution Control Program, Environmental Remediation Program, and Waste Management Program.	
6. Are there federal matching requirements? If yes, please explain.	
Funds from MO Drug Lab Task Force through Department of Public Safety's Byrne Grant Grant funding through various DEQ programs	100% Federal Varies
7. Is this a federally mandated program? If yes, please explain.	
The Environmental Services Program provides support to implement the Clean Water Act; the Safe Drinking Water Act; the Clean Air Act; the Resource Conservation and Recovery Act; the Comprehensive Environmental Response, Compensation, and Liability Act; and the Superfund Amendments and Reauthorization Act.

<p>Other Funds: Cost Allocation Fund (0500)</p>																															
2. CORE DESCRIPTION																															
<p>This decision item funds the administration of the Division of Environmental Quality (DEQ), which includes the Water Protection Program, Soil and Water Conservation Program, Air Pollution Control Program, Environmental Remediation Program, Waste Management Program, Environmental Services Program, Central Field Operations, and Regional Offices (St. Louis, Lee's Summit, Macon, Poplar Bluff, and Springfield).</p> <p>Division administration is responsible for long-range planning to implement policies to protect public health and the environment. These responsibilities include the integration, direction, coordination, and other management functions for the programs' statutory mandates. In addition, the division's Environmental Investigation Unit investigates criminal violations of environmental laws.</p> <p>The program's pass-through authority is located in a separate core decision item form.</p>

2. CORE DESCRIPTION																											
<p>The Technical Assistance Grants PSD provides authority for technical assistance grants, environmental studies, environmental education projects, and demonstration and pilot projects. In addition, this appropriation allows the Department to develop partnerships and pursue federal funds that often have a competitive application process.</p>																											
3. PROGRAM LISTING (list programs included in this core funding)																											
Division of Environmental Quality - Administration																											

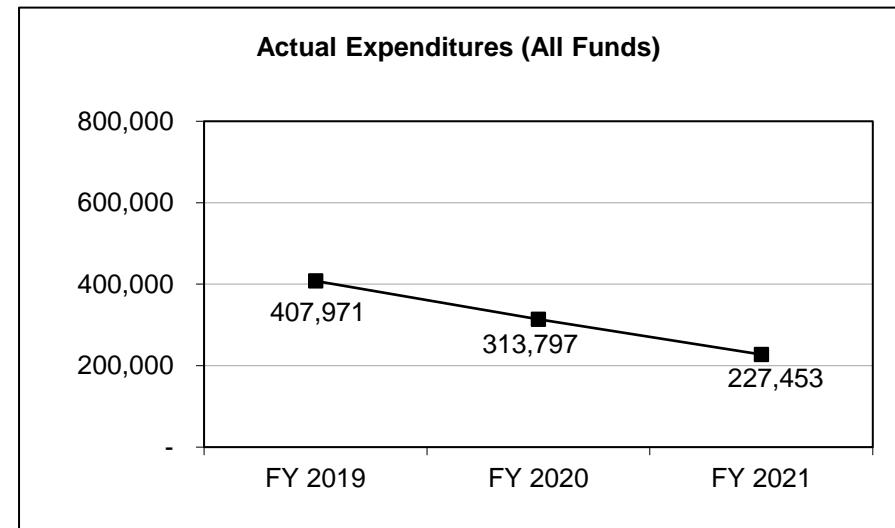

CORE DECISION ITEM

Department of Natural Resources
Division of Environmental Quality
Technical Assistance Grants Core

Budget Unit 79360C
HB Section 6.230

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	1,749,812	800,000	800,000	700,000
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	1,749,812	800,000	800,000	700,000
Actual Expenditures (All Funds)	407,971	313,797	227,453	N/A
Unexpended (All Funds)	<u>1,341,841</u>	<u>486,203</u>	<u>572,547</u>	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	723,427	103,203	178,381	N/A
Other	618,414	383,000	394,166	N/A
	(1)	(1)	(1)	

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) In many cases, pass-through appropriations are set at a level to encumber and pay our commitments, which often span multiple fiscal years. This often causes high unexpended appropriation balances.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.225, 6.230</u>																								
DEQ - Administration																									
Program is found in the following core budget(s): Division of Environmental Quality Administration																									
1a. What strategic priority does this program address?																									
The Division of Environmental Quality helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:																									
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.																									
1b. What does this program do?																									
The Division of Environmental Quality includes the Water Protection Program, Soil and Water Conservation Program, Air Pollution Control Program, Environmental Remediation Program, Waste Management Program, Environmental Services Program, Central Field Operations, and Regional Offices (St. Louis, Lee's Summit, Macon, Poplar Bluff, and Springfield).																									
The Division of Environmental Quality Administration responsibilities include:																									
<ul style="list-style-type: none">• Implementing statewide environmental and natural resource policies resulting in environmentally-sound decisions that protect our air, land, and water while fostering economic development.• Managing the organizational units within the division.• Promoting efficient administration and operations.• Long-range planning to implement policies to protect human health and the environment.																									
<u>Technical Assistance Grants PSD:</u> The division provides technical assistance to businesses, citizens, and local governments to increase compliance with statutes and regulations and promote pollution prevention strategies. This assistance is offered through federal and state funded training and certification of drinking water operators and wastewater operators. Other activities include environmental studies, demonstration projects, and pilot projects.																									
The following table shows financial data for the budget units included in this form.																									
<table border="1"><thead><tr><th></th><th>FY 2019 Actual</th><th>FY 2020 Actual</th><th>FY 2021 Actual</th><th>FY 2022 Current</th><th>FY 2023 Request</th></tr></thead><tbody><tr><td>DEQ Admin Operations (78117C)</td><td>1,127,664</td><td>1,117,118</td><td>1,072,568</td><td>1,363,862</td><td>1,363,862</td></tr><tr><td>Technical Assistance Grants (79360C)</td><td>407,971</td><td>313,797</td><td>227,453</td><td>700,000</td><td>700,000</td></tr><tr><td>Total</td><td>1,535,635</td><td>1,430,915</td><td>1,300,021</td><td>2,063,862</td><td>2,063,862</td></tr></tbody></table>			FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current	FY 2023 Request	DEQ Admin Operations (78117C)	1,127,664	1,117,118	1,072,568	1,363,862	1,363,862	Technical Assistance Grants (79360C)	407,971	313,797	227,453	700,000	700,000	Total	1,535,635	1,430,915	1,300,021	2,063,862	2,063,862

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.225, 6.230											
DEQ - Administration												
Program is found in the following core budget(s): Division of Environmental Quality Administration												
2a. Provide an activity measure(s) for the program.												
Services Provided to Regulated Entities and the Public												
	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected						
Regulated Facility Inspections	6,030	5,836	5,207	5,600	6,200	6,500						
Compliance Assistance Visits	6,260	6,959	4,474	6,300	7,200	7,700						
Environmental Emergency Responses	310	170	148	200	200	200						
Soil and Water Cost Share Contract Monitoring Visits	719	727	183	455	455	455						
Total Assistance	13,319	13,692	10,012	12,555	14,055	14,855						

FY 2020 Regulated Facility Inspections and Compliance Assistance Visits were updated with more current data.

The inspections and compliance assistance visits reported for this measure are performed by the division's regional offices. The division's central office programs also perform a small portion of all inspections. Impacts from COVID-19 limited the ability to conduct on-site inspections, affected the compliance assistance numbers in FY 2020 and FY 2021, and will potentially impact FY 2022 numbers.

As of FY 2020, the Department changed the threshold criteria for responding to environmental emergency incidents. The program worked with local emergency response agencies to reduce duplicative responses to vehicular accidents, which are the most common type of response. Under a revised protocol, the Department does not respond to vehicular accidents where the petroleum release is less than 300 gallons, unless the responsible party cannot respond timely, water resources are threatened, or the local agency requests assistance. In FY 2020 and FY 2021, COVID-19 also impacted response numbers as stay-home orders decreased travel across the state.

FY 2021 Soil and Water Cost Share Contract Monitoring Visits decreased due to COVID-19 and USDA offices being either closed to the public or restrictions on the number of staff (including District staff and Department staff) allowed in the offices.

PROGRAM DESCRIPTION

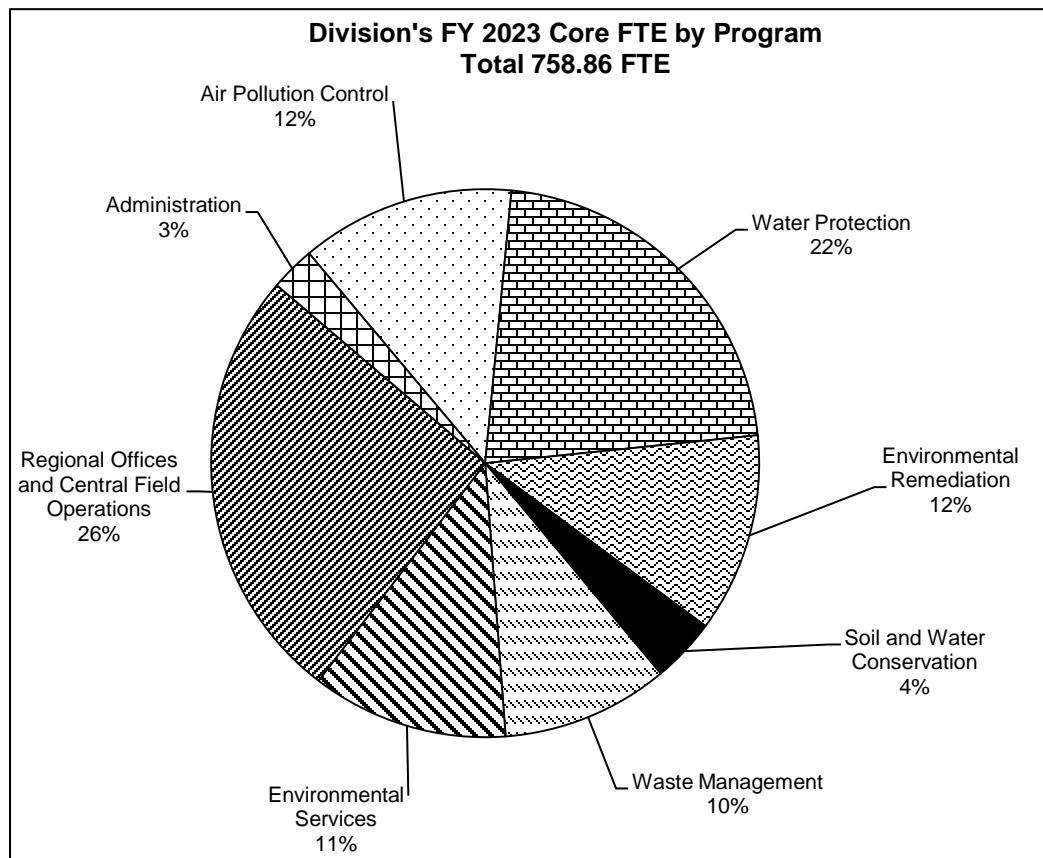

Department of Natural Resources

HB Section(s): 6.225, 6.230

DEQ - Administration

Program is found in the following core budget(s): Division of Environmental Quality Administration

2b. Provide a measure(s) of the program's quality.

The division serves the programs by aiding in resource maximization with only a small percent of total FTE.

Water Protection, Soil and Water Conservation, Air Pollution Control, Environmental Remediation, Waste Management, Environmental Services, Regional Offices and Central Field Operations.

Division Budget Unit Net FTE Reductions:

FY 2018 = 5 FTE

FY 2019 = 6.82 FTE

FY 2020 = 16 FTE

FY 2021 = 0 FTE

FY 2022 = 14.42 FTE

FY 2023 = 0 FTE

TOTAL Net Reductions = 42.24 FTE

Note: FY 2019 and FY 2020 5 FTE increase in Agency-wide PSTIF Budget Unit; FY 2022 2 FTE increase in Water Protection Budget Unit

PROGRAM DESCRIPTION

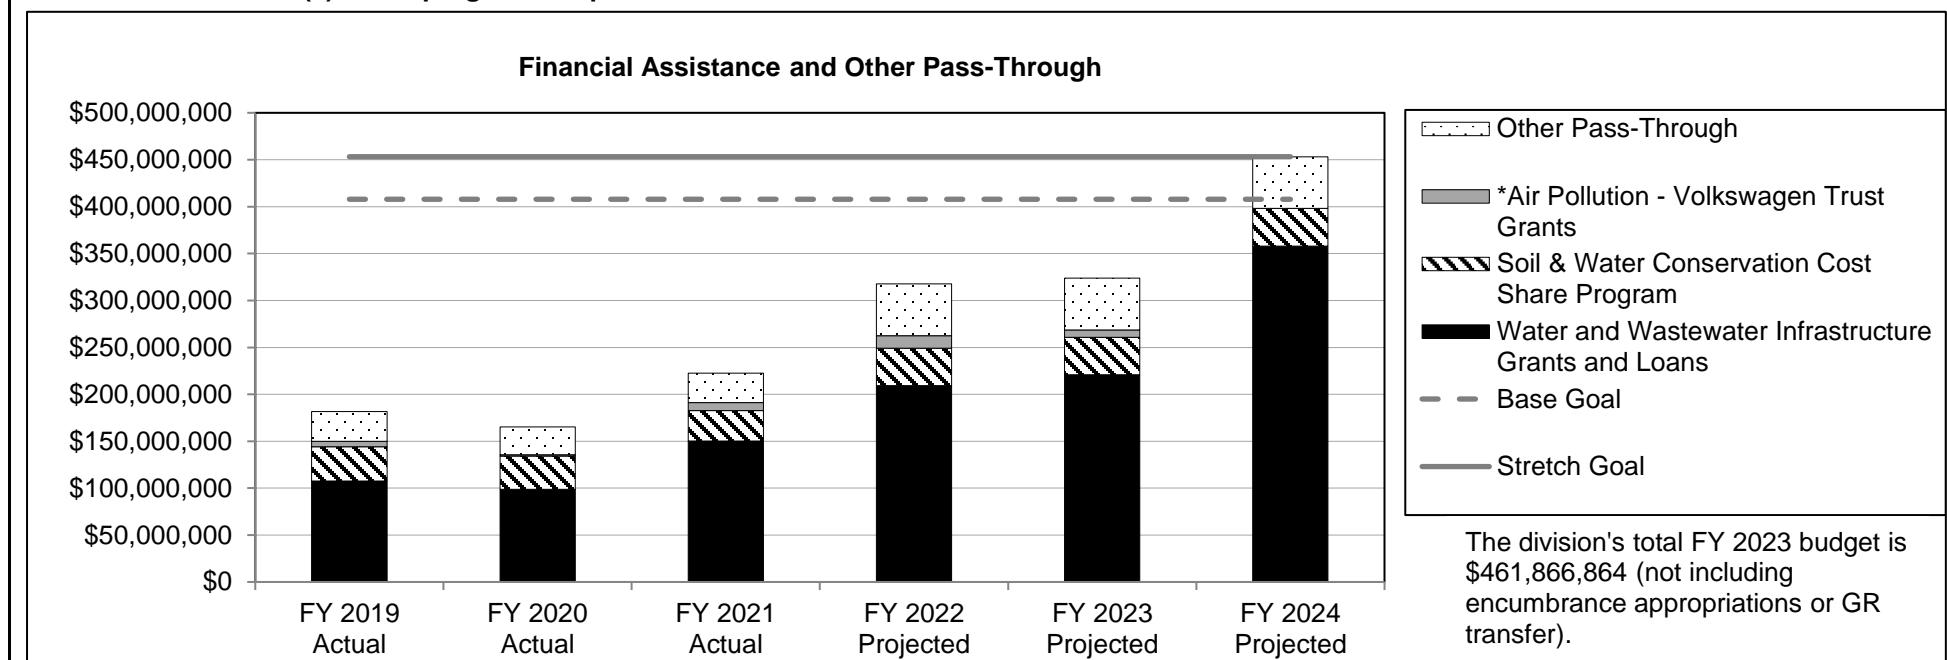

Department of Natural Resources

HB Section(s): 6.225, 6.230

DEQ - Administration

Program is found in the following core budget(s): Division of Environmental Quality Administration

2c. Provide a measure(s) of the program's impact.

Other Pass-Through includes Soil and Water District grants, Solid Waste District grants, scrap tire grant, non-point source water protection, regional water quality planning, water and wastewater operator certification, clean up and emergency response activities, environmental restoration, water quality monitoring, and soil and water conservation research.

Water and Wastewater Infrastructure Grants and Loans - Projects are multiyear; therefore, funds are expended over a 24-month period for wastewater projects and over an 18-month period for drinking water projects. State Revolving Fund (SRF) program demand is increasing. Increases in FY 2022 through FY 2024 are planned disbursements for SRF applications the Department is currently processing, including several very large projects.

*The Volkswagen Trust appropriation was authorized in the Department's FY 2019 budget. The Department anticipates disbursing all Trust funds by the end of FY 2023. Any potential interest earned on the Trust fund moneys will be spent in FY 2024. No FY 2024 projection has been included in this measure.

PROGRAM DESCRIPTION

Department of Natural Resources

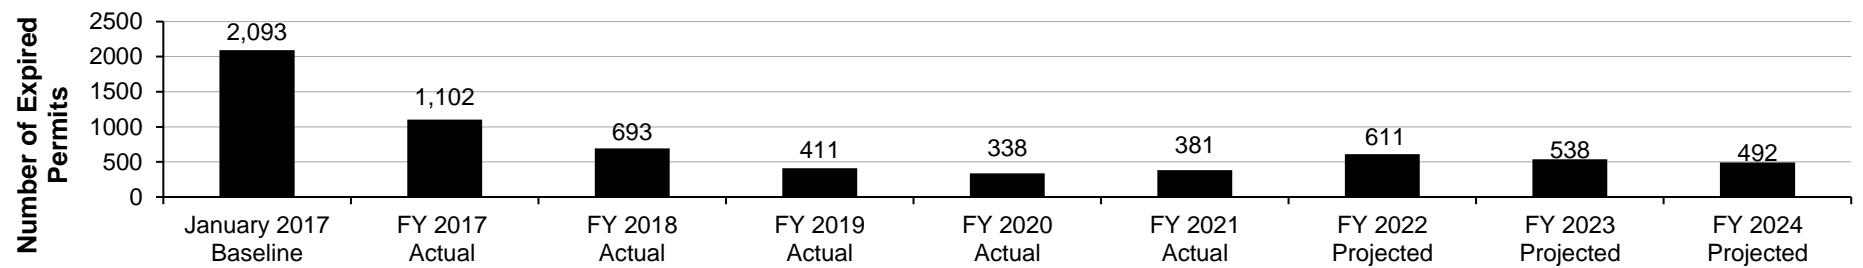

HB Section(s): 6.225, 6.230

DEQ - Administration

Program is found in the following core budget(s): Division of Environmental Quality Administration

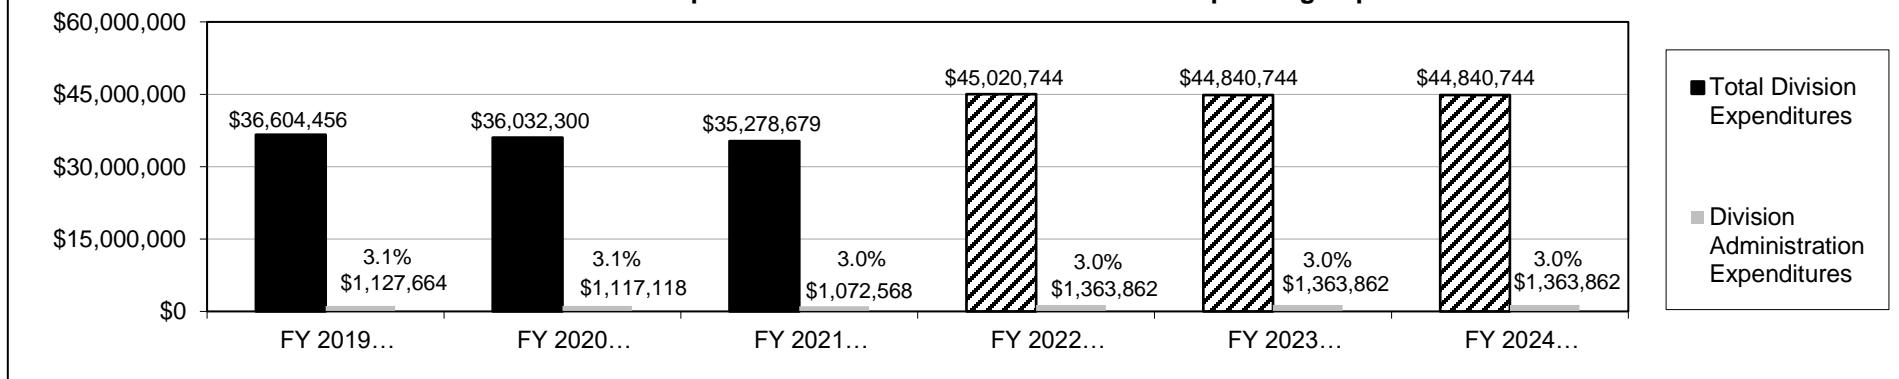

2d. Provide a measure(s) of the program's efficiency.

Environmental Permit Backlog Reduction Efforts

Beginning baseline January 2017. The division's environmental permits include air, hazardous waste, drinking water, wastewater, and solid waste facilities. The Department's projected increase of 611 backlogged permits in FY 2022 is due to a high rate of staff turnover and the large number of expiring permits in FY 2022. The Department's base goal is to eliminate the backlog by the end of FY 2025.

Division Administration Expenditures in Relation to Core Division Operating Expenditures

Projections are based on full appropriation spending. These projections only include operating appropriations; pass-through appropriations are not included.

PROGRAM DESCRIPTION

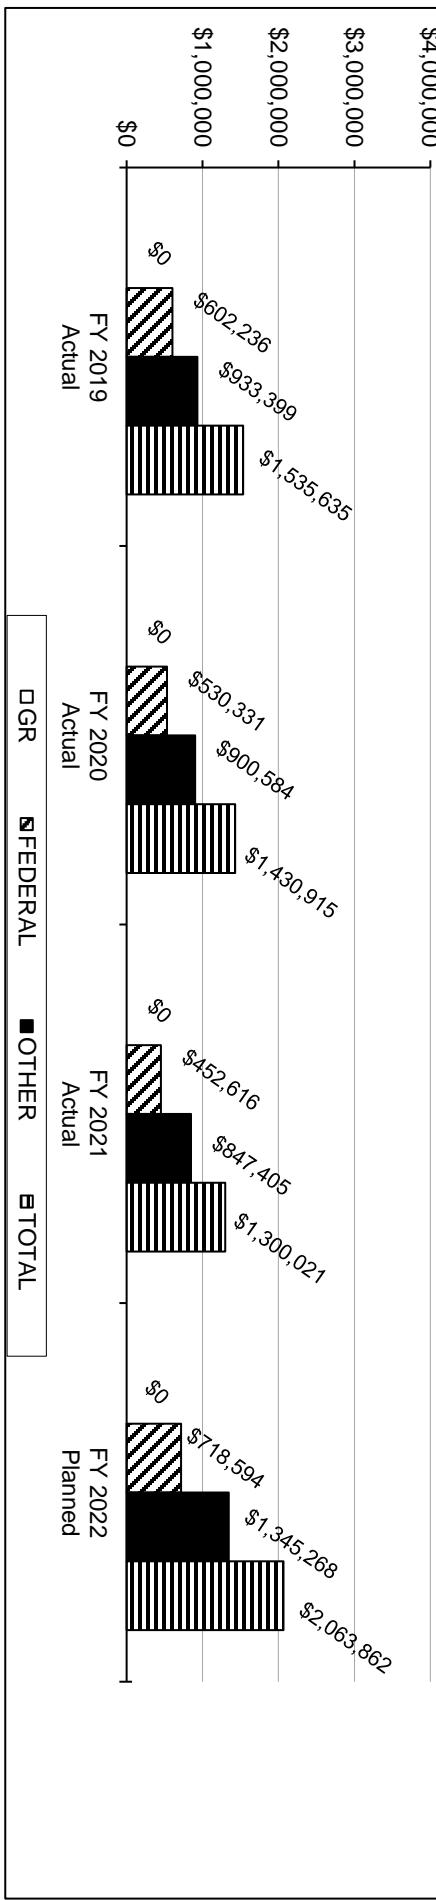

Department of Natural Resources

DEQ - Administration

Program is found in the following core budget(s): Division of Environmental Quality Administration

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Program Expenditure History

This budget does not contain General Revenue.

Financial data includes operating and pass-through appropriations. Core pass-through appropriations are set at a level to encumber and pay our commitments, which often span multiple fiscal years.

FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

Cost Allocation Fund (0500); Natural Resources Protection Fund - Water Pollution Permit Fee Subaccount (0568)

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.225, 6.230</u>
DEQ - Administration	
Program is found in the following core budget(s): Division of Environmental Quality Administration	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
<p>The Division of Environmental Quality administers programs that protect human health, public welfare, and the environment. These programs are authorized by state and federal laws as noted in each of their program descriptions. These laws deal with air quality, solid and hazardous wastes, voluntary cleanup, petroleum storage tanks, clean water, and drinking water.</p>	
RSMo 640.010 – 640.758	Department of Natural Resources - Duties associated with environmental assistance on behalf of the Department
RSMo 640.100	Drinking Water Operator Certification; Safe Drinking Water Act
RSMo 643.173 and 643.175	Small Business Technical Assistance Program
RSMo 643.060 (2)	Prevention, Abatement, and Control of Air Pollution
RSMo 644.006 through 644.096	Water Pollution Planning, Permitting, Inspection, Remediation, Technical Assistance
6. Are there federal matching requirements? If yes, please explain.	
<p>The division receives several federal grants. The matching requirements for these are listed in each of the applicable program descriptions.</p>	
Drinking Water SRF Capitalization Grant - Local & Other Set-Aside Other competitive grants may require various matching ratios	100% Federal (EPA) Varies
7. Is this a federally mandated program? If yes, please explain.	
<p>Division Administration oversees and coordinates programmatic responsibilities for which the state has elected, through environmental statutes, to seek delegation of federal programs. As it relates to Technical Assistance Grants, federal law mandates that operators of public drinking water systems be certified.</p>

CORE DECISION ITEM

Department of Natural Resources	Budget Unit 78510C, 78520C
Missouri Geological Survey	
Missouri Geological Survey Operations Core	HB Section 6.300, 6.305

2. CORE DESCRIPTION

The Missouri Geological Survey (MGS) includes the Geological Survey Program, Land Reclamation Program, Dam and Reservoir Safety Program, and Water Resources Center.

The Geological Survey Program investigates the state's geology and provides geologic and hydrologic information to assist with decisions relating to economic development, site remediation, contaminant migration, subsurface investigations, and geologic hazards. The program also determines the character and availability of the state's energy and mineral resources. Staff implement the Water Well Drillers' Act by establishing standards for domestic water wells, monitoring wells, and geothermal ground source heat pump wells.

The Land Reclamation Program regulates surface mining of coal and industrial minerals, regulates and administers reclamation of coal mine and industrial mine lands on which bonds were forfeited, regulates and administers reclamation of coal mine lands abandoned prior to 1977, and regulates the metallic mineral waste disposal areas of mining operations.

The Dam and Reservoir Safety Program administers the provisions of the Missouri Dam and Reservoir Safety Law. The Missouri Department of Natural Resources regulates nonfederal, nonagricultural dams 35 feet and higher through inspections, registration, and issuance of construction permits. Dams are a critical part of our state's infrastructure, providing many benefits including water supply, flood protection, hydropower, irrigation, and recreation. There are approximately 713 regulated dams. The program works with citizens, dam owners, engineers, and emergency managers to ensure dams in Missouri are constructed, maintained, and operated in a safe manner.

Water Resources Center staff provide information for Missouri's comprehensive water needs by examining both surface and groundwater use and availability. Staff investigate water supply issues; maintain and update Missouri's Public Water Supply database for groundwater wells; collect, analyze and distribute groundwater-level data from a statewide network of observation wells; evaluate public water supply wells; and provide casing and total depth specifications. Water Resources Center staff provide guidance and technical expertise for planning and development of regional water supply projects throughout Missouri. Staff defend the state's vital water resources interests, including those related to navigation, flood control, and other uses of the Missouri and Mississippi rivers before numerous interstate and interagency river basin associations.

The division's pass-through authority is located in a separate core decision item form.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 78510C, 78520C, 78851C BUDGET UNIT NAME: GEOLOGICAL SURVEY OPERATIONS; CLARENCE CANNON HOUSE BILL SECTION(S): 6.300, 6.305, 6.325	DEPARTMENT: NATURAL RESOURCES DIVISION: MISSOURI GEOLOGICAL SURVEY
---	---

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Missouri Geological Survey requests retention of 25% flexibility between funds (Federal and Other) for Geological Survey Operations (78510C). Flexibility will allow the Department to address unanticipated needs by aligning appropriation authority with necessary spending during the fiscal year based on funds availability to help ensure effective, responsive service delivery by the division. Also included is 3% flexibility from 6.300, 6.305, and 6.325 to 6.410 (General Revenue) related to the Legal Expense Fund.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$119,000 Fund to Fund (Federal/Other)	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Fund-to-fund flex was used to align operating PS appropriation authority to proper funding levels based on service delivery needs during the year.	Flexibility will allow the Department to address unanticipated needs by aligning appropriation authority with necessary spending during the fiscal year based on funds availability to help ensure effective, responsive service delivery by the division.

CORE DECISION ITEM

Department of Natural Resources	Budget Unit <u>78525C, 78526C, 79465C</u>
Missouri Geological Survey	
Missouri Geological Survey PSDs Core	HB Section <u>6.310, 6.315, 6.320</u>

2. CORE DESCRIPTION

The Missouri Geological Survey (MGS) includes the Geological Survey Program, Land Reclamation Program, Dam and Reservoir Safety Program, and Water Resources Center which provide management and oversight of the following pass-through programs:

Multipurpose Water Resource Program PSD: The Multipurpose Water Resource Program fund is intended to support development of public water supply, flood control storage, and treatment and transmission facilities. The Multipurpose Water Resource Act authorizes the Department to administer moneys appropriated to the fund through provision of grants or other financial assistance and allows for the state to participate with a sponsor in the development, construction, or renovation of a water resource project providing a long-term solution to water supply needs.

State Water Plan: This appropriation is used for professional services to implement the State Water Plan and advance the Department's efforts and responsibilities to ensure that the availability of water resources supports Missouri's current and future beneficial uses and is not a limiting factor in economic growth. The primary areas of this effort include water supply availability, drought response, watershed feasibility studies, and addressing interstate water needs.

Oil and Gas Remedial Fund: This appropriation is used to plug abandoned oil and gas wells that have the potential to impact surface and groundwater resources and may pose a threat to human health. The fund is also used to handle emergency situations, such as a leaking gas well.

Land Reclamation PSD: The Abandoned Mine Land (AML) unit oversees the reclamation of abandoned mine sites in Missouri including sites abandoned prior to the Surface Mining Control and Reclamation Act of 1977. For coal sites abandoned prior to 1977, the program uses federal funds to directly contract for the reclamation activities at these sites.

The Mined Land Reclamation Fund PSDs provide appropriation authority for reclamation of sites where bonds have been forfeited on permit-revoked mine sites. Reclamation involves work to restore mined lands to productive uses such as agricultural, wildlife habitat, water impoundment, or development. The program may collect reclamation bonds and directly contract for the reclamation activities, or the program may allow the surety bond holder to perform the reclamation in place of the original permit holder.

3. PROGRAM LISTING (list programs included in this core funding)

Missouri Geological Survey

CORE DECISION ITEM

4. FINANCIAL HISTORY				
	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	11,522,500	32,133,500	54,438,504	39,783,040
Less Reverted (All Funds)	(5,400)	(424,500)	(390,868)	(535,867)
Less Restricted (All Funds)*	0	(12,711,012)	0	0
Budget Authority (All Funds)	11,517,100	18,997,988	54,047,636	39,247,173
Actual Expenditures (All Funds)	5,965,647	2,738,120	14,042,641	N/A
Unexpended (All Funds)	5,551,453	16,259,868	40,004,995	N/A
Unexpended, by Fund:				
General Revenue	0	10,975	146	N/A
Federal	1,821,018	2,453,570	14,555,396	N/A
Other	3,730,435	13,795,323	25,449,453	N/A
	(1)	(1)	(1)	(2)

Actual Expenditures (All Funds)

Year	Expenditure (All Funds)
FY 2019	5,965,647
FY 2020	2,738,120
FY 2021	14,042,641

Reverted includes the statutory three-percent reserve amount (when applicable).
 Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) The majority of lapses are attributed to the Land Reclamation PSD (Federal) and Multipurpose Water Resource Program (Other). Appropriations are set to allow the Department to encumber all contracts in place at any one time even though expenditures could occur over multiple years. In addition, the division continuously looks for federal funding opportunities or partnerships to maximize these appropriations to fulfill our mission.

(2) FY 2022 PSD appropriations are aligned to deliver results to citizens and are: Multipurpose Water Resource Program \$17,687,310 (and related \$16.9 million transfer); State Water Plan \$924,920; Oil and Gas Remedial Fund \$150,000; Land Reclamation Bond Forfeitures \$350,000; AML Reclamation \$3,732,500; and Small Operator Assistance \$1,000.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.300, 6.305, 6.310, 6.315, 6.320</u>
Missouri Geological Survey	
Program is found in the following core budget(s): Missouri Geological Survey	
1a. What strategic priority does this program address?	
<p>The Missouri Geological Survey Division helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:</p> <ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.	
1b. What does this program do?	
<p>The Missouri Geological Survey (MGS) includes the Geological Survey Program, Land Reclamation Program, Dam and Reservoir Safety Program, and Water Resources Center. MGS assists citizens, industry, and government in increasing the knowledge of Missouri's natural resources to achieve economic growth and provide for a healthy environment. MGS leadership provides management, fiscal direction, priority development, and support services. The division coordinates and integrates scientific information and services for efficient state and national distribution of technical information.</p>	
Geological Survey Program (GSP): Applies Geoscience for Critical Resource Needs	
<ul style="list-style-type: none">• Performs detailed geoscience investigations for exploration, identification, development, and understanding Missouri's energy, mineral, and water resources and potential hazards to human health and safety, such as sinkholes and earthquakes. The value of a geologic map is estimated to be 25 to 39 times the cost to produce the map, and developers and engineers save about \$50,000 per project when modern geologic maps are available. As of FY 2021, the program has produced 324 geologic maps with an estimated economic value of \$470 million.• Serves the public, industry, academia, and other entities by providing geologic and groundwater information necessary to address environmental concerns and make economic decisions such as siting of landfills and characterizing valuable mineral resources.• Collects, interprets, and maintains geologic data on Missouri's energy, mineral, and water resources and provides services for professional, technical, and educational use.• Provides technical and field assistance to determine potential or existing environmental hazards posed by waste disposal practices and spills of hazardous materials.• Protects Missouri's valuable fresh groundwater resources by establishing standards for the construction and proper plugging of wells and licensing qualified well installation contractors.• Serves as the official Missouri Mine Map Repository and maintains the McCracken Core Library and Research Center, housing nearly 8 million feet of geologic rock core and cuttings.	

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.300, 6.305, 6.310, 6.315, 6.320</u>
Missouri Geological Survey	
Program is found in the following core budget(s): Missouri Geological Survey	
1b. What does this program do? (continued)	
Dam and Reservoir Safety Program (DRSP): Ensures Public Safety Against Dam Failure	
<ul style="list-style-type: none">• Provides public safety for downstream populations and property associated with 713 regulated dams by administering the provisions of the Missouri Dam and Reservoir Safety Law. Dam failures can cause loss of life and serious damage to buildings, critical infrastructure, industries, and local economies.• Regulates nonfederal, nonagricultural dams 35 feet and higher through inspections, and issuance of registration, safety, and construction permits.• Ensures critical dam infrastructure continues to be operated and maintained in accordance with state law.• Performs emergency response to dams in distress and provides engineering evaluation of conditions during natural disasters to protect life and property.• Provides technical assistance to regulated and non-regulated dams.	
Water Resources Center: Defends, Monitors, and Develops Water Resources	
<ul style="list-style-type: none">• Defends Missouri's interests and claims to water in the Missouri and Mississippi Rivers.• Develops, maintains, and periodically updates the Missouri Water Resources Plan to assess current water use in the state, future needs, and water availability.• Monitors surface and groundwater levels by operating and maintaining a network of groundwater observation wells and participating in the stream gage network administered by USGS.• Collects annual water use data from individuals or businesses that have the capacity to withdraw more than 100,000 gallons of water per day, in accordance with the Major Water Users Law.• Provides technical expertise for the development or expansion of water distribution systems, water storage capabilities, and water supply sources to help regional water supply projects minimize the impacts of stress on their water systems.• Performs groundwater studies to evaluate the quantity and quality of Missouri's springs and determine safe groundwater yields from the state's aquifers.• Provides planning and resources for local partners on flood resiliency projects throughout the state.	
Land Reclamation Program: Ensures Mining Compliance and Reclamation	
<ul style="list-style-type: none">• Permits and inspects industrial mineral mining sites to ensure compliance with The Land Reclamation Act.• Implements the Metallic Minerals Waste Management Act which covers the metallic mineral waste disposal areas to ensure these areas are properly reclaimed.• Utilizes funding provided by Department of Interior Office of Surface Mining to enable the Abandoned Mine Land unit to oversee reclamation of coal mine sites abandoned prior to 1977. Reclamation includes closing dangerous mine shafts, eliminating dangerous high walls, improving severely impacted land, and stabilizing subsiding ground beneath homes and roads.• Permits and inspects active coal sites and oversees reclamation of coal mine land.• Serves as the regulatory authority for coal mine permitting, inspection, enforcement, and maintains certification for blasters at coal mines in compliance with the federal Surface Mining Control and Reclamation Act (SMCRA).	

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.300, 6.305, 6.310, 6.315, 6.320																																																																						
Missouri Geological Survey																																																																							
Program is found in the following core budget(s): Missouri Geological Survey																																																																							
1b. What does this program do? (continued)																																																																							
<p><u>Multipurpose Water Resource Program PSD:</u> The Multipurpose Water Resource Program fund is intended to support development of public water supply, flood control storage, and treatment and transmission facilities. The Multipurpose Water Resource Act (Sections 256.435 - 256.445, RSMo) authorizes the Department to administer moneys appropriated to the fund through provision of grants or other financial assistance and allows for the state to participate with a sponsor in the development, construction, or renovation of a water resource project providing a long-term solution to water supply needs.</p> <p><u>State Water Plan:</u> This appropriation is used for professional services to implement the State Water Plan and advance the Department's efforts and responsibilities to ensure that the availability of water resources supports Missouri's current and future beneficial uses and is not a limiting factor in economic growth. The primary areas of this effort include water supply availability, drought response and watershed feasibility studies, and addressing interstate water needs.</p> <p><u>Oil and Gas Remedial Fund:</u> This appropriation is used to plug abandoned oil and gas wells that have the potential to impact surface and groundwater resources and may pose a threat to human health. The fund is also used to handle emergency situations such as a leaking natural gas well.</p> <p><u>Land Reclamation PSD:</u> Allows the program to contract with surety bond holders, engineering, excavating, and construction companies to reclaim abandoned and bond forfeiture sites. Over 105 eligible Abandoned Mine Land (AML) areas exist consisting of 10,876 acres with public health, safety, and environmental issues and an estimated reclamation cost of \$107.5 million.</p>

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.300 , 6.305 , 6.310 , 6.315 , 6.320																					
Missouri Geological Survey																						
Program is found in the following core budget(s): Missouri Geological Survey																						
2a. Provide an activity measure(s) for the program.																						
<p>Every year the Geological Survey Program responds to thousands of requests for geologic information from our customers including businesses, farmers, and citizens. A few examples include:</p> <ul style="list-style-type: none">▪ Businesses such as well drillers, oil and gas operators, and mining and quarry operations.▪ Farmers who own land with known or potential geologic resources and/or geologic hazards.▪ Landowners and potential landowners needing geologic information such as private water wells, oil and gas leases, and potential for geologic resources and/or hazards.▪ Citizens inquiring about the geologic resources of Missouri. <p>The Geological Survey Program is committed to making geologic information more accessible to the public. In FY 2018, the Department's online Geosciences Technical Resource Assessment Tool (GeoSTRAT) was upgraded to an ArcGIS Online platform. This web-based, interactive tool provides geologic and geotechnical data on a variety of platforms including mobile devices. Beginning in FY 2020, the number of views on GeoSTRAT exceeded the number of phone and email inquiries received for geologic information demonstrating our customers are accessing geologic information online for data assessments in disciplines such as hazards assessment, environmental consulting and engineering, local and regional planning, insurance assessment and others. We expect this trend to continue as we expand our efforts to provide geologic maps and information that have been produced and collected for over 165 years at the Missouri Geological Survey more accessible online. In FY 2020 we launched the Geologic Map Index, a new ArcGIS Online application that serves nearly 3,400 scanned geologic maps that can be viewed and downloaded.</p>																						
<p>The graph displays two data series: 'Views on GeoSTRAT' (solid line) and 'Inquiries via Phone/Email' (dashed line). The Y-axis represents the number of requests, ranging from 0 to 70,000 in increments of 10,000. The X-axis shows fiscal years from FY 2019 Actual to FY 2024 Projected. Both series show a general upward trend. The solid line (Views on GeoSTRAT) starts at approximately 10,000 in FY 2019 Actual and rises to about 60,000 by FY 2024 Projected. The dashed line (Inquiries via Phone/Email) starts at approximately 18,000 in FY 2019 Actual and remains relatively flat, projected to decrease slightly to around 10,000 by FY 2024 Projected.</p> <table border="1"><caption>Data extracted from 'Requests for Geologic Information' graph</caption><thead><tr><th>Fiscal Year</th><th>Views on GeoSTRAT (Actual/Projected)</th><th>Inquiries via Phone/Email (Actual/Projected)</th></tr></thead><tbody><tr><td>FY 2019 Actual</td><td>10,000</td><td>18,000</td></tr><tr><td>FY 2020 Actual</td><td>18,000</td><td>15,000</td></tr><tr><td>FY 2021 Actual</td><td>25,000</td><td>12,000</td></tr><tr><td>FY 2022 Projected</td><td>35,000</td><td>10,000</td></tr><tr><td>FY 2023 Projected</td><td>45,000</td><td>8,000</td></tr><tr><td>FY 2024 Projected</td><td>60,000</td><td>7,000</td></tr></tbody></table>		Fiscal Year	Views on GeoSTRAT (Actual/Projected)	Inquiries via Phone/Email (Actual/Projected)	FY 2019 Actual	10,000	18,000	FY 2020 Actual	18,000	15,000	FY 2021 Actual	25,000	12,000	FY 2022 Projected	35,000	10,000	FY 2023 Projected	45,000	8,000	FY 2024 Projected	60,000	7,000

FY 2024 Projected	60,000	7,000																				

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.300, 6.305, 6.310, 6.315, 6.320

Missouri Geological Survey

Program is found in the following core budget(s): Missouri Geological Survey

2b. Provide a measure(s) of the program's quality.

Protecting the Missouri River:

The Department serves Missourians by protecting the quantity of water in the Missouri River for water supply purposes. Approximately 45% of community water systems rely on the Missouri River as a source of drinking water. Other benefits of the program's work include ensuring Missouri River flows are adequate to support recreation, agriculture (irrigation and livestock), flood control, fish and wildlife, water-borne commerce, and industrial usage.

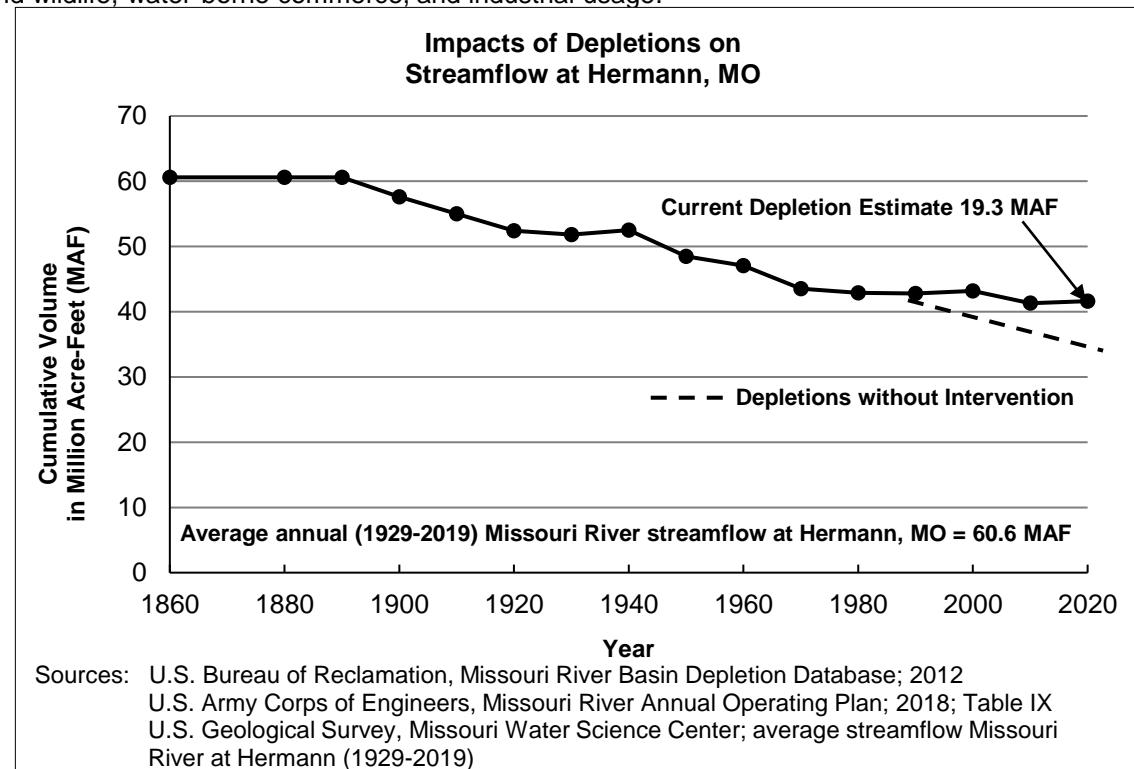

Missourians using Missouri River for drinking water:

FY 2018	FY 2019	FY 2020	FY 2021
2,418,820	2,465,508	2,512,106	2,440,038

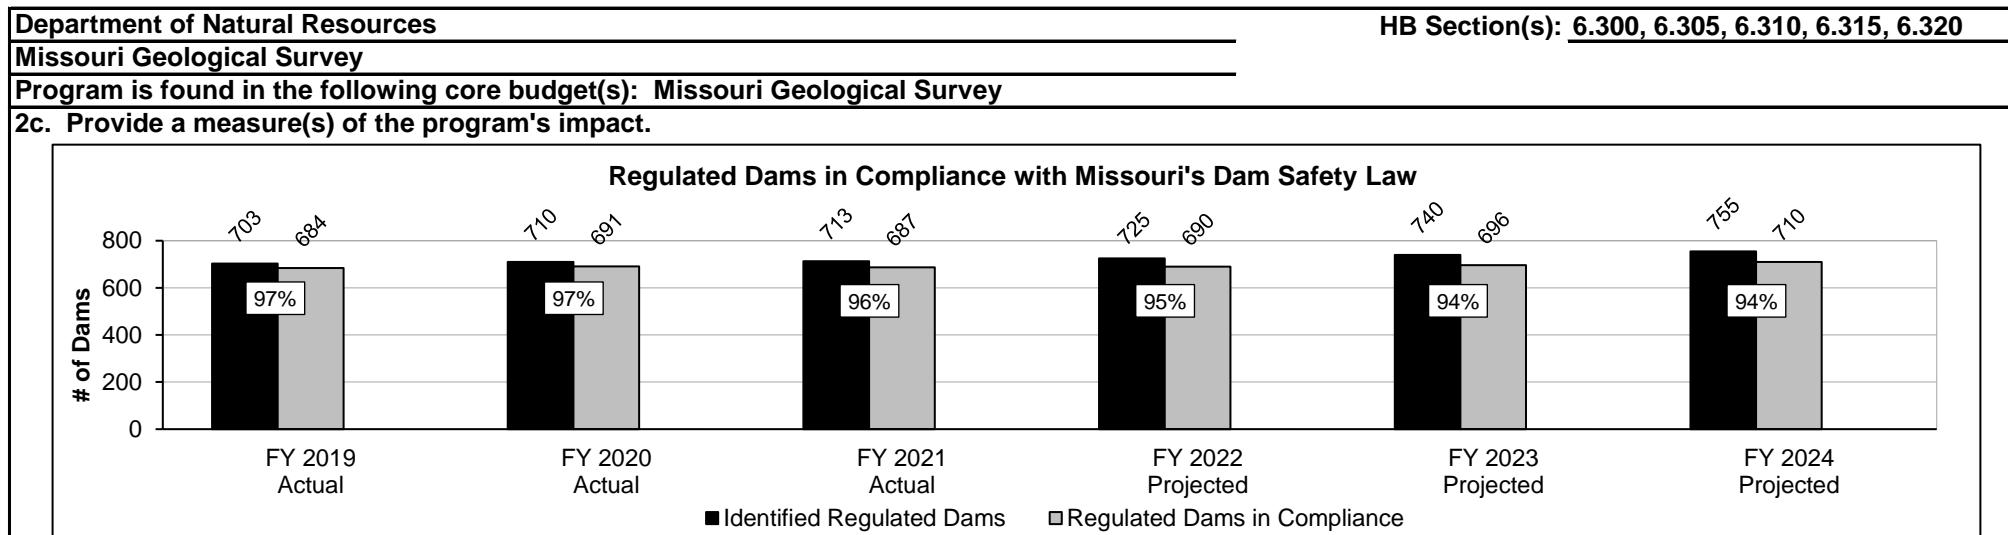

Missouri River Water Rights

The Missouri River Master Manual is administered by the U.S. Corps of Engineers and is the primary document governing the operation of the Missouri River mainstem reservoirs. The Department engages with the Corps and other stakeholders to advocate for management outcomes that protect river uses Missourians need. During the Master Manual update and development of the Missouri River Ecosystem Restoration Plan, the Department prevented several proposed river operation changes that would have hampered Missourians' rights to navigate and use the Missouri River and likely would have increased flooding on Missouri property. The Department also successfully worked to establish a consensus-based Missouri River Recovery Implementation Committee (MRRIC) to ensure Missourians have a voice in Missouri River management. These efforts help ensure Missouri's interests in the river (such as drinking water, power generation, river commerce, recreation, and fish and wildlife) are protected and maintained.

The Department is instrumental in providing technical and legal assistance in challenging out-of-basin diversions of Missouri River water. The Department's work has prevented, delayed, or minimized the scope of several proposed diversions.

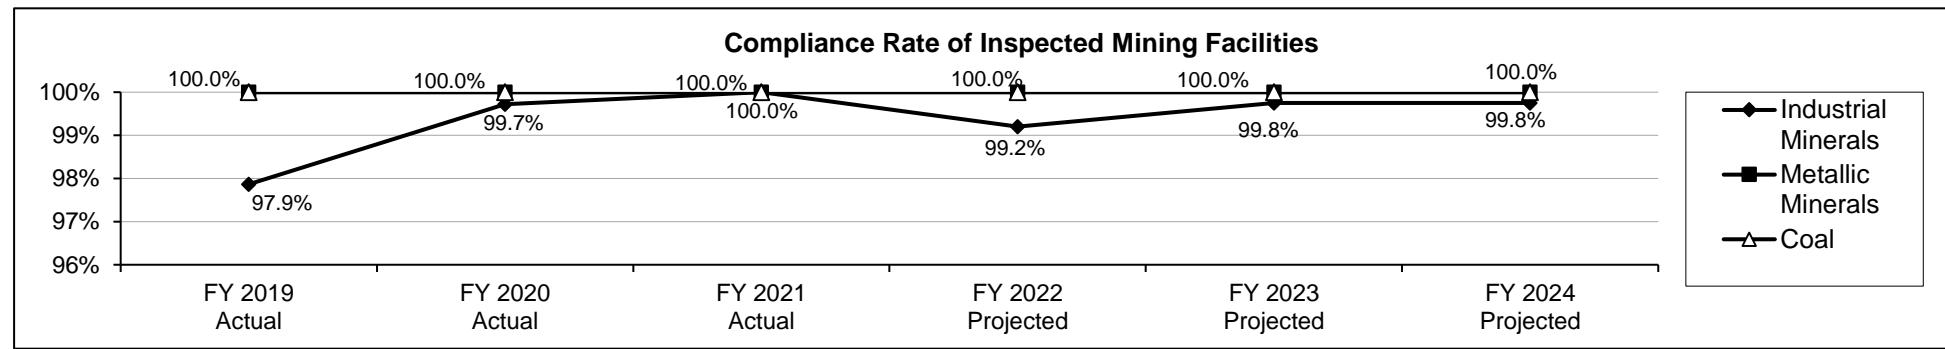

PROGRAM DESCRIPTION

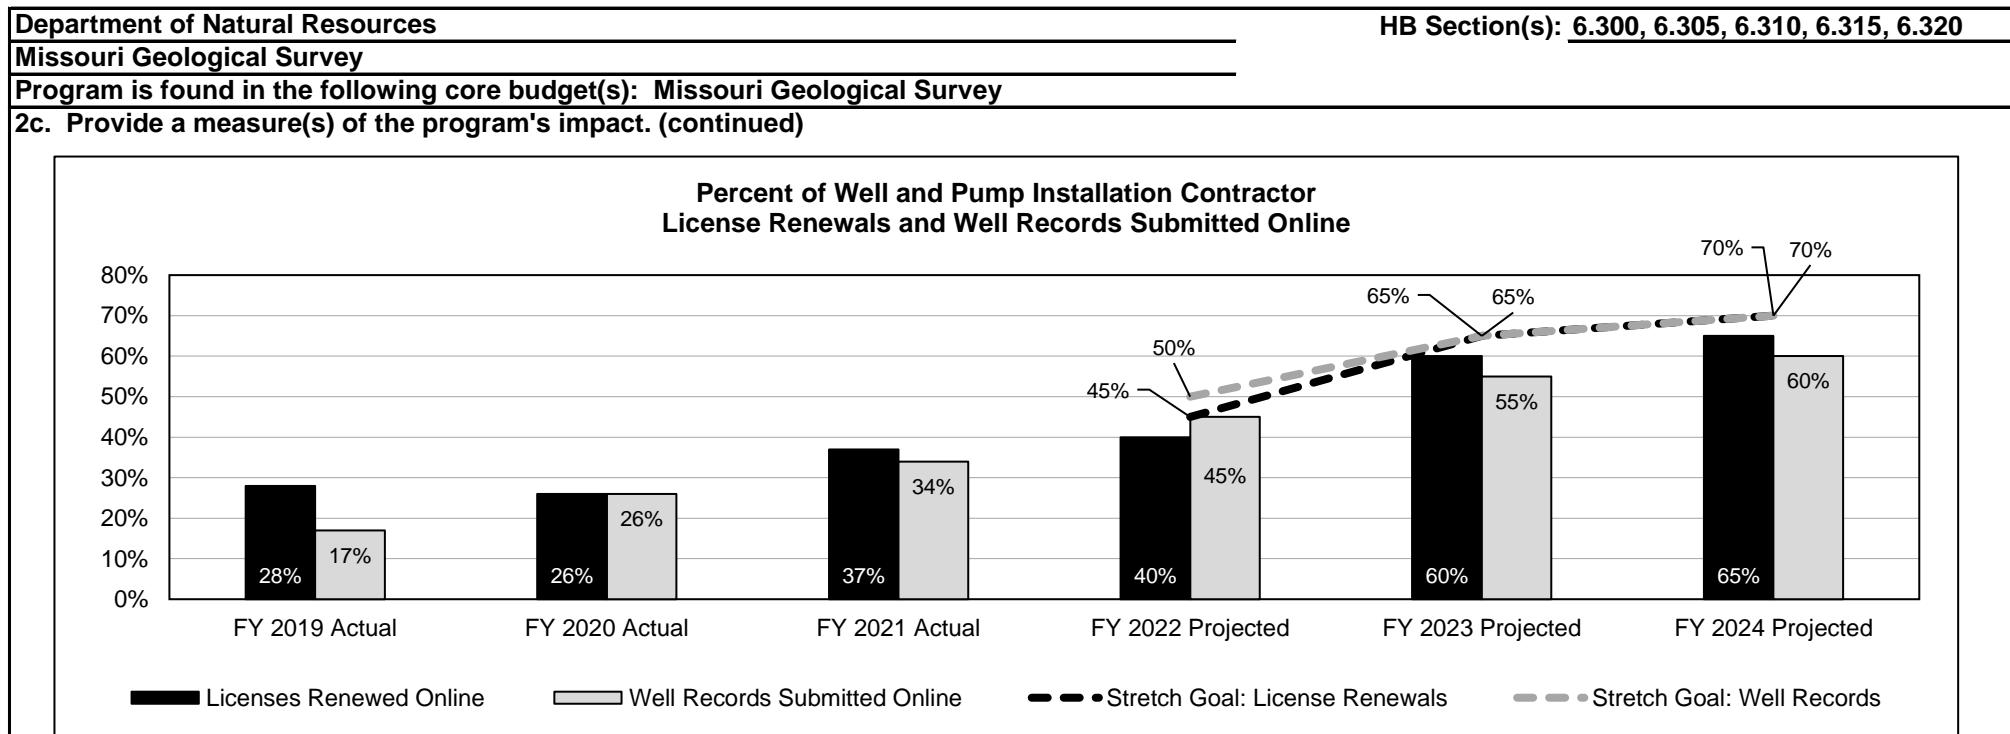

Base Goal: 99% of regulated dams in compliance; Stretch Goal: 100%

The increase in number of regulated dams projected from FY 2022 through FY 2024 is based on evaluations of dams built without a permit in Missouri. Construction and operating permits are required for dams 35 feet or higher in height. Missouri dams are aging with many built in the 1960s and '70s. The inspection and permitting process identifies deficiencies requiring repair or maintenance to be undertaken by dam owners to ensure the dam continues to operate as designed.

For 749 Industrial Mineral and 11 Metallic Mineral facilities, the Land Reclamation Program routinely provides compliance assistance to regulated facilities using conference, conciliation, and persuasion (CC&P) to correct issues. There are five coal facilities in Missouri. Goals for this measure are to maintain the compliance rate for all three categories at 100%.

PROGRAM DESCRIPTION

Base Goal shown as Projected amount.

The Well Installation Section protects valuable groundwater resources by implementing the Water Well Drillers' Act (256.600-256.640, RSMo). Each year team members process and review approximately 10,000 forms with data on well construction and plugging. Well installation contractors have the ability to enter most records online through the Well Information Management System (WIMS) also known as MoWells. However, due to limited functionality of the current system, in FY 2021 only 34% of these records were submitted online. Well installation contractors also have the ability to renew their licenses online. Yet in FY 2021, only 37% of contractors used the system for this purpose. MoWells is being upgraded to WIMS 2.0. This new application is expected to be deployed in FY 2022 and will provide improved functionality and a more intuitive interface for well installation contractors and team members. In future fiscal years, we anticipate a significant increase of online record submissions and license renewals saving time and resources for internal and external customers.

PROGRAM DESCRIPTION

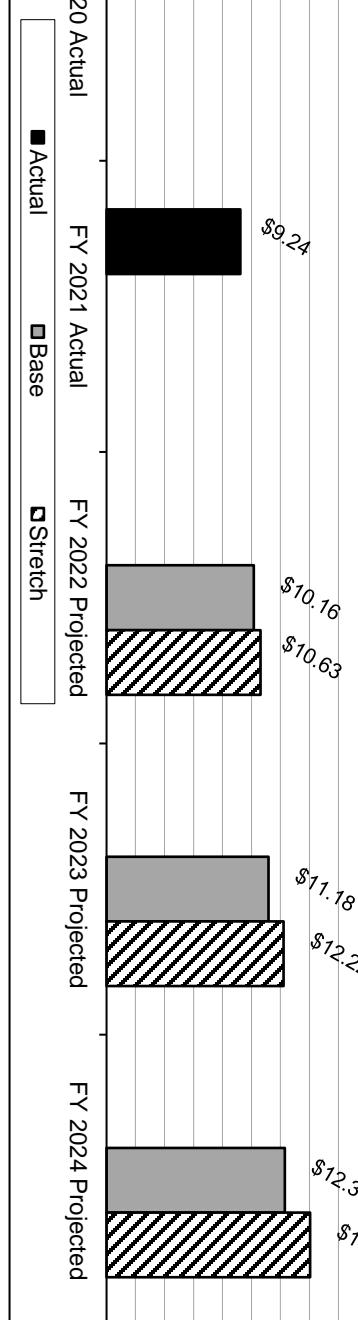

Department of Natural Resources

Missouri Geological Survey

Program is found in the following core budget(s): Missouri Geological Survey

2c. Provide a measure(s) of the program's impact. (continued)

Value of Geologic Materials Examined at McCracken Core Library and Research Center

This performance measure is based on: the amount of core and cuttings accessed by customers; the depth of drilling required to obtain the samples; and by the current estimate of the average cost per foot of drilling. In FY 2021, 21,292 feet of core stored at this facility was examined by our customers. The majority of interest at this time is in core that encompasses Precambrian or "basement" bedrock. Assuming a cost of \$60 per foot to drill, the value of this core is equivalent to approximately \$1,200,000. When drill cuttings are also considered, the value of these materials to our customers in FY 2021 is approximately \$1,700,000 for an overall increase of 22% over FY 2020. A newly established hand sample archive contains samples from multiple sites now inaccessible, including closed mines. The archive includes samples collected by MGS staff as far back as the 1800s, and is continually being added to.

Of the total feet of geologic materials accessed, more than 8,400 linear feet was used by an exploration company for potential cobalt exploration in Missouri. Cobalt is recognized as a mineral critical to the United States. Data were also collected from multiple hand samples in the collection housed at McCracken. The cost savings for the company were more than \$504,000. A separate company evaluated more than 1,500 linear feet of core to evaluate potash potential in Missouri Precambrian-age rocks. Cost savings to this company were more than \$93,500.

Base Goal: FY 2021 Actual with annual 10% increases.
Stretch Goal: FY 2021 Actual with annual 15% increases.

PROGRAM DESCRIPTION

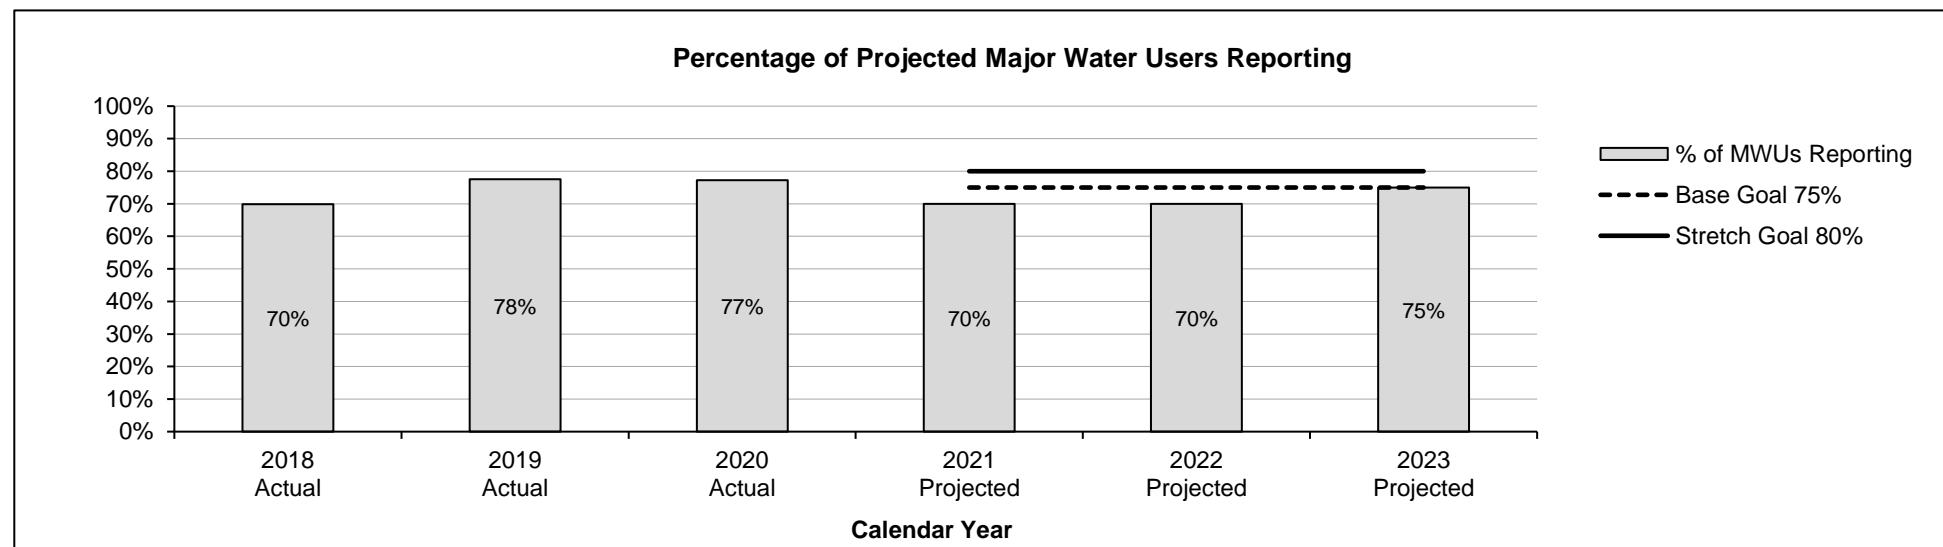

Department of Natural Resources

HB Section(s): [6.300](#), [6.305](#), [6.310](#), [6.315](#), [6.320](#)

Missouri Geological Survey

Program is found in the following core budget(s): Missouri Geological Survey

2d. Provide a measure(s) of the program's efficiency.

Any water user withdrawing 100,000 gallons or more per day from any water source (stream, river, lake, well, spring, or other water source) is considered a major water user in Missouri. All major water users are required by law to register and report water use annually. Reporting water use facilitates the study and understanding of water use trends and patterns over time. Neighboring states that utilize a water rights framework have more data regarding their water use. It is important that Missouri have sufficient data to defend the needs of its users and the use of our water. The division is implementing a new reporting system in calendar 2021 and anticipates a slight decline in reporting initially as users learn the system.

PROGRAM DESCRIPTION

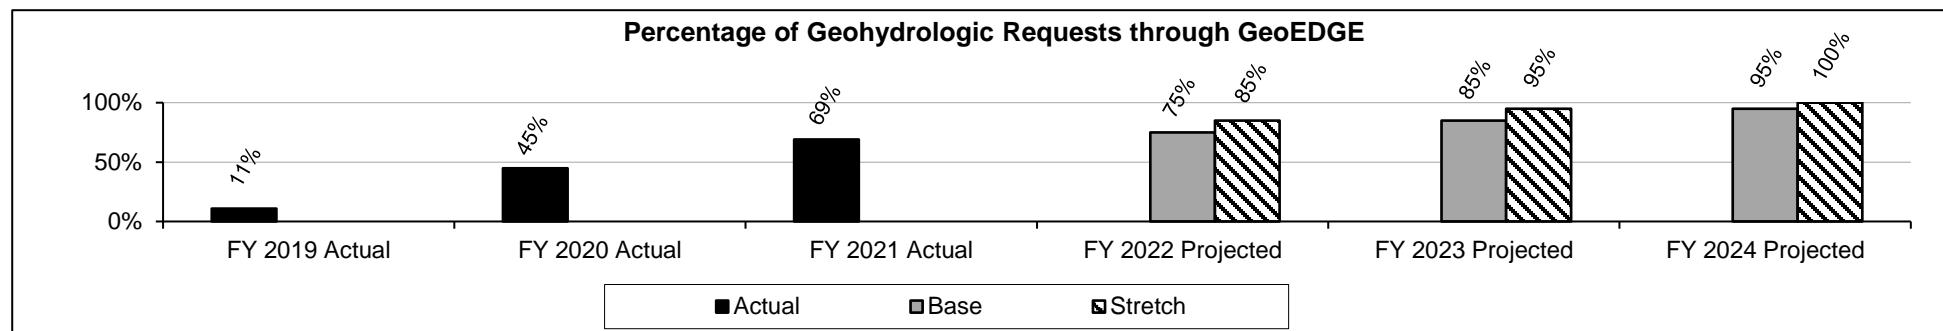

Department of Natural Resources

HB Section(s): 6.300, 6.305, 6.310, 6.315, 6.320

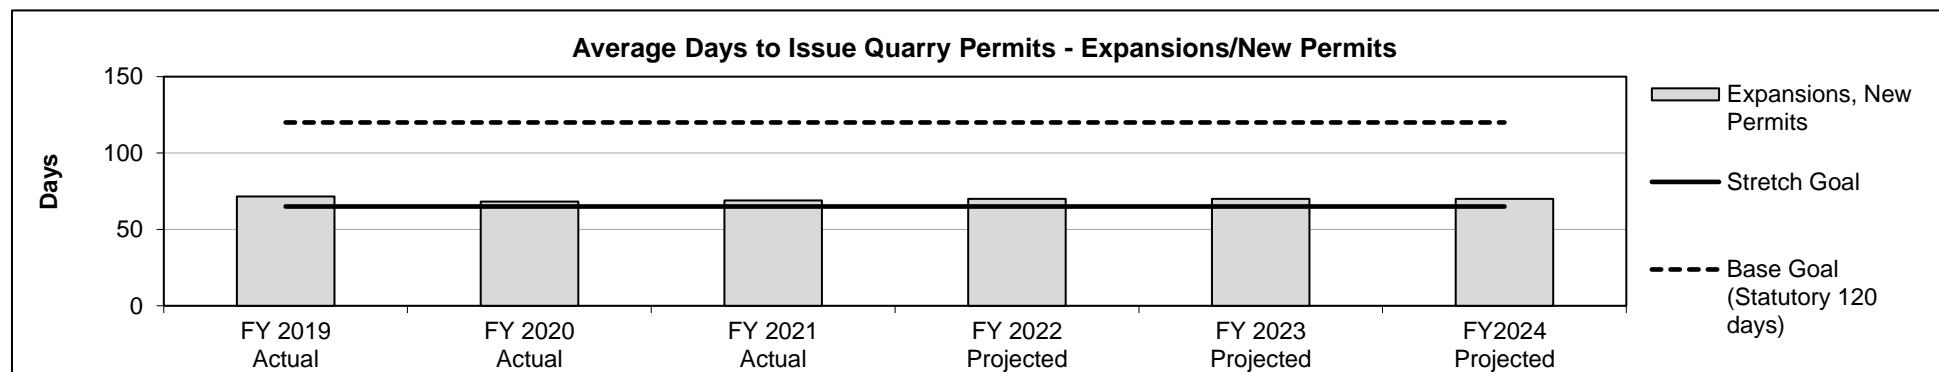

Missouri Geological Survey

Program is found in the following core budget(s): Missouri Geological Survey

2d. Provide a measure(s) of the program's efficiency. (continued)

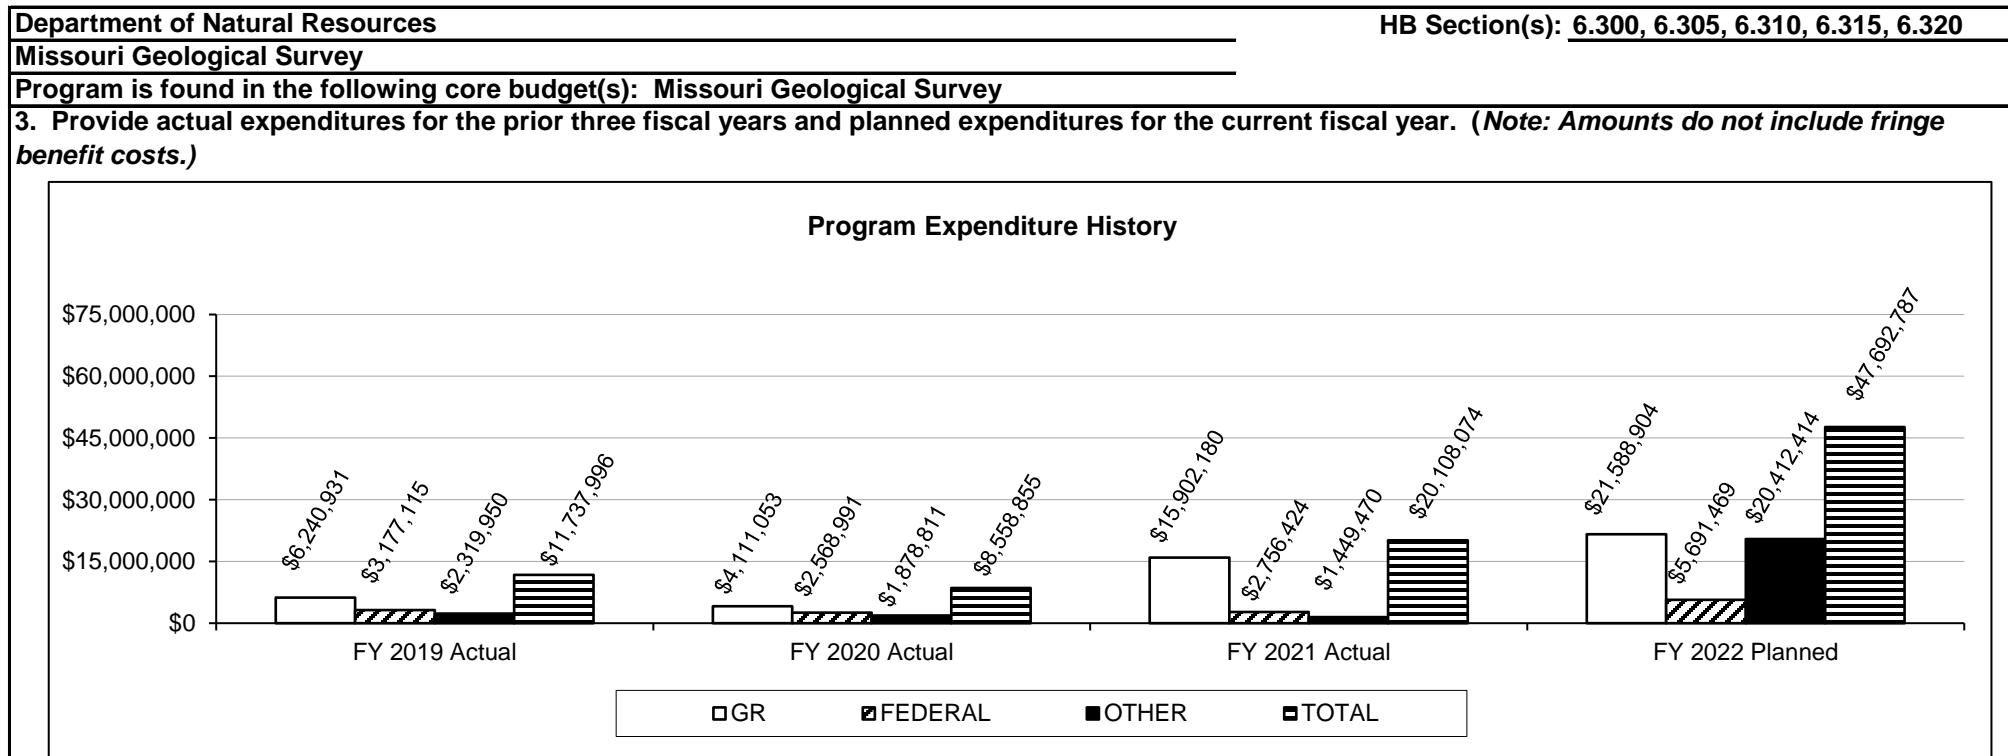

The Geologic Evaluation Data Gateway Exchange (GeoEDGE) provides a convenient, paperless option for customers to submit requests for geohydrologic evaluations for liquid waste treatment, solid waste disposal, mining areas, and residential housing developments. These evaluations provide the requestor, property owner, and the permit writers with site specific information needed to design and install appropriate waste treatment or monitoring systems. The GeoEDGE web application reduces time and money the requestor or developer spends on completing and submitting paper forms. It also reduces team member's time entering requests and mailing out reports. Customers are now able to instantly track their requests and receive expedited results through an email.

Missouri law allows 120 days to issue a permit, which includes a minimum 45-day comment period for new industrial permits and expansions. When public meetings and hearings are held, however, substantially more than 45 days is needed. The Land Reclamation Program issued 375 industrial minerals permits in FY 2021 covering approximately 750 mining sites.

PROGRAM DESCRIPTION

Financial data includes operating and pass-through appropriations. FY 2022 Planned is shown at full appropriation and includes transfer and pass-through authority for the Multipurpose Water Resource Program.

4. What are the sources of the "Other" funds?

DNR Revolving Services Fund (0425); Cost Allocation Fund (0500); Oil and Gas Resources Fund (0543); Coal Combustion Residuals Subaccount (0551); Natural Resources Protection Fund - Damages Subaccount (0555); Natural Resources Protection Fund-Water Pollution Permit Fees (0568); Solid Waste Management Fund (0570); Metallic Minerals Waste Management Fund (0575); Groundwater Protection Fund (0660); Hazardous Waste Fund (0676); Oil and Gas Remedial Fund (0699); Geologic Resources Fund (0801); Multipurpose Water Resource Program Fund (0815); Mined Land Reclamation Fund (0906)

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.300, 6.305, 6.310, 6.315, 6.320</u>
Missouri Geological Survey	
Program is found in the following core budget(s): Missouri Geological Survey	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
RSMo 256.050	Geologic Assistance, Geologic Information and Maps
RSMo 256.112	Mine Map Repository
RSMo 256.170-256.173	Geologic Hazard Assessment
RSMo 319.200	Ground Shaking Notification
RSMo 256.090	Minerals, Rocks and Fossils
RSMo 578.200-578.225	Cave Resources Act
RSMo 260.925	Dry-Cleaning Facilities
RSMo 256.010-256.080	Provides technical and administrative oversight of all direct program statutory mandates
RSMo 259	Oil and Gas Act
RSMo 256.700-256.710	Geologic Resource Fund and related duties
RSMo 260.205	Solid Waste Management
RSMo 256.600-256.640	The Water Well Drillers' Act
RSMo 256.700 and 444.760-444.790	Industrial Minerals
RSMo 236.400-236.500	Dam, Mills and Electric Power
RSMo 256.060	Survey of water resources of state
RSMo 256.200	Commission to collect and coordinate water data
RSMo 256.400-256.430	Water Usage Law, users to file registration
RSMo 256.435-256.445	Multipurpose Water Resource Act
RSMo 640.400-640.430	Negotiation of interstate compacts, surface and groundwater monitoring, state water resources plan and annual report and special water protection areas
RSMo Chapter 257	Water Conservancy Districts
RSMo 444.350 through 444.380	Metallic Minerals
RSMo 444.500 through 444.755	Strip Mining

RSMo 444.800 through 444.970 and	Coal, Bond Forfeiture and Abandoned Mine Lands

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.300, 6.305, 6.310, 6.315, 6.320</u>
Missouri Geological Survey	
Program is found in the following core budget(s): Missouri Geological Survey	
6. Are there federal matching requirements? If yes, please explain.	
State Geologic Mapping Program	50% Federal (USGS)
Underground Injection Control (UIC)	75% Federal (EPA)
Geodata Preservation	40% Federal (USGS)
National Dam Safety Assistance Award	100% Federal
Drinking Water State Revolving Fund Capitalization Grant	20% State/Local (EPA)
Coal Administration and Enforcement Grant	50% Federal (OSM)
Abandoned Mine Land Grant	100% Federal (OSM)
National Groundwater Monitoring Network	63% Federal (USGS)
Missouri Earth Mapping Resources Initiative (Earth MRI)	91% Federal (USGS)
National Geologic Map Database	100% Federal (USGS)
Geologic Mapping Initiative	67% Federal (USDA)
7. Is this a federally mandated program? If yes, please explain.	
The Missouri Geological Survey provides the technical geologic expertise for the state's federally-delegated environmental programs. In addition, the EPA has delegated authority to the Department to ensure compliance with the requirements of the Safe Drinking Water Act as it relates to underground injection control.	
The state has federal delegation to operate the coal regulatory, abandoned mine lands, and coal bond forfeiture programs.

HB Section 6.300

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This new decision item will build on federal partnerships and accelerate efforts to complete detailed geologic mapping and geochemical analyses in areas of Missouri with potential for undiscovered mineral reserves. It will result in better understanding Missouri's mineral resources. Geologic mapping is crucial to identify mineral occurrence and as the leader in collecting, interpreting and disseminating Missouri's geologic information, the Missouri Geological Survey is uniquely qualified to produce these maps and datasets. Producing and providing geologic maps and datasets on the availability of mineral resources encourages private investment in mineral production. These potential investments can lead to economic development, job creation, and a reduction in US dependence on foreign supplies of minerals.

Missouri has a long history of mineral production and is one of the top 10 mineral producing states in the nation. Recently, the USGS identified a list of 35 mineral commodities considered critical to the economic and national security of the nation. Of the 35, seven are found in Missouri and include: cobalt, barite, Rare Earth Elements (REEs), manganese, gallium, germanium, and indium. These minerals are used in electric vehicle applications, wind and solar applications, medical and defense technologies, and manufactured goods such as cell phones. Limestone commodities, produced in 83% of Missouri's counties, are integral to development of infrastructure such as roads, bridges, and highways.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

The current national focus on mineral occurrence and supply chain resiliency in the US is unprecedented and presents a unique opportunity to expand knowledge of Missouri's natural resources that informs economic development. Federal funding requires a 1:1 state match. Based upon current federal appropriations, we project that with the additional funding the department would be able to accelerate these efforts by leveraging an additional \$150,000 - \$250,000 in federal grants for FY 2023.

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

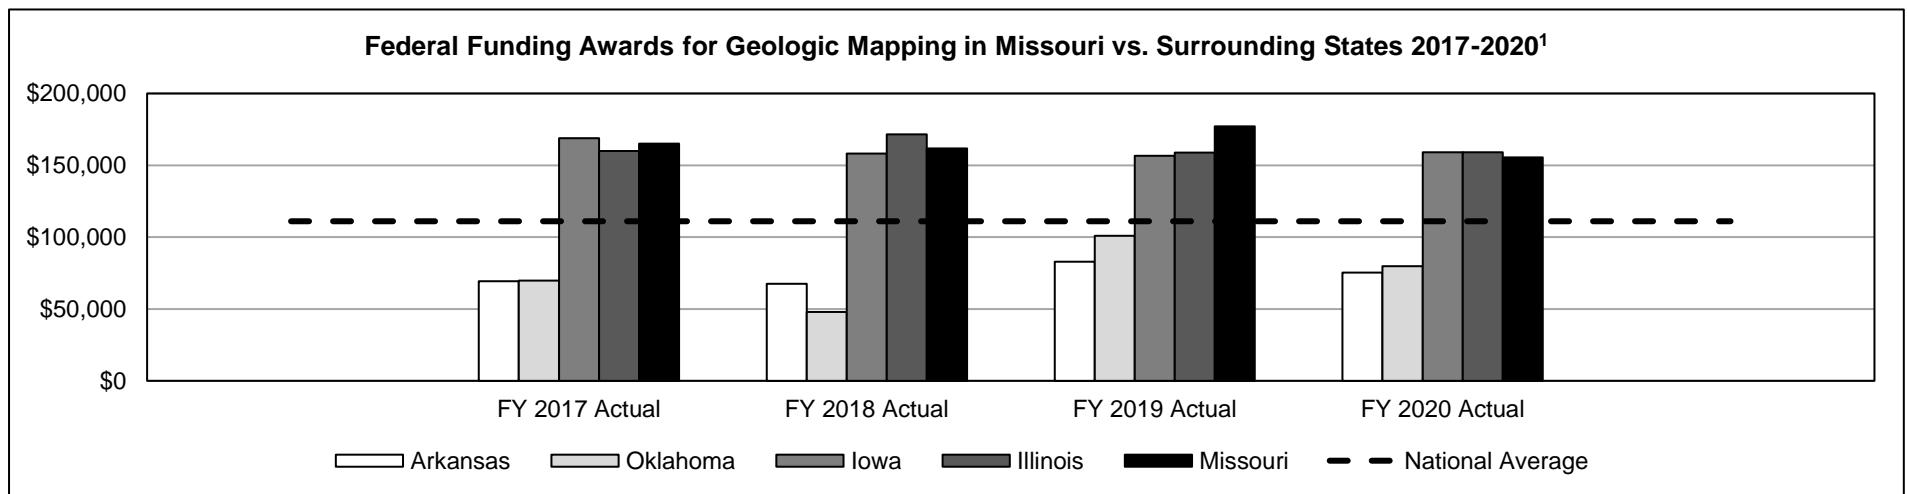

Funding this new decision item will result in an acceleration of new geologic information related to mineral resources in Missouri including detailed geologic maps and a comprehensive critical mineral resource database for Missouri.

NEW DECISION ITEM
RANK: 008 OF 014

Department of Natural Resources	Budget Unit <u>78510C</u>
Missouri Geological Survey	
Critical Minerals, Mapping, and Infrastructure	DI# <u>1780004</u>

6b. Provide a measure(s) of the program(s) quality.

Every year Missouri competes with other states for federal dollars to conduct geologic mapping. This chart shows how Missouri ranks among nearby states and the national average in federal awards over the last 4 years. Missouri ranks comparably, if not higher, than surrounding Midwestern states, and consistently above the national average in federal funding for geologic mapping.

Department of Natural Resources	Budget Unit <u>78510C</u>
Missouri Geological Survey	
Critical Minerals, Mapping, and Infrastructure	DI# <u>1780004</u>

HB Section 6.300

6c. Provide a measure(s) of the program's impact.

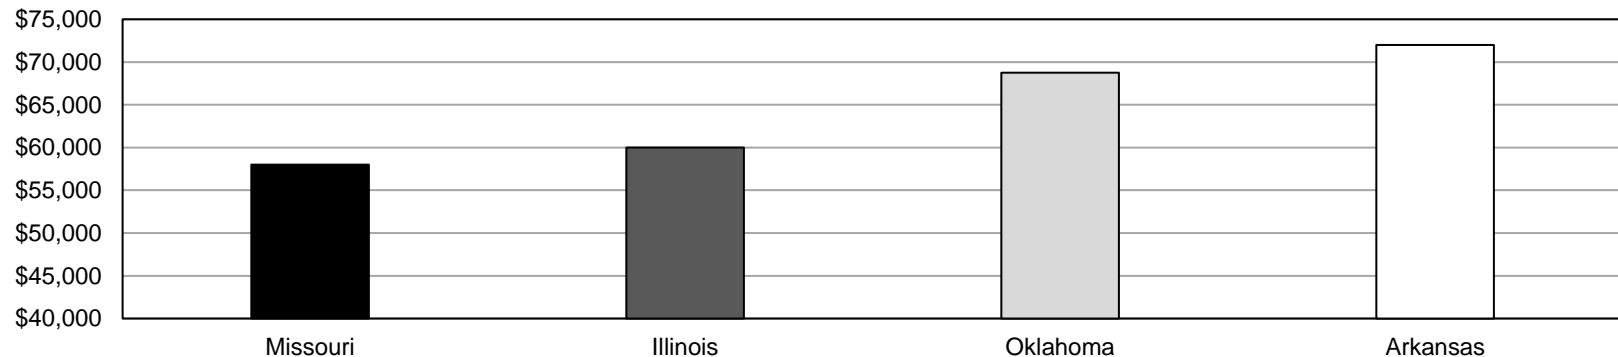

Every year the Missouri Geological Survey responds to thousands of requests for geologic information from our customers including businesses, farmers, and citizens. The Missouri Geological Survey is committed to providing geologic information more user friendly and accessible to the public. In FY 2018, the Department's online Geosciences Technical Resource Assessment Tool (GeoSTRAT) was upgraded to an ArcGIS Online platform. This web-based, interactive tool provides geologic and geotechnical data on a variety of platforms including mobile devices. Beginning in FY 2020, the number of views on GeoSTRAT exceeded the number of phone and email inquiries received for geologic information demonstrating our customers are accessing geologic information online for data assessments in disciplines such as hazards assessment, environmental consulting and engineering, local and regional planning, insurance assessment and others. We expect this trend to continue as we expand our efforts to provide geologic maps and information more accessible online.

	HB Section <u>6.300</u>

6d. Provide a measure(s) of the program's efficiency.

Cost to Produce a Detailed Geologic Map¹ in Missouri vs. Surrounding States

This chart demonstrates the lower cost to produce a detailed geologic map¹ in Missouri in comparison to nearby states.

¹ 7.5' quadrangle (~60 square miles) at 1:24,000 scale bedrock mapping.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

To achieve the performance measure targets, the Geological Survey Program will actively pursue partnerships with other states and federal agencies, strive to innovate technology such as high quality geophysics, and use information collected by the Missouri Geological Survey over the last 165 years to inform these mapping products.

PROGRAM DESCRIPTION

Department of Natural Resources Missouri Geological Survey Program is found in the following core budget(s): Clarence Cannon Dam Transfer and Payment	HB Section(s): <u>6.325, 6.330</u>
1a. What strategic priority does this program address?	
<ul style="list-style-type: none">• Securing a reliable source of drinking water for Missourians.	
1b. What does this program do?	
<ul style="list-style-type: none">• The U.S. Army Corps of Engineers and the State of Missouri entered into a contract in 1988 obligating the state to repay the Corps of Engineers for 20,000 acre-feet of water supply storage into the Clarence Cannon Dam and Mark Twain Lake project. The payment is limited to 3.22% interest and a portion of the overall project's operation and maintenance expenses.• The FY 2023 budget will pay the FFY 2021 water supply storage interest and operations and maintenance expenses.• The Clarence Cannon Wholesale Water Commission markets and develops water from the Mark Twain Lake.	
2a. Provide an activity measure(s) for the program.	
The water supply contract between the U.S. Army Corps of Engineers, the State of Missouri, and the Clarence Cannon Wholesale Water Commission (CCWWC) is executed in compliance with appropriate Federal and State statutes.	
The Clarence Cannon Wholesale Water Commission (CCWWC) serves an estimated 79,037 citizens; 72,849 buy directly from CCWWC and another 6,188 buy from secondary water supply systems which purchase from CCWWC.	
2b. Provide a measure(s) of the program's quality.	
Not available	
2c. Provide a measure(s) of the program's impact.	
Not available	
2d. Provide a measure(s) of the program's efficiency.

FY 2022 Planned	\$0	\$477,098	\$477,098																		
FY 2022 Planned is shown at full appropriation.																					
4. What are the sources of the "Other" funds?																					
Water Development Fund (0174) Cash is transferred from General Revenue to the Water Development Fund for payment to the Corps of Engineers.																					
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)																					
Water Supply Act of 1958 (1958 WSA; P.L. 85-500; 72 Stat. 319; 43 U.S.C. 390b) Section 256.290, RSMo Sections 393.700-770, RSMo	Missouri Water Development Fund Clarence Cannon Wholesale Water Commission																				
6. Are there federal matching requirements? If yes, please explain.																					
No																					
7. Is this a federally mandated program? If yes, please explain.																					
The state has entered into a contract with U.S. Army Corps of Engineers to secure future water supply.

2. CORE DESCRIPTION																																										
<p>The Division of Energy advances the efficient use of diverse energy resources through financial and technical assistance and education. The Division operates as the designated State Energy Office, directing the use of federal State Energy Program funds to support state-led energy initiatives.</p> <p>Division staff members support business and community development and the use of diverse in-state resources and energy efficiency through interaction with utility companies, Public Service Commission staff, the Department of Natural Resources' environmental programs, and the Department of Economic Development's business expansion and attraction operations. Division staff also support the increased use and innovative development of bioenergy solutions, as well as market research and demonstration projects that advance the use of reliable and affordable domestic energy resources and technologies.</p> <p>The division's pass-through authority is located in a separate core decision item form.</p>

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 78210C, 78220C, 78225C	DEPARTMENT: NATURAL RESOURCES	
BUDGET UNIT NAME: ENERGY OPERATIONS; ENERGY EFFICIENT SERVICES; APPROPRIATED TAX CREDITS		
HOUSE BILL SECTION(S): 6.340, 6.345 & 6.350	DIVISION: ENERGY	
1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.		
DEPARTMENT REQUEST		
<p>The Division of Energy requests retention of 50% flexibility between federal and other fund operating appropriations (78210C) and new 50% flexibility between federal and other fund pass-through appropriations (78220C). Flexibility is needed to ensure our ability to immediately address any identified operational modifications to ensure the provision of the highest quality services to Missourians and will be used when needed to align appropriation authority with planned spending based on funds availability for pass-through programs.</p> <p>Also included for the Wood Energy Tax Credit Program (78225C) is 3% flexibility from 6.350 to 6.410 (General Revenue) related to the Legal Expense Fund.</p>		
2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
Flexibility was not used in FY 2021.	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.
3. Please explain how flexibility was used in the prior and/or current years.		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Flexibility was not used in FY 2021.	Flexibility will allow the Department to align appropriation authority with planned spending during the fiscal year based on funds availability and will help ensure effective, responsive service delivery by Energy Operations staff.

2. CORE DESCRIPTION																																																					
<p>The Division of Energy advances the efficient use of diverse energy resources to improve the affordability and reliability of energy services, achieve greater energy security for future generations, and balance a healthy environment with a healthy economy. Through the energy efficiency loans, grants, and services programs, the Division helps to ensure energy resilience and affordability for communities and residents by supporting local energy efficiency and renewable energy projects.</p> <p>The Division's Energy Loan Program, a revolving loan fund capitalized through Petroleum Violation Escrow (PVE) funds, partners with DNR environmental programs and other governmental entities to achieve greater environmental quality and improve affordability and reliability through energy improvements. Staff also provides technical and financial assistance to state and local governments, school districts, businesses, industries, and citizens for energy improvements.</p> <p>Designated as the State Weatherization Office, staff administers pass-through federal and other funds for energy efficiency and renewable energy activities. To deliver services, the Division collaborates with a broad network of subgrantees (18 local, community based agencies), utility service providers, vendors, and installers to deploy energy-efficiency programs to improve the health, safety, and comfort of income-eligible households. The program improves long-term energy affordability for client households and enables the more efficient use of public assistance dollars.</p>

Federal	7,085,951	8,818,024	8,363,548	N/A						
Other	22,408,889	22,321,305	32,159,133	N/A						
	(1)	(1)	(1,2)	(1)						
<p>The graph shows Actual Expenditures (All Funds) in millions of dollars for three fiscal years. The y-axis ranges from 0 to 75,000,000. The x-axis shows FY 2019, FY 2020, and FY 2021. Data points are labeled with their values: 9,733,060 for FY 2019, 16,488,571 for FY 2020, and 59,133,151 for FY 2021. A straight line connects the points, showing a significant upward trend.</p> <table border="1"> <thead> <tr> <th>Fiscal Year</th> <th>Actual Expenditures (All Funds) [M]</th> </tr> </thead> <tbody> <tr> <td>FY 2019</td> <td>9,733,060</td> </tr> <tr> <td>FY 2020</td> <td>16,488,571</td> </tr> <tr> <td>FY 2021</td> <td>59,133,151</td> </tr> </tbody> </table>			Fiscal Year	Actual Expenditures (All Funds) [M]	FY 2019	9,733,060	FY 2020	16,488,571	FY 2021	59,133,151
Fiscal Year	Actual Expenditures (All Funds) [M]									
FY 2019	9,733,060									
FY 2020	16,488,571									
FY 2021	59,133,151									
Reverted includes the statutory three-percent reserve amount (when applicable).										
Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).										
NOTES:										
(1) In many cases, pass-through appropriation has been provided for encumbrance and payment of our commitments which often span multiple fiscal years causing high unexpended balances. Beginning in FY 2014, appropriations were provided for encumbrance purposes separate from expenditures. Both types of appropriations are included in the data above, therefore high unexpended balances will continue to be reflected. The FY 2022 PSD (expenditure only) appropriations are Energy Efficient Services \$19,100,900, Low Income Weatherization Assistance \$11,716,616 and Municipal Utility Relief \$50,000,000. The FY 2022 budget also includes \$18,000,000 encumbrance authority.										
(2) In FY 2021, the Municipal Utility Relief Program appropriation was \$50,000,000 and expenditures totaled \$39,459,932. The \$50,000,000 appropriation will be reduced in the FY2023 budget. The corresponding \$50 million GR transfer is not reflected above.										

CORE DECISION ITEM

Department of Natural Resources	Budget Unit	78220C
Division of Energy		
Energy Efficient Services PSD Core	HB Section	6.345

4. FINANCIAL HISTORY (continued)

The following table shows financial data for the appropriations included in this form.

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr	FY 2023 Request
Energy Efficient Services PSD	9,733,060	16,488,571	19,673,219	30,817,516	28,820,752
Municipal Utility Relief PSD	N/A	N/A	39,459,932	50,000,000	0
Energy Efficient Svcs Encumbrance	n/a - encumbrance authority must lapse			18,000,000	18,000,000
Total	9,733,060	16,488,571	59,133,151	98,817,516	46,820,752

The FY 2022 and FY2023 budgets include appropriation authority of \$18,000,000 to be used for encumbrance purposes only, which must lapse. Prior to FY 2020, Low Income Home Energy Assistance Program pass-through authority was included in the Department of Social Services' budget. Those funds were utilized to supplement Low Income Weatherization Assistance Progam services.

The FY 2021 and FY 2022 budgets include appropriation authority of \$50,000,000 for the Municipal Utility Emergency Loan Program (MUELP) which provides zero-interest loans, to be repaid within 5 years, to natural gas and electricity municipal utilities and municipal utilities' commissions for increased costs due to the February 2021 extreme winter weather event. House Bill 15 was signed into law on May 13, 2021. The MUELP began accepting applications on June 2, 2021 and, as of June 30, 2021, expended \$39,459,932.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.340, 6.341, 6.345
Division of Energy	
Program is found in the following core budget(s): Energy	
1a. What strategic priority does this program address?	
The Division of Energy helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:	
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.• Planning for current and future energy needs by engaging stakeholders in the ongoing State Energy Plan process.	
1b. What does this program do?	
<ul style="list-style-type: none">• The Division of Energy educates Missourians about cost-effective and efficient uses of energy resources, assists in finding funding for energy improvements, and provides opportunities to Missourians to advance the efficient use of energy resources to drive economic growth, provide for a healthy environment, and achieve a better Missouri for future generations.• The Division offers a revolving loan program primarily to public K-12 schools, public universities and colleges, public and not-for-profit hospitals, and local governments to implement energy efficiency projects and renewable energy generation systems that lower utility bills while enhancing workplace or educational environmental quality and comfort, improving productivity, and encouraging job growth.• The Division implements the Municipal Utility Emergency Loan Program (MUEL) which provides zero-interest loans, to be repaid within 5 years, to natural gas and electricity municipal utilities and municipal utilities' commissions for increased incurred costs due to the February 2021 extreme winter weather event. House Bill 15 was signed into law on May 13, 2021, the MUEL began accepting applications on June 2, 2021 and as of June 30, 2021 had expended approximately \$40 million.• The Division implements the federal Low-Income Weatherization Assistance Program, which provides funding and training to eighteen subrecipient agencies to weatherize residences of income-eligible Missourians. Weatherization measures increase energy efficiency and improve client safety and comfort while reducing their utility burden.• Key Division activities also include:<ul style="list-style-type: none">○ Engaging with energy providers and stakeholders to determine Missouri's future energy needs;○ Researching and sharing information on grant and other funding opportunities for energy-related projects;○ Working with state agencies to increase the energy efficiency of state facilities and fleets;○ Participating in emergency response and recovery activities to prepare for energy emergencies and ease energy supply disruptions;○ Appearing in energy-related regulatory cases to promote energy supply affordability, reliability, and diversity as well as in-state resource development; and,○ Certifying renewable energy resources, energy-efficient homes, and energy efficiency auditors.

Energy Loans:

- Primary client base includes public K-12 schools, public colleges and universities, state and local governments, and public or not-for-profit hospitals.
- The timing of the FY 2018 loan cycle did not allow for a formal cycle in FY 2019. One emergency loan was made during FY 2019.

Low-Income Weatherization:

- Clients include income-eligible homeowners, renters, and landlords.
- Low-Income Weatherization Funds Distributed includes both federal Low-Income Home Energy Assistance Program (LIHEAP) and federal Low-Income Weatherization Assistance Program (LIWAP) funding.
- The increase in Weatherization funds available in FY2021 is partially based on the \$8.4M in federal funds and \$1.9M from the CARES Act in LIHEAP monies received from the Department of Social Services to increase the number of weatherized homes.

Stretch Goal is estimated as full expenditure of calculated funds available.

PROGRAM DESCRIPTION

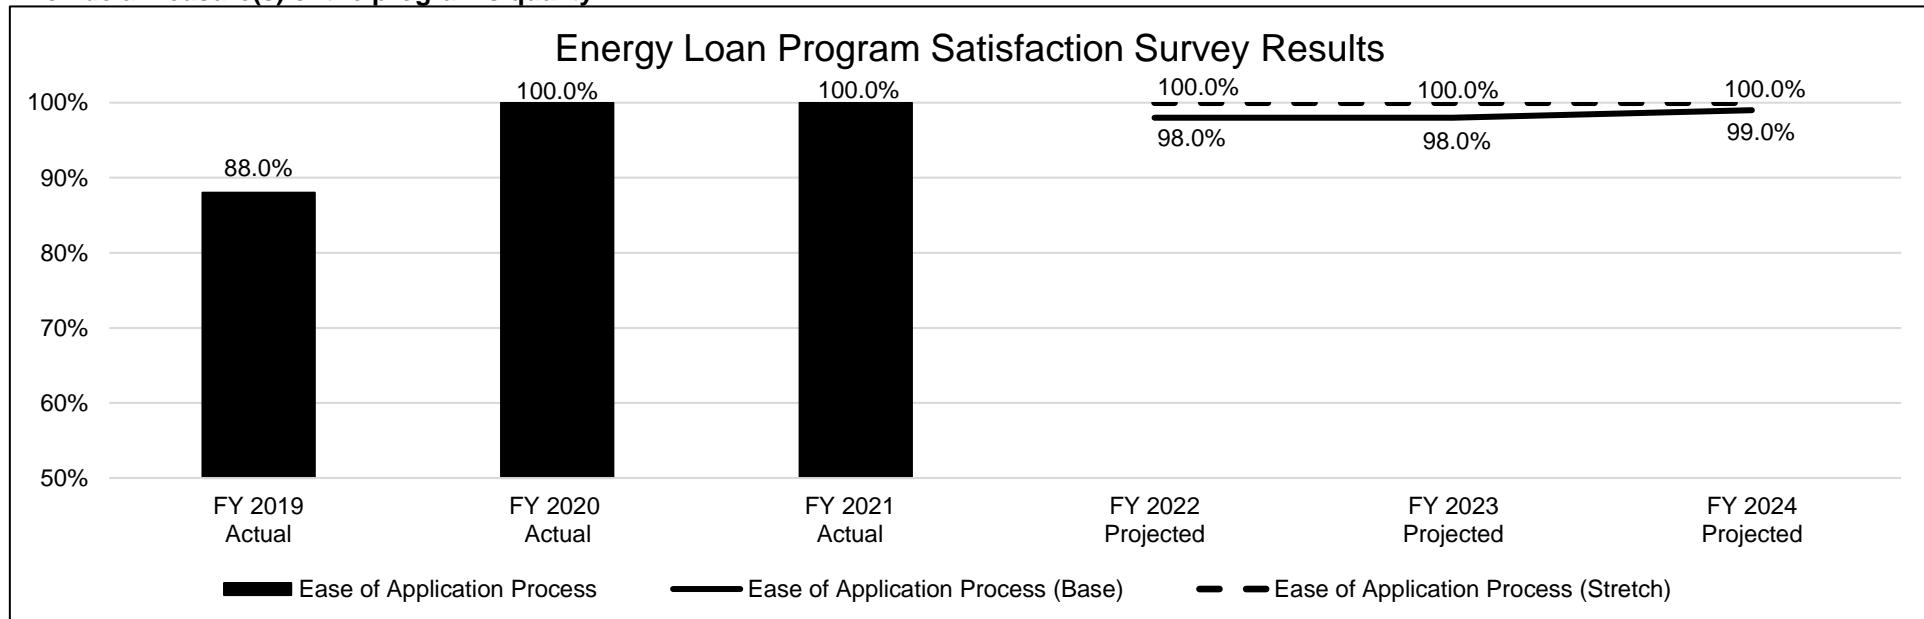

Department of Natural Resources

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2b. Provide a measure(s) of the program's quality.

The Division of Energy sends a satisfaction survey to each loan recipient. Not all recipients respond. There have been no loan defaults since inception of the program in 1989.

The Division of Energy revamped the Satisfaction Survey for FY 2020 in order to obtain more meaningful and actionable feedback from loan recipients. This Division has consistently received extremely positive feedback on overall customer satisfaction, but one particular area of focus for the Division is to improve the ease with which potential clients can apply for loans.

The Division of Energy actively solicits survey participation but received two Satisfaction Survey responses in FY 2020 and twenty-six responses in FY 2021. Such responses are not mandatory.

PROGRAM DESCRIPTION

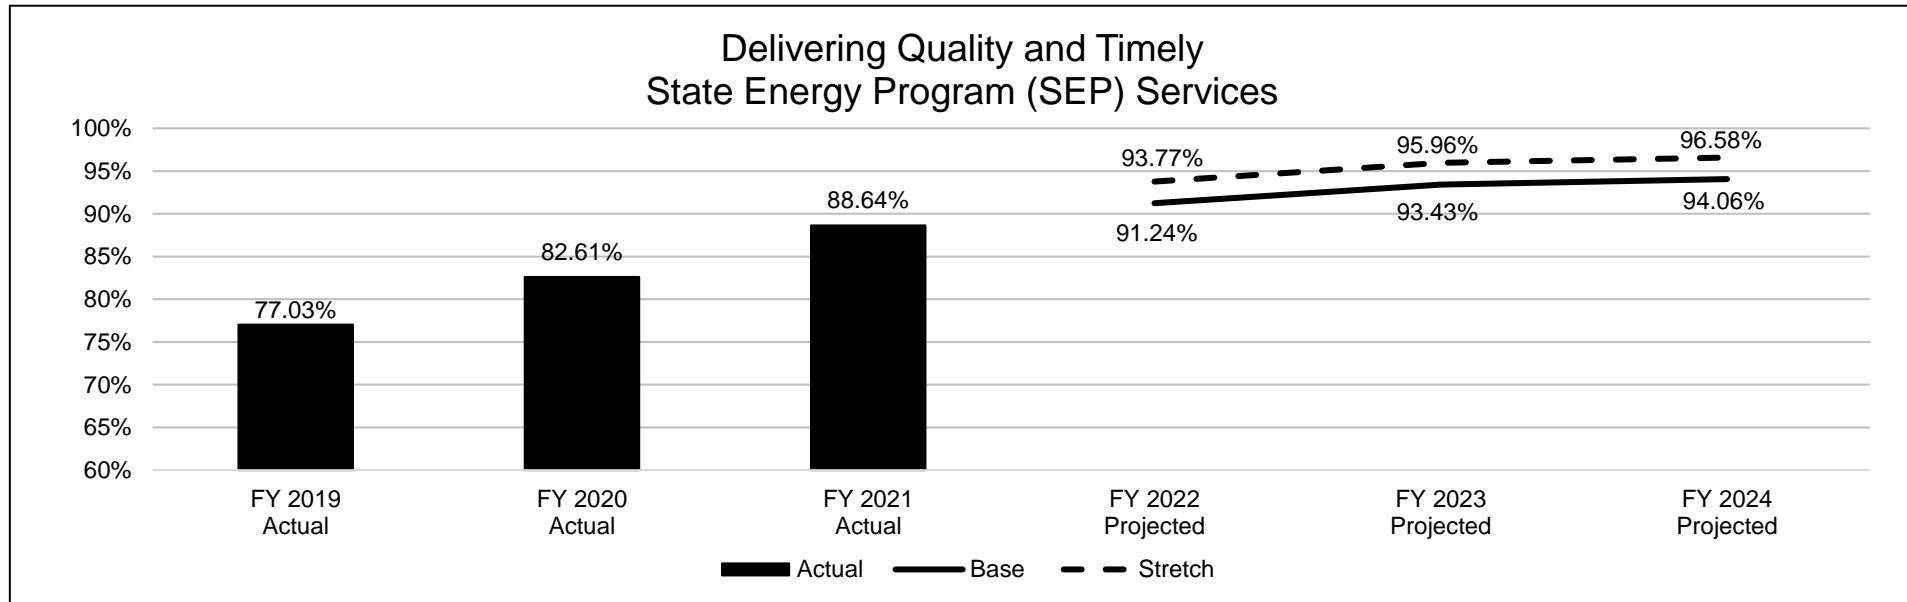

Department of Natural Resources

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2b. Provide a measure(s) of the program's quality.

This measure is based on the timeliness of certifications; responses to inquiries about energy services, infrastructure, and technologies; sharing notifications of funding opportunities; and providing valued training opportunities.

Timely certifications include those completed within 1-2 weeks for renewable energy resources and 5 business days for home-energy auditor applications. Notifications of funding opportunities include sharing requested information regarding U.S. Department of Energy grant and other funding announcements within 5 business days of an opportunity announcement. Training opportunity valuation is measured using positive ratings provided through attendee surveys following workshops, trainings, and other educational offerings.

PROGRAM DESCRIPTION

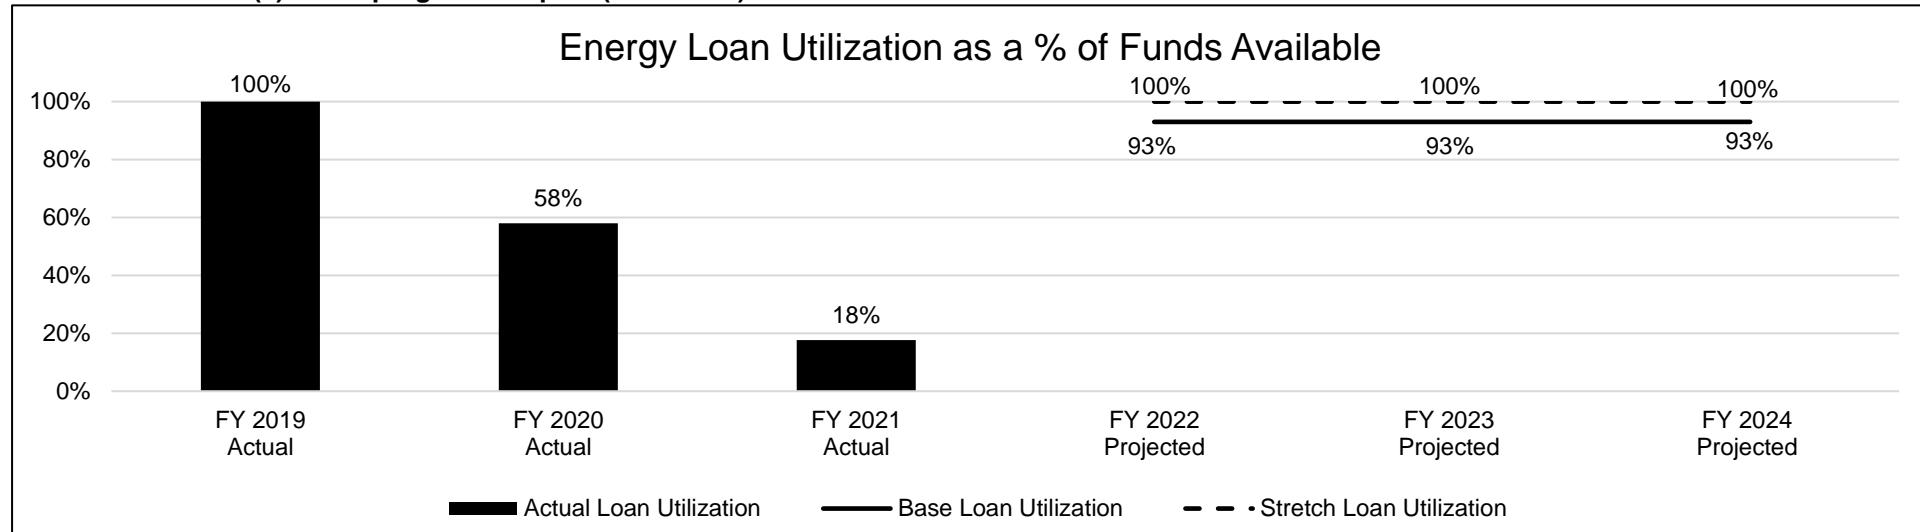

Department of Natural Resources

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2c. Provide a measure(s) of the program's impact (continued).

Utilization of the Energy Loan Program is a measurement of the actual loan amount awarded to borrowers compared to the amount of funds announced as available during the fiscal year. Available funds vary from year-to-year based on loan repayments and early payoffs.

Actual loan utilization decreased dramatically in FY 2020 and 2021 due to COVID-19.

Base Goal - Increased loan utilization is expected post-COVID due to enhanced marketing and outreach to potential borrowers.

Stretch Goal - Based on Energy Loan Program fully utilizing offered funds in FY 2022 – FY 2024. 100% utilization allows for the greatest investment in energy efficiency projects.

PROGRAM DESCRIPTION

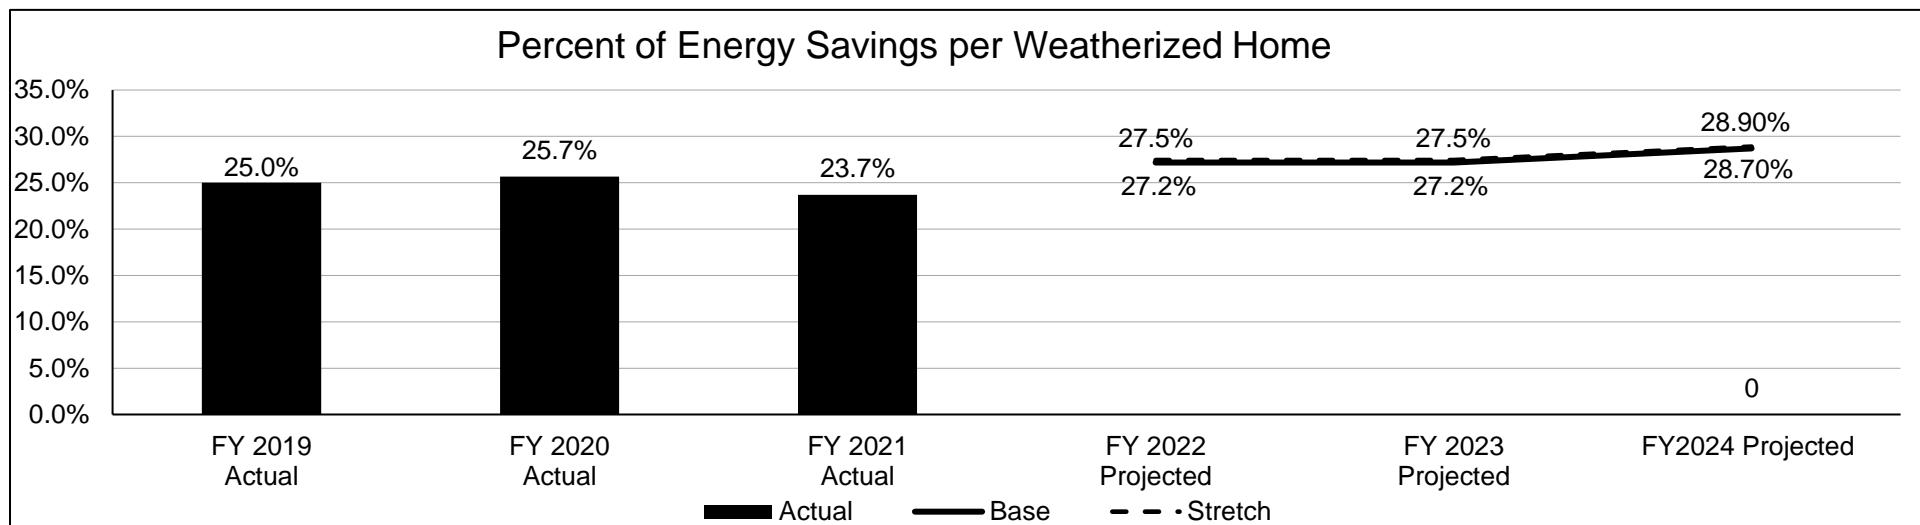

Department of Natural Resources

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2c. Provide a measure(s) of the program's impact (continued).

The Weatherization Assistance Program provides energy efficiency measures to eligible homes resulting in persistent energy savings for each client of approximately \$376.28 per year (based on computerized audits completed on each individual home weatherized in Missouri). The division encourages an increased number of cost-effective measures to be installed on each home to maximize energy savings. There were 1,345 residences weatherized in Missouri during FY 2021. Typical measures include, but are not limited to:

- Blower door test to identify sources of air infiltration
- Sealing leaks identified by the blower door test
- Installation of insulation in ceilings, walls, floors as indicated by testing
- Clean and tune and/or replacement of furnaces when required
- Checks of all combustion appliances to detect gas leaks, drafting issues, etc.
- Installation of ventilation fans as indicated by testing

Base Goal is to increase the initial first year energy savings on homes by installing additional weatherization measures.

Stretch Goal is to increase the initial first year energy savings on homes by installing all viable weatherization measures.

PROGRAM DESCRIPTION

Department of Natural Resources

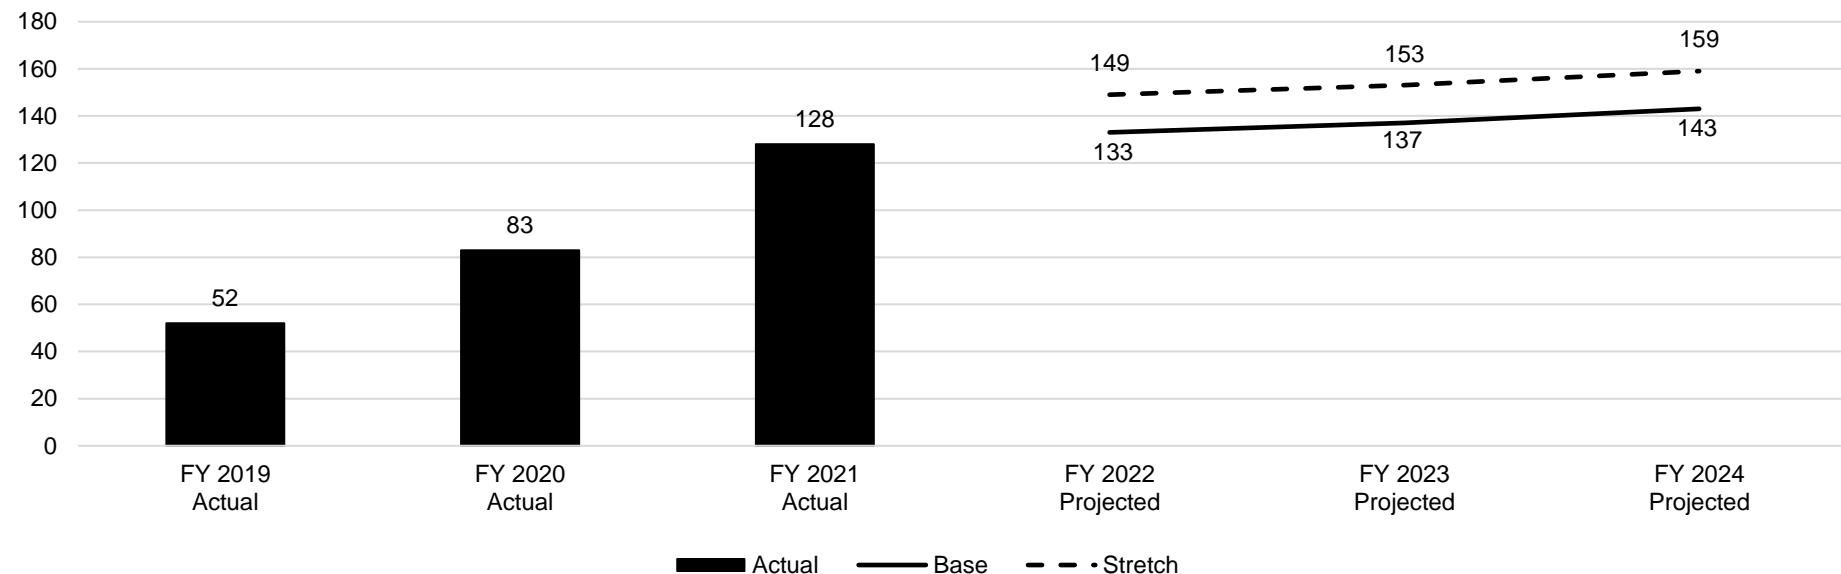

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2c. Provide a measure(s) of the program's impact (continued).

State Energy Program (SEP) Engagement
with Industry and Stakeholders

This measure reflects engaging with energy providers and stakeholders to identify Missouri's future energy needs, collaboratively achieving grant milestones, supporting and improving stakeholder initiatives, streamlining the Division's regulatory processes, and identifying energy-savings opportunities. Stakeholder engagement includes one-on-one interactions as well as collaboration with private- and public-sector partners to better meet identified goals.

PROGRAM DESCRIPTION

Department of Natural Resources

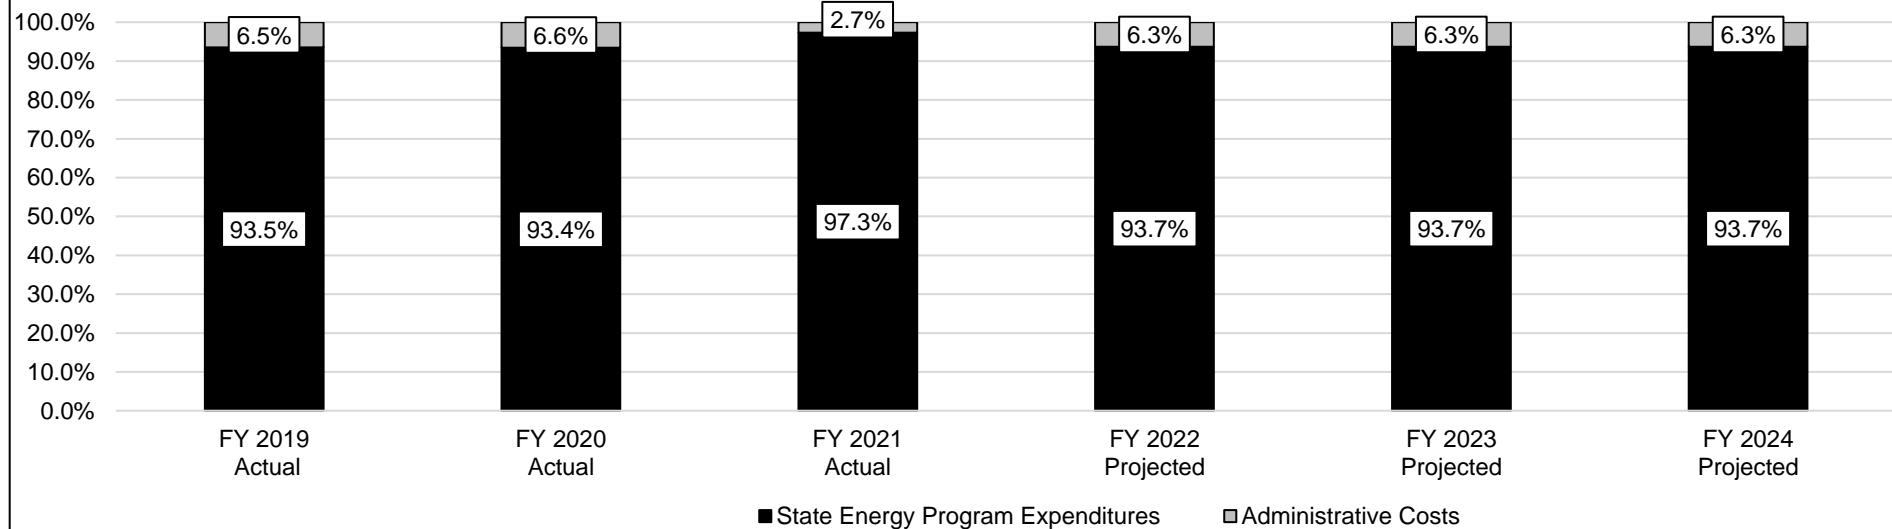

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2d. Provide a measure(s) of the program's efficiency.

Administrative Costs as a % of State Energy Program Expenditures

The Division of Energy's fiscal staff provide administrative services to support programmatic activities of the State Energy Program. Services include, but are not limited to: grant applications, reporting and expenditure tracking; accounts payable and receivable processing; budgeting; and procurement.

The base goal of 6.3% and the stretch goal of 6.0% are based on steady funding levels and increased staff productivity due to software enhancements and skills gained through on-the-job training.

The actual rate in FY2021 is an outlier caused by several loans from prior years paying out during that year.

PROGRAM DESCRIPTION

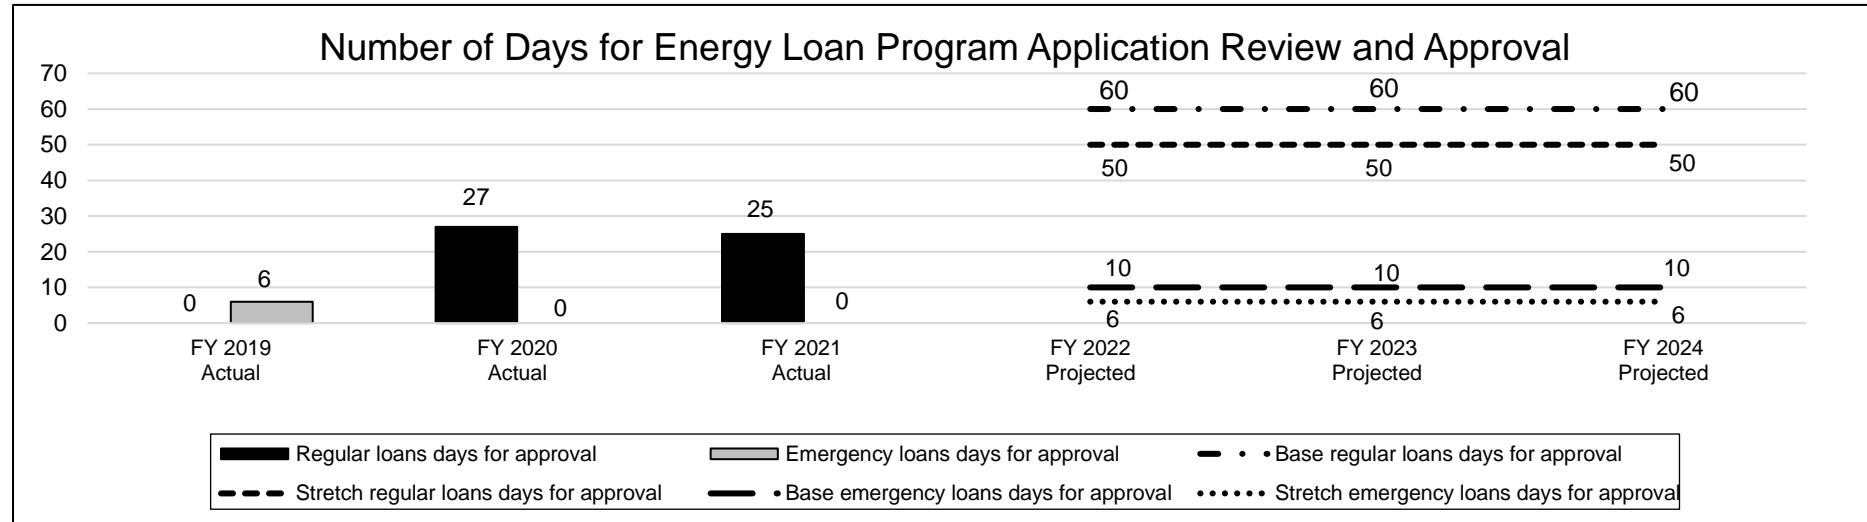

Department of Natural Resources

HB Section(s): 6.340, 6.341, 6.345

Division of Energy

Program is found in the following core budget(s): Energy

2d. Provide a measure(s) of the program's efficiency (continued).

As per Energy Loan Program rules, the Division of Energy has 90 days after the application submission deadline to review and approve or disapprove loan requests. The deadline is extended if the Division of Energy requests additional information or clarification from the prospective borrower.

Energy Loan Program review includes receipt of a fully completed application with supporting documentation, evaluation by a Division of Energy Professional Engineer to ensure the estimates appear to be reasonable and the project feasible, and approval from the Department's chain of command to offer the loan.

For FY 2019, there were no regular loans offered.

For FY 2020 and FY 2021, there were no emergency loans.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.340, 6.341, 6.345

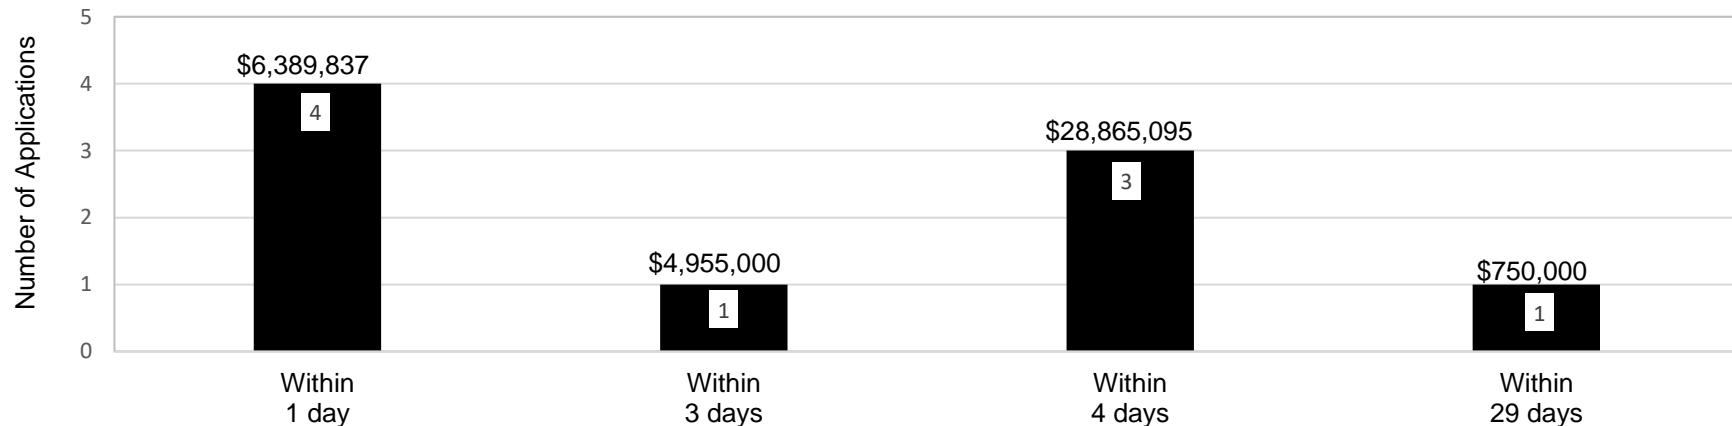

Division of Energy

Program is found in the following core budget(s): Energy

2d. Provide a measure(s) of the program's efficiency (continued).

Municipal Utility Emergency Loan Application Processing Time

Base Goal was 14 days; Stretch Goal was 7 days

The General Assembly created the Municipal Utility Emergency Loan Program in House Bill No. 15 Supplemental (2021) to provide \$50 million in zero-interest loans, to be repaid within 5 years, to natural gas and electricity municipal utilities and municipal utilities' commissions for increased costs due to the February 2021 extreme winter weather event. This chart represents applications processed between June 2, 2021 and August 16, 2021 totaling \$40,959,932.

Staff inputted applicant information into our tracking system. An initial review was completed followed by an in-depth supporting documentation review. Once reviews had been completed, loan documents were drafted and sent out to the clients. Once the loan agreements were returned signed, Division staff were able to send the document through the expedited Department approval process.

One loan payment exceeded the stretch goal of 7 days because additional information was requested to support that application.

Loan repayments will be made twice annually and should begin in January 2022.

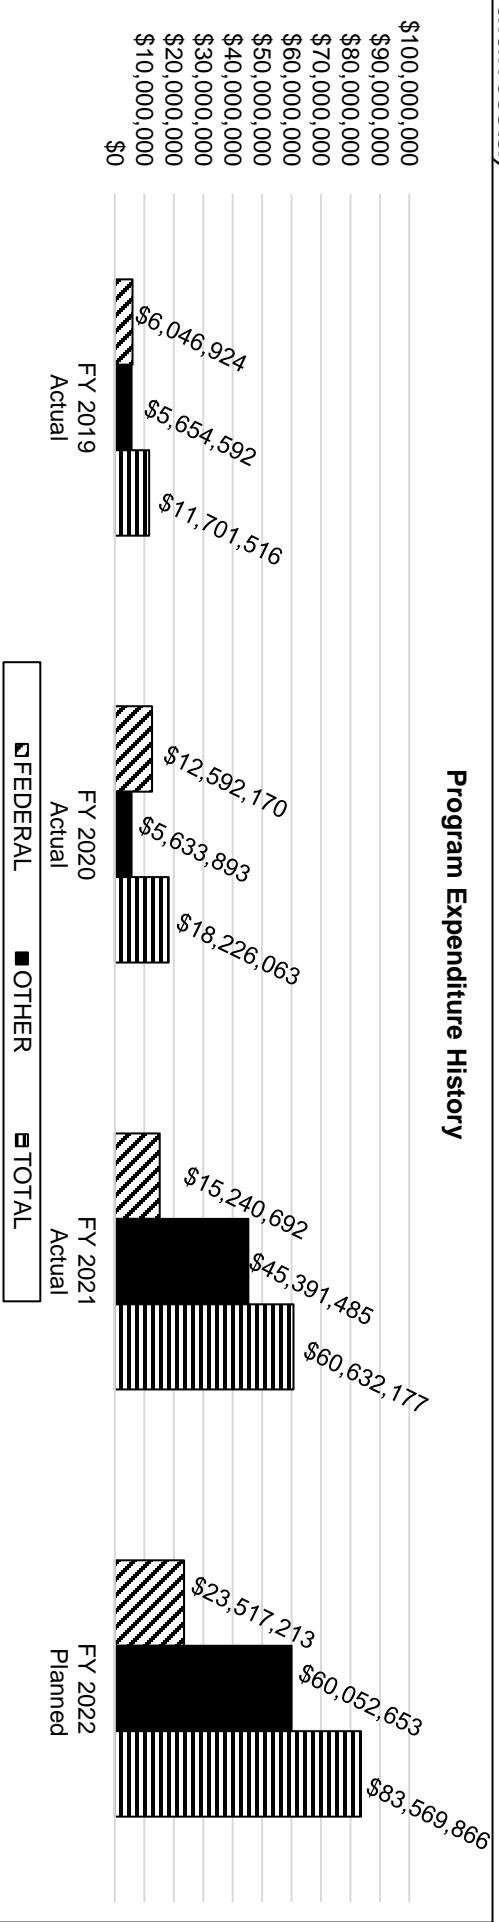

PROGRAM DESCRIPTION

Department of Natural Resources

Division of Energy

HB Section(s): 6.340, 6.341, 6.345

- Program is found in the following core budget(s): Energy**
- 3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)**

Financial data includes operating and pass-through appropriations. Pass-through appropriations have been provided to allow for encumbrance and payment of our commitments, which often span multiple fiscal years causing high unexpended balances. Not included in the data above is appropriation authority of \$20,000,000 in FY 2021 and \$18,000,000 in FY 2022 for encumbrance purposes only, which may lapse. Otherwise, FY 2022 Planned is shown at full appropriation.

Beginning in FY 2020, federal LIHEAP funding is appropriated in Division of Energy's budget.

The following table shows financial data for the budget units included in this form.

	FY 2019		FY 2020		FY 2021		FY 2022		FY 2023	
	Actual	Actual	Actual	Actual	Current	Request	Current	Request	Current	Request
Energy Operations (78210C)	1,968,456	1,737,492	1,499,026	2,752,350	2,752,350

Department of Natural Resources	Budget Unit <u>78220C</u>
Division of Energy	
Small Agricultural Grant and Energy Audit NDI	DI# <u>1780005</u>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Division of Energy has funds available from the repayment of American Recovery and Reinvestment Act of 2009 (ARRA) loans issued beginning in 2012 to provide funding for a new Energize Missouri Small Agricultural Grant Program and an Energy Audit Reimbursement Program. The Small Ag Grants would provide funding of up to \$7,500 per applicant to the agricultural sector to make operations more energy efficient. Granted funds will require a 25% match share from the applicant. Various eligible measures have been identified (e.g. global positioning systems, solar fences and pumps, irrigation improvements, conservation tillage equipment, etc.). This initiative is patterned after a successful Small Ag Grant initiative from 2010 that utilized over \$6,000,000 of ARRA monies to fund more than 1,600 grants. Based upon data from the ARRA initiative, the Department expects to fund 400 to 600 grants with resources currently available. The Energy Audit Reimbursements would provide funding of up to \$7,500 per applicant for entities to obtain energy audits of their operations which would identify measures that could be implemented to make them more efficient. Granted funds will require a 10% match share from the applicant. Applicants would include public K-12 schools, public colleges and universities, hospitals, multi-family units, commercial, industrial, and agricultural entities. Based on discussions with professionals from Energy Service Companies (ESCOs), the Department estimates 400 to 500 audits will be requested.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAPP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

There will be no additional FTE hired for these initiatives. The Energize Missouri Small Agricultural Grant Program and Energy Audit Reimbursement Program are expected to commence in FY 2022 and carry-over into FY 2023. The additional appropriation authority will be needed in FY 2023 as the Department's intention is to make a total of \$6,000,000 available with a larger portion of the expenditures occurring in FY2023.

FY 2022 Projected Expenditures	\$2,000,000
FY 2023 Existing Appropriation	\$2,000,000
FY 2023 NDI	<u>\$2,000,000</u>
Total Two-Year Need	\$6,000,000

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

Department staff will review an estimated 400 to 600 Small Ag Grant applications and an estimated 400 to 500 Energy Audit applications.

6b. Provide a measure(s) of the program's quality.

The program's quality will be measured by the number of applications approved versus the number of applications submitted.

6c. Provide a measure(s) of the program's impact.

The program's impact will be measured by the funding utilization based on amount of funds available. Small Ag grants will also be measured by the savings generated from the installed measures. The success of Energy Audit grants will be measured by the number of projects implemented as a result of the audit.

6d. Provide a measure(s) of the program's efficiency.

The program's efficiency will be measured by the number of days between the receipt of the completed application and reimbursement to the applicant.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

* Funds will be passed-through to applicants with eligible projects.

* Funds will be allocated on a first-come, first-served basis.

* Projects will require a portion of cost share from the applicants.

Division of Energy	
Low Income Weatherization	DI# 1780007

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Department of Social Services (DSS) receives Low Income Home Energy Assistance Program (LIHEAP) Block Grant funding. Beginning with the FY 2015 budget, the Missouri General Assembly directed DSS to utilize 10% of the LIHEAP Block Grant for weatherizing low income homes. DSS directs 10% of the LIHEAP Block Grant to the Department of Natural Resources (DNR). DSS has also received funding through the American Rescue Plan Act of 2021 (ARPA) and is directing 10% of the ARPA award to DNR. DSS' actual ARPA award amount is \$103,843,419 so additional appropriation authority is needed for FY 2023.

The Department's Low Income Weatherization Assistance Program provides cost-effective energy-efficient home improvements to Missouri's low income households, especially the elderly, children, those with physical disadvantages, and others most affected by high utility costs.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAPP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

DSS is directing 10% of the ARPA LIHEAP award targeted for weatherization services to DNR.

NEW DECISION ITEM
RANK: 013 OF 014

Department of Natural Resources	Budget Unit 78221C
Division of Energy	
Municipal Utility Relief Loan Repayments to GR	DI# 1780009
	HB Section 6.341
3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.	
The General Assembly created the Municipal Utility Emergency Loan Program in House Bill No. 15 Supplemental (2021) to provide \$50 million in zero-interest loans, to be repaid within 5 years, to natural gas and electricity municipal utilities and municipal utilities' commissions for increased costs due to the February 2021 extreme winter weather event. This transfer appropriation is needed to transfer the remaining cash balance from the intial \$50 million after final loan payments were made and any projected repayments received from the Municipal Utility Relief Fund 0874 to General Revenue during FY 2022 and FY 2023.	
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAPP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)	
The Division of Energy processed loan payments totaling \$40,959,932 which will be repaid over the next five years, starting in January 2022 (FY 2022). This leaves a projected \$9,040,068 cash balance in the Municipal Utility Relief Fund 0874 that will need to be transferred back to General Revenue. In addition, projected repayments received during FY 2022 and FY 2023 will need to be transferred back into the General Revenue fund.	
Cash Balance remaining after final loan payments	\$ 9,040,068
Projected repayments for FY 2022	\$ 4,100,000
Projected repayments for FY 2023	\$ 8,200,000
Total transfer appropriation needed in FY 2023	\$21,340,068

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s) <u>6.350</u>															
Division of Energy																
Program is found in the following core budget(s): Appropriated Tax Credits																
1a. What strategic priority does this program address?																
<p>The Division of Energy helps Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:</p> <ul style="list-style-type: none"> Promoting environmental responsibility and resource stewardship. Enhancing services, information, and communication to improve customer experience. Modernizing infrastructure, strengthening workforce, and supporting economic development. Improving internal processes to better serve our customers. Planning for current and future energy needs by engaging stakeholders in the ongoing State Energy Plan process. 																
1b. What does this program do?																
<ul style="list-style-type: none"> The purpose of this appropriation is to allow for redemptions of the Appropriated Tax Credits and to reimburse the Department of Revenue's (DOR) General Revenue Tax Refund Appropriation. The Division of Energy is responsible for processing applications and the DOR is responsible for processing and tracking redemptions. The Wood Energy Tax Credit allows individuals or businesses processing Missouri forestry industry residues into fuels a state income tax credit of \$5.00 per ton of processed material (e.g., wood pellets). To be considered an eligible fuel, forestry industry residues must have undergone some thermal, chemical or mechanical processing sufficient to alter residues into a fuel product. The tax credit expired June 30, 2020. 																
2a. Provide an activity measure(s) for the program.																
Wood Energy	FY 2019		FY 2020		FY 2021		FY 2022	FY 2023	FY 2024							
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected							
Applicants	9	9	9	8	8	8	0	0	0							
Amount Issued	\$970,000	\$678,887	\$1,455,000	\$1,455,000	\$717,800	\$717,800	\$0	\$0	\$0							
Amount Redeemed*	\$878,887	\$789,077	\$989,077	\$1,105,678	\$717,800	\$318,509	\$555,362	\$159,676	\$115,440							

The tax credit sunset June 30, 2020, therefore, FY 2022 through FY 2024 Applicants and Amounts Issued projections are shown at zero.

* The majority of credits are carried forward to succeeding years for redemption; up to four years for Wood Energy.

PROGRAM DESCRIPTION

Department of Natural Resources

Division of Energy

HB Section(s) 6.350

Program is found in the following core budget(s): Appropriated Tax Credits

2b. Provide a measure(s) of the program's quality.

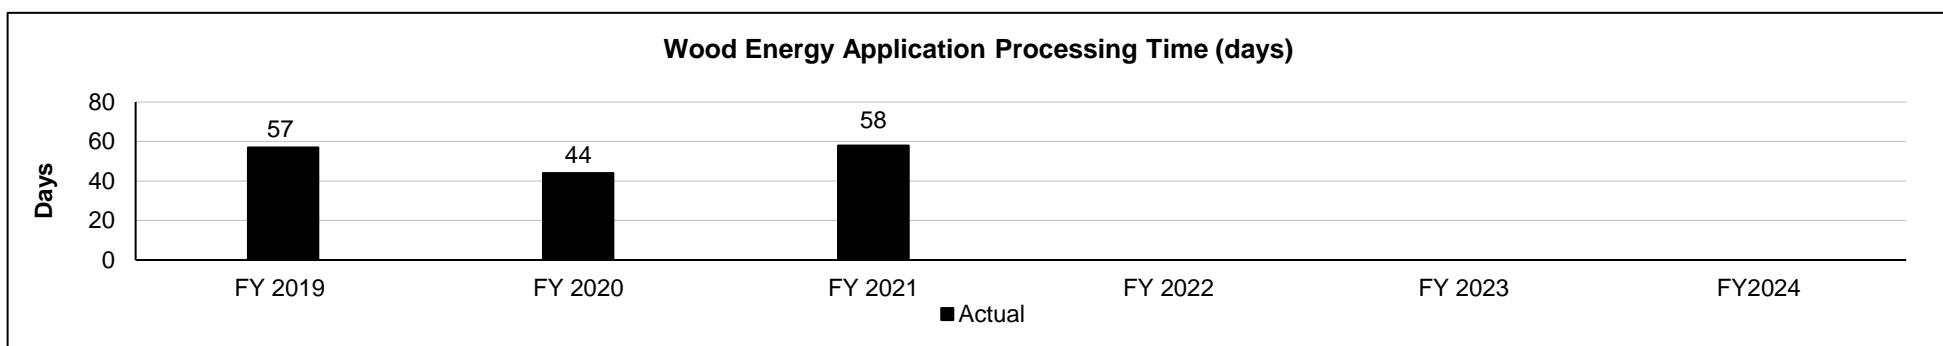

N/A. This program has a small number of applicants. Feedback has been gathered through an informal process as applications are received and processed as a means to better deliver the program.

2c. Provide a measure(s) of the program's impact.

Wood Energy	FY 2019		FY 2020		FY 2021		FY 2022	FY 2023	FY 2024
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Residue Used (tons)	560,000	630,289	740,243	740,243	640,387	640,387	-	-	-

Residue Used is the number of tons of waste used by companies who have applied for the tax credit (based on amount issued) to produce and sell a qualifying product. FY 2021 projections reflect applications received prior to the June 30, 2020 tax credit sunset. No tons are projected for FY 2022 through FY 2024.

2d. Provide a measure(s) of the program's efficiency.

Processing time is average time to review and approve applications. It starts when the required documentation has been received to process the application and ends when the application has been approved to receive a tax credit.

The tax credit sunset on June 30, 2020, therefore no projections are provided for FY 2022 through FY 2024.

PROGRAM DESCRIPTION

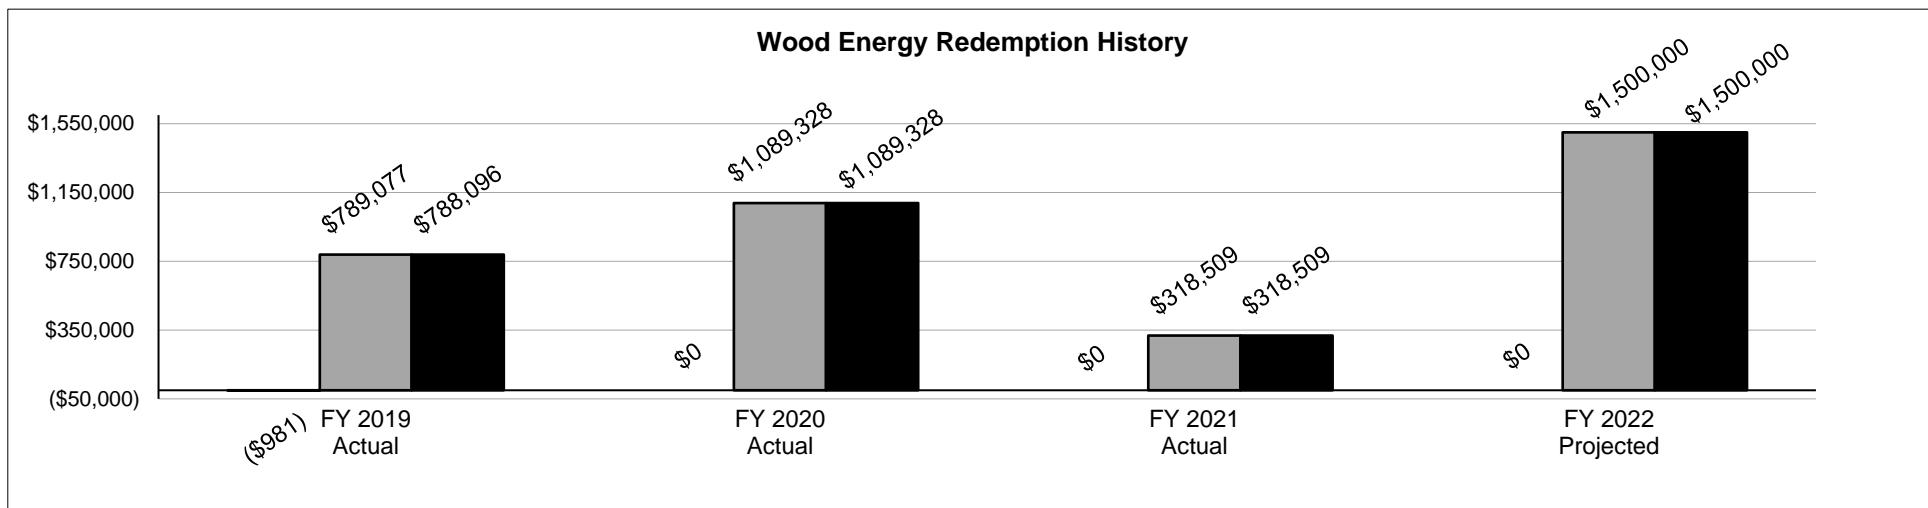

Department of Natural Resources

Division of Energy

HB Section(s) 6.350

Program is found in the following core budget(s): Appropriated Tax Credits

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

The Wood Energy Tax Credit was first appropriated in the FY 2016 budget. Amounts above reflect redemptions issued prior to and including those since the tax credit was appropriated. FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

N/A

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 135.305 RSMo Wood Energy Tax Credit

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

2. CORE DESCRIPTION																															
Missouri State Parks operates and/or maintains 92 state parks and historic sites plus the trails of Roger Pryor Pioneer Backcountry. The total acreage of the state parks and historic sites (approximately 160,000 acres) is less than one half of 1% of the total acres in Missouri. The mission of the division is to preserve and interpret the state's most outstanding natural features and cultural landmarks and to provide appropriate recreational opportunities in these areas. The program's pass-through authority is located in a separate core decision item form.

Note: Fringes budgeted in House Bill 5 except for certain fringes budgeted directly to MoDOT, Highway Patrol, and Conservation.

Other Funds: State Park Earnings Fund (0415); Parks Sales Tax Fund (0613)

The budget includes appropriation authority of \$17,800,000 to be used for encumbrance purposes only related to Outdoor Recreation Grants.

2. CORE DESCRIPTION

Missouri State Parks provides management and oversight of the following pass-through programs: Bruce R. Watkins Cultural Heritage Center in Kansas City, Payment in Lieu of Taxes (PILT), Gifts to State Parks, State Parks Resale, Concession Default, State Park Grants, and Outdoor Recreation Grants. This authority is needed to honor contractual agreements as well as statutorily and constitutionally mandated obligations, and provides authority to spend donations/awarded grants, conduct resale operations in state parks and historic sites, administer federal pass-through grants, and for continuation of public services in the event of contracted concessionaire default.

3. PROGRAM LISTING (list programs included in this core funding)

Missouri State Parks

CORE DECISION ITEM

Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	17,857,263	21,449,904	21,954,427	N/A
Other	2,547,979	1,526,255	1,686,523	N/A
(1)	(1)	(1)	(2)	

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) In many cases, pass-through appropriation has been provided to allow for encumbrance and payment of our commitments, which often span multiple fiscal years, causing high unexpended balances. Included in the data is also appropriation authority to encumber outdoor recreation grant commitments which must lapse (\$14.6 million FY 2019; \$17.8 million FY 2020, FY 2021 and FY 2022).

(2) New in FY 2022, \$150,000 for Bruce R. Watkins Strategic Plan & Programming.

Total excluding Encumbrances	3,277,683	6,058,202	5,094,224	11,075,732	11,075,732					

The FY 2022 and FY 2023 budgets include appropriation authority of \$17,800,000 to be used for encumbrance purposes only related to Outdoor Recreation Grants.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 78415C, 78420C, 78485C	DEPARTMENT: NATURAL RESOURCES	
BUDGET UNIT NAME: STATE PARKS OPERATIONS		
HOUSE BILL SECTION(S): 6.355, 6.360, 6.365	DIVISION: MISSOURI STATE PARKS	
<p>1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.</p>		
DEPARTMENT REQUEST		
<p>Missouri State Parks requests retention of 5% flexibility between funds (Federal and Other) for State Parks Operations (78415C) and 25% flexibility between funds (Federal and Other) for State Historic Preservation Operations (78420C). Included is 25% flexibility between funds (Federal and Other) for State Historic Preservation Grants (78420C). Flexibility will allow the Department to address unanticipated needs by aligning appropriation authority with necessary spending during the fiscal year based on funds availability to help ensure effective, responsive service delivery and pass-through program requirements. Also included is 3% flexibility from the Historic Preservation Transfer in section 6.365 to 6.410 (General Revenue) related to the Legal Expense Fund.</p>		
<p>2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.</p>		
PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
Flexibility was not used in FY 2022.	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.
<p>3. Please explain how flexibility was used in the prior and/or current years.</p>		
PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE	
Flexibility was not used in FY 2022.	Flexibility will allow the Department to address unanticipated needs by aligning appropriation authority with necessary spending during the fiscal year based on funds availability to help ensure effective, responsive service delivery and pass-through program requirements.	

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.355</u>
Missouri State Parks	
Program is found in the following core budget(s): Missouri State Parks	
1a. What strategic priority does this program address?	
Missouri State Parks promotes environmental responsibility and resource stewardship, and provides family-friendly sustainable state parks, historic sites, and outdoor recreation opportunities.	
1b. What does this program do?	
The mission of Missouri State Parks (MSP) is to preserve and interpret the state's most outstanding natural landscapes and cultural landmarks, and to provide appropriate recreational opportunities in these areas.	
<ul style="list-style-type: none">• <u>Recreation Management and Law Enforcement</u>: Operate and/or maintain 92 State Parks and Historic Sites statewide with a wide variety of amenities such as camping, lodging, park stores, boat rentals, trail system, and other visitor services. State Park Rangers provide law enforcement services and protect park visitors, their property, and cultural and natural resources.• <u>Maintenance, Repair, and Construction</u>: Evaluate, design, and construct projects and major repairs to parks' facilities such as buildings, roads, bridges, trails, visitor centers, campgrounds, shower houses, historic properties, and water/wastewater systems.• <u>Natural Resource Management</u>: Preserve and manage native ecosystems and species, manage invasive species and conduct prescribed burns, secure research agreements, and maintain natural resource collections and databases.• <u>Cultural Resource Management</u>: Identify and preserve historic buildings and landscapes, archaeological sites, artifacts, and other cultural resources.• <u>Resource Interpretation Management</u>: Develop and review exhibits and interpretive panels; implement facility-specific interpretative plans; and develop and present interpretive programs and other educational material to help the public understand and appreciate the natural and cultural resources of Missouri.• <u>Grants Management</u>: Identify grants consistent with strategic priorities from federal, state, or other sources primarily for local recreational opportunities.• <u>Program-Specific Funding</u>: Includes authority for the Bruce R. Watkins Cultural Heritage Center, Payment in Lieu of Taxes (PILT), Gifts to State Parks, State Parks Resale, Concession Default, State Park Grants, and Outdoor Recreation Grants. This authority is needed to honor contractual agreements as well as statutorily and constitutionally mandated obligations, and provides authority to spend donations/awarded grants, conduct resale operations in state parks and historic sites, administer federal pass-through grants, and for continuation of public services in the event of contracted concessionaire default.

The FY 2022 and FY 2023 budgets include appropriation authority of \$17,800,000 to be used for encumbrance purposes only related to Outdoor Recreation Grants.									

PROGRAM DESCRIPTION

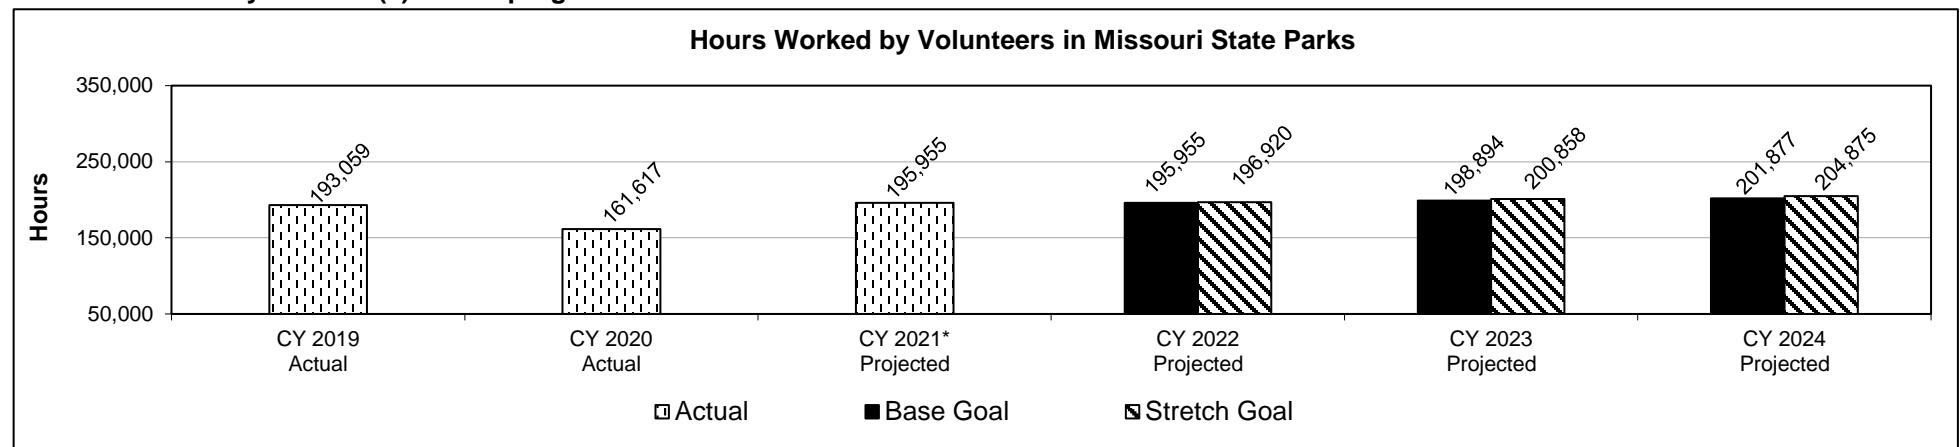

Department of Natural Resources

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2a. Provide an activity measure(s) for the program.

Each year thousands of Missourians choose to volunteer allowing State Park staff to focus time and resources toward mission-critical functions. The Volunteer in Parks Program utilizes volunteers in a variety of capacities, such as resource stewardship, trail maintenance, customer service, campground operations, general ground and building maintenance, interpretive and recreational programming, office and visitor center reception, and more.

CY 2021* actual data will be available January 2022. CY 2020 actual data is significantly less than prior years due to impacts of COVID-19. Projections reflect an increase to pre-COVID levels.

Base Goal is the highest actual with 1.5% annual increase.

Stretch Goal is the highest actual with 2% annual increase.

Total Number of Volunteers	
2019	3,353
2020	1,931
2021*	

PROGRAM DESCRIPTION

Department of Natural Resources

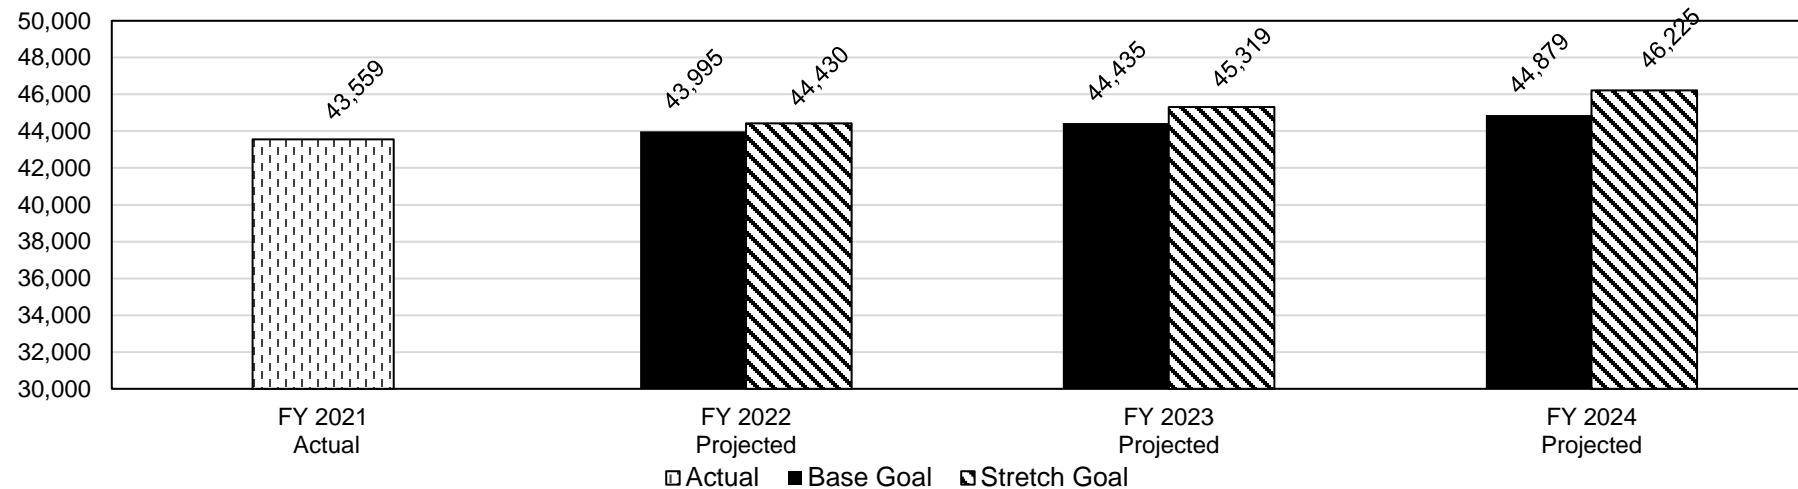

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2a. Provide an activity measure(s) for the program. (continued)

Hours Worked on Natural Resource Stewardship Activities

A Stewardship Tracking system was implemented July 1, 2020 and tracks hours worked doing natural resource stewardship activites. These hours are reported for employees, volunteers, AmeriCorps, contractors, and others and within eight categories: prescribed fire, fireline preparation, invasive species, ecological restoration, biological inventory and monitoring, stewardship training (provide and receive), feral hog control, and other.

Base Goal is the actual plus 1% annual increase.

Stretch Goal is the actual plus 2% annual increase.

PROGRAM DESCRIPTION

Department of Natural Resources

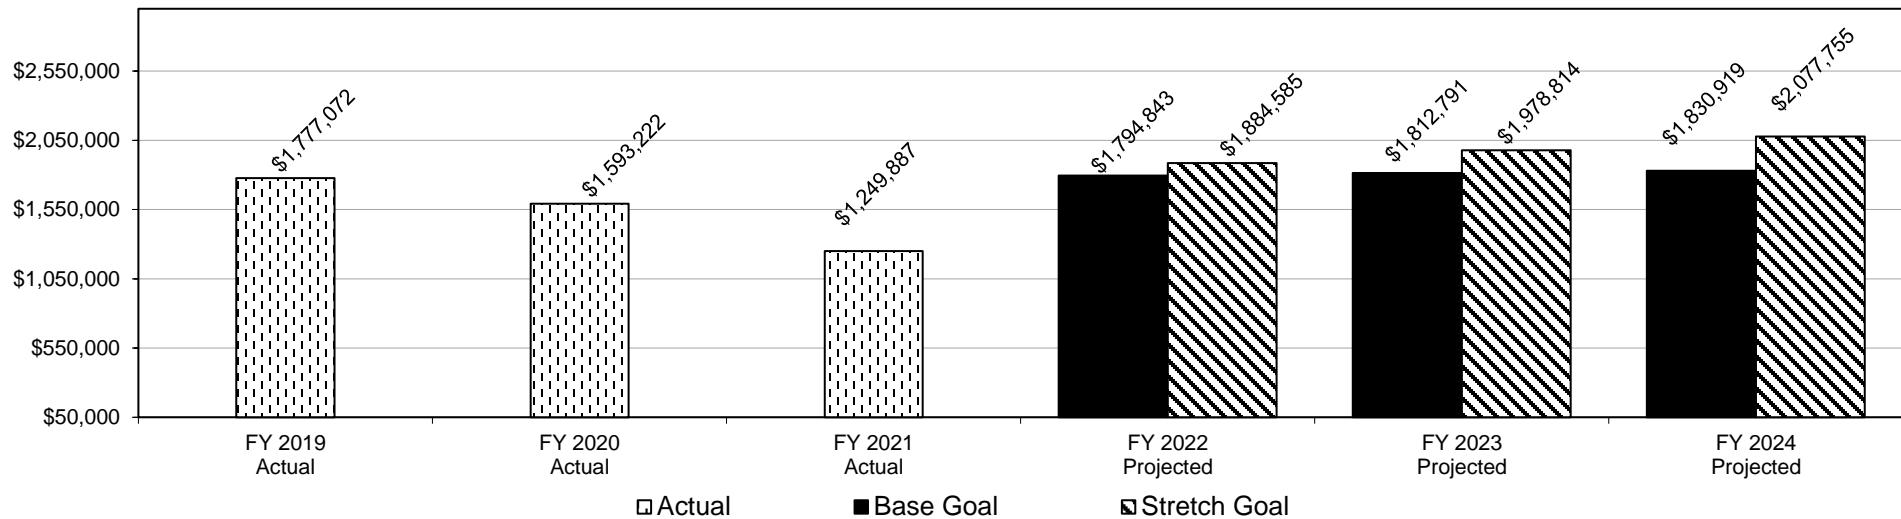

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2b. Provide a measure(s) of the program's quality.

Small Maintenance and Repair – Expense and Equipment Expenditures in Operating Budget

This chart reflects spending on small projects such as patching roofs, interior and exterior painting, repair of heating and air conditioning units, and repairing lighting and water leaks. This spending, combined with the Capital Improvements budget, reflects the focus to maintain our existing parks and historic sites.

Base Goal is the highest actual from prior 3 years plus a 1% annual increase.

Stretch Goal is the base goal plus a 5% annual increase.

FY 2020 and FY 2021 show a decrease in spending and work being performed due to COVID-19 including material and supply shortages.

PROGRAM DESCRIPTION

Department of Natural Resources

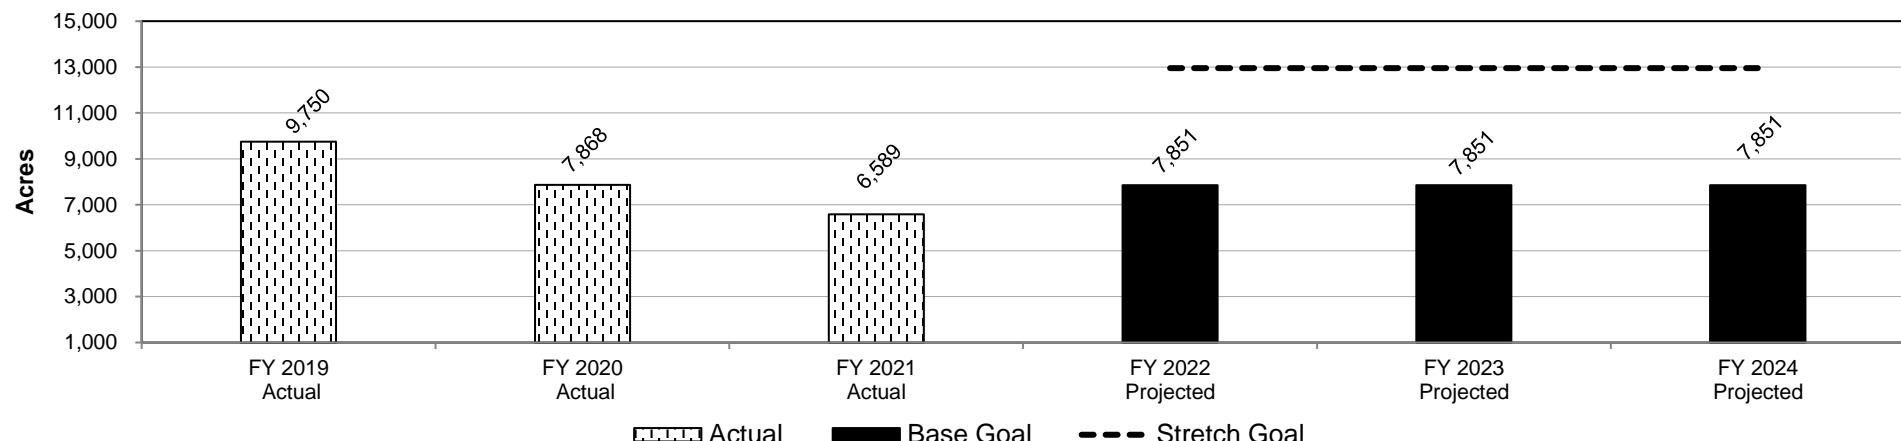

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2b. Provide a measure(s) of the program's quality (continued).

Number of Acres Managed by Prescribed Burns

Prescribed fire is used to restore natural communities, preserve natural areas, manage native plants and wildlife, improve pollinator habitat, suppress invasive plants, and reduce wildfire potential. The prescribed burn management goal is to burn each unit on a 3-5 year cycle, ideally every three years. The fire season runs from October through March each year. Percentage of designated acreage burned are as follows: FY 2019 is 24%, FY 2020 is 19%, and FY 2021 is 17% for a total percent within three years of 60%.

Base Goal is 20% of the 39,257 acres currently designated for fire management.

Stretch Goal is 33% of the 39,257 acres currently designated for fire management.

The number of acres managed annually is heavily dependent on weather conditions.

Conditions during FY 2020 and FY 2021 limited the amount of fire management through the fall.

Conditions during FY 2019 limited the amount of fire management, however, despite the bad weather, staff worked diligently in one week to burn 7,000 acres.

Total Number of State Parks Impacted	
FY 2019	30
FY 2020	23
FY 2021	31

2b. Provide a measure(s) of the program's quality (continued).

"Satisfied" and "Very Satisfied" Overall Guest Satisfaction Rating

Data based on "Satisfied" and "Very Satisfied" overall satisfaction rating on Guest Comment Cards and Guest Experience Responses submitted to us from Missouri State Park guests. In CY 2020, in an effort to use technology to better capture our customer feedback, MSP implemented a new online system (Guest Experience) for customers to submit satisfaction surveys and comments.

CY 2021* projected is based on year-to-date survey results. Actual data will be available January 2022.
 Overall total satisfaction rating was 97% for CY 2019 and 96% for CY 2020.

Base Goal is the average of actuals plus 4% increase and 2% thereafter.

Stretch Goal is the average of actuals plus 10% increase and 2% thereafter.

Rating By Category				
Year	Very Dissatisfied	Dissatisfied	Satisfied	Very Satisfied
CY 2019	1%	2%	21%	76%
CY 2020	1%	3%	27%	69%
CY 2021*				

Total Number of Responses	
CY 2019	3,679
CY 2020	7,083
CY 2021*	

PROGRAM DESCRIPTION

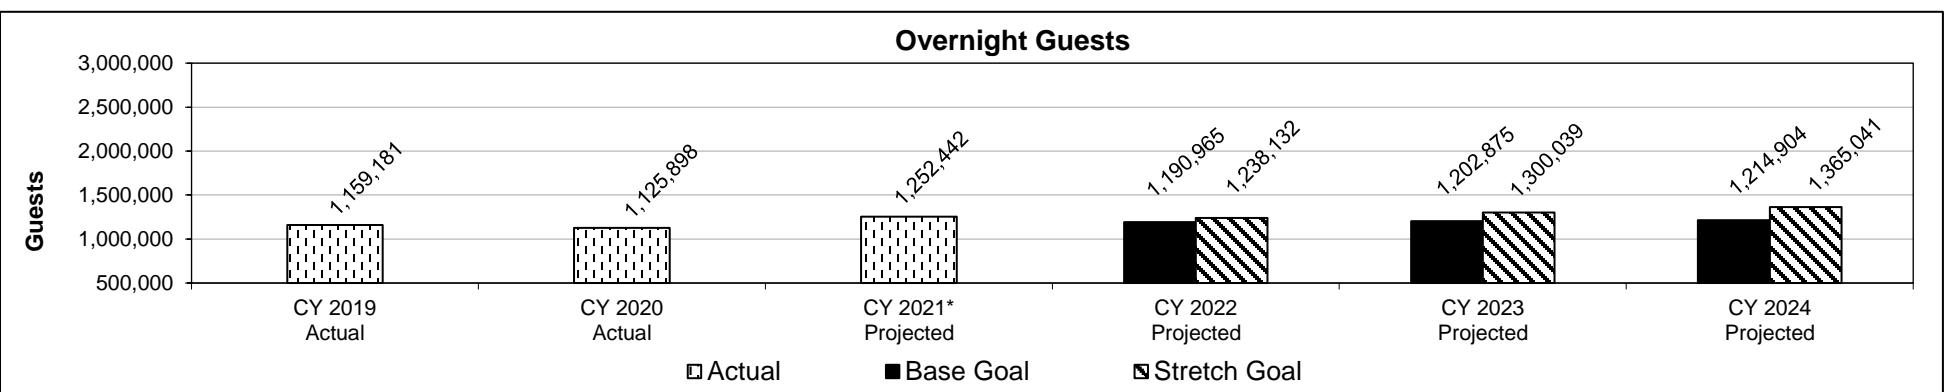

Department of Natural Resources

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2c. Provide a measure(s) of the program's impact.

Data includes camping, lodging, and group camps. CY 2019 Actual is lower due to closures at 13 state parks as a result of flooding. CY 2020 is lower due to impacts of COVID-19 and camping and lodging closures March 27 to May 17. CY 2021* actual data will be available January 2022.

Base Goal is the average of actuals plus a 1% annual increase.

Stretch Goal is the average of actuals plus a 5% annual increase.

2c. Provide a measure(s) of the program's impact (continued).

COVID-19 Impact on Overnight Guest Numbers

While overnight guests for calendar year 2020 were projected to be lower due to impacts of COVID-19, the number of overnight guests recovered over the summer.

PROGRAM DESCRIPTION

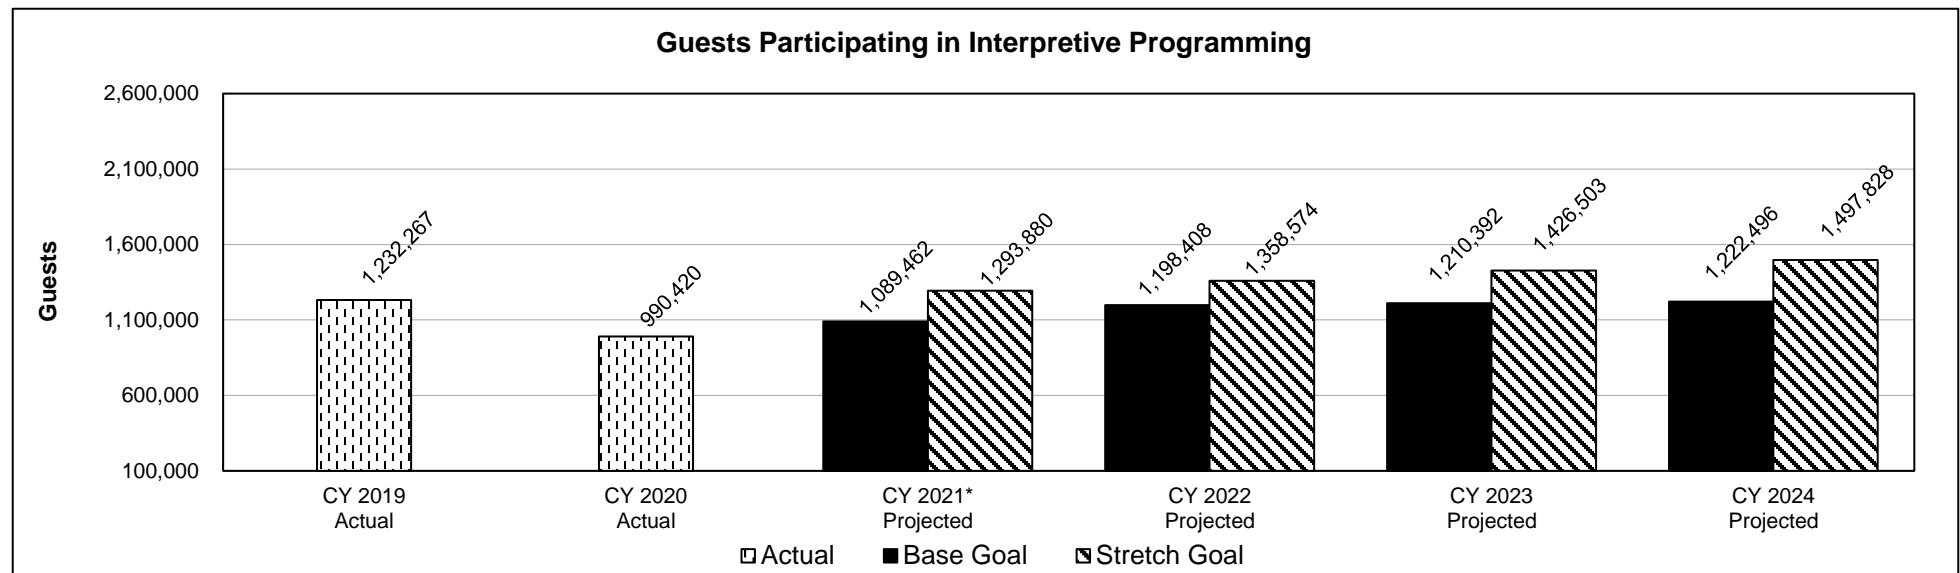

Department of Natural Resources

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2c. Provide a measure(s) of the program's impact (continued).

Team members focus on other mission-critical cultural and natural resource management needs, however, we anticipate participation in interpretive programming is to grow as the programs being developed will be more engaging to audiences. Dynamic virtual programs are currently being developed to better engage visitors and offer other means of participation. CY 2020 actual data trend indicates a decline in program and participation due to COVID-19 that reduced programming and limited attendance to interpretive programming at many of our parks and/or historic sites.

CY 2021* actual data will be available January 2022.

Base Goal for CY 2022 is the CY 2020 actual plus 10% increase, and 1% thereafter.

Stretch Goal is the CY 2019 actual plus 5% annual increase.

Total Number of Programs	
CY 2019	38,026
CY 2020	8,640
CY 2021*	*

PROGRAM DESCRIPTION

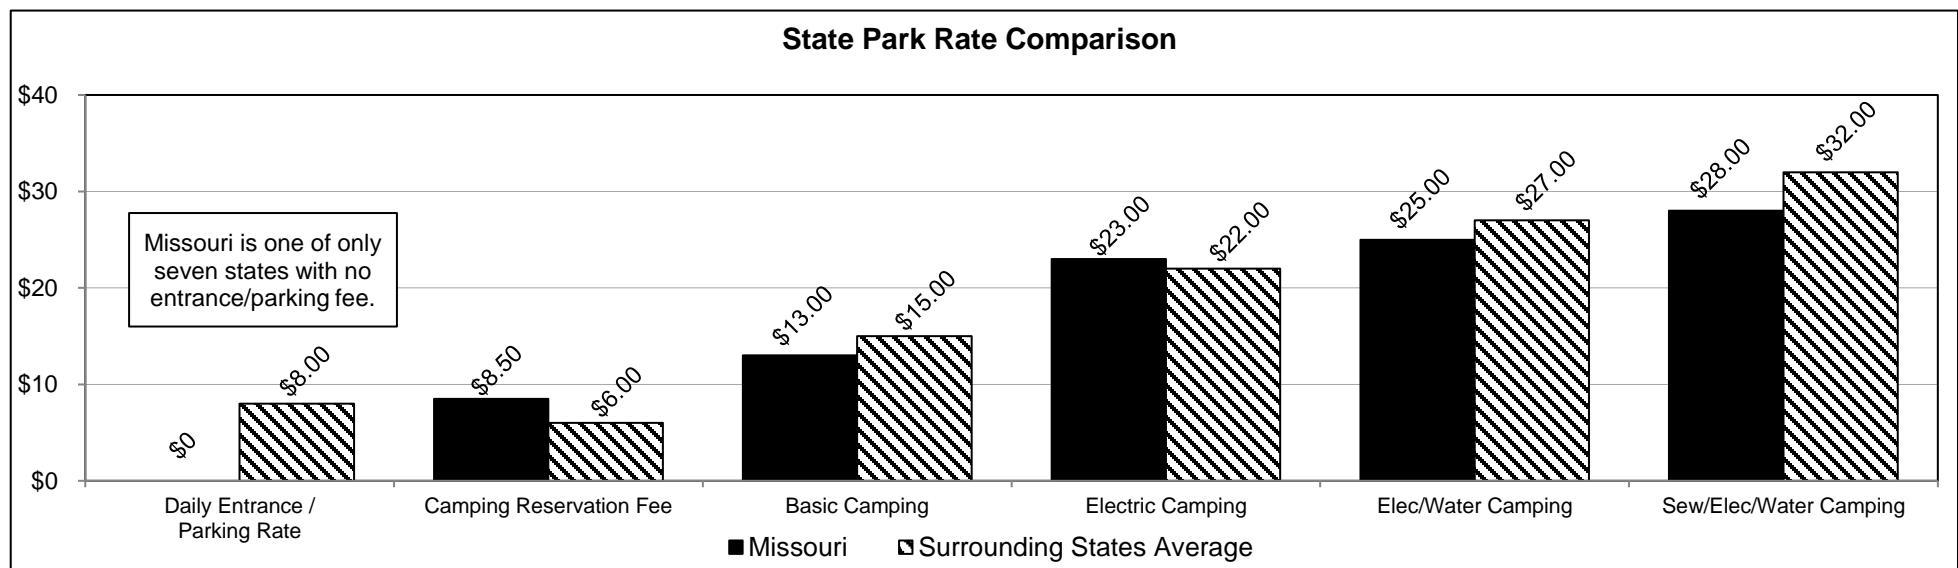

Department of Natural Resources

HB Section(s): 6.355

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

2d. Provide a measure(s) of the program's efficiency.

Surrounding states average includes Arkansas, Illinois, Iowa, Kansas, Kentucky, Nebraska, Oklahoma, and Tennessee. Rate comparison data as of June 2021. Missouri is one of only seven state park systems where entrance is free.

Missouri's Camping Reservation Fee has remained the same since 2003.

The cost of a two-night stay for an electric site at Missouri State Parks is \$54.50, which includes electric camping rate and camping reservation fee. The average cost of a two-night stay for an electric site in the surrounding states is \$58, which includes electric camping rate, entrance rate, and camping reservation fee.

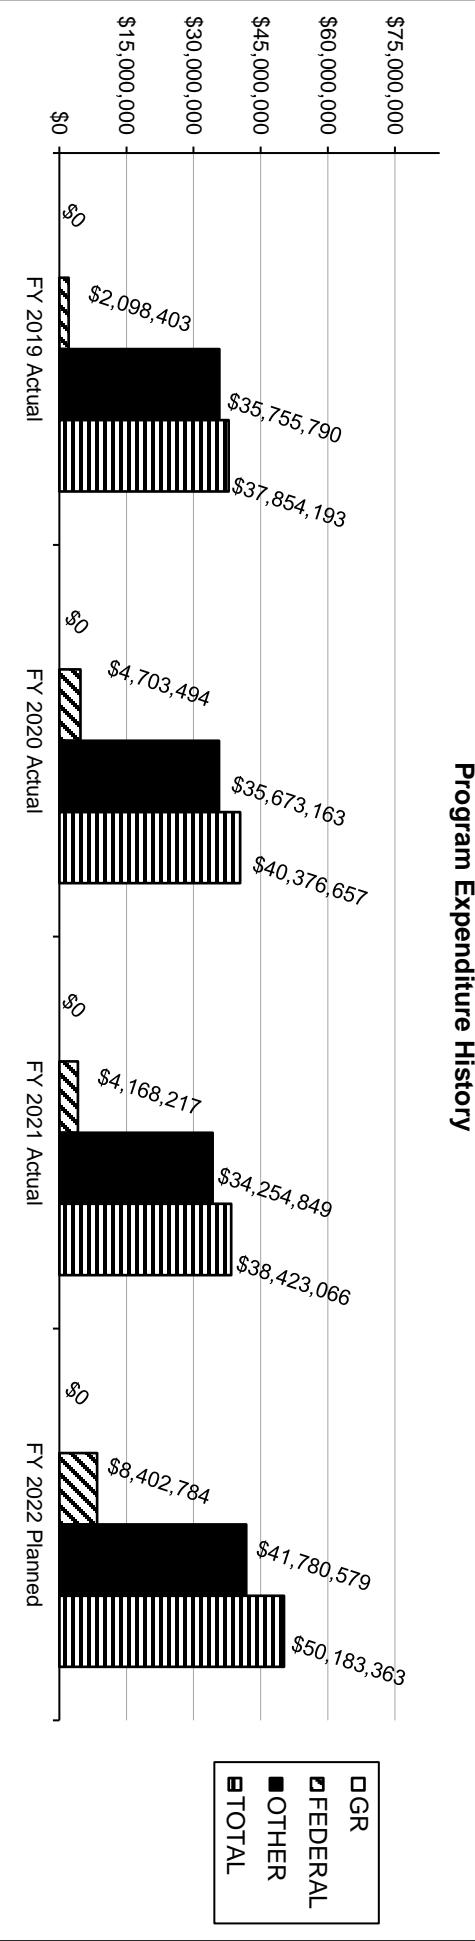

PROGRAM DESCRIPTION

Department of Natural Resources

Missouri State Parks

Program is found in the following core budget(s): Missouri State Parks

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

This budget does not contain General Revenue.

Financial data includes operating and pass-through appropriations. In many cases, pass-through appropriation has been provided to allow for encumbrance and payment of our commitments, which often span multiple fiscal years causing high unexpended balances. Not included in the data above is appropriation authority of \$17,800,000 for Outdoor Recreation Grants encumbrance purposes only which must lapse. FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

State Park Earnings Fund (0415); Cost Allocation Fund (0500); Parks Sales Tax Fund (0613); Meramec-Onondaga State Parks Fund (0698); and Babler State Park Fund (0911)

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.355
Missouri State Parks	
Program is found in the following core budget(s): Missouri State Parks	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
Chapter 253, RSMo Missouri Constitution, Article IV, Sections 47(a)(b)(c) Chapter 258, RSMo Section 6, Land and Water Conservation Fund Act of 1965, as amended (16 USC 4601-4 et seq.) FAST Act Section 1109(b)(7), amending 23 USC 133(h)	State Parks and Historic Preservation Sales and Use Tax Levied for State Parks Outdoor Recreation Land and Water Conservation Fund (LWCF) Recreational Trails Program (RTP)
6. Are there federal matching requirements? If yes, please explain.	
Land and Water Conservation Fund Grant Recreational Trails Program	50% State/Local 20% State/Local
The division applies for various small grants throughout the fiscal year (matching requirements vary by grant). Current grants are as follows:	
Missouri Bird Conservation Initiative Grants United States Army Corp of Engineer Grants Institute of Museum and Library Services	50% State 100% Federal 50% State
7. Is this a federally mandated program? If yes, please explain.	
The Department administers the Land and Water Conservation Fund (LWCF) on behalf of the National Park Service and the Recreational Trails Program (RTP) on behalf of the Federal Highway Administration.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.				
<p>The Department is requesting \$9.6 million in additional encumbrance authority due to an increased apportionment available in federal funds provided through the Land and Water Conservation Fund, Recreational Trails Program, and Outdoor Recreation Legacy Partnership Program (ORLP) grants. The majority of the grants are used to provide funding to local communities for outdoor recreation facilities and trail development, per Chapter 258, RSMo.</p>				

NEW DECISION ITEM
RANK: 010 **OF 014**

Department of Natural Resources	Budget Unit <u>78415C</u>																																								
Missouri State Parks																																									
Outdoor Recreation Grants Expansion	DI# <u>1780006</u>	HB Section <u>6.355</u>																																							
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)																																									
<p>The Land and Water Conservation Fund (LWCF) and the Recreational Trails Program (RTP) are two federally funded pass-through grant programs administered by the Department. These programs help communities develop outdoor recreation opportunities, such as new trails, playgrounds, ballfields, and swimming pools. In the last few years, the availability of outdoor recreation dollars through the LWCF program has increased substantially (largely due to the full authorization of the program under the John D. Dingell, Jr. Conservation, Management, and Recreation Act, and permanent funding under the Great American Outdoors Act). Missouri's formulary apportionment of LWCF funds has increased 309% in the last five years.</p> <p>The National Park Service's Outdoor Recreation Legacy Partnership Program (ORLP) funds park projects in municipalities with populations over 50,000 residents and has increased the amount of federal funds available in competitive grants from \$40 million biennially to \$125 million annually. Missouri is authorized to submit all eligible applications received for the ORLP funds. The Department is estimating \$5 million in annual grant requests.</p> <p>Encumbrance utilization is expected to increase beginning in FY 2022. The National Park Service (NPS) experienced delays in their award process as a result of COVID-19. The FFY 2020 grant awards are still pending approval and will likely award at the same time as the FFY 2021 projects.</p>

NEW DECISION ITEM
RANK: 010 **OF 014**

Department of Natural Resources	Budget Unit <u>78415C</u>
Missouri State Parks	
Outdoor Recreation Grants Expansion	DI# <u>1780006</u>

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

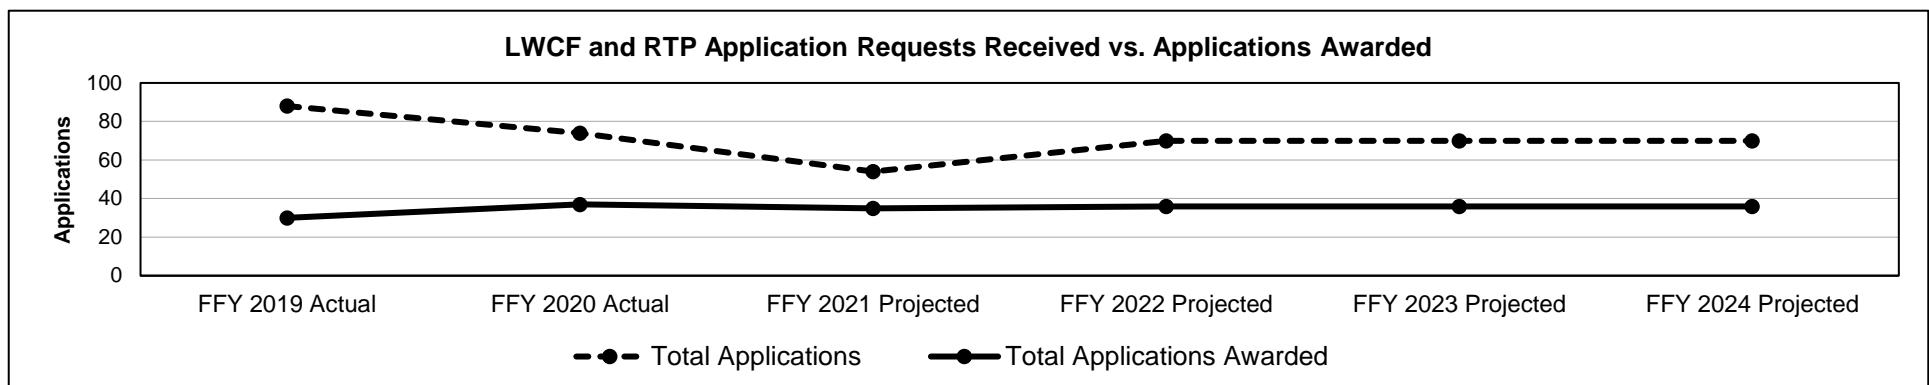

Increased encumbrance authority will allow the Department to apply for and secure additional federal grant funding of outdoor recreation projects for Missouri applicants. Pending LWCF and RTP projects have received preliminary National Park Service (NPS) approval and are awaiting formal award of funds before encumbrance can proceed.

Encumbrance utilization is expected to increase beginning in FY 2022. The NPS experienced delays in their award process as a result of COVID-19. The FFY 2020 grant awards are still pending approval and will likely award at the same time as the FFY 2021 projects.

NEW DECISION ITEM
RANK: 010 OF 014

Department of Natural Resources	Budget Unit <u>78415C</u>
Missouri State Parks	
Outdoor Recreation Grants Expansion	DI# 1780006

6b. Provide a measure(s) of the program's quality.

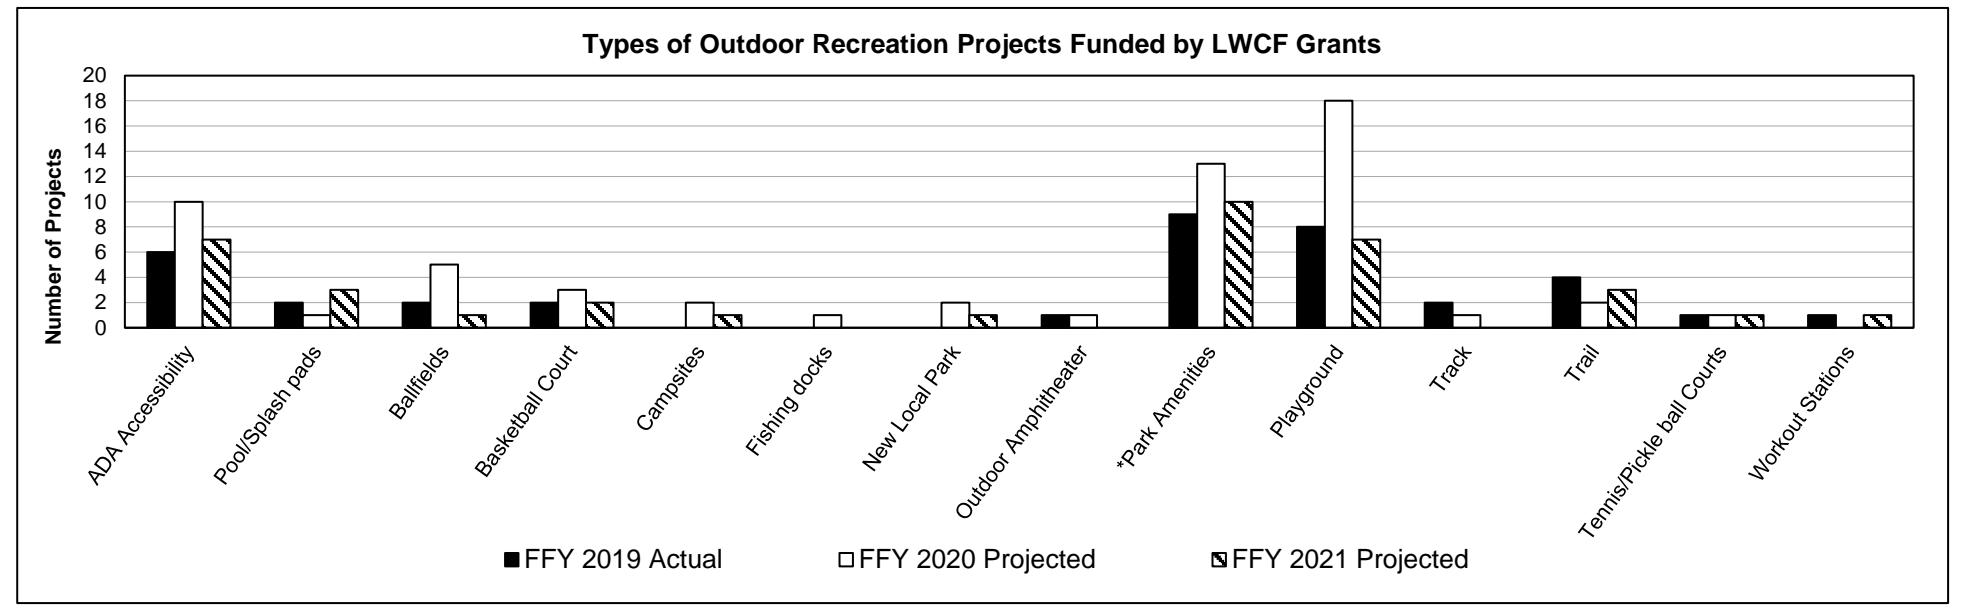

The Department receives Land and Water Conservation Fund (LWCF) and Recreational Trail Program (RTP) grants to help communities develop outdoor recreation opportunities. Total number of applications received far exceeds the funding available. Thus the Department is able to fund less than half of the community grant requests each year. Additional funding authority would allow more communities to take advantage of these grant opportunities.

In FFY 2021, the maximum amount a grantee was allowed to apply for under the LWCF increased from \$250,000 to \$500,000. We believe the dip in funding requests is a result of spending restrictions related to COVID-19.

NEW DECISION ITEM

Department of Natural Resources	Budget Unit <u>78415C</u>
Missouri State Parks	
Outdoor Recreation Grants Expansion	DI# 1780006
	HB Section <u>6.355</u>

6c. Provide a measure(s) of the program's impact.

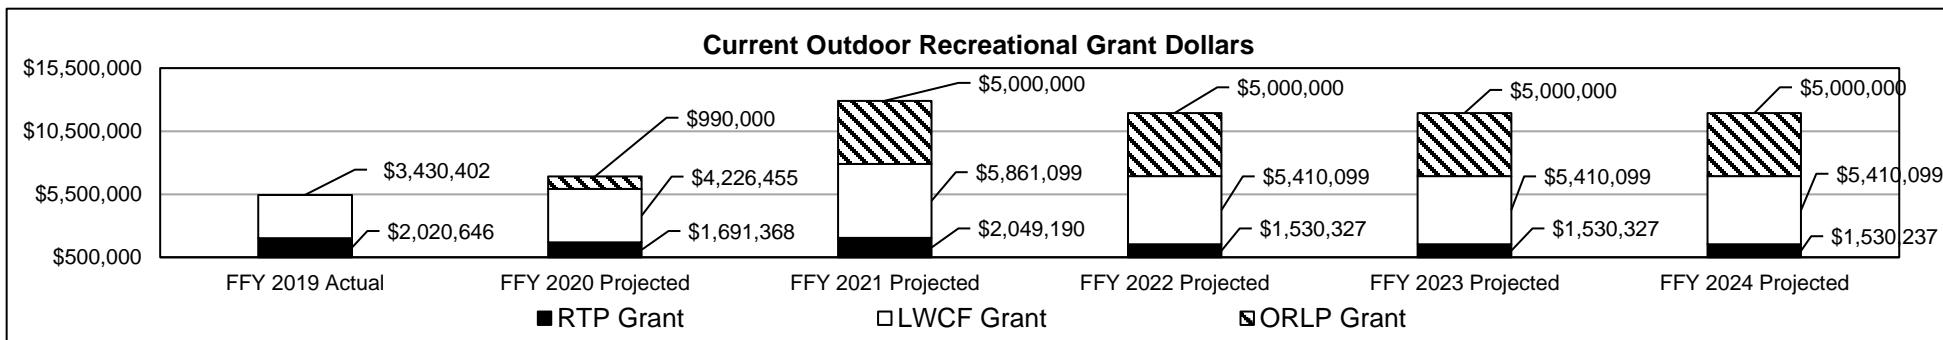

The Department receives Land and Water Conservation Fund (LWCF) funds to help communities develop outdoor recreation opportunities in their area.

* Park Amenities are a portion of most projects and may include projects like restrooms, parking, and water fountains.

NEW DECISION ITEM
RANK: 010 OF 014

Department of Natural Resources	Budget Unit <u>78415C</u>
Missouri State Parks	
Outdoor Recreation Grants Expansion	DI# <u>1780006</u>
	HB Section <u>6.355</u>

6d. Provide a measure(s) of the program's efficiency.

The Department receives funding for Land and Water Conservation Fund (LWCF), Recreational Trails Program (RTP), and Outdoor Recreation Legacy Partnership Program (ORLP) pass-through grant programs.

The National Park Service experienced delays in their award process as a result of COVID-19. The FFY 2020 grant awards are still pending approval and will likely award at the same time as the FFY 2021 projects.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

Apply for federal grant funding and award the maximum amount of federal funding Missouri is eligible to receive to assist communities in developing outdoor recreation opportunities in their area.

2. CORE DESCRIPTION																																																				
The State Historic Preservation Office (SHPO) works with citizens and groups throughout the state to identify, evaluate, and protect Missouri's diverse range of historic, architectural, and archaeological resources. The SHPO coordinates nominations to the National Register of Historic Places, conducts Section 106 reviews (under Section 106 of the National Historic Preservation Act, SHPO must participate in the review of all federal agency actions when federal funding, permitting, or licensing is involved), reviews rehabilitation projects for state and federal income tax credits, and responds to archaeological issues such as unmarked human burials. The program's pass-through authority is located in a separate core decision item form.

--------------------	---	---	---	---

Note: Fringes budgeted in House Bill 5 except for certain fringes budgeted directly to MoDOT, Highway Patrol, and Conservation.

Other Funds: Historic Preservation Revolving Fund (0430)

2. CORE DESCRIPTION

The State Historic Preservation Office (SHPO) provides management and oversight of the Historic Preservation Grants pass-through program. Historic Preservation Grants provides authority to distribute funds for historic preservation grants and contracts. These funds are part of the Department's grant from the federal Historic Preservation Fund and are used to support preservation activities in the State of Missouri. This appropriation also provides authority to distribute Historic Preservation Revolving funds.

3. PROGRAM LISTING (list programs included in this core funding)

State Historic Preservation

CORE DECISION ITEM

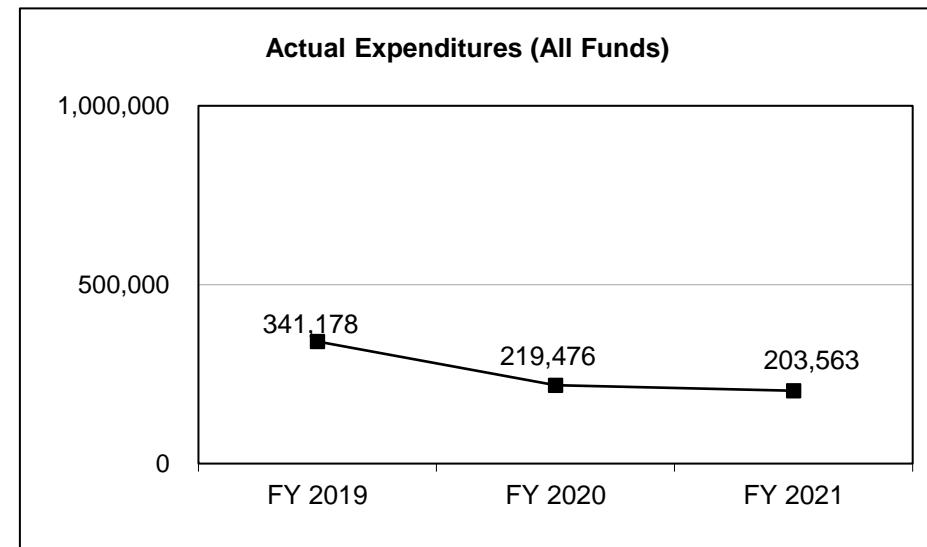

Department of Natural Resources
Missouri State Parks
State Historic Preservation PSD Core

Budget Unit **78420C**

HB Section **6.360**

4. FINANCIAL HISTORY

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current Yr.
Appropriation (All Funds)	2,617,243	1,917,243	1,917,243	1,600,000
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	2,617,243	1,917,243	1,917,243	1,600,000
Actual Expenditures (All Funds)	341,178	219,476	203,563	N/A
Unexpended (All Funds)	2,276,065	1,697,767	1,713,680	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	420,391	380,524	396,437	N/A
Other	1,855,674	1,317,243	1,317,243	N/A
	(1)	(1) (2)	(1)	(2)

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

- (1) In many cases, pass-through appropriations are set at a level to encumber and pay our commitments, which often span multiple fiscal years. This often causes high unexpended appropriation balance.
- (2) FY 2020 and FY 2022 include voluntary core reductions in pass-through authority to align encumbrance and grant needs.

PROGRAM DESCRIPTION

Department of Natural Resources MSP - State Historic Preservation	HB Section(s): <u>6.360</u>				
Program is found in the following core budget(s): State Historic Preservation					
1a. What strategic priority does this program address?					
The State Historic Preservation Office helps Missouri citizens thrive by managing cultural resources to promote a healthy environment and economy.					
1b. What does this program do?					
The State Historic Preservation Office provides historic preservation services to the citizens of Missouri and is responsible for establishing, implementing, and administering federal and state programs or plans for historic preservation. The responsibilities of the State Historic Preservation Office include:					
<ul style="list-style-type: none">Identifying and nominating eligible properties to the National Register of Historic Places and administering applications for listing historic properties in the National Register.Preparing and implementing a comprehensive statewide historic preservation plan, directing and conducting a comprehensive survey of historic properties, and maintaining inventories of such properties.Administering the state program of federal assistance for historic preservation within the state, including administration of historic preservation fund grants.Cooperating with local governments in the development of local historic preservation programs.Consulting with federal agencies in accordance with the National Historic Preservation Act (NHPA) on federal undertakings that may affect historic properties.Providing advice and assistance in the evaluation of proposals for rehabilitation projects that may qualify for state or federal assistance (such as preservation tax incentives).Assuming responsibility for unmarked human burials or human skeletal remains and ensuring proper disposition in compliance with state and federal requirements.					
The following table shows financial data for the budget units included in this form.					
	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Current	FY 2023 Request
State Historic Preservation Office (78420C)	656,234	718,048	718,016	846,825	846,825
Historic Preservation Grants (78420C)	341,178	219,476	203,563	1,600,000	1,600,000
Total	997,412	937,524	921,579	2,446,825	2,446,825

PROGRAM DESCRIPTION

Department of Natural Resources

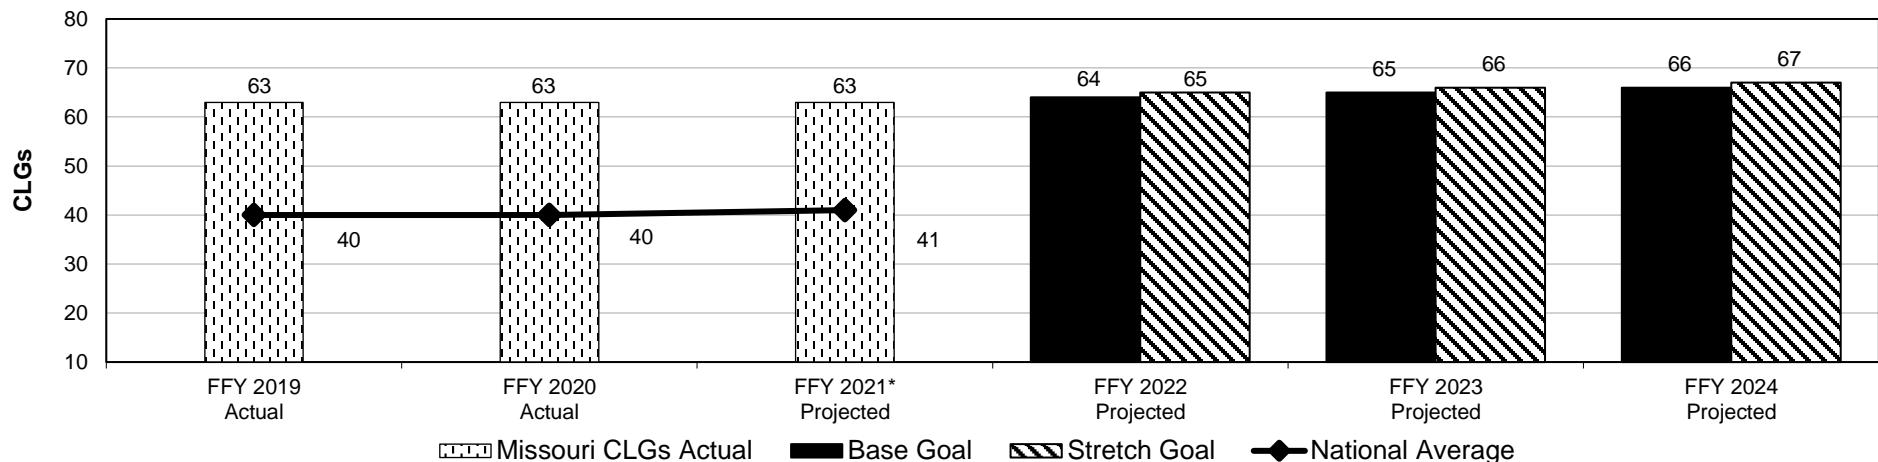

HB Section(s): 6.360

MSP - State Historic Preservation

Program is found in the following core budget(s): State Historic Preservation

2a. Provide an activity measure(s) for the program.

Certified Local Government Partners Compared to National Average

The Certified Local Government (CLG) program is the official preservation partnership connecting local, state, and federal governments. Communities in this network receive technical and financial assistance to save local historic places for future generations. Since the program's creation in 1980, it has grown to include 2,030 CLGs with 63 in Missouri, ranking us 12th nationally for the most CLGs. *FFY 2021 data will be available December 2021.

Base Goal is the highest actual from prior 3 years plus a slight annual increase.

Stretch Goal is one additional over the base goal.

PROGRAM DESCRIPTION

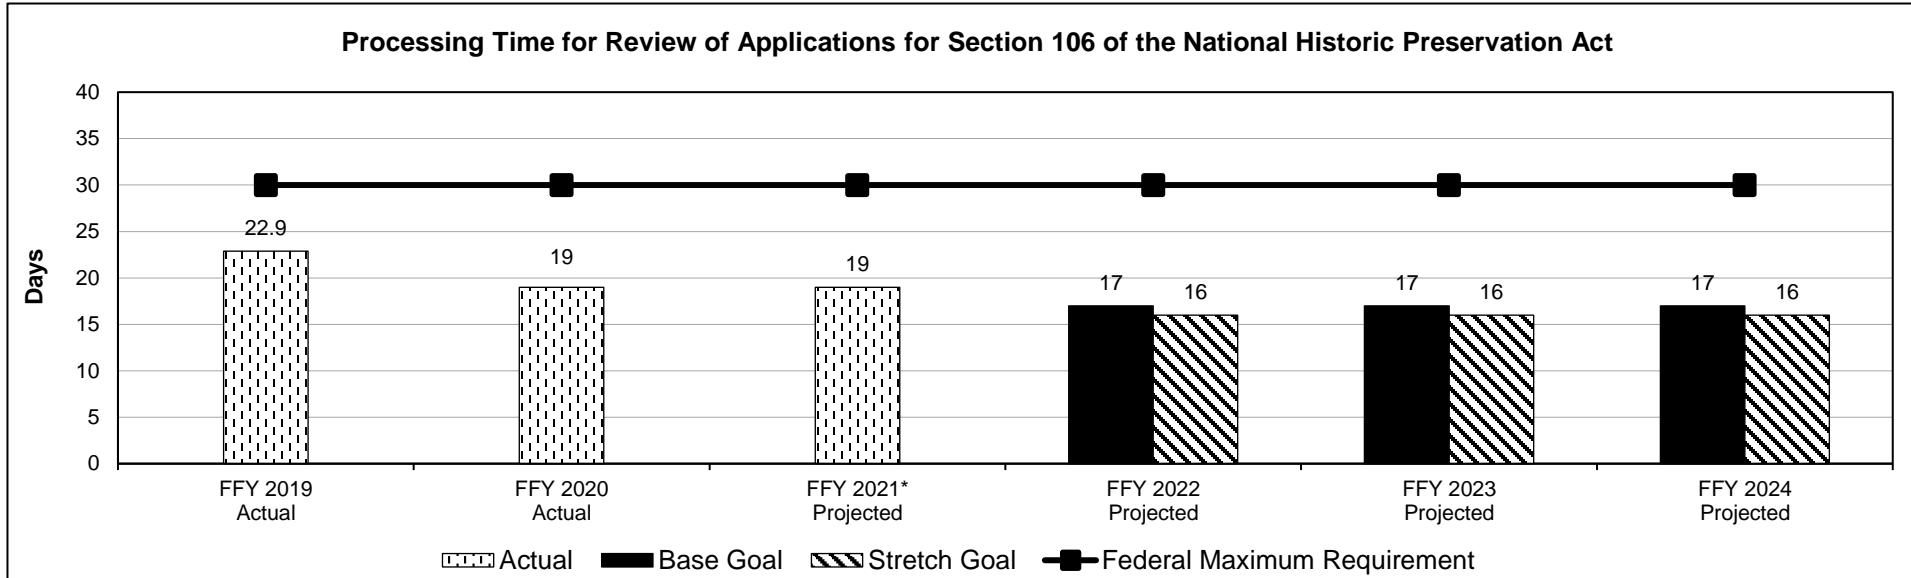

Department of Natural Resources

HB Section(s): 6.360

MSP - State Historic Preservation

Program is found in the following core budget(s): State Historic Preservation

2b. Provide a measure(s) of the program's quality.

Under Section 106 of the National Historic Preservation Act, SHPO must participate in the review of all federal agency actions when federal funding, permitting, or licensing is involved to determine if the project has the potential to affect historic properties. The Department expects an increase of Section 106 reviews associated with the American Rescue Plan Act (ARPA); FFY 2022 to FFY 2024 average processing times may be impacted.

FFY 2019 processing time was higher due to staff vacancies.

FFY 2021* data will be available December 2021.

Base Goal: Review applications in 17 days or less.

Stretch Goal: Decrease the number of days it takes to review Section 106 applications to 16 days or less.

Total Number of Project Applications		
FFY	Received	Reviews**
2019	2,223	3,370
2020	2,488	3,473
Total	4,711	6,843

**Some projects may require multiple reviews throughout the application process. Processing time averages include each review separately.

PROGRAM DESCRIPTION

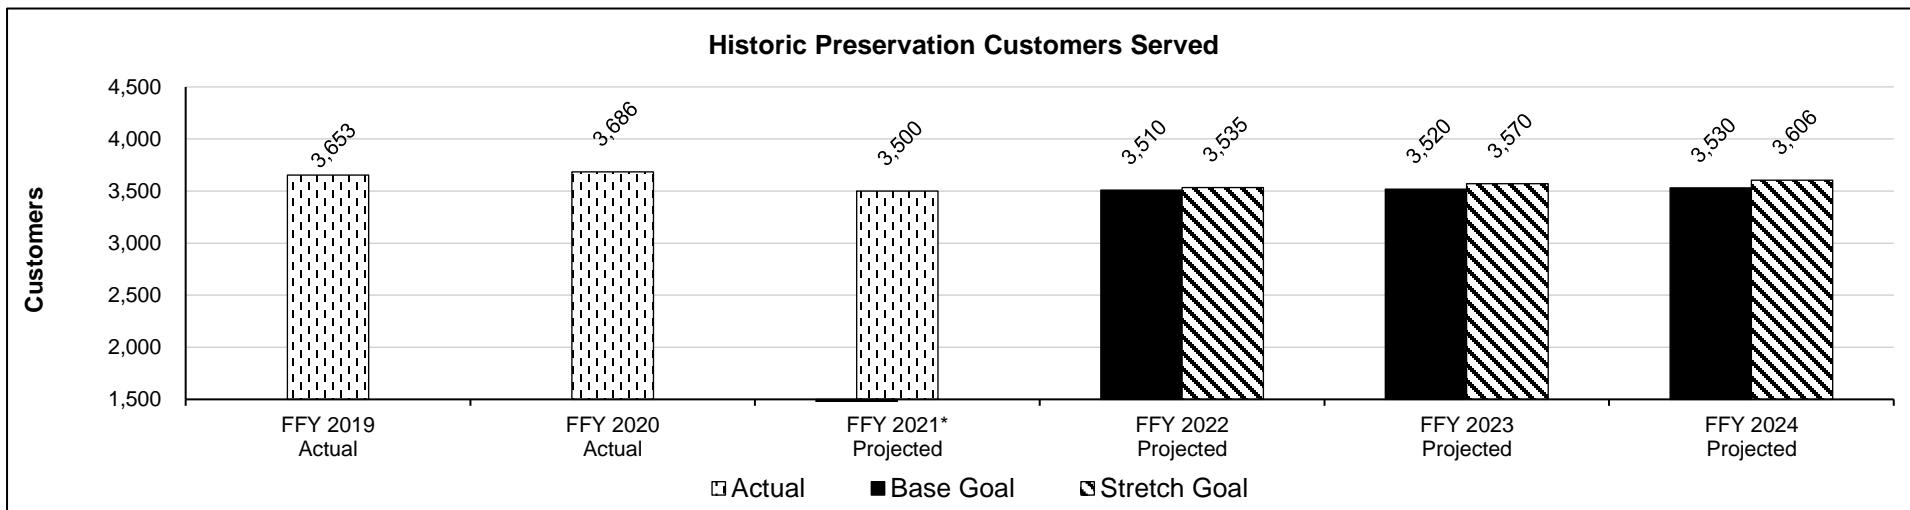

Department of Natural Resources

HB Section(s): 6.360

MSP - State Historic Preservation

Program is found in the following core budget(s): State Historic Preservation

2c. Provide a measure(s) of the program's impact.

SHPO helps customers with a variety of historic preservation needs including: applications, nominations, grants awarded, Certified Local Government evaluations, and outreach services.

*FFY 2021 Projected data will be available December 2021.

Base Goal uses prior information collected and shows a slight annual increase.

Stretch Goal assumes a 1% annual increase over prior stretch goal.

PROGRAM DESCRIPTION

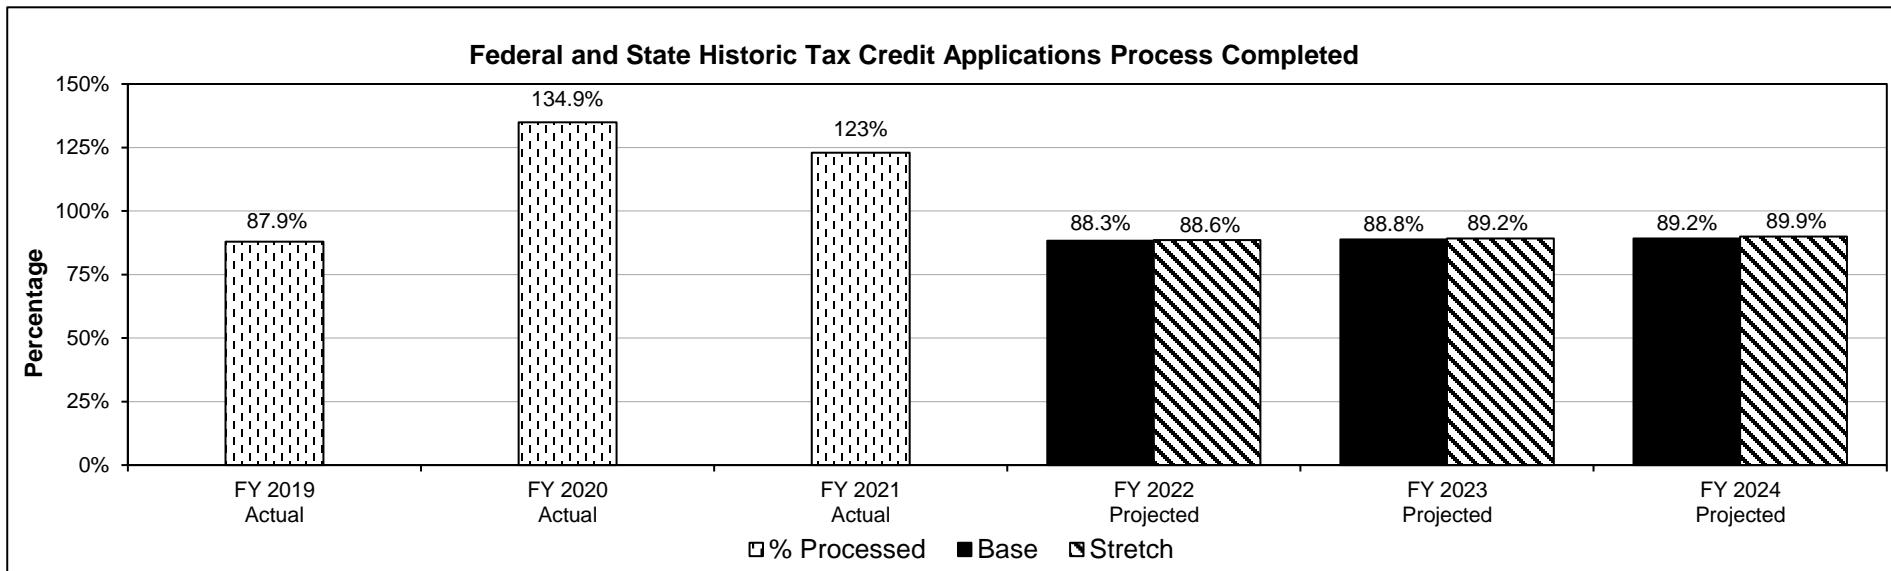

Department of Natural Resources

HB Section(s): 6.360

MSP - State Historic Preservation

Program is found in the following core budget(s): State Historic Preservation

2d. Provide a measure(s) of the program's efficiency.

The State Historic Preservation Office (SHPO) is responsible for assisting the National Park Service and the Missouri Department of Economic Development in administering their programs by reviewing federal and state historic tax credit applications. SHPO's role is to determine whether the proposed and completed rehabilitation meets the Secretary of the U.S. Department of the Interior's rehabilitation standards. Processing time is a coordination between the SHPO, the applicant, and other agencies.

Base Goal: Review and forward federal and state applications and minimize the number of applications pending review within the fiscal year.

Stretch Goal: Increase the percentage of federal and state historic tax credit applications reviewed each year and reduce the number of applications pending review each fiscal year.

Total Number of Applications			
Fiscal Year	Received	Processed	Pending
2019	1288*	747	541
2020	794	1,071	264
2021	636	782	118
Total	1,430	2,600	

*2019 includes 438 applications received in prior fiscal years.

PROGRAM DESCRIPTION

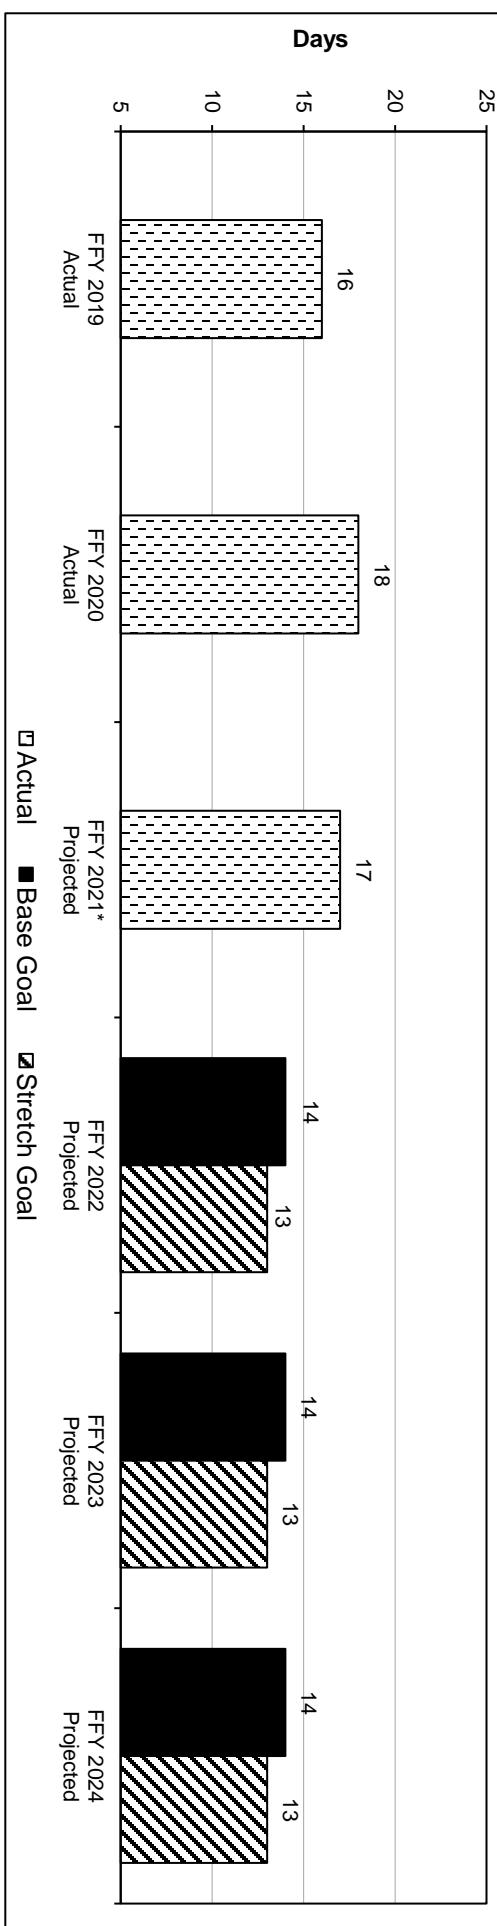

Department of Natural Resources

MSP - State Historic Preservation

Program is found in the following core budget(s): State Historic Preservation

2d. Provide a measure(s) of the program's efficiency. (continued)

Processing Time of Preliminary Eligibility Assessments for the National Register of Historic Places

Eligibility assessments are a preliminary step that provides staff the opportunity to assist customers early in the process of writing a National Register of Historic Places nomination which makes the final review process more efficient. SHPO encourages members of the public to submit Eligibility Assessments as the first step in the National Register of Historic Places nomination process. Every assessment is reviewed within 30 days by at least three members of the SHPO staff. Starting in Spring of 2020, health measures to prevent the spread of COVID-19 resulted in processing delays related to staff implementing remote working policies. FFY 2021* data will be available December 2021.

Base Goal: Review applications in 14 days or less.

Stretch Goal: Decrease the number of days it takes to review these assessments to 13 days or less.

PROGRAM DESCRIPTION

Department of Natural Resources

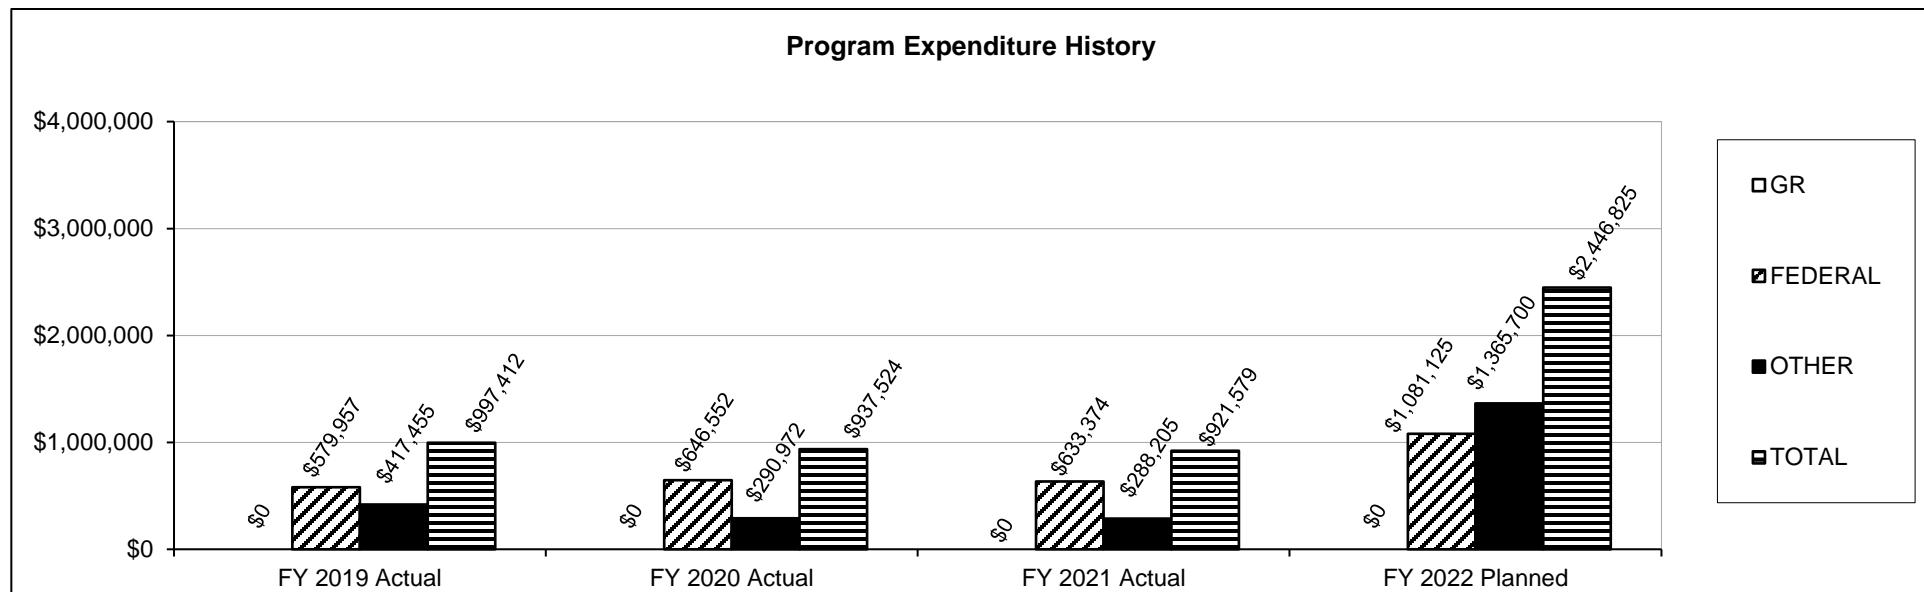

HB Section(s): 6.360

MSP - State Historic Preservation

Program is found in the following core budget(s): State Historic Preservation

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

Program Expenditure History

This budget does not contain General Revenue.

Financial data includes operating and pass-through appropriations. Pass-through appropriations are set at a level to encumber and pay our commitments, which often span multiple fiscal years. FY 2022 Planned is shown at full appropriation.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): 6.360
MSP - State Historic Preservation	
Program is found in the following core budget(s): State Historic Preservation	
4. What are the sources of the "Other" funds?	
Historic Preservation Revolving Fund (0430); Economic Development Advancement Fund (0783)	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
Sections 194.400 - 194.410, RSMo Chapter 253, RSMo Section 253.022, RSMo Sections 253.408 - 253.412, RSMo Sections 253.400 - 253.407, RSMo Section 253.415, RSMo Section 253.420, RSMo Sections 253.545 - 253.559, RSMo	Unmarked Human Burial Sites State Parks and Historic Preservation Department to administer the National Historic Preservation Act State Historic Preservation Act Historic Preservation Revolving Fund Act Local Historic Preservation Act Historic Shipwrecks, Salvage or Excavation Regulations Historic Structures Rehabilitation Tax Credit
6. Are there federal matching requirements? If yes, please explain.	
Historic Preservation Fund Grant	40% State/Local
7. Is this a federally mandated program? If yes, please explain.	
SHPO administers the National Historic Preservation Act of 1966 which specifies requirements for state historic preservation offices.	

CORE DECISION ITEM

Pay Plan - FY 2022 Cost to Continue	DI# <u>0000013</u>		HB Section <u>Various</u>		
3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.					
The FY 2022 budget includes appropriation authority for a 2% pay increase for employees beginning January 1, 2022. The remaining six months were unfunded, but the stated intent of the legislature was to provide the funding in FY 2023.					
4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)					
The appropriated amount for the Fiscal Year 2022 pay plan was based on a 2% pay increase for employees beginning January 1, 2022. The Fiscal Year 2023 requested amount is equivalent to the remaining six months in order to provide the core funding necessary for a full fiscal year.

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 78302C, 79345C, 79630C, 79640C 79685C, 79686C, 79687C	DEPARTMENT: NATURAL RESOURCES
BUDGET UNIT NAME: VARIOUS AGENCY-WIDE	
HOUSE BILL SECTION(S): 6.370, 6.380, 6.385, 6.390, 6.410	DIVISION: AGENCY-WIDE

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Department requests retention of 25% flexibility between funds (Other) for Environmental Restoration (79345C), 75% flexibility between funds (Federal and Other) for Refunds (79630C), 75% flexibility between funds (Other) for Sales Tax Reimbursement to GR (79640C), 5% flexibility between funds (Other) for the DNR and ITSD Cost Allocation Fund Transfers (79685C and 79687C) and 25% flexibility between funds (Other) for the HB 13 Cost Allocation Fund Transfer (79686C). The Department requests retention of 5% flexibility between the DNR Cost Allocation transfer, HB 13 Cost Allocation transfer, and OA ITSD Cost Allocation transfer. Flexibility will allow appropriation authority alignment by fund source based on receipt of funds for refunds and reimbursements of sales tax to General Revenue. Flexibility for Cost Allocation transfers will allow adjustments, if needed, for responsive service delivery. Also included is 3% flexibility from various sections to 6.410 (General Revenue) related to the Legal Expense Fund.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
\$44,984 Fund to Fund (Other/Federal)	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Fund-to-fund flex was used to process refunds.	Flexibility may be used to align the budget by fund source for proper use of revenues/receipts and/or based on funds availability for responsive service delivery.

<p>Other Funds: Natural Resources Protection Fund - Damages Subaccount (0555); Natural Resources Protection Fund - Water Pollution Permit Fee Subaccount (0568)</p>																																			
2. CORE DESCRIPTION																																			
<p>As the designated trustee for natural resources for the State of Missouri for purposes of state and federal law, the Department assesses injuries to natural resources resulting from the release of hazardous substances or pollutants to the environment. Where appropriate, the Department recovers damages from parties who cause natural resource injuries. Such damages may include the cost of restoring the natural resources or the cost of the lost use of the resources. Additionally, the Department may recover reasonable costs incurred in assessing injuries. Damages recovered are then available to restore or replace the injured resources, as well as for future assessment, restoration, or rehabilitation of injured natural resources and related costs.</p>																																			
<p>Recovered monies fund "on-the-ground" long-term restoration projects to benefit aquatic and terrestrial habitat, groundwater, and surface waters. The Department and, where federal law applies, the federal trustees issue Requests for Proposals (RFPs) for restoration, award project funds, and implement natural resource habitat restoration projects statewide. Restoration projects to restore areas impacted by mining are ongoing in Southwest Missouri and in the Big River and Viburnum Trend areas of the Southeast Missouri Lead Mining District. The Department is currently funding groundwater restoration projects in the Kansas City and Springfield areas.</p>

Appropriation (All Funds)	6,157,917	6,157,917	4,400,000	4,400,000
Less Reverted (All Funds)	0	0	0	0
Less Restricted (All Funds)	0	0	0	0
Budget Authority (All Funds)	6,157,917	6,157,917	4,400,000	4,400,000
Actual Expenditures (All Funds)	183,406	154,417	1,724,456	N/A
Unexpended (All Funds)	<u>5,974,511</u>	<u>6,003,500</u>	<u>2,675,544</u>	N/A
Unexpended, by Fund:				
General Revenue	0	0	0	N/A
Federal	0	0	0	N/A
Other	5,974,511	6,003,500	2,675,544	N/A
	(1)	(1)	(0)	

Reverted includes the statutory three-percent reserve amount (when applicable).

Restricted includes any Governor's Expenditure Restrictions which remained at the end of the fiscal year (when applicable).

NOTES:

(1) In recent years, the Department focused staff time on producing appropriate restoration plans and developing on-the-ground restoration projects to benefit local communities. Appropriations were set to allow for expenditures that will occur under the restoration plans in future fiscal years. Higher appropriation amounts allow us to encumber and pay our restoration commitments, which often span multiple fiscal years and can result in unexpended appropriation balances. Significant spending of restoration funds is anticipated in FY 2022 and future fiscal years.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.370</u>
AWO - Environmental Restoration	
Program is found in the following core budget(s): <u>Environmental Restoration</u>	
1a. What strategic priority does this program address?	
Environmental Restoration efforts help Missouri citizens thrive by managing natural resources to promote a healthy environment and economy by:	
<ul style="list-style-type: none">• Promoting environmental responsibility and resource stewardship.• Enhancing services, information, and communication to improve customer experience.• Supporting outdoor recreation and economic development.• Modernizing infrastructure, strengthening workforce, and supporting economic development.• Improving internal processes to better serve our customers.	
1b. What does this program do?	
Violations of environmental laws can have a long-lasting effect on the state's natural resources and affect the quality of life of its citizens. Federal and state laws authorize the Department to recover damages from parties who cause injuries to natural resources. Recovered funds are then available to help replace or restore injured resources, provide improvements to offset the damage, or provide background data to help measure or mitigate similar future actions that may injure the environment.	
Department staff work to determine the impacts of releases of pollutants and hazardous substances on the environment. Staff conduct natural resource damage (NRD) assessments at sites to determine the nature and extent of the impact of the release(s), seek monetary damages to compensate the public for injured or lost natural resources when appropriate, and implement on-the-ground restoration projects for injured natural resources in Missouri. Currently, there are ongoing restoration efforts in the Southeast, Southwest, and Kansas City areas of Missouri. These projects will continue for a number of years with recovered funds.	

PROGRAM DESCRIPTION

Department of Natural Resources

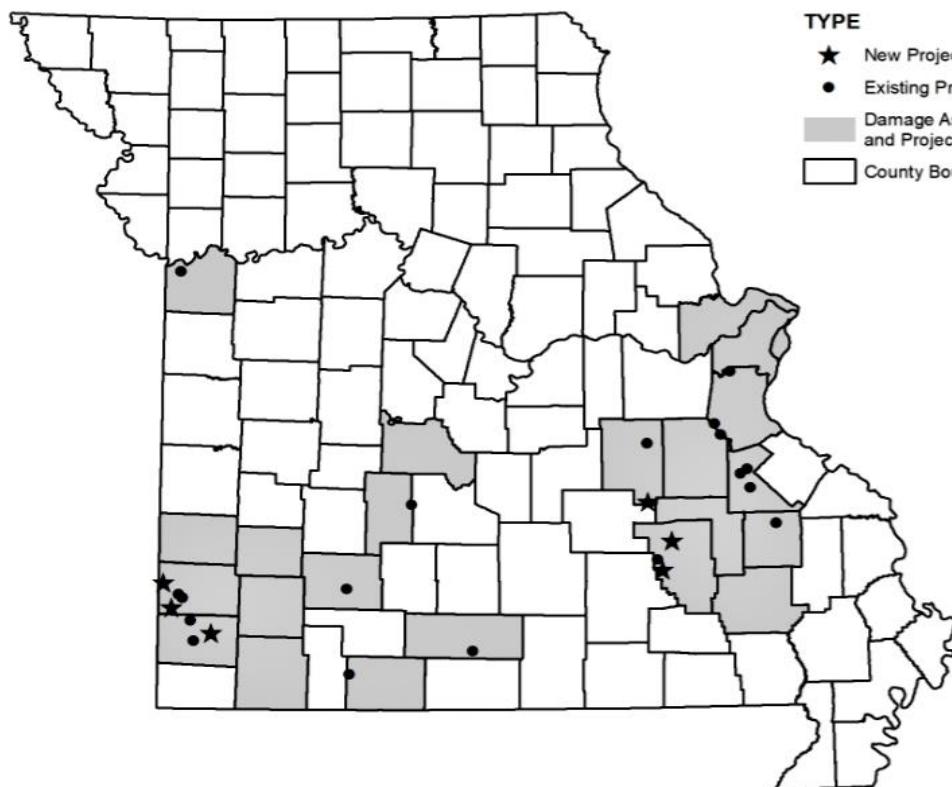

HB Section(s): 6.370

AWO - Environmental Restoration

Program is found in the following core budget(s): Environmental Restoration

2a. Provide an activity measure(s) for the program.

2021 Environmental Restoration Sites & Projects Administered by the Department

Natural Resources Restoration

Staff conduct natural resource damage site assessments and screenings to determine the need for restoration activities.

The Department, along with its Federal co-trustees, fund projects to restore and protect remediated mine lands, restore and stabilize stream banks, and fund local municipal restoration projects.

Southwest Missouri Projects

- ★ Projects Targeted for FY 2023
 - Shoal Creek/Spring River Projects
 - WACO Designated Area Project
 - Jasper County Mine Water Treatment Pilot
- Ongoing NRD Funded Restoration Projects Including:
 - Webb City
 - Missouri Prairie Foundation
 - Neosho Lime Kiln Dam Passage

Southeast Missouri Projects

- ★ Projects Targeted for FY 2023
 - Upland Restoration
 - Viburnum Trend Stream Restoration
 - NADIST Adair and Logan Creek Watershed
- Ongoing NRD Funded Restoration Projects Including:
 - St. Francois County Bonehole Park
 - Soil and Water Big River Well Closures
 - Madison County Restoration
 - Big River Restoration - Calico Creek

PROGRAM DESCRIPTION

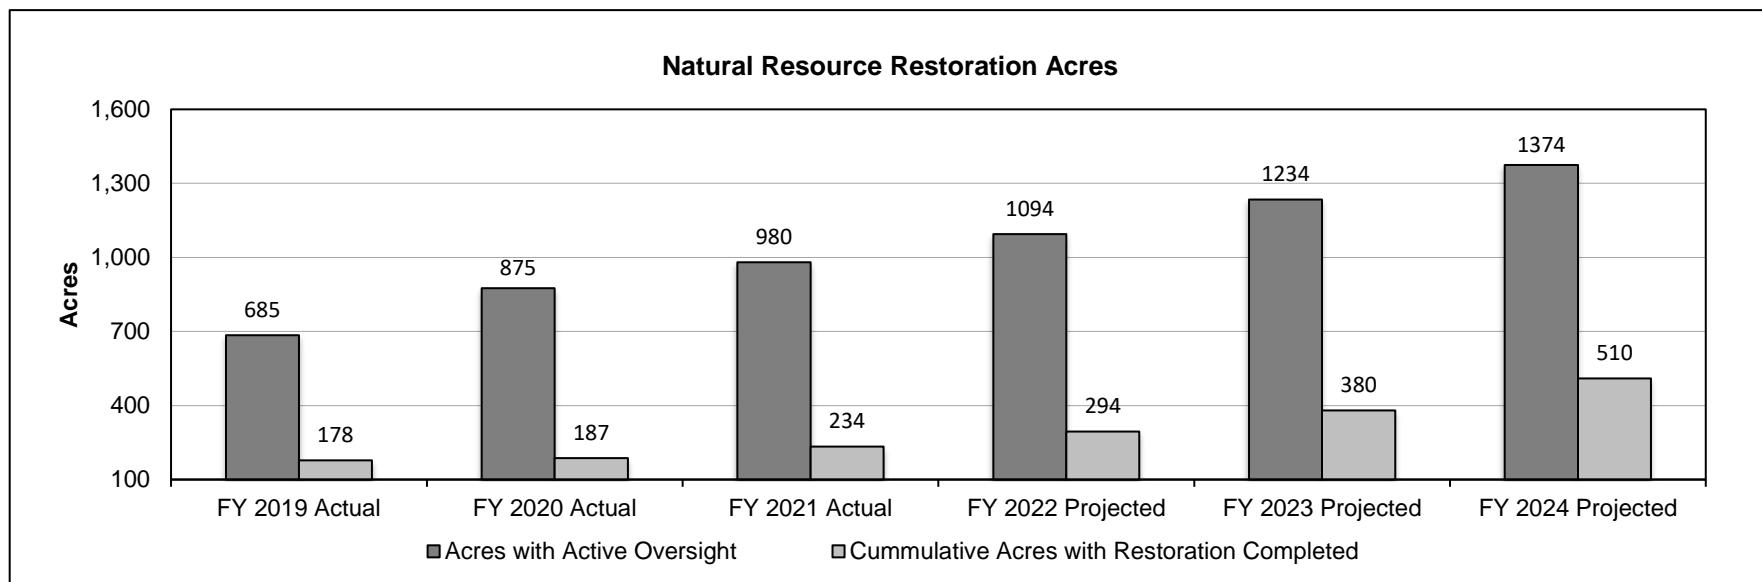

Department of Natural Resources

HB Section(s): 6.370

AWO - Environmental Restoration

Program is found in the following core budget(s): Environmental Restoration

2b. Provide a measure(s) of the program's quality.

Base Goal = 5% Annual Increase in Acres Restored

Stretch Goal = 30% Annual Increase in Acres Restored

Acres with active oversight and acres with active restoration completed will gradually increase over time as restoration projects are identified and initiated. Projects with active oversight will then begin to level out and decrease over time.

The Department and the Trustees fund on-site and compensatory projects to benefit habitat and allow for use of the restoration project areas. Projects include Webb City mine land restoration, prairie restoration, and soil and water stream bank stabilization projects. The goal of restoration projects is to compensate the public for the loss of natural resources.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.370

AWO - Environmental Restoration

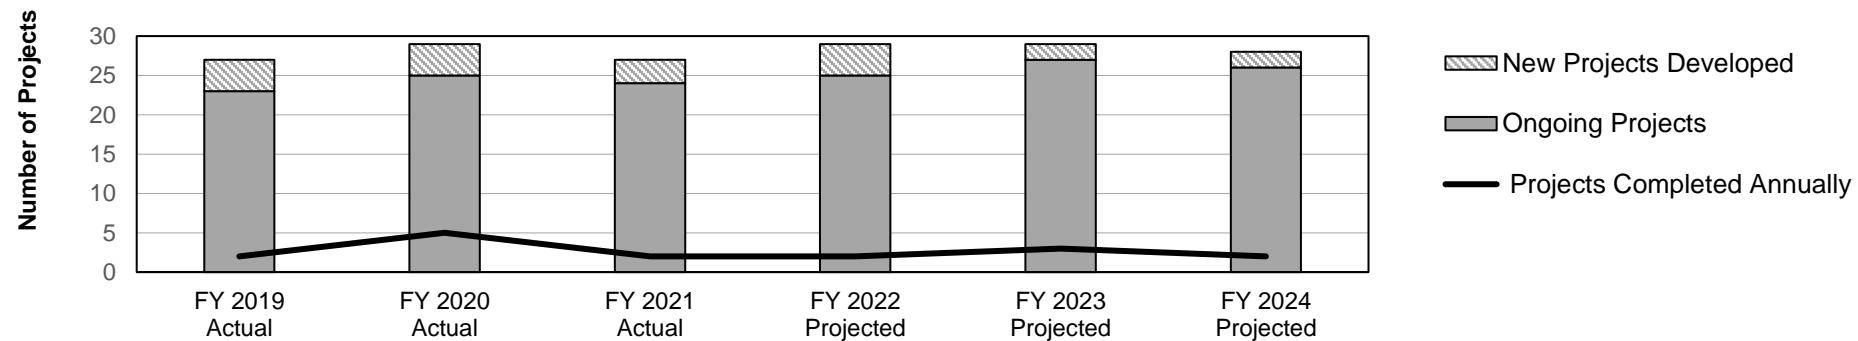

Program is found in the following core budget(s): Environmental Restoration

2c. Provide a measure(s) of the program's impact.

The Department funds "on the ground" long-term projects to benefit aquatic and terrestrial habitat, groundwater and surface water, and conducts assessment and restoration activities with natural resource damage monies - examples include:

- Develop a Restoration and Compensation Determination Plan (RCDP) in Southwest and Southeast Missouri to assess natural resource damages.
- Develop and implement projects for the Missouri Statewide Groundwater Restoration Plan to address injuries to the state's groundwater.
- Conduct assessment activities on lands and streams in the Old Lead Belt to determine the levels of metals and possible injury to aquatic and terrestrial life.
- Issue requests for proposals (RFPs), award funds, and implement natural resource habitat restoration projects in Southwest and Southeast Missouri.
- Provide funds and oversight for upland and stream restoration practices in Southeast and Southwest Missouri.

Natural Resource Restoration Projects

Restoration projects frequently may span multiple years from initial funding to completion due to complexity and size. We anticipate focusing on existing projects during the next three years rather than bringing in a large amount of new projects.

Annual Base Goal = Complete one project

Annual Stretch Goal = Complete two projects

PROGRAM DESCRIPTION

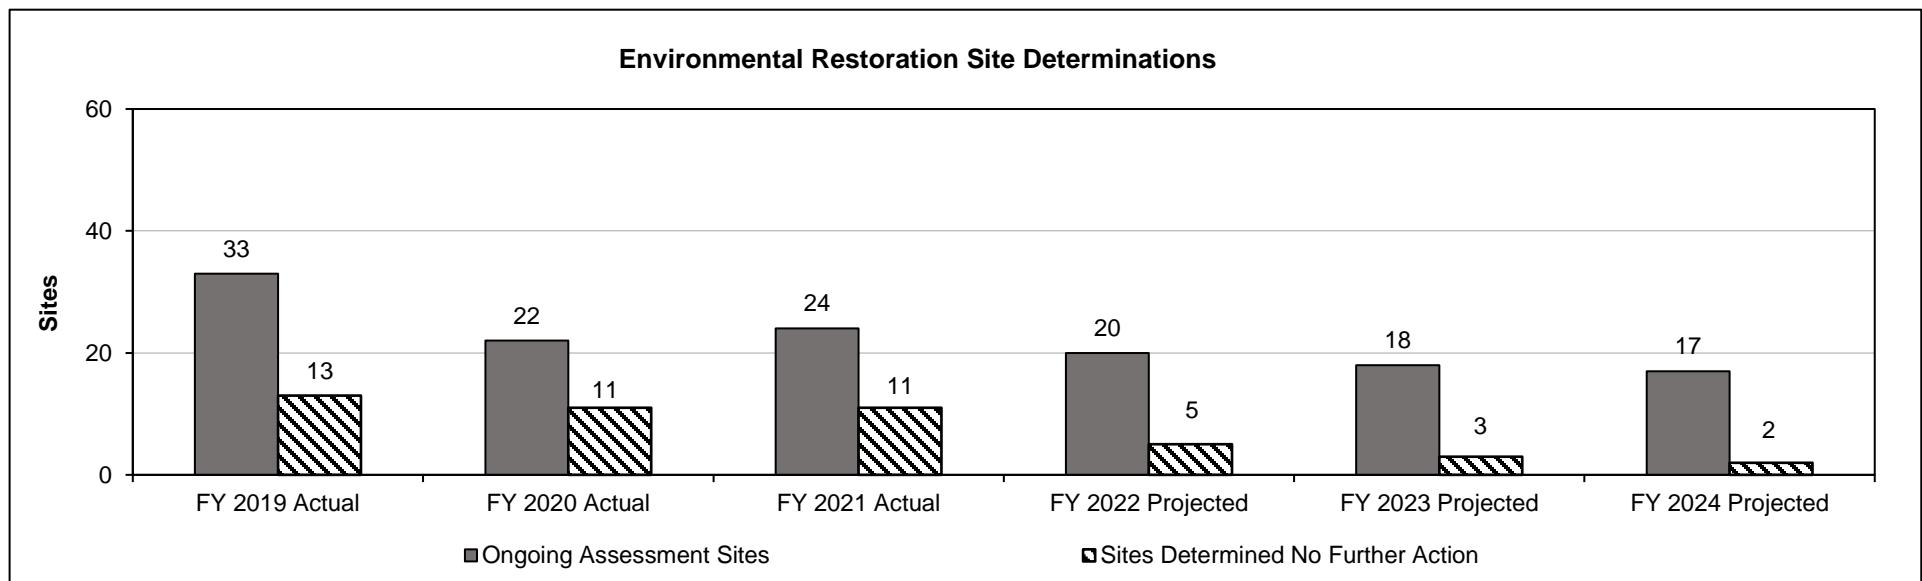

Department of Natural Resources

HB Section(s): 6.370

AWO - Environmental Restoration

Program is found in the following core budget(s): Environmental Restoration

2d. Provide a measure(s) of the program's efficiency.

The chart represents the number of sites pending complete NRD assessments or actions and the number of sites that have been assessed and screened out with no further action required. The number of legacy sites is being reduced annually and the number of new sites screened or added is declining.

Base Goal = 4 Sites Determined No Further Action

Stretch Goal = 5 Sites Determined No Further Action

PROGRAM DESCRIPTION

Department of Natural Resources AWO - Environmental Restoration	HB Section(s): <u>6.370</u>																									
Program is found in the following core budget(s): Environmental Restoration																										
3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.370</u>
AWO - Environmental Restoration	
Program is found in the following core budget(s): <u>Environmental Restoration</u>	
6. Are there federal matching requirements? If yes, please explain.	
No	
7. Is this a federally mandated program? If yes, please explain.	
There is no federal mandate; however, environmental restoration activities are conducted under both state and federal authorizations as indicated in section 5.	

CORE DECISION ITEM

<u>Department of Natural Resources</u>	<u>Budget Unit 79620C</u>

2. CORE DESCRIPTION	
This appropriation provides an efficient payment mechanism for internal services such as vehicle replacements and other interdivisional expenses (lab expenses, vehicle maintenance, conferences/training, and central supply). The Department also bills other governmental agencies or members of the general public for external services such as publication/data sales, environmental services, and environmental education. This appropriation allows the Department to respond to both internal and external customers.	
3. PROGRAM LISTING (list programs included in this core funding)	
Natural Resources Revolving Services

PROGRAM DESCRIPTION

Department of Natural Resources

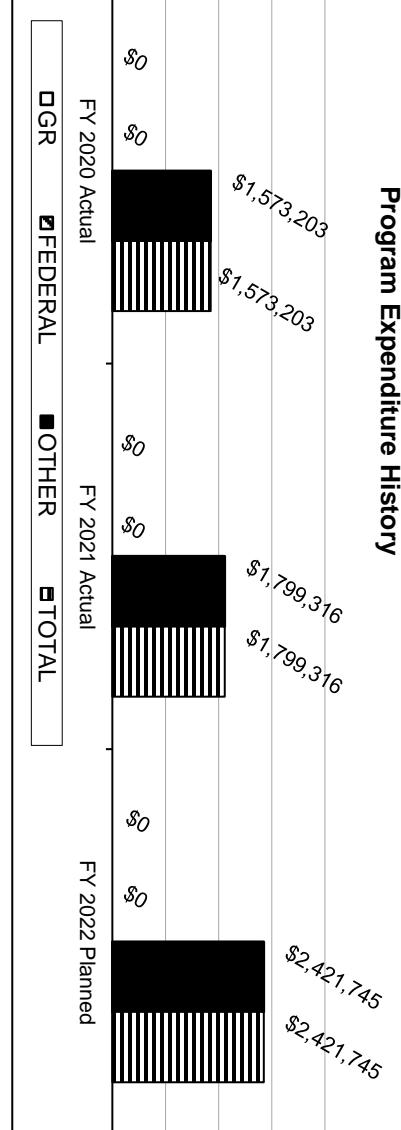

AWO - Natural Resources Revolving Services

Program is found in the following core budget(s): Natural Resources Revolving Services

2d. Provide a measure(s) of the program's efficiency.

This appropriation allows for a more cost-effective payment method in our ability to respond to increasing demands by our internal and external customers.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

This budget does not contain General Revenue. FY 2022 Planned is shown at full appropriation.

4. What are the sources of the "Other" funds?

DNR Revolving Services Fund (0425)

5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Section 640.065, RSMO Natural Resources Revolving Services Fund

6. Are there federal matching requirements? If yes, please explain.

No

7. Is this a federally mandated program? If yes, please explain.

No

NEW DECISION ITEM
RANK: 012 OF 014

Department of Natural Resources	Budget Unit	<u>79620C</u>
Agency Wide Operations		
Vehicle Fleet Obligations	DI# <u>1780008</u>	HB Section <u>6.375</u>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

Allowing for obligations to be paid, this new decision item request for FY 2023 (and potentially FY 2024) increases the Department's revolving fund PSD (program-specific/pass-thru) appropriation authority. The fund was created in Section 640.065, RSMo, and is used for the continuing operations of the very services and products from which the revenues came. For instance, vehicle user fee revenue, to replace vehicles.

The temporary increased authority will allow the Department to "catch up" and return to our normal vehicle replacement cycle. Due to nationwide vehicle supply chain issues caused by COVID-19, it was not possible to procure all necessary vehicles in FY 2020 and FY 2021. This resulted in appropriation lapse, and currently, the Department projects a shortfall of appropriation needed to procure the necessary vehicles. This increased appropriation authority is only for replacing existing vehicles and will not be used to add vehicles to expand the fleet.

The Department retains a vehicle fleet (approximately 550) to enable employees located throughout the state to conduct their core work such as park maintenance and safety, and emergency response. Employees in Jefferson City utilize the OA Carpool for activities such as attending meetings and trainings or conducting site visits or inspections.

COVID-19's Impact on Vehicle Replacements

Estimated Time of Arrival	Pre-COVID-19	Post-COVID-19
Sedans	12 - 18 weeks	unknown
Trucks	16 - 20 weeks	30+ weeks
SUVs	16 - 20 weeks	28+ weeks
Police Interceptor Utility	18 - 24 weeks	30+ weeks

Payment is made upon delivery and invoice receipt. For FY 2021, the average days to pay an invoice was 21 days and ranged between 7 to 60 days. Contracts grant 45 days to pay.

NEW DECISION ITEM

Vehicle Fleet Obligations	DI# <u>1780008</u>

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

Due to COVID-19 and subsequent supply chain issues in FY 2020 and FY 2021, the Department was not able to take possession and make payment on 41 vehicles over this two-year time period totaling \$782,077 and \$651,824 respectively. As a result, the Department's vehicle inventory includes aging vehicles. When replacing a vehicle the Department considers mileage (currently we recommend replacement of vehicles with greater than 120,000 miles), reliability, age, and maintenance costs. The Department requests an increase to our appropriation for FY 2023 (and potentially FY 2024) to return to our normal vehicle replacement cycle.

For FY 2022, it is projected approximately \$650,000 in authority will be utilized for payment of FY2021 vehicles, and therefore not available for FY 2022 vehicle replacement, thus needed in FY 2023. An increase in authority may again be requested in FY 2024 to cover FY 2023 obligations rolled over because of additional delays (shutdowns, parts shortages).

Vehicle Replacement Projections	FY 2023	FY 2024
Targeted Vehicle Replacement	2,000,000	2,000,000
Typical Department Vehicle Replacement Plans	(1,400,000)	(1,400,000)
Projected Carry-forward from previous years	600,000	600,000

Vehicle fleet management options are being explored and implemented. By using three-year replacement plans, we are able to anticipate roughly how many vehicles will need to be replaced in a given year and the approximate cost. This is especially critical when planning for the replacement of larger, more expensive vehicles. We are beginning to redistribute the Department's lower mileage vehicles around the state to balance utilization and ensure the most reliable vehicles are available for the most critical activities.

Agency Wide Operations		
Vehicle Fleet Obligations	DI# <u>1780008</u>	HB Section <u>6.375</u>

6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)

6a. Provide an activity measure(s) for the program.

The Department will measure this activity by how many vehicles are purchased, delivered, and paid for during FY 2023. This will be compared to vehicle purchases in previous fiscal years to ensure the Department is properly maintaining our vehicle fleet.

6b. Provide a measure(s) of the program's quality.

The Department will continue to track vehicles in the fleet and will monitor vehicles for mileage, age, and general conditions. Currently, 100 vehicles are over the 120,000 mileage replacement criteria. With the replacement of older vehicles, the Department's fleet will become safer for staff using them.

6c. Provide a measure(s) of the program's impact.

The Department will continue to monitor fleet vehicles and ensure sufficient, safe vehicles are available for staff usage. Replacement of older vehicles will allow the Department to have more working vehicles available for staff usage, will reduce the amount of vehicle repairs and rental cars needed, and ensure that we are able to provide timely responses to situations in the field.

6d. Provide a measure(s) of the program's efficiency.

The Department will continue to monitor fleet vehicles to ensure staff have safe, reliable, and efficient vehicles to use when representing the State of Missouri. The Department will continue to review vehicle usage versus repair costs, accidents, and gas mileage to ensure that state resources are being utilized to the best of the Department's ability.

7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:

The Department will maximize the utilization of the fleet vehicles through evaluation of mileage at replacement, vehicle functional use, service histories, and overall performance. We will continue to replace only vehicles in need of replacement. We will research all angles of product availability to ensure proper replacement of our fleet. We will diligently work with OA fleet and vendors to locate vehicles in order to purchase within fiscal year. With the proposed increase, this should allow us to overcome our vehicle replacement shortfalls.

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.380</u>
AWO - Refund Accounts	
Program is found in the following core budget(s): Refund Accounts	
4. What are the sources of the "Other" funds?	
Missouri Air Emission Reduction Fund (0267); State Parks Earnings Fund (0415); DNR Revolving Services Fund (0425); Historic Preservation Revolving Fund (0430); Cost Allocation Fund (0500); Oil and Gas Resources Fund (0543); Natural Resources Protection Fund-Water Pollution Permit Fee Subaccount (0568); Solid Waste Management Fund-Scrap Tire (0569); Solid Waste Management Fund (0570); Metallic Minerals Waste Management Fund (0575); Natural Resources Protection Fund-Air Pollution Asbestos Fee Subaccount (0584); Underground Storage Tank Regulation Program Fund (0586); Natural Resources Protection Fund-Air Pollution Permit Fee Subaccount (0594); Water and Wastewater Loan Revolving Fund (0602); Parks Sales Tax Fund (0613); Soil and Water Sales Tax Fund (0614); Water and Wastewater Loan Fund (0649); Environmental Radiation Monitoring Fund (0656); Groundwater Protection Fund (0660); Energy Set-Aside Program Fund (0667); Hazardous Waste Fund (0676); Safe Drinking Water Fund (0679); Oil and Gas Remedial Fund (0699); Stormwater Loan Revolving Fund (0754); Rural Water and Sewer Loan Revolving Fund (0755); Geologic Resources Fund (0801); Confederate Memorial Park Fund (0812); Concentrated Animal Feeding Operation Indemnity Fund (0834); Mined Land Reclamation Fund (0906); Babler State Park Fund (0911); and Energy Futures Fund (0935)	
5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)	
Refunds are a function of the Department's various programs, which are based in both federal and state statute as noted in each of the program descriptions.	
6. Are there federal matching requirements? If yes, please explain.	
No	
7. Is this a federally mandated program? If yes, please explain.	
No

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.385</u>
AWO - Sales Tax Reimbursement to GR	
Program is found in the following core budget(s): Sales Tax Reimbursement to GR	
1a. What strategic priority does this program address?	Financial accountability of reimbursement obligations
1b. What does this program do?	Remit sales tax revenue from Missouri Geological Survey and Missouri State Parks to the General Revenue Fund. Some sources of this tax revenue include: maps and publications, souvenirs, camping fees, and rentals. No performance measures are included for this program as it is an accounting mechanism.
2a. Provide an activity measure(s) for the program.	N/A
2b. Provide a measure(s) of the program's quality.	N/A
2c. Provide a measure(s) of the program's impact.	N/A
2d. Provide a measure(s) of the program's efficiency.	N/A

CORE DECISION ITEM

<u>Department of Natural Resources</u>	<u>Budget Unit 79685C, 79686C, 79687C & 79688C</u>
<u>Agency Wide Operations</u>	
<u>Cost Allocation and Federal Fund Transfers</u>	<u>HB Section 6.390, 6.395</u>
2. CORE DESCRIPTION	
<p><u>Department:</u> Through a transfer to the Cost Allocation Fund, dedicated funds within the Department share in the cost of administering the programs in the Department. This cost share proposal uses the Department's federal indirect cost rate to allocate administrative costs to dedicated funding sources. The indirect cost rate is an established rate approved by our federal cognizant agency, the Environmental Protection Agency, and is used consistently throughout the Department. Each dedicated fund's share is based upon its proportionate percentage of personal services, fringe benefits, and expense and equipment appropriations.</p>	
<p><u>HB 13:</u> Through a transfer to the Cost Allocation Fund, dedicated funds within the Department share in the Department's HB 13 costs for leased and state-owned facilities.</p>	
<p><u>OA ITSD - DNR:</u> Through a transfer to the Cost Allocation Fund, dedicated funds within the Department share in the cost of the Office of Administration Information Technology Services Division - DNR (OA ITSD - DNR). In addition, a transfer from the Department's Federal Fund to the Office of Administration, Information Technology Services Division Federal Fund provides funding for OA ITSD-DNR's federal appropriations.</p>	
3. PROGRAM LISTING (list programs included in this core funding)	
<p>Not applicable - This core decision item represents appropriated transfers from the Department's dedicated funds to the DNR Cost Allocation Fund. These transfers provide funding for the Department's appropriations from DNR Cost Allocation Fund. The specific DNR Cost Allocation Fund appropriations/activities are included in other core budget decision items, HB 13 budget decision items, and OA ITSD - DNR (HB 5) budget decision items. In addition, this core decision item includes an appropriated transfer from the Department's Federal Fund to the OA ITSD's Federal Fund to provide funding for OA ITSD-DNR's federal appropriations.</p>

Other Funds: Not applicable								
2. CORE DESCRIPTION								
In FY 2018, the General Assembly appropriated \$1 for transfer from the Department's core budget to the State Legal Expense Fund for the payment of claims, premiums, and expenses provided by Section 105.711 - Section 105.726, RSMo. In order to fund such expenses, the General Assembly also authorized three percent flexibility from the Department's operating budget into the \$1 transfer appropriation.

Other Funds: State Environmental Improvement Authority Fund (0654)																										
<u>Core Reduction:</u> The FY 2023 Budget Request includes a voluntary core reduction of \$150,000 Expense and Equipment.																										
2. CORE DESCRIPTION <p>The Environmental Improvement and Energy Resources Authority (EIERA) provides financing, research, and technical assistance for environmental and energy-related projects. Section 260.010, RSMo, created and established the EIERA as a governmental instrumentality of the State of Missouri, functioning as a body corporate and politic. A five-member board appointed by the Governor directly oversees the activities of the Authority.</p> <p>During FY 2019, the EIERA's operating budget was brought under appropriation with the Supplemental House Bill 14 which will continue to allow staff to participate in the Missouri State Retirement System. This replaced the \$1 core appropriation authority, removed in the FY 2019 budget.</p>

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.405

Environmental Improvement and Energy Resources Authority (EIERA)

Program is found in the following core budget(s): EIERA

1a. What strategic priority does this program address?

The Environmental Improvement and Energy Resources Authority provides solutions that help Missourians and the environment thrive through finance, research, and technical assistance in order to foster the responsible management of our air, land, water, and energy resources for the well-being of our citizens and Missouri's economy.

1b. What does this program do?

The Environmental Improvement and Energy Resources Authority (EIERA) provides financing, research, and technical assistance for environmental and energy-related projects. The EIERA:

- Issues municipal bonds to capitalize the State Revolving Fund (SRF) programs, which provide low-interest financing for water and wastewater infrastructure.
- Provides financial assistance through the Market Development Program to small businesses that divert waste from landfills to create products with recycled materials while creating jobs.
- Issues municipal bonds on behalf of private and investor-owned utilities to finance pollution-prevention infrastructure projects.
- Provides low-cost financing and technical assistance to communities and businesses to assist with the cleanup of contaminated properties, known as Brownfields.
- Provides paying-agent services to investor-owned utilities that fund low-income weatherization services through Community Action Agencies located throughout the state.
- Provides paying-agent services and technical and administrative assistance for environmental restoration efforts.

2a. Provide an activity measure(s) for the program.

Beneficiaries of EIERA Efforts

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected
Water and Wastewater Systems	5	17	11	12	12	12
Other Governmental Entities	6	2	1	5	5	5
Private Entities (Small Businesses)	23	24	22	17	17	17
Total Project Assistance Dollars (in millions) *	\$33.7 mil	\$130.4 mil	\$276.5 mil	\$150.0 mil	\$150.0 mil	\$150.0 mil

EIERA finance, research, and technical assistance supports entities in reaching their community development goals.

*Drop in assistance dollars for 2019 is a due to decrease in water/wastewater loan demand for that year.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.405

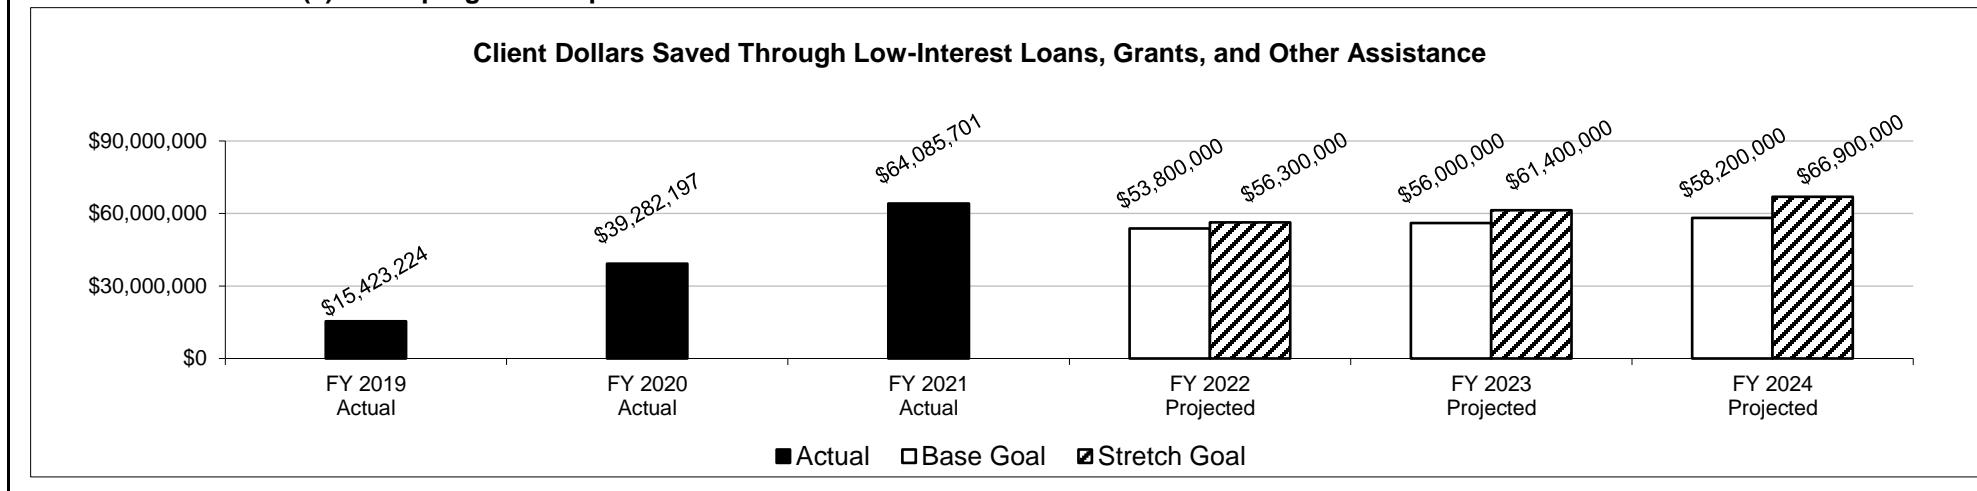

Environmental Improvement and Energy Resources Authority (EIERA)

Program is found in the following core budget(s): EIERA

2b. Provide a measure(s) of the program's quality.

EIERA bonds issued to capitalize the State Revolving Fund program are rated AAA. This is the highest rating possible and provides the least costly funds available for borrowers. This rating is maintained by continual oversight of the existing portfolio and through sound, conservative underwriting policies.

2c. Provide a measure(s) of the program's impact.

Client dollars saved are dependent on assistance provided.

Base Goal: Average of the past 2 years plus a 4% annual increase.

Stretch Goal: Average of the past 2 years plus a 9% annual increase.

PROGRAM DESCRIPTION

Department of Natural Resources

HB Section(s): 6.405

Environmental Improvement and Energy Resources Authority (EIERA)

Program is found in the following core budget(s): EIERA

2d. Provide a measure(s) of the program's efficiency.

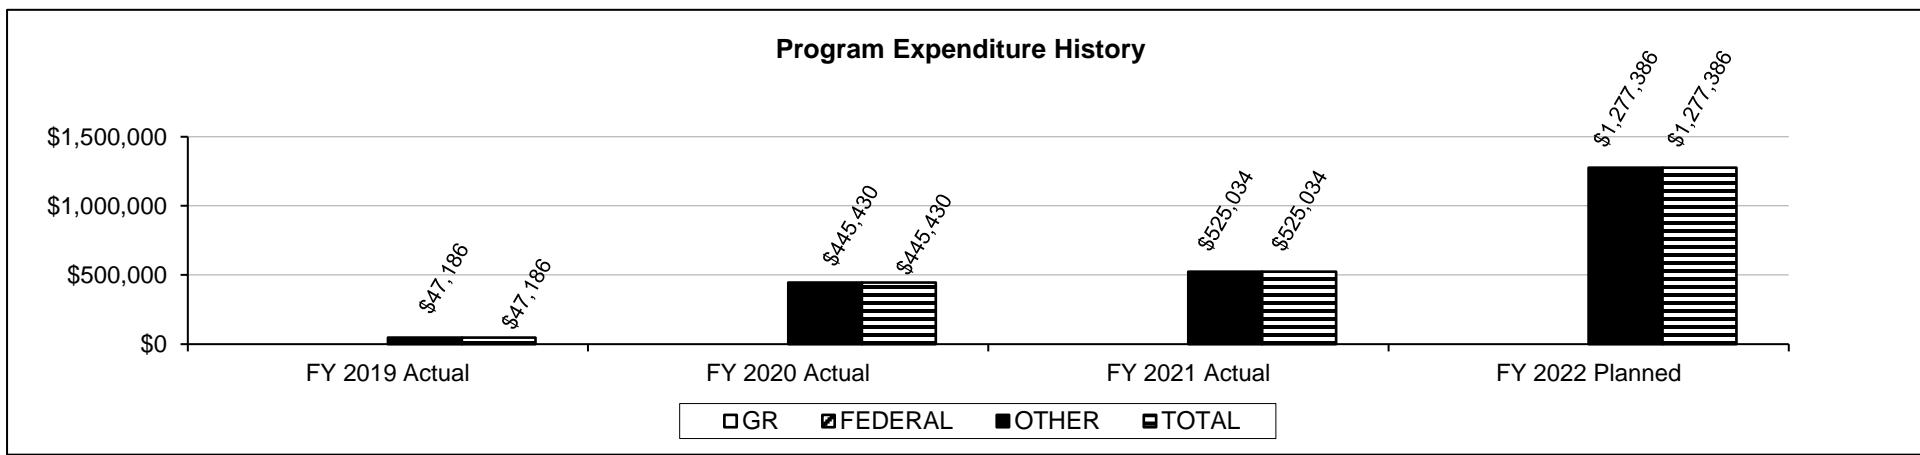

Operational costs in relation to total dollars of assistance provided

	FY 2019 Actual	FY 2020 Actual	FY 2021 Actual	FY 2022 Projected	FY 2023 Projected	FY 2024 Projected
Operational Percentage	1.45%	0.34%	0.19%	0.46%	0.46%	0.46%
Operational Costs	494,556	445,430	525,034	700,000	700,000	700,000
Assistance Dollars	33,725,571	130,404,504	276,525,373	150,000,000	150,000,000	150,000,000
Total	34,220,127	130,849,934	277,050,407	150,700,000	150,700,000	150,700,000

Base/Stretch Goal: To improve upon or maintain operational costs in proportion to the amount of assistance dollars provided.

3. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (Note: Amounts do not include fringe benefit costs.)

Program Expenditure History

FY 2019 was the first year for an appropriation to be raised above \$1 (HB14 Supplemental). FY 2022 Planned is shown at full appropriation.

PROGRAM DESCRIPTION	
Department of Natural Resources	HB Section(s): <u>6.405</u>
Environmental Improvement and Energy Resources Authority (EIERA)	
Program is found in the following core budget(s): EIERA	
4. What are the sources of the "Other" funds?	
State Environmental Improvement Authority Fund (0654)	
5. What is the authorization for this program, i.e., federal or state statutes, etc.? (Include the federal program number, if applicable.)	
Clean Water Act (1972)	
Safe Drinking Water Act (1996)	
U.S. Tax Code	
42 USC 9601	Comprehensive Environmental Response, Compensation & Liability Act, as amended
RSMo 260.005-260.125	EIERA authorizing statutes
RSMo 640.100-640.140	Missouri Drinking Water Act
RSMo 260.565-260.575	Missouri Hazardous Waste/Voluntary Cleanup Law
RSMo 644	Missouri Clean Water Law
RSMo 260.335	Solid Waste Management/Market Development
6. Are there federal matching requirements? If yes, please explain.	
A 20% match is required to receive both Clean Water and Drinking Water State Revolving Fund Capitalization and Brownfields Revolving Loan Fund grants.	
7. Is this a federally mandated program? If yes, please explain.	
No

Other Funds: Petroleum Storage Tank Insurance Fund (0585)																										
2. CORE DESCRIPTION																										
<p>Missourians who store/sell petroleum are required to have a financial responsibility mechanism to pay for costs of cleanup and third party damages if the tank or piping leaks. Private insurance is unavailable or prohibitively expensive for many small businesses that own tanks. The Petroleum Storage Tank Insurance Fund (PSTIF) provides an economical way for tank owners/operators to comply with this requirement. In addition, thousands of tank sites in the state were contaminated with petroleum before environmental laws were enacted and are not economically viable due to environmental liability. The PSTIF also pays for cleanup of these sites, subject to statutory criteria, which stimulates redevelopment of these properties.</p>																										
<p>The PSTIF is funded by a fee on all petroleum coming into the state and nominal fees paid by insured tank owners. It is managed by an 11-member Board of Trustees who has made preventing leaks a priority; loss ratios demonstrate the success of the Board's loss prevention efforts. This core funds all of the Board's staff and operating expenses including receipt/review of applications, deposit of participation fees, issuance of coverage documents, inspections, annual compliance reviews, loss prevention activities, accounting and annual audit, actuarial analyses and cash flow projections, data management, and coordination with other state agencies.</p>

FLEXIBILITY REQUEST FORM

BUDGET UNIT NUMBER: 79611C	DEPARTMENT: NATURAL RESOURCES
BUDGET UNIT NAME: AGENCY-WIDE TANK BOARD	
HOUSE BILL SECTION(S): 6.405	DIVISION: PETROLEUM STORAGE TANK INS FUND BOARD

1. Provide the amount by fund of personal service flexibility and the amount by fund of expense and equipment flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed. If flexibility is being requested among divisions, provide the amount by fund of flexibility you are requesting in dollar and percentage terms and explain why the flexibility is needed.

DEPARTMENT REQUEST

The Board requests retention of 5% flexibility between Personal Service (PS) and Expense and Equipment (E&E) for the Petroleum Storage Tank Insurance Fund (0585). Flexibility will allow the Board to address unanticipated needs by aligning appropriation authority with planned spending during the fiscal year to help ensure effective, responsive service delivery by the Board.

2. Estimate how much flexibility will be used for the budget year. How much flexibility was used in the Prior Year Budget and the Current Year Budget? Please specify the amount.

PRIOR YEAR ACTUAL AMOUNT OF FLEXIBILITY USED	CURRENT YEAR ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED	BUDGET REQUEST ESTIMATED AMOUNT OF FLEXIBILITY THAT WILL BE USED
Flexibility was not used in FY 2021.	Flexibility usage is difficult to estimate at this time.	Flexibility usage is difficult to estimate at this time.

3. Please explain how flexibility was used in the prior and/or current years.

PRIOR YEAR EXPLAIN ACTUAL USE	CURRENT YEAR EXPLAIN PLANNED USE
Flexibility was not used in FY 2021.	Flexibility will allow the Board to address unanticipated needs by aligning appropriation authority with planned spending during the fiscal year to help ensure effective, responsive service delivery by the Board.

The Petroleum Storage Tank Insurance Fund (PSTIF) provides an economical way for tank owners/operators to comply with this requirement. In addition, thousands of tank sites in the state were contaminated with petroleum before environmental laws were enacted and are not economically viable due to environmental liability. The PSTIF also pays for cleanup of these sites, subject to statutory criteria, which stimulates redevelopment of these properties. The PSTIF is funded by a fee on all petroleum coming into the state and is managed by an 11-member Board of Trustees. It has a 12/31/2025 "sunset date".</p> <p>This appropriation authorizes investigation, adjudication, and payment of claims. In addition, it authorizes refund of premiums when necessary.</p>

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.405</u>
Petroleum Storage Tank Insurance Fund Board of Trustees	
Program is found in the following core budget(s): Staff and Operating Expenses; Claims Costs and Erroneous Receipts	
2b. Provide a measure(s) of the program's quality.	

Underground Tanks: The PSTIF works with the Department of Natural Resources to assure all tank owners maintain required financial responsibility for pollution liability so cleanup funds will be available if a leak occurs. (Tank owners may choose other financial responsibility options.)

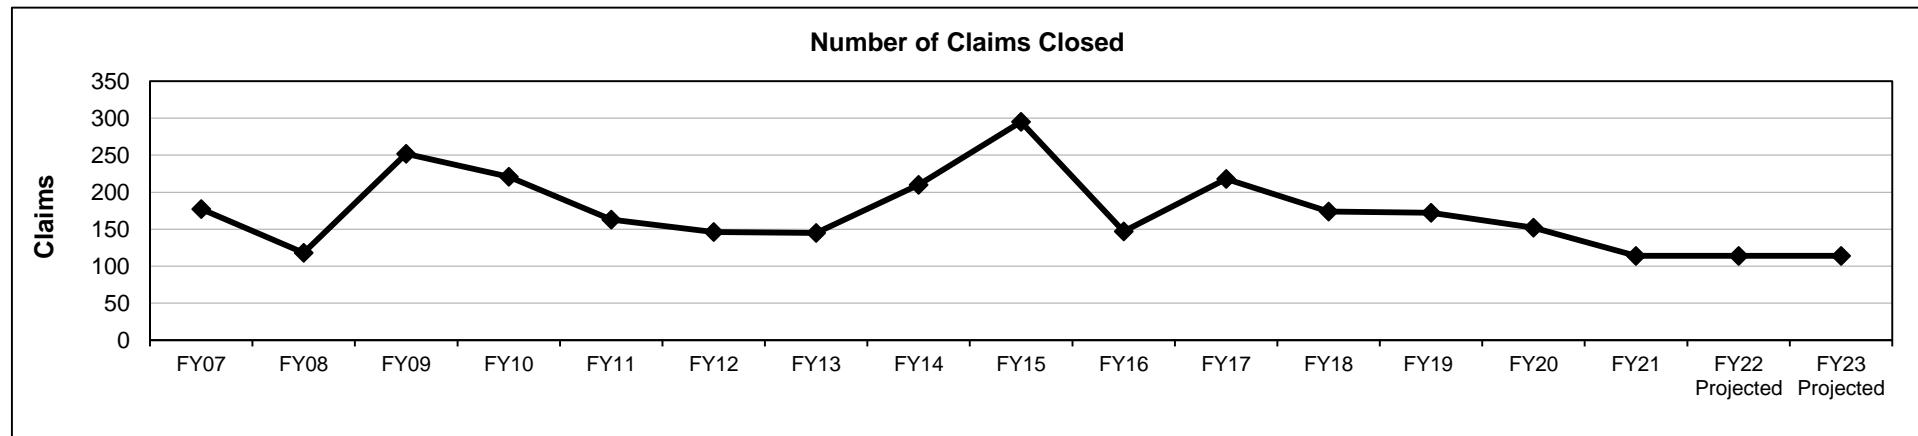

Aboveground Tanks: The PSTIF works with the Department of Agriculture to assure all tank owners maintain required financial responsibility for pollution liability so cleanup funds will be available if a leak occurs. (Tank owners may choose other financial responsibility options.)

PROGRAM DESCRIPTION

Department of Natural Resources	HB Section(s): <u>6.405</u>
Petroleum Storage Tank Insurance Fund Board of Trustees	

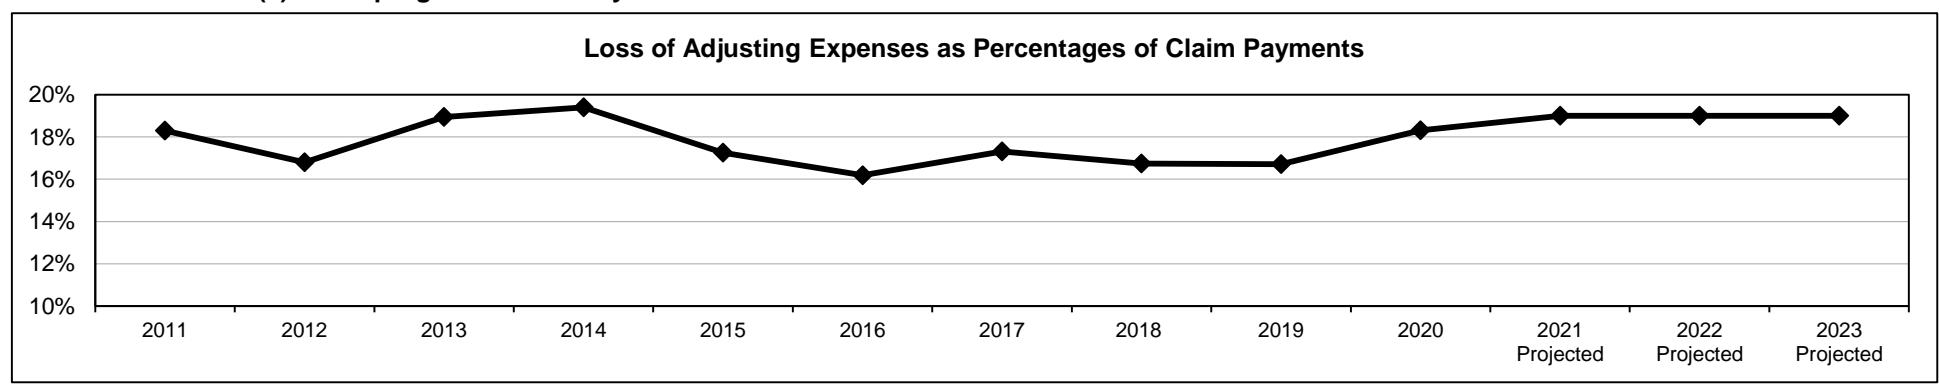

Program is found in the following core budget(s): Staff and Operating Expenses; Claims Costs and Erroneous Receipts

2c. Provide a measure(s) of the program's impact.

Claims are closed when cleanup is complete and invoices are all reimbursed. Base Goal is 150; Stretch Goal is 175.

2d. Provide a measure(s) of the program's efficiency.

Data is on calendar-year basis. Base goal is 19%; Stretch goal is 18%

NEW DECISION ITEM
RANK: 014 OF 014

Department of Natural Resources	Budget Unit	<u>79611C</u>
Petroleum Storage Tank Insurance Fund Board of Trustees		
Contingency E&E	DI# <u>1780010</u>	HB Section <u>6.405</u>

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The PSTIF Board has two core appropriations, neither of which has been increased in many years. In a litigious environment, the Board's legal expenses have increased in the last few years, despite the Board's claim of sovereign immunity from such suits. The Board manages these expenses effectively, however there are current lawsuits against the Board that, depending on the outcome, may require additional expenses for defense. The outcome of these lawsuits may not be known until late FY 2022. For this reason, the Board makes this "contingency" request to allow flexibility for an appropriate response, should it be needed, in FY 2023.

(RSMo 319.129: fund created -- administration of fund)

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

In determining the amount requested for this "contingency", the Board must consider the possibility of an unfavorable outcome in one or more lawsuits requiring an appeal or retrial. The amount requested is based on historical costs associated with ongoing litigation and includes only those costs above that which is already included in the Board's core appropriation request for E&E.

The Board makes no statement, express or implied, concerning the likelihood or probability of an unfavorable outcome in one or more of these lawsuits.
